Unless stated otherwise, macroeconomic and industry data used throughout this Tranche II Prospectus has been obtained from publications prepared by providers of industry information, government sources and multilateral institutions. Such publications generally state that the information contained therein has been

obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although the Issuer believes that industry data used in this Tranche II Prospectus is reliable, it has not been independently verified. Further, the extent to which the market and industry data presented in this Tranche II Prospectus is meaningful depends on the readers' familiarity with and understanding of methodologies used in compiling such data.

Currency and units of Presentation

In this Tranche II Prospectus, all references to 'Rupees'/'Rs.'/'INR'/'₹'/'₹' are to Indian Rupees, the official currency of the Republic of India.

Except where stated otherwise in this Tranche II Prospectus, all figures have been expressed in '₹' in millions. All references to 'million/million/mn.' refer to one million, which is equivalent to 'ten lakhs' or 'ten lacs', the word 'lakhs/lacs/lac' means 'one hundred thousand' and 'Crore' means 'ten million' and 'billion/bn./billions' means 'one hundred crores'.

Certain figures contained in the Shelf Prospectus and this Tranche II Prospectus, including financial information, have been subject to rounding adjustments. Unless set out otherwise, all figures in decimals, including percentage figures, have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. Further, any figures sourced from third party industry sources may be rounded off to other than two decimal points to conform to their respective sources.

Industry and Market Data

Any industry and market data used in this Tranche II Prospectus consists of estimates based on data reports compiled by Government bodies, professional organizations and analysts, data from other external sources including CRISIL Limited, available in the public domain and knowledge of the markets in which we compete. These publications generally state that the information contained therein has been obtained from publicly available documents from various sources believed to be reliable, but it has not been independently verified by us, its accuracy and completeness is not guaranteed, and its reliability cannot be assured. Although we believe that the industry and market data used in this Tranche II Prospectus is reliable, it has not been independently verified by us. The data used in these sources may have been reclassified by us for purposes of presentation. Data from these sources may also not be comparable. The extent to which the industry and market data presented in this Tranche II Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

FORWARD LOOKING STATEMENTS

This Tranche II Prospectus contains certain statements that are not statements of historical fact and are in the nature of “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “continue”, “expect”, “estimate”, “intend”, “objective”, “plan”, “potential”, “project”, “will”, “will continue”, “will pursue”, “will likely result”, “will seek to”, “seek” or other words or phrases of similar import. All statements regarding our expected financial condition and results of operations and business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, revenue and profitability and other matters discussed in this Tranche II Prospectus that are not historical facts. Our Company operates in a highly competitive, dynamic and regulated business environment, and a change in any of these variables may necessitate an alteration of our Company’s plans. Further, these plans are not static, but are subject to continuous internal review and policies, and may be altered, if the altered plans suit our Company’s needs better.

All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results, performance or achievements to differ materially from those contemplated by the relevant statement.

Actual results may differ materially from those suggested by the forward looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to our businesses and our ability to respond to them, our ability to successfully implement our strategies, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in our industry.

Important factors that could cause actual results to differ materially from our expectations include, but not limited to, the following:

1. Any increase in the levels of Stage 3 assets on our Loan Book as per Ind AS, for any reason whatsoever, would adversely affect our business and results of operations and results of operations;
2. Any volatility in interest rates which could cause our gross spreads to decline and consequently affect our profitability;
3. Unanticipated turbulence in interest rates or other rates or prices; the performance of the financial and capital markets in India and globally;
4. Changes in political conditions in India;
5. Changes in the value of Rupee and other currency changes;
6. The rate of growth of our Loan Book as per Ind AS;
7. The outcome of any legal or regulatory proceedings we are or may become a party to;
8. Changes in Indian and/or foreign laws and regulations, including tax, accounting, banking, securities, insurance and other regulations; changes in competition and the pricing environment in India; and regional or general changes in asset valuations;
9. Any changes in connection with policies, statutory provisions, regulations and/or RBI directions in connection with NBFCs, including laws that impact our lending rates and our ability to enforce our collateral;
10. Emergence of new competitors;
11. Occurrence of natural calamities or natural disasters affecting the areas in which our Company has operations;

12. Our ability to attract and retain qualified personnel; and
13. Other factors discussed in this Tranche II Prospectus, including under the chapter titled “*Risk Factors*” beginning on page 18 of the Shelf Prospectus.

For further discussion of factors that could cause our actual results to differ from our expectations, please refer to the section titled “*Risk Factors*” and chapters titled “*Outstanding Litigations and Defaults*” and “*Our Business*” beginning on pages 18,77, 228 and 95, respectively of the Shelf Prospectus and page 29, 130 and 49 of this Tranche II Prospectus.

By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Forward looking statements speak only as on the date of this Tranche II Prospectus. The forward-looking statements contained in this Tranche II Prospectus are based on the beliefs of management, as well as the assumptions made by and information currently available to management. Although we believe that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements.

Neither our Company or the Lead Managers, nor any of their respective affiliates has any obligation to, and do not intend to, update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. Our Company and Lead Managers will ensure that investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under section 447 of the Companies Act, 2013”.

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 10 lakh or 1.00% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 10 lakh or 1.00% of the turnover of the Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 50 lakh or with both.

Underwriting

This Issue has not been underwritten.

Arrangers to the Issue

There are no arrangers to the Issue.

Minimum Subscription

In terms of the SEBI Debt Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size (i.e INR 750 million). If our Company does not receive the minimum subscription of 75% of Base Issue Size, the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 6 working days from the Tranche II Issue Closing Date provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Account(s) of the Applicants within 6 working days from the Tranche II Issue Closing Date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard including its circular bearing no. HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018.

Credit Rating

The NCDs proposed to be issued under this Issue have been rated “CARE AA; Positive” (pronounced as CARE AA with Positive outlook) for an amount of ₹ 20,000 million, by CARE Ratings Limited vide their letter dated April 10, 2019 and revalidated as “CARE AA-; Stable” (pronounced as CARE AA Minus with Stable outlook) by revalidation letters dated July 31, 2019 and September 10, 2019 and October 18, 2019 and “CRISIL AA/Stable” (pronounced as CRISIL double A rating with Stable outlook) for an amount of ₹ 20,000 million, by CRISIL Limited vide their letter dated April 18, 2019 and revalidated as “CRISIL AA/Negative” (pronounced as CRISIL double A with Negative outlook) vide its revalidation letters dated July 20, 2019 and August 20, 2019 and further revalidated as “CRISIL AA-/Stable” (pronounced as CRISIL double A minus with Stable outlook) vide its letter dated October 07, 2019. The rating of “CARE AA-; Stable” by CARE Ratings Limited and “CRISIL AA-; Stable” by CRISIL Limited indicate that instruments with these ratings are considered to have a high degree of safety regarding timely servicing of financial obligations. Such instruments carry very low credit risk. For the rationale for these ratings, see

Annexures A and B of this Tranche II Prospectus. These ratings are not recommendations to buy, sell or hold securities and investors should take their own decision. These ratings are subject to revision or withdrawal at any time by the assigning rating agencies and should be evaluated independently of any other ratings.

