As on 30th June 2016, the Bank's provision coverage, as a proportion of Gross NPAs including prudential write-offs, was 69%. As at 30th June 2016, the Bank had a network of 3,006 domestic branches and extension counters and 12,871 ATMs spread over 1,855 centers across India.

In addition to the Bank's growing branch and ATM network, the Bank also offers telephone banking in various cities, as well as internet banking and mobile telephone banking. These and other resources give the Bank the capability to deliver a broad range of banking products through multiple delivery channels that enhance convenience for customers. As at 30 June 2016, the Bank also had nine overseas offices with branches in Shanghai, Singapore, Hong Kong, the DIFC, Colombo and representative offices in Dubai, Abu Dhabi and Dhaka. The Bank also has a wholly owned overseas subsidiary named as Axis Bank UK Limited in United Kingdom. The Bank's foreign branches primarily offer corporate banking, trade finance and treasury and risk management services.

The Bank's core income stream comprises interest income earned on its large and mid-corporate, SME (including corporate agriculture lending) and retail loan (including retail agriculture lending) portfolio, financial inclusion as well as its money-market operations and investment portfolio. The Bank also earns fee and commission income from the processing of loans, documentary credits, bank guarantees, placements and syndication, cash management services, advisory services, depository services, capital market services, ATM interchange and cards, remittance, wealth management and sale of third party products. The Bank also earns trading profit from proprietary trading in investments, foreign exchange and derivatives. The Bank's expenses consist of interest and non-interest expenses. The Bank's major non-interest expenses include staff cost, occupancy cost (including rent for office premises, repair and maintenance), depreciation and other administrative costs.

The Bank was formerly known as UTI Bank Limited and obtained its certificate of incorporation on 3rd December 1993 and its certificate of commencement of business on 14 December 1993. The Bank began operations by opening its first branch in Ahmedabad on 2nd April 1994 as one of the first private sector banks established under guidelines issued in 1993 by the RBI in line with the Government's policy to reform India's financial sector. The Bank was renamed as "Axis Bank Limited" and the certificate of incorporation consequent to the name change was obtained on 30th July 2007.

The Bank's principal business activities are divided into two segments, Banking Operations and Treasury.

Banking Operations include products and services in the following areas:

- Corporate Relationship Group (CRG) offers various loan and fee-based products and services to large and mid-corporate clients. These products and services include cash credit facilities, demand and short-term loans, project finance, export credit, factoring, channel financing, structured products, discounting of bills, documentary credits, guarantees, foreign exchange and derivative products, cash management services, warrant payment services, cross-border trade and correspondent banking services and tax collections on behalf of the Government and various State Governments in India. Liability products including current accounts, certificates of deposit and time deposits are also offered to customers of large and mid-corporate segments. The Treasury department also invests in sovereign and corporate debt instruments, undertakes proprietary trading in equity and fixed income securities and foreign exchange. The Treasury department also undertakes investments in commercial paper, mutual funds and floating rate instruments as part of the management of short-term surplus liquidity. A wide range of treasury products and services are also offered to corporate customers, including derivative instruments such as forward contracts, interest rate swaps, currency swaps and foreign currency options, as well as services such as loan syndication and placement.

Overview of Operations

RETAIL BANKING

The Retail Banking segment is one of the key drivers of the Bank's growth strategy, encompassing a wide range of products delivered through multiple channels to its customers. The Bank today offers a complete suite of products across deposits, loans, investment solutions, payments and cards to its customers. The Bank's retail strategy focuses on network expansion, product differentiation, customer segmentation, sales effectiveness and provision of quality customer service. To access a larger segment of India's population, the Bank has developed a wide network of fully interconnected retail branches, extension counters, ATMs, asset sales centres, an Internet banking channel, a call centre and mobile banking. The Bank is committed to developing long-term relationships with its customers by providing high-quality services and products through regular customer engagement in an easy and convenient manner. The Bank's branches distribute liability accounts, debit cards, travel cards and remittance cards, and have POS terminal machines and depository services, and sell third party products such as mutual funds and savings bonds issued by the Government. The Bank's asset sales centres distribute retail credit products such as mortgage loans, personal loans, vehicle loans and educational loans. The Bank is focused on providing each customer with its choice of channel for transactions and products to meet its financial needs and quality service.

Retail Banking includes products and services in the following areas:

- Retail Liabilities;
- Investment Products;
- Retail Lending (including Retail Agriculture Lending) & Payments; and
- Financial Inclusion

Retail Lending (including Retail Agriculture Lending) & Payments

The growth of retail and consumer lending in India is a consequence of growing affluence and changing consumer behaviour. This growth is evidenced by the utilisation of credit for consumer asset acquisition. The Bank has identified this activity as one of its core growth areas. The Bank's focused marketing approach, product innovation, risk management systems and competent back-office processes contribute to the strength of the Bank's retail lending strategy. The target markets identified for retail loans are salaried or self-employed professionals and other self-employed individuals, HUFs, trusts, firms, private limited and public limited companies. During the FY 2015-16, the Bank reorganised the agricultural lending business and merged the retail portion of agricultural advances with the existing portfolio of retail loans, while non-retail agricultural loans were merged with the SME segment. With the alignment of retail agricultural lending with retail lending, the Bank intends to service rural customers with all their financial needs as – both agriculturists and customers. This strategy also allows the Bank to fully leverage its distribution network. The Bank offers a diverse range of templated products targeted at its agricultural loan customers, including the "Kisan Credit Card" (credit facilities extended to farmers for various requirements), loans for farmers

against pledges of gold ornaments, a comprehensive scheme for warehouse receipt financing and cattle loans. As at 31 March 2016, the agriculture business of the Bank was operated through 1,222 branches attached to 75 area offices, which facilitated the Bank's growth in the agricultural lending sector. In order to provide a strategic focus on agricultural lending, the Bank has adopted an area-centric approach to agricultural lending, in areas the Bank considers agriculture-intensive and where a potential market exists for the Bank's agriculture finance. This initiative aims to help the Bank in scaling up its direct lending services.