For the rationale for these ratings, see Annexure A and B of this Tranche II Prospectus.

Interim Use of Proceeds

Our Management will have the flexibility in deploying the proceeds received from the Tranche II Issue. Pending utilization of the proceeds out of the Tranche II Issue for the purposes described above, our Company intends to temporarily invest funds in high quality interest bearing liquid instruments including money market mutual funds, deposits with banks or temporarily deploy the funds in investment grade interest bearing securities. Such investment would be in accordance with the investment policies approved by the Board or any committee thereof from time to time.

Monitoring of Utilization of Funds

There is no requirement for appointment of a monitoring agency in terms of the SEBI Debt Regulations. The Audit Committee shall monitor the utilization of the proceeds of the Tranche II Issue in accordance with its terms of reference. For the relevant Financial Years commencing from Financial Year 2019-20, our Company will disclose in our financial statements, the utilization of the net proceeds of the Tranche II Issue under a separate head along with details, if any, in relation to all such proceeds of the Tranche II Issue that have not been utilized thereby also indicating investments, if any, of such unutilized proceeds of the Tranche II Issue.

Variation in terms of contract or objects in the Prospectus

Our Company shall not, in terms of Section 27 of the Companies Act 2013, at any time, vary the terms of a contract referred to in the Shelf Prospectus or objects for which this Tranche II Prospectus is issued, except subject to the approval of, or except subject to an authority given by the shareholders in general meeting by way of special resolution and after abiding by all the formalities prescribed in Section 27 of the Companies Act, 2013.

Tranche II Issue expenses

A portion of this Tranche II Issue proceeds will be used to meet Issue expenses. The following are the estimated Issue expenses, for the Tranche II Issue:

Particulars	Amount (in millions)	As percentage of Tranche II Issue proceeds (in %)	As percentage of total expenses of the Tranche II Issue (in %)
Lead Managers Fee, Credit Rating Fees, Selling and Brokerage Commission, SCSB Processing Fee	110.18	2.20%	76.42%
Registrar & Debenture Trustee to the Issue	0.70	0.01%	0.49%
Advertising, Marketing, Printing and Stationery Costs	5.50	0.11%	3.81%
Professional Fees	13.50	0.27%	9.36%
Other Miscellaneous Expenses	14.30	0.29%	9.92%
Grand Total	144.18	2.88%	100.00%

The above expenses are indicative and are subject to change depending on the actual level of subscription to the Tranche II Issue and the number of Allottees, market conditions and other relevant factors.

Our Company shall pay processing fees to the SCSBs for ASBA forms procured by Lead Managers/Sub-Brokers / Trading Members and submitted to the SCSBs for blocking the Application Amount of the applicant, at the rate of ₹10 per Application Form procured (plus service tax and other applicable taxes). However, it is clarified that in case of ASBA Application Forms procured directly by the SCSBs, the relevant SCSBs shall not be entitled to any ASBA Processing Fee.

Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time and consequently our funding requirements and deployment of funds may also change.

SECTION III-RECENT MATERIAL DEVELOPMENTS

There are no recent material developments in relation to our Company as disclosed in the sections titled “Risk Factors”, “Capital Structure”, “Our Business”, “History and Certain Other Corporate Matters”, “Our Management”, “Financial Indebtedness” “Financial Information”, “Outstanding Litigations and Defaults”, “Material Developments” and “Summary of Main Provisions of Articles of Association” since the date of filing of the Shelf Prospectus and Tranche I Prospectus except as disclosed below.

RISK FACTORS

A. Risk Factors Relating to our Company

1. *High levels of customer defaults and the resultant non-performing assets could adversely affect our Company's business, financial condition, cash flows, results of operations and future financial performance.*

The Stage 3 Assets as on March 31, 2019 was ₹ 5,687.55 million and Stage 3 Provision stood at ₹ 3,358.72 million.

Moreover, as our Company's Loan Book as per Ind AS matures, our Company may experience increased defaults in principal or interest repayments. Thus, if our Company is not able to control or reduce its level of NPAs, the overall quality of its Loan Book as per Ind AS may deteriorate, and its results of operations may be adversely affected.

Our Company's Stage 3 Provision was ₹ 3,358.72 million as at March 31, 2019 and its provisioning coverage ratio may not be comparable to that of other similar financial institutions. Moreover, there can be no assurance that there will be no further deterioration in our Company's provisioning coverage ratio or that the percentage of Stage 3 Assets that our Company will be able to recover will be similar to its past experience in recovering the same. In the event of any further deterioration in the quality of our Company's Loan Book as per Ind AS, there could be further adverse impact on its results of operations. Defaults for a period of more than 90 days result in such loans being classified as Stage 3 Assets. If our Company is unable to effectively monitor credit appraisal, portfolio monitoring and recovery processes and the related deterioration in the credit quality of its Loan Book as per Ind AS, the proportion of Stage 3 Assets in its Loan Book as per Ind AS could increase, which may, in turn, have a material adverse effect on our Company's business, financial condition, cash flows results of operation and future financial performance.

Additionally, as at March 31, 2019 our GNPA's and net NPAs as a percentage of Loan Book as per Ind AS was 1.87% and 0.69% respectively.

2. *Our Company may be impacted by volatility in interest rates which could cause its Gross Spreads to decline, and consequently, affect its profitability.*

Our Company's results of operations are substantially dependent upon the level of its net interest margins. Our Company's total interest income is the largest component of our Company's total revenue from operations and constituted 93.58% of our Company's total revenue operations in the financial year ended March 31, 2019. Our Company borrows and lends funds on both fixed and floating rates. Volatility and mismatch in generally prevailing interest rates can materially and adversely affect our Company's financial performance, especially if the changes are sudden or sharp.

While any reduction in interest rates at which our Company borrows may be passed on to its customers, our Company may not have the same flexibility in passing on any increase in interest rates to its customers who have availed loans on fixed interest rates. In a rising interest rate environment, if the yield on our Company's interest-earning assets does not increase simultaneously with or to the same extent as our Company's cost of funds, and conversely, in a declining interest rate environment, if our Company's cost of funds does not decline simultaneously or to the same extent as the yield on our Company's interest-earning assets, our

Company's net interest income and net interest margin would be adversely impacted. Competition pressures may also require our Company to reduce the interest rates at which it lends to its customers without a proportionate reduction in interest rates at which it raises funds. Furthermore, certain of our Company's customers may prepay their loans to take advantage of a declining interest rate environment. Similarly, an increase in interest rates could result in our Company's customers, particularly those with variable interest rate loans, prepaying their loans if less expensive loans are available from other sources. In a declining interest rate environment, especially if the decline is sudden or sharp, our Company could be adversely affected by the decline in the market value of its fixed income securities and reduce its earnings from treasury operations.