The Bank offers a variety of retail credit products such as mortgage loans, automobile loans, commercial vehicle loans, personal loans, education loans, credit cards, loans against time deposits, loans against securities, and agriculture loans. The major components of the Bank's retail lending portfolio are home and mortgage finance, agriculture loans, personal loans and automobile finance. As at 31 March 2016, 2015 and 2014, the Bank's net retail loan portfolio was Rs. 1,38,521 crores, Rs. 1,11,932 crores and Rs. 74,491 crores respectively, constituting 40.89 percent, 39.82 per cent and 32.38 percent respectively, of the Bank's net loan portfolio. The book value of the Bank's investments portfolio as on 30th June 2016, was Rs.1,23,276 crores, of which Rs.94,702 crores were in government securities, while Rs.20,049 crores were invested in corporate bonds and Rs.8,525 crores in other securities such as equities, preference shares, mutual funds, etc.

These loans are provided by the Bank directly through asset sales centres in metropolitan areas and major cities of India and through branches in cities where the Bank does not have an asset sales centre. The asset sales centres serve as the focal point for marketing, distribution and servicing of retail loan products.

CORPORATE CREDIT

The sustained slowdown in economic growth especially deceleration in the momentum of investments has reflected in the corporate sector loan growth. Certain initiatives taken by the Government during the year resulted in an uptick in the execution of the existing projects; however demand and growth of credit remained subdued. The Banks Corporate Sector Loan Book continued to grow at a higher rate as compared to the Industry.

The relationship model introduced in earlier years, maintained its focus on increasing the Bank's wallet share by cross-selling a wide range of banking products to corporate customers and thereby increasing customer engagement. The Bank continued its focus on trade finance, treasury and other fee-based businesses. The Bank has been following a sectoral approach to credit where the focus is on identifying sector-specific opportunities and risk. The tracking of industry, group and company specific exposure limits are undertaken continuously with a view to identify and mitigate risk so as to facilitate proactive decision making. Portfolio diversification is also ensured through this continuous monitoring. The Bank continued to retain its leadership position in the loan syndication market.

TREASURY

The Bank has an integrated Treasury business covering Asset Liability Management (ALM), Global Markets, Investments, Trade Finance and Debt Capital Markets. Treasury plays an important role in the sovereign debt market, participating in primary auctions of RBI and market activities in Government securities. The ALM group manages asset-liability mismatches and interest rate sensitivities of the Bank's portfolio, along with the responsibility for liquidity management for the domestic operations and foreign branches across different geographies.

Forex Trading Group within Global Markets is a major participant in the foreign exchange and derivatives market. The Bank has established itself as one of the leading banks providing foreign exchange and derivative solutions to its clients. The Bank has been awarded the Best Bank by Euromoney in their 2014 FX Survey under three distinct categories: 'Best Bank for Emerging Market Currencies Trading, Spot/Forward', 'Best Bank for Emerging Market Options, Trading Strategies & Ideas', and 'Best Bank for Asian Currencies'.

Debt Syndication

The major activities carried out in this area are:

- i. placement and syndication in the form of local currency bonds, Rupee and foreign term loans and external commercial borrowings;
- ii. assessment of client debt profiles and funding requirements; and
- iii. advice on various instruments and structures, pricings and timings for taking the instrument to market.

The Bank has developed strong relationships with investors and issuers, including other banks, financial institutions, mutual funds and provident funds, and foreign institutional investors. The Bank is active in the domestic debt market and syndicated approximately Rs 22,613 crores domestically and approximately U.S.\$1.93 billion in the international market during the year ended 31 March 2016. During the year ended 31 March 2015 the Bank syndicated approximately Rs. 15,930 crores domestically and approximately U.S.\$1.55 billion in the international market.

The Bank is a leading adviser and arranger for domestic corporate bonds issuance in India. In fiscal 2016, the Bank arranged Rs 1,24,136 crores bonds and debentures for various PSUs and corporates. The Bank has been ranked number one in the Bloomberg league table for domestic corporate bonds in India for nine consecutive calendar years and was also ranked number one mobiliser by PRIME Database for fiscal 2015 and for nine months ended December 2015.

In 2015, the Bank won awards for the "Best Debt House – India" from Euromoney, "Best DCM House – India" from Finance Asia and "Best Debt House – India" from Asia Money and Investors' Choice For Primary Issues Corporate Bonds India from The Asset.

While the Bank continues to handle the debt syndication activities described above, the investment banking activities relating to equity capital markets, mergers and acquisitions, and private equity advisory business are now conducted by the Bank's wholly-owned subsidiary, ACL. See "– Subsidiaries" below.

The TxB was created on 1 April 2015 to provide integrated products and services to customers in the areas of current account, cash management services, capital market services, trade and forex. It was formed by reorganisation of the erstwhile Business Banking Department and relevant teams of the Treasury Department namely Customer Trade and Forex Group (excluding Derivative Sales team), Global Trade Services Division, Capital Markets Division and Systems & Procedures (Trade and Forex) teams. It is divided into the Sales Group, Products and Solutions Group and Customer Services Group.

Sales Group: This team focuses on driving sales across all customer segments, primarily of transaction banking products. The Sales Group is further organised based on customer-segment, namely (i) Corporate and Financial Institutions, (ii) Branch Banking, and (iii) Government Business.

Corporate and Financial Institution Group: This team primarily services the large and medium-sized corporates and financial institutions. The Branch Banking team focuses on leveraging the Branch network and meeting the transaction banking requirements of clients with a primary sales focus on small- and medium-sized enterprises, corporate agricultural and emerging enterprises group clients. The Government Business team is responsible for providing the transaction banking services to various Government ministries and departments, and Governments and union territories.

Products & Solutions Group: This team is responsible for improving customer experience and supporting the sales teams in client or product pitches as needed. This includes separate teams for key transaction banking products and solutions in areas such as current account, cash management services (CMS), trade and forex, tax and Government products as well as teams for managing portfolios and analytics, the learning academy and business compliance. The group has product specialists in CMS and trade and forex across regions to disseminate product knowledge and best practices to the relationship managers. Custody, corporate demat and capital market services also form part of this group.

Customer Service Group: This team is responsible for servicing customers for primarily trade and forex and CMS. The team has been formed by restructuring the existing field/branch staff from TBCs, trade and foreign exchange operations (excluding Trade Finance Centre), GTSD – service relationship managers and trade service group and Government business nodal officers.

Delivery Channels

The Bank distributes its products and services through various access points ranging from traditional bank branches to ATMs, call centres for telephone banking, mobile banking and the Internet. The Bank's channel migration effort is aimed at reducing costs while enhancing customer satisfaction levels by providing customers access to their accounts at all times.

LENDING TO SMALL AND MEDIUM ENTERPRISES

The Small and Medium Enterprises (SME) business thrives on relationship building and nurturing the entrepreneurial talent available. The Bank extends working capital, term loan, project finance as well as trade finance facilities to SMEs. This segment has been identified as one of the key growth areas for the Bank.

Keeping in mind the changing economic environment, the Bank has enhanced its risk management capabilities by developing an 'early warning system' model based on holistic customer information. The Bank has also adopted a granular approach in growing the SME portfolio by focussing primarily on better rated SME accounts. Incremental loan growth in SME is mainly driven by higher rated SME 1 to 3 categories which correspond to a single 'A' rating. The loan book remained well diversified and carried lower concentration risk with 80% of the outstanding loans being rated between SME 1 and SME 3. The SME business continues to perform well and the portfolio behaviour remained healthy.

The Bank also sponsors and supports initiatives and trade fairs to encourage SME growth. On the operational efficiency front, the Bank has implemented lean processes in the dealer finance business which has helped the Bank in significantly improving the turn-around time.

Corporate Agriculture Lending

The RBI requires the Bank to lend 18 per cent. of its adjusted net bank credit of the previous year to the agricultural sector. In light of future business prospects in the Indian agricultural and related sectors, the Bank has identified agricultural lending as an area of potential growth.

The Bank re-organised the agricultural lending business and merged the non-retail portfolio of agricultural advances with the SME business, while retail portfolio was merged with the existing portfolio of retail loans. The Bank offers schemes for financing the agricultural value chain participants such as agro-processing units and agricultural service providers. In addition, the Bank has established relationships with various companies and cooperatives in the plantation, poultry and seed sectors to meet their project financing and working capital requirements.

The Bank's strategy in agricultural lending is based on a comprehensive view of the agricultural value chain, a focus on diversification, and partnerships with other companies in the agricultural sector, microfinance and other rural

institutions and non-governmental organisations (NGOs) that have close links to the agricultural sector. The Bank has also devised a separate risk evaluation model for agricultural loans with an objective to measure and mitigate the risk involved in financing this sector. The Bank also utilises the services of business correspondents in select areas to expand its reach in areas unserved or underserved by the banking industry.

There has been considerable improvement in the rural infrastructure in select areas in India in recent years. The Bank's agricultural financing initiatives are largely focused on such regions where the need for credit has consequently increased. The Bank intends to develop its agricultural lending business by:

- offering suitable products to various members in the supply chain in the agriculture business (such as warehouses and cold storage units); and
- leveraging the Bank's technology platform to distribute its products and services conveniently and cost-effectively in rural areas.

For the year ended 31 March 2016, the SME, including corporate agriculture lending, recorded fee income of Rs.3,87.7 crores, an increase of 5.97 percent from Rs.3,65.88 crores in fiscal 2015.

The Bank's SME business segment emphasises relationship building and nurturing of entrepreneurial talents. Loans to SMEs (including corporate agriculture lending) increased by 8.10 percent from Rs. 41507 crores as at 31 March 2015 to Rs.44869 crores as at 31 March 2016. The SME segment continues to focus on increasing fee income through non-fund-based advances.