Accordingly, our Company's operations are susceptible to fluctuations in interest rates. Interest rates are highly sensitive and volatility in interest rates could be a result of many factors, including the monetary policies of the RBI, de-regulation of the financial services sector in India, domestic and international economic and political conditions and inflation. An increase in inflation and consequent changes in bank rates, repo rates and reverse repo rates by the RBI have led to an increase in interest rates on loans provided by banks and financial institutions and consequently, interest rates in India have been volatile in recent financial periods. There can be no assurance that our Company will be able to adequately manage its interest rate risk in the future, which could have an adverse effect on income and margins, which could in turn have a material adverse effect on our Company's business, financial condition, cash flows and results of operations.

3. ***Our concentration of advances with our top 20 borrowers is 22.57% of our total Loan Book as per Ind AS as at March 31, 2019. Our inability to maintain relationship with such customers or any default and non-payment in future or credit losses of our single borrower or group exposure where we have a substantial exposure could materially and adversely affect our business, future financial performance and results of operations.***

Our concentration of advances with our top 20 borrowers is 22.57% of our total Loan Book as per Ind AS as at March 31, 2019. Our business and results of operations would be adversely affected if we are unable to maintain or further develop relationships with our significant customers. Our business and results of operations would majorly depend upon the timely repayment of the interest and principal from these large borrowers. We cannot assure you that we will not experience any delay in servicing of the loan or that we will be able to recover the interest and the principal amount of the loan. Any such delay or default will adversely affect our income from operation and thereby our profitability. In case we are unable to recover the complete the loan disbursed or any part of thereof, and the collateral is also not sufficient to recover our loan, our financial conditions and cash flows may be adversely affected. We are dedicated to earning and maintaining the trust and confidence of our customers, and we believe that the good reputation created thereby, and inherent in our brand name, is essential to our business. As such, any damage to our reputation could substantially impair our ability to maintain or grow our business. There can be no assurance that we will be able to maintain the historic levels of business from these customers or that we will be able to replace these customers in case we lose any of them. The loss of any significant customer could have a material adverse effect on our results of operations and cash flows. Moreover, failure to maintain sufficient credit assessment policies, particularly for small and medium enterprise borrowers, could adversely affect our credit portfolio, which could have a material and adverse effect on our results of operations and/ or financial condition and/ or cash flows.

4. ***Our Company's inability to comply with observations made by the RBI or any adverse action by the RBI may have a material adverse effect on its business, financial condition, cash flows and results of operations.***

Inspection by the RBI is a regular exercise and is carried out periodically by the RBI for all NBFCs registered with it under the RBI Act. Our Company, being an NBFC-ND-SI, is subject to periodic inspection by the RBI under the provisions of the RBI Act, 1934 (the "RBI Act"), pursuant to which the RBI inspects the books of accounts of our Company and other records for the purpose of verifying the correctness or completeness of any statement, information or particulars furnished to the RBI or for obtaining any information which our Company may have failed to furnish when being called upon to do so. The RBI in its earlier inspection report for the

fiscal year ended March 31, 2018 made certain observations during the inspection which, among other things, included increasing provisioning requirements in certain cases leading to decrease in CRAR from 17.09% to 16.58%, increase in GNPA and NNPA from 1.85% and 0.64% to 3.03% and 1.96% respectively from March 31, 2017 to March 31, 2018, reviewing the group structure and the need for having multiple NBFCs and unregulated entities having activities akin to NBFCs, submission of board approved plan for reducing our company borrowing dependence on Edelweiss Rural & Corporate Services Limited (“**ERCSL**”), earlier known as Edelweiss Commodities Services Limited (“**ECSL**”), review of credit risk policy, review of the loan appraisal process and sought for certain information and clarifications. Our Company, vide its letter, has inter alia responded to the RBI concerning its observations. Further, the RBI has conducted in its normal course the annual onsite inspection for the fiscal year ended March 31, 2019 and the final report from RBI is awaited. Any adverse action taken by the RBI pursuant to such inspections, or non-compliance by our Company with the RBI’s observations, could materially and adversely affect our Company’s business, operations and cash flows.

5. *Our Company may not be able to recover the full value of collateral or amounts which are sufficient to cover the outstanding amounts due under defaulted loans on a timely basis or at all and as a result, which could adversely affect its financial condition, cash flows and results of operations.*

Our Company’s Secured Loan Book as per Ind AS was ₹ 218,759.95 million, and ₹ 207,893.96 million, as at March 31, 2019 and March 31, 2018, respectively, and represented 89.62 per cent and 92.49 per cent, respectively, of our Company’s total Loan Book as per Ind AS as of those dates. Our Company’s Unsecured Loan Book as per Ind AS were ₹ 25,325.48 million and ₹16,892.02 million, as at March 31, 2019 and March 31, 2018 respectively, and represented 10.38 per cent and 7.51 per cent respectively, of our Company’s total Loan Book as per Ind AS as of those dates. The value of collaterals is dependent on various factors, including (i) prevailing market conditions, (ii) the general economic and political conditions in India, (iii) growth of the stock markets and real estate sector in India and the areas in which our Company operates, and (iv) any change in statutory and/or regulatory requirements.

Delays in recovery, bankruptcy and foreclosure proceedings, defects in the title and delays in obtaining regulatory approvals for the enforcement of such collaterals may affect the valuation of the collateral. As a result, our Company may not be able to recover the full value of the collateral for the loans provided by it within the expected timeframe or at all. Further, legal proceedings may have to be initiated by our Company in order to recover overdue payments on loans and as a consequence, the money and time spent on initiating legal proceedings may adversely affect our Company’s cash flow.

The value of the security provided by the borrowers to our Company may be subject to a reduction in value on account of various reasons. While our Company’s customers may provide alternative security to cover the shortfall, the realisable value of the security for the loans provided by our Company in the event of a liquidation may continue to be lower than the combined amount of the outstanding principal amount, interest and other amounts recoverable from the customers.

Any default in the repayment of the outstanding credit obligations by our Company’s customers may expose it to losses. A failure or delay to recover the loan value from sale of collateral security could expose our Company to potential losses. Any such losses could adversely affect our Company’s financial condition, cash flows and results of operations. Furthermore, the process of litigation to enforce our Company’s legal rights against defaulting customers in India is generally a slow and potentially expensive process. Accordingly, it may be difficult for our Company to recover amounts owed by defaulting customers in a timely manner or at all.