Credit Selection Strategy and Pricing Policy

The credit selection strategy and pricing policy used in the SME including the corporate agriculture segment follow substantially the same procedures as those used for the corporate relationship segment. See "*Corporate Relationship Group – Credit Selection Strategy*" and "*Corporate Relationship Group Banking – Pricing Policy*".

Financial Inclusion

The Bank regards the financial inclusion sector not only as a regulatory requirement or a corporate social responsibility initiative but also as a strategic opportunity to expand its reach into the unbanked rural market and underserved segments of the urban market. As at 31 March 2016, the Bank had opened approximately 9.5 million accounts and covered 3,272 villages and had a wide network of over 31,382 customer service points with more than 28,000 such outlets in urban locations. During fiscal 2016, the Bank disbursed approximately Rs. 1,46.162 million of Government benefits through the electronic benefit transfer domain. As at the date of this Offering Circular the Bank is equipped to handle interoperable transactions on Aadhaar Enabled Payment System (AEPS), an electronic system in India that enables financial transactions based on customers' Government-issued identification numbers. This in turn has empowered the Aadhaar enabled customers of the Bank to transact at other banks' Aadhaar enabled business correspondent outlets and vice versa. During FY16, the Bank had processed nearly 77,000 million AEPS payments. With respect to its remittance business, the Bank has tied up with Suvidha Infoserve Pvt Ltd and other BCs and has processed more than 74,000 million worth of remittances during fiscal 2016.

INTERNATIONAL BANKING

The international operations of the Bank continue to be at the core of its strategy to expand the horizon of the product offerings, and delivery channels to various geographies and across client segments, covering a wide spectrum of retail and corporate banking solutions. During the year, the Bank expanded its overseas branch network by upgrading its representative office in Shanghai into a branch. The Bank is the first Indian private sector bank to set up a branch in China. Further during the FY 2015-16, the Bank's first overseas banking subsidiary - Axis Bank UK Limited commenced its operations. The Bank now has overseas presence in six countries with network of five branches at Singapore, Hong Kong, DIFC – Dubai, Colombo (Sri Lanka) and Shanghai (China), three representative offices at Dubai, Abu Dhabi and Dhaka and an overseas banking subsidiary in the United Kingdom.

While corporate banking, trade finance, treasury and risk management solutions are the primary offerings through its overseas branches, the Bank also offers retail liability products from its branches at Hong Kong and Colombo. Further, the Bank's Gulf Co-operation Council (GCC) initiatives in the form of representative offices in Dubai, Abu Dhabi and Dhaka and alliances with banks and exchange houses in the Middle East provide the support for leveraging the business opportunities emanating from the large NRI diaspora present in these countries.

OPERATIONS

Wholesale Banking Operations

Wholesale Banking Operations (WBO) is structured into four key verticals - Corporate Banking Operations, Treasury Operations, Transaction Banking Operations and Centralised Collection and Payment Hub (CCPH). These verticals are responsible for providing best-in-class service to non-retail customers of the Bank, while addressing various regulatory requirements and internal compliance.

Corporate Banking Operations

Corporate Banking Operations is responsible for monitoring the accounts of the Corporate Relationship Group, SME, agri-corporate and microfinance institution customers while ensuring compliance with regulatory guidelines and the systems and procedures of the Bank in the conduct of credit operations.

Corporate Banking Operations controls the credit operations of the Bank through its corporate banking branches, located at Chennai, Kolkata, Pune, New Delhi, Bangalore, Ahmedabad, Hyderabad and Mumbai, 63 corporate credit service units and six corporate credit management centres. These branches, units and centres have a standardised skill pool to efficiently monitor and control advances under the Corporate Relationship Group, SME, agri-corporate and microfinance institution customer segments.

Various service units and centres have been set up at select branches to provide prompt customer service in coordination with the corporate banking branches.

Corporate Banking Operations (CBO) is responsible for Credit Delivery and post disbursement control, monitoring and administration of the credit portfolio consisting of CRG and SME segments. CBO operates through Corporate Banking Branches (CBBs) located at 8 major cities, 61 Corporate Credit Service Units (CCSUs) mostly at Tier II cities, and Corporate Credit Management Centres (CCMCs) at 6 major centres (mostly aligned with the SME Geographies). CCMCs operate on a distance handling mechanism and handle a large chunk of credit portfolio Pan India. CBO also processes transactions pertaining to Supply Chain Channel Finance business, through a dedicated set-up in the form of the Channel Finance Hub (CFH).

Treasury Operations

Treasury Operations carries out the functions of settlement and accounting of treasury-related transactions and operates the centralised electronic payment hubs for RTGS (Real Time Gross Settlement) and NEFT (National Electronic Funds Transfer).

Transaction Banking Operations

The Transaction Banking Operations (TxBO) is responsible for supervising, monitoring and controlling the wholesale banking operations relating to international trade, retail forex, domestic trade and cash management services of the Bank through centralised knowledge processing centres namely 'Trade Finance Centre', 'Retail Forex & Remittance Centre', 'Domestic Trade Finance Centre' and 'Centralised Collection & Payment Hub', respectively. The state-of-the-art centralised processing centres are located in Mumbai with Hyderabad and Delhi units acting as business continuity centres. TxBO has also centralised the trade finance operations of all overseas branches of the Bank at Trade Finance Centre, Mumbai and is responsible for ensuring compliance with product related regulatory and internal guidelines and efficient customer delivery as per agreed turnaround time to facilitate achievement of business targets.

Central Processing Unit

As part of the Bank's initiative to leverage technology, redefine business processes and deliver quality products to its customers with efficiency and cost effectiveness, the Bank set up a central processing unit in Mumbai in December 2001. The central processing unit opens all liability accounts, retail advance accounts, loan accounts and trade finance accounts for all the branches. It also produces welcome kits, and posts cheque books, debit cards, term deposit receipts and statements of account. A separate team verifies whether the accounts are being opened in compliance with the Bank's KYC procedures, and turnaround time is strictly monitored.

Data Centre and Disaster Recovery System

The Bank's primary data centre is at a co-hosted data centre located in Mahape, Navi Mumbai. The data centre in Mahape is a tier IV data centre and is considered to be in compliance with the highest benchmarking standards applicable to data centres with built-in redundancy composed of multiple active power and cooling distribution paths. The data centre is fault tolerant, providing 99.995 per cent. availability. The Bank also has a hot site disaster recovery data centre in Bangalore that is connected to the main data centre. It has capability to host critical banking applications in the event of a disaster at the primary site. The Bank regularly conducts disaster recovery drills for critical applications to ensure continuity of its operations in the event of disaster.

Operational Controls and Procedures in Branches

An operational framework has been established to ensure that transactions are handled with precision, regularity and efficiency in a risk-mitigating manner. Operational instruction manuals at the branches detail procedures for processing various banking transactions. Amendments to these manuals are implemented through circulars sent to all branches. Any revision in the processes or operating instructions is reviewed by a committee comprising representatives from all functional and business groups. Adherence to these instructions is continuously monitored by both onsite and offsite inspection mechanisms, complemented by an independent internal audit process.

The Bank places great importance on computer security and has adopted an information security policy. Most of the Bank's IT assets, including critical servers, are hosted in a centralised data centre, which is subject to appropriate physical and logical access controls. The core banking software used by the Bank is based on the "maker and checker" concept, whereby no transaction can be initiated and authorised by a single individual. The power to authorise transactions is exercised by officials in accordance with a scheme of delegation of powers, and monetary limits are incorporated as authorisation levels in the software, which validates each payment.

Operational Controls and Procedures for Internet Banking

Internet banking services are provided only in respect of existing customer accounts for which the necessary identity documentation has been obtained prior to providing the customer with a user identity and password to access its account online. The Bank has in place a two-factor authentication system for inter-banking transactions called "NetSecure". As an additional control feature, the Bank has also implemented a risk-based (adaptive) authentication system for all retail Internet banking users.

Operational Controls and Procedures in Regional and Central Processing Centres

The Bank has centralised transaction processing on a nationwide basis for certain transactions at its central processing centres. These transactions include the issue of ATM cards and personal identification number mailers, reconciliation of ATM transactions, mailing of passwords to Internet banking customers, depositing post-dated cheques received from retail loan customers and processing of credit/debit card transactions routed through the Bank's channels. At select centres, the handling of clearing operations and the management of ATMs have also been centralised for better control.

Centralised Collections & Payment Hub (CCPH)

The Centralised Collections & Payment Hub (CCPH) handles payments and collections and operates through the units located at Mumbai and Hyderabad. Further, in order to extend operational support and customer hand-holding at the local level, the Transaction Banking Centres (TBCs) have been set-up under CCPH, which are manned by skilled resources. CCPH works in close association with the Business Banking team of the Bank, thereby ensuring efficient service delivery coupled with control over operations.

Retail Banking Operations

The Retail Banking Operations (RBO) unit oversees the operations carried out under branch banking with a focus on service delivery, risk containment and regulatory compliance. This unit operates closely with the Retail Liabilities Team as well as with the Control Units and ensures that branch services meet the business objectives along with risk and compliance requirements. It carries out oversight through continuous remote monitoring as well as visits to branches on a periodical basis. It ensures that the branch operations are efficient and plays a valuable role in delivering services to customer at branches.

The Retail Business Processes (RBP) team manages the centralised back-end processing for various activities, such as data processing for new customers, servicing of transactions and reconciliation activities related to retail banking, cards, consumer lending, business banking, depository services, rural and agricultural banking. The team brings efficiencies of scale to the above mentioned business lines.

INFORMATION TECHNOLOGY

The Bank's continuous endeavour has been to use technology to further improve the customer's experience while transacting with the Bank. In this regard, it has empowered its relationship managers with a complete 360 degree view of the customer's relationship with the Bank. Thus, it has concisely captured the customers' existing relationship and likely future needs leading to superior service, better business opportunities through higher cross sell using a seamless multi-channel experience. To further the Bank's green initiatives, technology has helped in issuance of Green Pin through ATM and IVR channels for new to bank debit card customers resulting in cost savings in deliverables management. Further, technology has been one of the key contributors in the Bank's launch of multi-currency travel cards. A new and faster platform was implemented to enable foreign exchange money transfers for retail customers. The Bank has also re-vamped its loan system architecture with in-memory computing, a much faster process to achieve higher volumes and faster turnaround time in loan processing. The Bank's Financial Inclusion (FI) initiatives have also benefited from efficient use of technology. Ultra small branches set up to cater to FI customers are enabled with systems for account opening and transaction processing through biometric authentication. FI gateway was setup to integrate BC's (Business correspondent) System to the Core banking System and regulatory bodies such as UIDAI (Unique Identification Authority of India), NPCI (National Payments Corporation of India) to facilitate online authentication and transaction processing. Information Technology has also aided in improving the Bank's services to its corporate clients. An Electronic Payments Hub is being implemented to enable faster processing of large volumes of transactions, which facilitated efficient cash management for corporates.