6. *Our Company extends margin funding loans or loans against securities to our Company’s clients and any default by a client coupled with a downturn in the stock markets could result in substantial losses for our Company.*

Our Company extends “loans against securities” or margin funding loans which constituted 18.23 % of our Company’s total Loan Book as per Ind AS as at March 31, 2019. These loans are secured by liquid, marketable securities at an appropriate or predetermined margin levels. In the event of a volatile stock market or adverse movements in stock prices, the collateral which secures the

loans may decrease significantly in value, which might result in losses which our Company may be unable to support. Customers could default on their obligations to our Company as a result of various factors including bankruptcy, lack of liquidity, lack of business and operational failure. As a result, it may be difficult to carry out a precise credit risk analysis on such clients. Although our Company uses a technology-based risk management system and follows strict internal risk management guidelines on portfolio monitoring, which include limits on the amount of margin, assessing the quality of collateral provided by the client and pre-determined margin call thresholds, there can be no assurance that in the event the financial markets witness a significant adverse event or a general downturn, our Company's financial condition, cash flows and results of operations would not be adversely affected.

7. *Our Company's business requires substantial capital and any disruption in the sources of its funding or an increase in its average cost of borrowings could have a material adverse effect on its liquidity, financial condition and cash flows.*

Our Company's liquidity and ongoing profitability are, to a large extent, dependent upon its timely access to, and the costs associated with, raising capital. Our Company's funding requirements have historically been met through a combination of borrowings such as term loans, working capital limits from banks, issuance of commercial papers and non-convertible debentures as well as equity capital raised through private equity investment. Our Company is also in the process of diversifying its sources of funding by securitising its loan portfolio. Thus, our Company's business growth, liquidity and profitability depends and will continue to depend on its ability to access diversified, relatively stable and low-cost funding sources as well as our Company's financial performance, cash flows, capital adequacy levels, credit ratings and relationships with lenders. Any adverse developments or changes in applicable laws and regulations which limit our Company's ability to raise funds through securitisation or direct assignment transactions or through private placements of non-convertible debentures can disrupt its sources of funding and as a consequence, could have a material adverse effect on our Company's liquidity, financial condition and cash flows.

Out of our Company's total borrowings of ₹ 228,153.89 million as at March 31, 2019, an amount of ₹ 84,044.69 million will mature during the next twelve months. In order to make these payments, our Company will either need to refinance this debt, which may prove to be difficult in the event of a volatility in the credit markets, or alternatively, raise equity capital or generate sufficient revenue to retire the debt. There can be no assurance that our Company's business will generate sufficient cash to enable it to service its existing debt or to fund its other liquidity needs.

Our Company's ability to borrow funds and refinance existing debt may also be affected by a variety of factors, including liquidity in the credit markets, the strength of the lenders from which our Company borrows, the amount of eligible collateral and accounting changes that may impact calculations of covenants in our Company's financing agreements. An event of default, a significant negative ratings action by a rating agency, an adverse action by a regulatory authority or a general deterioration in prevailing economic conditions that constricts the availability of credit may increase our Company's cost of funds and make it difficult for our Company to access financing in a cost-effective manner. A disruption in sources of funds or increase in cost of funds as a result of any of these factors may have a material adverse effect on our Company's liquidity, financial condition and cash flows.

8. *Our Company's significant indebtedness and the conditions and restrictions imposed by its financing arrangements could restrict its ability to conduct its business and operations in the manner our Company desires.*

As at March 31, 2019, our Company had secured borrowings of ₹ 200,612.23 million and unsecured borrowings of, ₹ 27,541.66 million. Our Company will continue to incur additional indebtedness in the future. Most of our Company's borrowings are secured by its business receivables.

Certain of our Company's financing agreements also include certain conditions and covenants that require it to maintain certain financial ratios, maintain certain credit ratings and obtain consents from lenders prior to carrying out certain activities and entering into certain transactions. Failure to meet these conditions or to obtain these consents could have significant consequences

on our Company's business and operations. Under certain of our Company's financing agreements, our Company requires, but may be unable to obtain, consents from the relevant lenders for, among others, the following matters: to declare and/ or pay dividend to any of its shareholders whether equity or preference, during any financial year unless our Company has paid to the lender the dues payable by our Company in that year, to undertake or permit any merger, amalgamation or compromise with its shareholders, creditors or effect any scheme of amalgamation or reconstruction or disposal of whole of the undertaking, to create or permit any charges or lien, or dispose off any encumbered assets, to amend its Memorandum of Association and Articles of Association. These covenants vary depending on the requirements of the financial institution extending the loan and the conditions negotiated under each financing document. Such covenants may restrict or delay certain actions or initiatives that our Company may propose to take from time to time. Furthermore, our Company's lenders may recall certain working capital loans availed by our Company at any time. For details relating to our Company's borrowings, please see "Financial Indebtedness" on page 84 of this Tranche II Prospectus.

9. *Our Company may not be able to successfully sustain its growth rate. Our Company's inability to implement its growth strategy effectively could adversely affect its business and financial results.*

In recent years, our Company's growth has been fairly substantial. Our Company's growth strategy includes growing our Company's secured lending and expanding our Company's retail customer base. There can be no assurance that our Company will be able to sustain its growth plan successfully or that our Company will be able to expand further or diversify its portfolio of products. A principal component of our Company's strategy is to continue diversifying the development of its new portfolio of products to suit customers' needs. This growth strategy will place significant demands on our Company's management, financial and other resources and will require our Company to continuously develop and improve its operational, financial and internal controls. Continuous expansion increases the challenges involved in financial management, recruitment, training and retaining high quality human resources, preserving our Company's culture, values and entrepreneurial environment as well as developing and improving our Company's internal administrative infrastructure. Our Company also faces a number of operational risks in executing its growth strategy. While our Company previously experienced rapid growth in its structured collateralised debt portfolio and retail mortgages - loans against property businesses, this exposes our Company to a wide range of increased risks, including business and operational risks, such as the possibility of increased NPAs, fraud risks as well as regulatory and legal risks.

Our Company's ability to sustain its rate of growth also depends, to a large extent, upon its ability to recruit trained and efficient personnel, retain key managerial personnel, maintain effective risk management policies, continue to offer products which are relevant to its target base of clients, develop managerial experience to address emerging challenges and ensure a high standard of client service. Our Company will need to recruit new employees, who will have to be trained and integrated into our Company's operations. Our Company will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train our Company's employees properly may result in an increase in employee attrition rate, a need to hire additional employees, an erosion in the quality of customer service, a diversion of the management's resources, an increase in our Company's exposure to high-risk credit and an increase in costs for our Company. If our Company grows its Loan Book as per Ind AS too rapidly or fails to make proper assessments of credit risks associated with new customers, a higher percentage of our Company's loans may become non-performing, which would have a negative impact on the quality of our Company's assets, its financial condition and cash flows. Our Company's inability to manage such growth could disrupt its business prospects, impact its financial condition and adversely affect its results of operations including its cash flows.