RISK MANAGEMENT

The risk management objective of the Bank is to balance the trade-off between risk and return, and ensure optimum risk-adjusted return on capital. The risk is managed through a risk management architecture as well as through policies and processes approved by the Board of Directors encompassing independent identification, measurement and management of risks across the various businesses of the Bank. An independent risk management function ensures that the Bank operates within the Board approved risk appetite. The risk management function in the Bank strives to proactively anticipate vulnerabilities at the transaction as well as at the portfolio level, through quantitative or qualitative examination of the embedded risks. The Bank continued to focus on refining and improving its risk measurement systems not only to ensure compliance with regulatory requirements, but also to ensure better risk-adjusted return and optimal capital utilisation, keeping in view its business objectives.

The Risk Management Committee (RMC), a committee constituted by the Board, approves policies related to risk and reviews various aspects of risk arising from the businesses undertaken by the Bank. The Committee of Directors (COD) and the Audit Committee of the Board (ACB) supervises certain functions and operations of the Bank, which ultimately enhances the risk and control governance framework within the Bank. Various senior management credit and investment committees, Credit Risk Management Committee (CRMC), Asset-Liability Committee (ALCO), Operational Risk Management Committee (ORMC) and Subsidiaries Risk Management Committee (SRMC) operate within the broad policy framework of the Bank.

Credit Risk

Credit risk is the risk of financial loss if a client, issuer of securities that the Bank holds or any other counterparty fails to meet its contractual obligations. Credit risk arises from all transactions that give rise to actual, contingent or potential claims against any counterparty, borrower or obligor. The goal of credit risk management is to maximise the Bank's

risk-adjusted rate of return on capital by maintaining targeted asset quality and managing the credit risk inherent in individual exposures as well as at the portfolio level. The emphasis is placed, both on evaluation and containment of risk at the individual exposures and analysis of the portfolio behaviour.

The Bank has a structured and standardised credit approval processes, including a well-established procedure of comprehensive credit appraisal. Every extension of credit facility or material change to a credit facility to any counterparty requires credit approval at the appropriate authority level. Internal risk rating remains the foundation of the credit assessment process, which provides standardisation and objectivity to the process. All sanctioning processes including the delegation of powers are linked to the ratings and the sizes of the exposure. The monitoring frequency applicable to the exposure also depends on the rating of the exposure.

Market Risk

Market risk is the risk of losses in 'on and off-balance sheet' positions arising from the movements in market price as well as the volatilities of those changes, which may impact the Bank's earnings and capital. The risk may pertain to interest rate related instruments (interest rate risk), equities (equity price risk) and foreign exchange rate risk (currency risk). Market Risk for the Bank emanates from its trading and investment activities, which are undertaken both for the customers and on a proprietary basis. The market risk management framework of the Bank aims at maximising the risk adjusted rate of return by providing inputs regarding the extent of market risk exposures, the performance of portfolios vis-à-vis the risk exposure and comparable benchmarks. The Bank adopts a comprehensive approach to market risk management for its banking book as well as its trading book for both its domestic and overseas operations. The market risk management framework of the Bank provides necessary inputs regarding the extent of market risk exposures, the performance of portfolios vis-à-vis the risk exposure and comparable benchmarks which assists in maximising the risk-adjusted rate of return of the Bank's trading and investment portfolio.

Liquidity Risk

The Asset Liability Management Policy of the Bank stipulates broad framework for liquidity risk management to ensure that the Bank is in a position to meet its daily liquidity obligations as well as to withstand a period of liquidity stress from, bank-wide factors, market-wide factors or a combination of both.

The liquidity profile of the Bank is analysed on a static as well as on a dynamic basis by using the gap analysis technique supplemented by monitoring of key liquidity ratios and conduct of liquidity stress tests periodically. The liquidity position is monitored for both domestic as well as overseas operations. The Bank has laid down liquidity risk policies for its overseas branches in line with host country regulations and the asset-liability management framework as stipulated for domestic operations. Periodical liquidity positions and liquidity stress results of overseas branches are reviewed by the Bank's ALCO.