- 10. Any change in control of our Promoter or our Company or any other factor affecting the business and reputation of our Promoter may have a concurrent adverse effect on our Company's reputation, business and results of operations and may correspondingly adversely affect our goodwill, operations and profitability.**

As on the date of this Tranche II Prospectus, our Promoter, along with its subsidiaries, hold the entire paid up share capital of our Company (other than 1,000 equity shares, which are held by CDPQ Private Equity Asia Pte. Ltd.). Our Company is dependent on the goodwill and brand name of the Edelweiss Group. Our Company believes that this goodwill contributes significantly to its business. We operate in a competitive environment, and we believe that our brand recognition is a significant competitive advantage to us. There can be no assurance that the "Edelweiss" brand, which our Company believes is a well recognised brand in India, will not be adversely affected in the future by events or actions that are beyond our Company's control, including customer complaints, developments in other businesses that use this brand or adverse publicity from any other source.

If our Promoter ceases to exercise majority control over our Company as a result of any transfer of shares or otherwise, our ability to derive any benefit from the brand name "Edelweiss" and our goodwill as a part of the Edelweiss Group of companies may be adversely affected, which in turn could adversely affect our business and results of operations.

In the event Edelweiss Group is unable to maintain the quality of its services or its goodwill deteriorates, our Company's business and results of operations may be adversely affected. Any failure to retain our Company name may deprive us of the associated brand equity that we have developed which may have a material adverse effect on our business and results of operations.

Any disassociation of our Company from the Edelweiss Group and/or our inability to have access to the infrastructure provided by other companies in the Edelweiss Group could adversely affect our ability to attract customers and to expand our business, which in turn could adversely affect our goodwill, operations and profitability.

- 11. Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs which could have an impact on our business and could affect our growth, margins and business operations.**

The RBI vide its Notification (No. RBI/2006-07/205/DBOD.No. FSD.BC.46 / 24.01.028 /2006-07) dated December 12, 2006 has amended the regulatory framework governing banks to address concerns arising from divergent regulatory requirements for banks and NBFCs. This Notification reduces the exposure (both lending and investment, including off balance sheet exposures) of a bank to NBFCs like us. Accordingly, banks exposure limits on any NBFC are reduced from the 25% of the banks' capital funds to 10% of its capital funds. Furthermore, RBI has suggested that banks may consider fixing internal limits for their aggregate exposure to all NBFCs combined. This Notification limits a bank's exposure to NBFCs which consequently restricts our ability to borrow from banks.

This Notification could affect our business and any similar notifications released by the RBI in the future, which has a similar impact on our business could affect our growth, margins and business operations.

- 12. As at 31 March 31, 2019, wholesale mortgage financing and retail mortgages-loans against property amounted to ₹ 95,264.00 million and ₹ 29,920.00 million, respectively, and constituted 39.03%, and 12.26%, respectively, of our Company's Loan Book as per Ind AS. Any adverse development in the real estate sector would adversely affect the Company's results of operations.**

Retail mortgages - loans against property constituted a significant portion of our Company's total loans. As at March 31, 2019, our Company's total Loan Book as per Ind AS was ₹ 244,085.43 million. Wholesale mortgage financing and retail mortgages - loans against property constituted 39.03%, and 12.26%, respectively, of our Company's total Loan Book as per Ind AS as at March 31, 2019.

In addition, a significant portion of our Company's secured lending to SMEs is also secured by collateral in the form of real estate properties. The demand for these loan products is generally affected by developments in the real estate sector. Any decline in conditions of the real estate markets could have an adverse impact on our Company's financial condition, cash flows and results of operations. Further, deterioration in the housing and property market may result in reversing the growth of our Company's Loan Book as per Ind AS, which in turn could result in a material adverse effect on its business, financial condition, cash flows and results of operations.

Further, as the underlying security on these loans is primarily mortgages or other form of security over the customers' other residential or commercial property, a significant portion of our Company's Loan Book as per Ind AS is exposed to events affecting the real estate sector. In the event of a significant decline in property prices or a defect in the title of the property, our Company may not be able to realise the value of the collateral or recover its principal and interest in the event of a default. Also, if any of the projects which form part of the collateral are delayed for any reason, it may affect our Company's ability to enforce the security, thereby effectively diminishing the value of such security. There can be no assurance that our Company will be able to foreclose on collateral on a timely basis, or at all, and if it is able to foreclose on the collateral, that the value will be sufficient to cover the outstanding amounts owed to our Company which may result in a material adverse effect on its business, results of operations, financial condition and cash flows.

- 13. *Our Company's inability to recover the amounts due from customers to whom it has provided unsecured loans in a timely manner, or at all, and its customers failure to comply with applicable statutory or regulatory requirements in relation to such loans could adversely affect our Company's operations and profitability.***

Our Company's Loan Book as per Ind AS, as at March 31, 2019, includes secured and unsecured loans under its SME working capital loans portfolio which constitutes 7.26 % of it. Since some of these loans are unsecured, in the event of defaults by such customers, our Company's ability to realise the amounts due to it from the loans would be restricted to initiating legal proceedings for recovery as our Company will not have the benefit of enforcing any security interest. There can be no guarantee as to the length of time it could take to conclude such legal proceedings or for the legal proceedings to result in a favourable decision for our Company. Furthermore, our Company's structured collateralised credit products generally do not contain restrictions on the purpose for which the loans are given. As a result, its customer may utilise such loans for various purposes which are often incapable of being monitored on a regular basis, or at all.

- 14. *A decline in our Company's capital adequacy ratio could restrict its future business growth.***

Our Company's percentage of capital funds to risk weighted assets/ exposure (capital adequacy ratio) computed on the basis of the applicable RBI norms was 19.27% and 17.15 % as at March 31, 2019 and March 31, 2018 respectively, with Tier I Capital comprising 14.27%, and 11.48%, as at March 31, 2019 and March 31, 2018 respectively. The Tier II Capital comprises of 5.00% and 5.67% as at March 31, 2019 and March 31, 2018 respectively. If our Company continues to grow its Loan Book as per Ind AS and asset base, it will be required to raise additional Tier I and Tier II Capital in order to continue to meet applicable capital adequacy ratios with respect to its business. There can be no assurance that our Company will be able to raise adequate additional capital in the future on terms favourable to our Company, in a timely manner, or at all and this may adversely affect the growth of our Company's business.