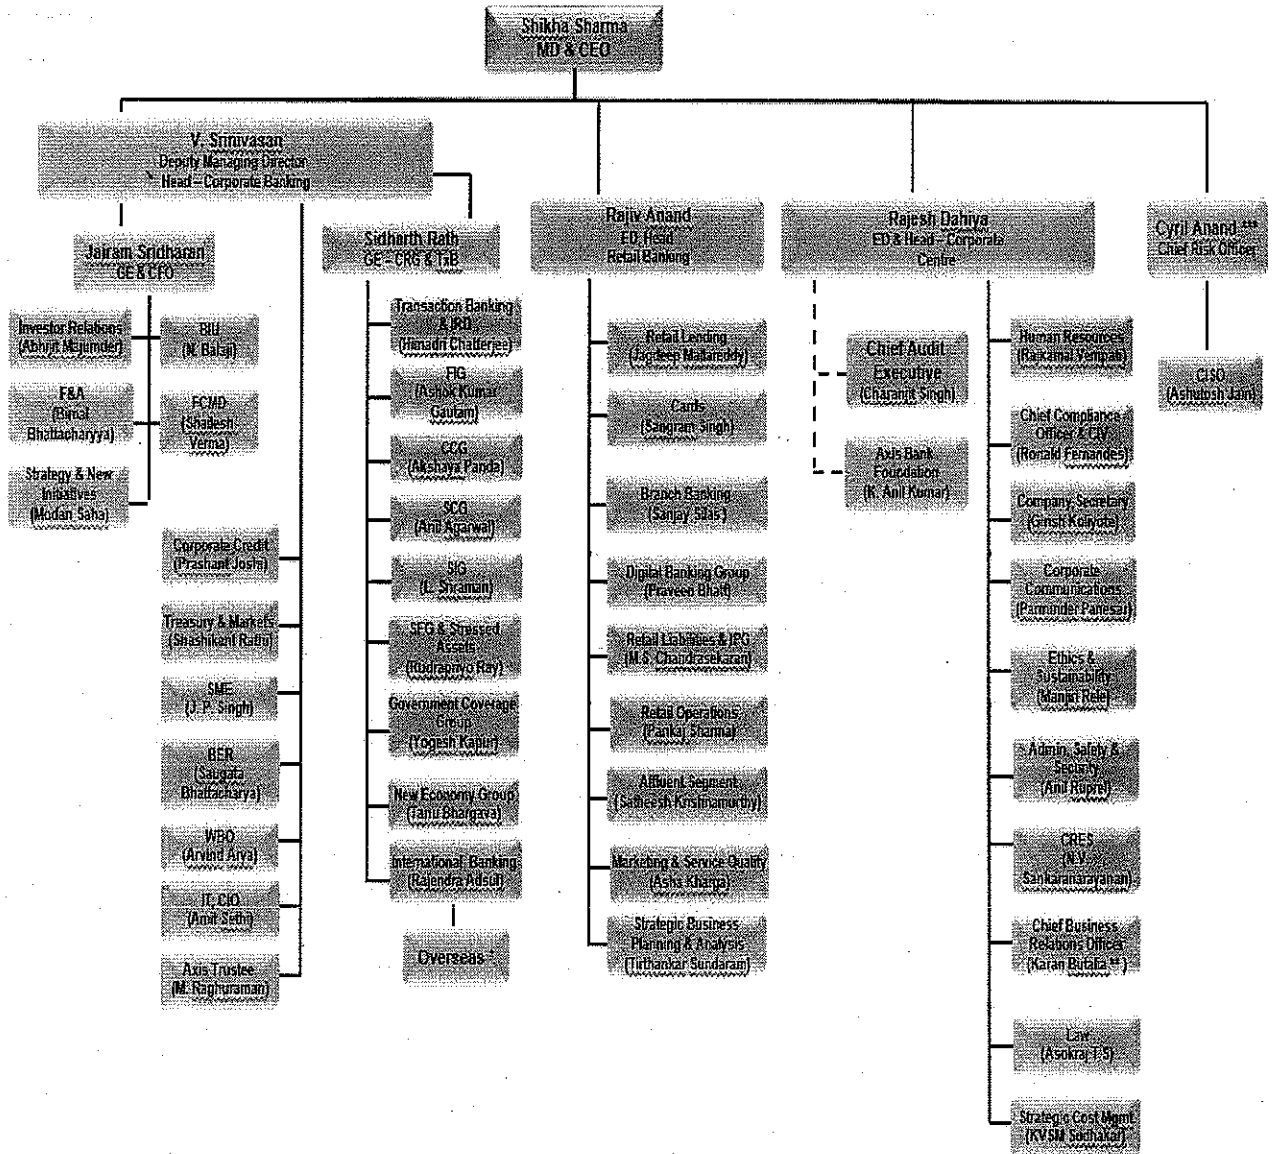

RBI has released draft guidelines on liquidity risk management and the Basel III framework on liquidity standards.

Operational Risk

Operational risks may emanate from inadequate and/or missing controls in internal processes, people and systems or from external events or a combination of all the four. The Bank has in place an Operational Risk Management (ORM) Policy to manage the operational risk in an effective, efficient and proactive manner. The policy aims at assessing and measuring the magnitude of risks, monitoring and mitigating them through well-defined framework and governance structure. The RMC at the apex level is the policy making body and is supported by the Operational Risk Management Committee (ORMC), responsible for the implementation of the Operational Risk framework of the Bank and the management of operational risks across the Bank. A sub-committee of the ORMC, Sub-ORMC has been constituted to assist the ORMC in discharging its functions. All new products and processes are subjected to risk evaluation by the Bank's Product Management Committee and Change Management Committee etc.

ALL THE APPLICANTS SHOULD CHECK ABOUT THEIR ELIGIBILITY OF INVESTMENT IN THESE DEBENTURES IN TERM OF THEIR RESPECTIVE STATUTE / REGULATIONS / GUIDELINES GOVERNING THEM OR ANY REGULATORY ORDER APPLICABLE TO THEM.