- 15. *Our contingent liabilities could adversely affect our financial condition and cash flows.***

As at March 31, 2019, we had certain contingent liabilities (as per Ind AS 37) not provided for, amounting to ₹ 657.51 million. The contingent liability amounts disclosed in our Standalone Financial Information under IND AS represent estimates and assumptions of our management based on advice received. If, for any reason, these contingent liabilities materialize, it may adversely affect our financial condition and cash flows. For further details, please refer to section titled "Statement of Contingent liability" in the chapter "Financial Information" beginning on page 211 of this Tranche II Prospectus.

16. ***Our Company is dependent on the Edelweiss Group's goodwill and brand name. Any change in control of the Edelweiss Group or our Company or any other factor affecting the business and reputation of the Edelweiss Group may have a concurrent adverse effect on our Company's reputation, business and results of operations.***

As at the date of this Tranche II Prospectus, the Edelweiss Group, held the entire paid up share capital of our Company (other than 1,000 equity shares, which are held by CDPQ Private Equity Asia Pte. Ltd.). If the Edelweiss Group ceases to exercise majority control over our Company as a result of any transfer of shares or otherwise, our Company's business and results of operations could be adversely affected. Any disassociation of our Company from the Edelweiss Group and/or our Company's inability to have access to the infrastructure provided by other companies in the Edelweiss Group could adversely affect our Company's ability to attract customers and to expand our Company's business, which in turn could adversely affect our Company's goodwill, operations and profitability. Our Company is also dependent on the goodwill and brand name of the Edelweiss Group. Our Company believes that this goodwill contributes significantly to its business. There can be no assurance that the "Edelweiss" brand, which our Company believes is a well recognised brand in India, will not be adversely affected in the future by events or actions that are beyond our Company's control, including customer complaints, developments in other businesses that use this brand or adverse publicity from any other source. In the event Edelweiss Group is unable to maintain the quality of its services or its goodwill deteriorates, our Company's business and results of operations may be adversely affected.

We have applied for certain registrations in connection with the protection of our trademarks, which are currently pending. The registration of any intellectual property right is a time-consuming process, and there can be no assurance that any such registration will be granted. Unless our trademarks are registered, we may only get passing off relief, in case of infringement of our Trademarks, which could materially and adversely affect our brand image, goodwill and business.

Our Company operates in a competitive environment and our Company believes that the EFSL's brand recognition is a significant competitive advantage for it. The logo of our Company is not registered. Any failure to retain our Company's name may deprive our Company of the associated brand equity that it has developed which may have a material adverse effect on our Company's business and results of operations.

17. ***Our Company has entered into related party transactions and may continue to enter into related party transactions which may involve potential conflict of interest.***

Our Company has entered into related party transactions, within the meaning of AS 18 as issued by the Companies (Accounting Standards) Rules, 2006 as amended from time to time and Ind AS 24 issued by the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. Such transactions may potentially give rise to conflicts of interest with respect to dealings between our Company and such related parties. While our Company believes that all related party transactions entered into are conducted on an arms' length basis and in the ordinary course of business, there can be no assurance that it could not have achieved more favourable terms if such transactions had not been entered into with related parties. Additionally, there can be no assurance that any dispute that may arise between our Company and related parties will be resolved in our Company's favour. For details, see "Related Party Transactions" on page 83 of this Tranche II Prospectus.

18. ***This Tranche II Prospectus includes certain unaudited financial information, which has been reviewed but not audited, in relation to our Company. Reliance on such information should, accordingly, be limited. Additionally, our Company may publish additional unaudited financial information during the Issue Period.***

This Tranche II Prospectus includes Interim Condensed Standalone Ind AS Financial Statements June 2019 in relation to our Company for the three months period ended June 30, 2019 in respect of which the Auditors have issued their Review Report dated August 13, 2019. The Interim Condensed Standalone Ind AS Financial Statements June 2019 prepared by our Company have been subject only to a review (and not audited) and as described in Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information" Performed by the

Independent Auditor of the Entity” issued by the ICAI, and not to an audit, any reliance by prospective investors on such Interim Condensed Standalone Ind AS Financial Statements June 2019 as at and for three months period ended June 30, 2019 should, accordingly, be limited. For further details in relation to the Interim Condensed Standalone Ind AS Financial Statements June 2019, see the chapter titled “*Financial Information*” beginning at page 211 of this Tranche II Prospectus.

Any financial statement and/or results published in the future may not be consistent with past performance. Accordingly, prospective investors should rely on their independent examination of our financial position and results of operations, and should not place undue reliance on, or base their investment decision solely on the financial information included in this Tranche II Prospectus.

- 19. *Our Company’s business is dependent on relationships established through its branches with its clients. Any events that harm these relationships including closure of branches or the loss of our Company’s key personnel or employees may lead to a decline in our Company’s revenue and profits. Further, our Company’s results of operations could be adversely affected in the event of any disputes with its employees.***

Our Company’s business is dependent on the key personnel and employees who directly manage client relationships. Our Company encourages dedicated personnel to service specific clients since our Company believes that this leads to long-term client relationships, a trust based business environment and over time, better cross-selling opportunities. While no key personnel or employees contribute a significant percentage of the business, the business may suffer materially if a substantial number of them either becomes ineffective or leaves the organisation. As a result, there may be an adverse effect on our Company’s business and profits.

As at June 30, 2019, our Company employed 1,400 full-time employees. Currently, none of our Company’s employees are members of any labour union. While our Company believes that our Company maintains good relationships with its employees, there can be no assurance that our Company will not experience future disruptions to its operations due to disputes or other problems with its work force which may adversely affect our Company’s business and results of operations.

B. Risks pertaining to this Issue

- 1. *Any downgrading in credit rating of our NCDs may affect the value of NCDs and thus our ability to raise further debts.***

The NCDs proposed to be issued under this Issue have been rated “CARE AA; Positive” (pronounced as CARE AA with Positive outlook) for an amount of ₹ 20,000 million, by CARE Ratings Limited vide their letter dated April 10, 2019 and revalidated as “CARE AA-; Stable” (pronounced as CARE AA Minus with Stable outlook) by revalidation letters dated July 31, 2019 and September 10, 2019 and October 18, 2019 and “CRISIL AA/Stable” (pronounced as CRISIL double A rating with Stable outlook) for an amount of ₹ 20,000 million, by CRISIL Limited vide their letter dated April 18, 2019 and revalidated as “CRISIL AA/Negative” (pronounced as CRISIL double A with Negative outlook) vide its revalidation letters dated July 20, 2019 and August 20, 2019 and further revalidated as “CRISIL AA-/Stable” (pronounced as CRISIL double A minus with Stable outlook) vide its letter dated October 07, 2019. The rating of “CARE AA-; Stable” by CARE Ratings Limited and “CRISIL AA-; Stable” by CRISIL Limited indicate that instruments with these ratings are considered to have a high degree of safety regarding timely servicing of financial obligations. Such instruments carry very low credit risk. For the rationale for these ratings, see Annexures A and B of this Tranche II Prospectus. These ratings are not recommendations to buy, sell or hold securities and investors should take their own decision. These ratings are subject to revision or withdrawal at any time by the assigning rating agencies and should be evaluated independently of any other ratings.

2. ***Securities on our NCDs may be exclusive and/or rank pari passu with any of our Company's secured obligations (with the exceptions of any exclusive charge created by the Company).***

Substantially all of our Company's current assets represented mainly by the loan receivables are being used to secure our Company's debt. As at March 31, 2019 our Company's secured borrowing was ₹ 200,612.23 million. Securities on our NCDs may be exclusive and/or rank *pari passu* with any of our Company's secured obligations (with the exceptions of any exclusive charge created by the Company) with respect to the assets that secure such obligations. The terms of the NCDs do not prevent our Company from incurring additional debt.

Corporate Structure

Our Company's corporate structure as at September 30, 2019 is set out below

Competitive Strengths

Set out below are the key strengths which the Company believes enables it to be competitive in its business.

Established brand and parentage

The Company is a part of the EFSL Group, which is one of India's prominent financial services organization.

Edelweiss Group enjoys a large client base of over 1,220,000 clients from retail and wholesale segments across its various businesses, as at March 31, 2019. The EFSL Group had 476 offices being 468 offices across approximately 200 cities in India and eight offices outside India in six cities as at March 31, 2019. The Company believes that its relationship with the EFSL Group provides brand recall and it will continue to derive significant marketing and operational benefits as a result of its association with the EFSL Group.

In March 2019, the Company filed an application under the (Indian) Companies Act, 2013 before the National Company Law Tribunal, Mumbai Bench for the merger of ERFL with the Company (the "**Proposed Merger**"). Furthermore, in view of the affidavits of all Equity shareholders of the Company, the requirement of Shareholders' meeting for considering and/or approving the amalgamation has been dispensed by NCLT Mumbai Bench vide its order dated August 16, 2019. Also, the Bench has directed the Company to send notices to all its secured/ unsecured creditors (which are due and payable as on June 30, 2019) in the manner mentioned in the said order. Further, on March 25, 2019, our Company applied for approval from the Reserve Bank of India in relation to the merger of ERFL with the Company, which was approved by the RBI on September 27, 2019. ERFL is an NBFC which offers unsecured SME business loans and secured loans as well as micro-finance to its customers. As at 31 March 2018, ERFL had total assets of ₹34,009.6 million, which represented 12.71 per cent. of the Company's total assets as at that date (as per Indian GAAP). During Fiscal 2018, ERFL's total revenues and profit after tax were ₹3,676.2 million

and ₹316.9 million, respectively, which represented 12.01 per cent. and 6.86 per cent. of the Company's total revenues and profit after tax, respectively, during that period (in each case as per Indian GAAP). Further, EHFL made an application dated March 12, 2019 to NHB to approve the transfer of its entire shareholding, held by EFSL, ERFL and EFCL to the Company. In this regard, NHB vide its letter dated October 14, 2019 has communicated that, considering the transfer of regulatory powers over the Housing Finance companies from the National Housing Bank to the Reserve bank of India w.e.f. August 9, 2019 pursuant to the provisions of the Finance Act 2019, the said application of EHFL for change in shareholding pattern from current shareholders to ECL Finance Limited has been forwarded to RBI. Once approved, EHFL will be a wholly owned subsidiary of the Company (the "**Proposed EHFL Acquisition**", and together with the Proposed Merger, termed as the "**Strategic Initiatives**"). EHFL extends retail housing finance such as home loans, loans against property and construction finance to developers of residential projects. As at 31 March 2018, EHFL had total assets of ₹49,545.5 million, which represented 18.52 per cent. of the Company's total assets as at that date (as per Indian GAAP). During Fiscal 2018, EHFL's total revenues and profit after tax were ₹5,144.1 million and ₹702.9 million, which represented 16.81 per cent. and 15.21 per cent. of the Company's total revenues and profit after tax, respectively, during that period (in each case as per Indian GAAP). The Company believes that, once successfully concluded, its Strategic Initiatives will provide the Company the ability to offer a wide range of retail credit and housing finance products to its existing and new customers.

We draw upon a range of resources from the Edelweiss group such as information technology and infrastructure. We leverage Edelweiss groups experience in the various facets of the financial services sector which allows us to understand market trends and mechanics and helps us in designing our products to suit the requirements of our target customer base as well as to address opportunities that arise out of changes in market trends.

Network of offices

The Company operates through a wide network of 120 offices (excluding its registered office), as at June 30, 2019. The reach of the Company's branches allows it to service its existing customers and attract new customers. The Company services multiple products through each of its offices, which reduces operating costs and improves total sales. The Company's spread out office network reduces its reliance on any one region in India and allows it to apply best practices developed in one region to other regions. The Company's geographic diversification also mitigates some of the regional, climatic and cyclical risks, such as heavy monsoons or droughts.

Liquid balance sheet with a track record of high growth and profitability

The Company also believes that it benefits from a liquid balance sheet with a high net worth, a reasonable leverage and a comfortable capital to risk weighted assets ratio ("**CRAR**"). While managing the its balance sheet, the Company's focus is on risk management and capital preservation which enables it to maintain sufficient liquidity to ensure smooth operations of its business. Given the Company's liquid balance sheet, the Company is able to deploy capital for starting and expanding up new businesses which are integral to its core strategy of risk-mitigation through diversification. The Company is also able to obtain easier access to market borrowings through its strong credit rating. A liquid balance sheet simultaneously permits the Company to redeploy capital towards business opportunities that are presented at short notice.

Our total revenue and total comprehensive income have grown by 22.77% and 20.13% to ₹ 40,174.58 million and ₹5,655.53 million, respectively, for year ended March 31, 2019. from ₹ 32,723.48 million and ₹ 4,707.66 million, respectively, for year ended March 31, 2018. Our equity has grown by 32.69% to ₹ 38,494.52 million as at March 31, 2019 from ₹ 29,011.79 million as at March 31, 2018. The aforesaid growth in our total revenue and total comprehensive income and our equity reflects the growth and profitability of our Company.

Secured Loan Book and strong asset quality

Since inception, we have been providing secured finance which ensures lower NPAs and fewer recovery related problems. As at March 31, 2019, 89.62%, of our total Loan Book as per Ind AS is secured.