Issuer has not sought any approval from RBI, SEBI or any other statutory body or any other regulator for seeking subscription from any class of investor.

Applications under power of attorney

A certified true copy of the power of attorney or the relevant authority as the case may be along with the names and specimen signature(s) of all the authorized signatories and the tax exemption certificate/ document, if any, must be lodged along with the submission of the completed Application Form. Further modifications/ additions in the power of attorney or authority should be notified to the Bank or to its Registrars or to such other person(s) at such other address(es) as may be specified by the Bank from time to time through a suitable communication.

Application by mutual funds

In case of applications by mutual funds, a separate application must be made in respect of each scheme of an Indian mutual fund registered with SEBI and such applications will not be treated as multiple applications, provided that the application made by the asset management company/ trustees/ custodian clearly indicate their intention as to the scheme for which the application has been made.

Application by provident funds, superannuation funds and gratuity funds

The applications must be accompanied by certified true copies of (i) Trust deed/bye laws/resolutions, (ii) resolution authorising investment and (iii) specimen signatures of the authorised signatories. Those desirous of claiming tax exemptions on interest on application money are compulsorily required to submit a certificate issued by the Income Tax Officer along with the Application Form. For subsequent interest payments, such certificates have to be submitted periodically.

Tax deduction at source

In terms of Section 193 of Income Tax Act, 1961 tax has to be deducted at source from the interest on securities at the rates prescribed. Further, the proviso to the said Section 193 enlists the securities where tax need not be deducted at source.

Finance Act 2008 has inserted clause (viii) under the proviso to Section 193, which reads as under:

"Any interest payable on any security issued by a company, where such security is in dematerialized form and is listed on a recognized stock exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956 and rules made thereunder."

The amendment, which is effective 1st June 2008, will have following implications:

- Taxes will not be deducted at source by the Bank from interest paid on debentures, which are listed on the recognized stock exchanges and held in dematerialised form by investors.

However in future, if there is any change in Income Tax Act, 1961, or any other statutory modification or reenactment thereof which requires to deduct tax at source (TDS) then Bank will be deducted TDS at source. For seeking TDS exemption/ lower rate of TDS, relevant certificate(s)/ document(s) must be lodged 30 days before the Coupon Date or 31st March whichever is earlier, each financial year. Tax exemption certificate on interest on application money, should be submitted along with the Application Form. Where any deduction of Income Tax is made at source, the Bank shall send to the Debentureholder(s) a Certificate of Tax Deduction at Source. Those desirous of claiming tax exemptions on interest on application money are required to submit a certificate, if any, issued by the Income Tax Officer or a declaration / other document conforming tax exemption along with the Application Form

Debentureholder(s) should also consult their own tax advisers on the tax implications of the acquisition, ownership and sale of these Debentures and income arising thereon.

Succession

In the event of winding-up of the holder of the Debentures (s), the Bank will recognize the executor or administrator of the concerned Debenture-Holder(s), or the other legal representative as having title to the Debenture(s). The Bank shall not be bound to recognize such executor or administrator or other legal representative as having title to the Debentures(s), unless such executor or administrator obtains probate or letter of administration or other legal representation, as the case may be, from a Court in India having jurisdiction over the matter.

The Bank may, in their absolute discretion, where they think fit, dispense with production of probate or letter of administration or other legal representation, in order to recognize such holder as being entitled to the Debenture (s) standing in the name of the concerned Debenture-Holder on production of sufficient documentary proof or indemnity.

Procedure for application and mode of payment

This being a private placement offer, investors who have been addressed through this communication directly only are eligible to apply.

Applications for the Debentures must be in the prescribed form (enclosed) and completed in **BLOCK LETTERS** in English and as per the instructions contained therein.

Applications complete in all respects (along with all necessary documents as detailed in the Disclosure Document) must be submitted before the last date indicated in the issue time table or such extended time as decided by the Bank, at any of the designated collection centers, accompanied by the subscription amount. Money orders/postal orders will not be accepted. The Bank assumes no responsibility for any applications/ cheques/ demand drafts lost in mail.

Only Axis Bank cheques or Axis Bank Demand Draft or RTGS or credit by any other electronic mode shall be accepted. For bank account details, please refer the instructions given with Application Form.

No separate receipt will be issued for the application money. However, the Bank's designated collection branches or arrangers receiving the duly completed Application Form will acknowledge receipt of the application by stamping and returning to the applicant the acknowledgment slip at the bottom of the each Application Form.

As a matter of precaution against possible fraudulent encashment of interest warrants / cheques due to loss/misplacement, the applicant should furnish the full particulars of his or her bank account (i.e. account number, name of the bank and branch) at the appropriate place in the Application Form. Payment of interest or on redemption will be made by RTGS/NEFT or any other electronic mode or in absence of electronic mode then by cheque(s)/ demand drafts in the name of the applicant / investor. The interest warrants will then be made out in favour of the bank for credit to his/her account so specified and dispatched to the investors, who may deposit the same in the said bank.

Notices

The notices, communications and writings to the Debenture-Holder(s) required to be given by the Issuer shall be deemed to have been given if sent by registered post to the registered Debenture Holder(s) at the address of the Debenture Holder(s) registered with the registered office.