The structured collateralised credit and wholesale mortgages are secured against a pledge of marketable securities held by the corporates or their promoters and other collateral such as real estate. Generally, the

disbursements are also secured by a guarantee. Retail mortgages - loans against property are secured against a collateral of residential or commercial property while loans against securities are offered against a collateral of securities. For SME financing, the loans are generally secured against the personal guarantee of the promoters of the enterprise or the personal guarantee of all the partners of the partnership firm or the personal guarantee of all property owners. For agricultural commodities, the financing is secured against the agricultural inventory stored in warehouses managed by our sister concerns. We believe that our credit appraisal mechanism, credit control processes, audit and risk management processes and policies help us in maintaining the quality of our loan book. Our collateral cover criterion is also conservative acting as a disincentive for the borrowers to default and also helps us in recovering our loans in case there is any default.

As at March 31, 2019 our GNPA's and net NPA's as a percentage of Loan Book as per Ind AS was 1.87% and 0.69% respectively and provision coverage ratio was 63.46%.

Adequately capitalised for growth

The Company is subject to capital adequacy ratio ("CAR") requirements which are prescribed by the RBI. The Company is currently required to maintain a minimum 15 per cent. as prescribed under the prudential norms of the RBI based on its total capital to risk weighted assets as part of its governance policy. The Company generally maintains capital adequacy higher than the statutorily prescribed CAR. As at 31 March 2019, our Company's percentage of capital funds to risk weighted assets/ exposure (capital adequacy ratio), computed on the basis of the applicable RBI requirements, was 19.27 per cent.

The following table sets out the Company's capital adequacy ratio as at the dates indicated below:

Particulars	As on March 31, 2019*
CAR prescribed by RBI	15%
Percentage of capital funds to risk weighted assets/ exposure (capital adequacy ratio)	19.27%
Tier I Capital	14.27%
Tier II Capital	5.00%

*based on Ind AS

Diversified funding profile and access to range of cost effective funding sources

The Company's fund requirements are currently predominantly sourced through the credit facilities from banks and the issue of redeemable non-convertible debentures on a private placement basis as well as through a public issuance. The Company has accessed funds from certain credit providers, including nationalised banks and private Indian banks. The Company believes that it has developed stable long-term relationships with its lenders and have established a track record of the timely servicing of its debts. The Company also accesses money market borrowings. The Company believes that it has been able to achieve a relatively stable cost of funds primarily due to effective treasury management and diversified fund raising programs.

Set out below is certain information regarding the portion that our different funding sources constitute of our total funding:

Source of funding	March 31, 2019
Loans from banks and financial institutions (%)	48.29
Non-convertible debentures and other debt instruments (%)	40.55
Commercial papers (%)	2.47
Subordinated debt (%)	7.33
Triparty Repo/ Clearcorp Repo Order Matching System (%)	0.92
Loan from Related Party (%)*	0.44
Total	100.00

* demand loan from Edelweiss Rural & Corporate Services Limited (formerly known as Edelweiss Commodities Services Limited)

We have also diversified our sources of liabilities through public issues of non-convertible debentures in May 2019, November 2018, July 2018, January 2014, June 2014 and February 2015. Further, we also raised funds by way of a 'Rupee denominated bond' (Masala Bonds) offering (outside India) in October 2016. We have completed our maiden perpetual bonds issue of ₹3 billion during FY2018. Over the years, we have added a number of new sources of funding ranging from new banks, mutual funds, insurance companies, pension and provident funds, non-banking companies as our lenders leading to well diversified sources of funding.

Robust risk management systems and independent processes which are well defined

The Company believes its business processes ensure complete independence of functions and a segregation of responsibilities. The Company believes its credit appraisal and credit control processes, centralised operations unit, independent audit unit for checking compliance with the prescribed policies and approving loans at transaction level as well as its risk management processes and policies allow layers of multiple checks and verifications. These legal and technical verifications includes collateral valuation, title search, document verification, fraud and KYC verifications, personal meetings with clients and audit before the disbursement of loans. Furthermore, the Company's processes have been standardised with the objective of providing high quality of service and ensuring efficiency. This is achieved by facilitating the integration of the Company's workforce, processes and technology. The Company's key business processes are regularly monitored by the business or operations head.

Our loan approval and administration procedures, collection and enforcement procedures are designed to minimise delinquencies and maximise recoveries. We believe that our procedures have ensured that the eventual write off (aggregate of bad-debts and advances written off and loss on sale of non performing assets) of loans due to non-recovery has remained low at 0.54% of our total Loan Book as per Ind AS in year ended March 31, 2019.

The Company believes that it has the necessary internal controls and risk management systems in the Company to assess and monitor risks across various business lines. The risk management systems function through an independent department concerning accounts and operations and a dedicated centralised risk management team. The Company seeks to monitor and control risk exposure through a variety of separate but complementary financial, credit and operational reporting systems.

Strategies

Optimising return while maintaining the quality of the Company's Loan Book

We have consciously chosen to focus on building a secured loan book. Secured Loan Book as per Ind AS represented 89.62% of our total Loan Book as per Ind AS as at March 31, 2019. We believe that the credit and risk management systems we have implemented will adequately enable us to optimise our product mix in our loan book. With this strategy, we believe that we are able to maintain our margins in the event the interest rate becomes volatile and keep our credit costs to the minimum in the event of downturn in the economy.

Improve the Company's credit ratings to optimise cost of funds

The Company funds its capital requirements through a variety of sources, including credit facilities from banks, issuance of non-convertible debentures, money market borrowings foreign currency convertible bonds, commercial paper, collateralised lending and borrowing obligations, inter-corporate loans and inter corporate deposits. During the last three Fiscals, the Company has upgraded its long-term credit rating from "AA-" to "AA+" though there have been some slippages in the recent past arising out of environmental issues. For details of the Company's credit ratings as at June 30, 2019, please see section titled "Business-Credit Rating" on page 49 of this Tranche II Prospectus.

We believe that we have been able to achieve relatively stable and competitive cost of funds from a range of sources despite the difficult conditions in the global and Indian economy resulting in reduced liquidity and increased interest rates, primarily due to our credit ratings and the goodwill associated with the Edelweiss brand name. Over the past three years, we have focused on improving our assets liability management by ensuring that we align our liabilities profile with our assets profile. As our assets profile moved towards a longer duration with the addition of retail mortgages - loans against property and SME finance, we also suitably modified our liability mix by targeting higher long term borrowings from banks

instead of shorter term borrowing from debt markets or money markets. We have also increased long term market borrowing through the placements of non-convertible debentures and have diversified our sources of borrowing by obtaining credit facility from a number of banks. Based on our increasingly strong balance sheet, we believe that we will be able to continue improving our credit ratings and access newer sources of funds

Products

ECL launched its credit business in 2007. Thereafter we have successfully diversified into many different, though interdependent, lines of credit businesses, which enable us to capture opportunities across entire fixed income domain by harnessing synergies between the principal and agency sides of this business and providing alternative solutions to clients for meeting their debt requirements. Similarly, the diversification into retail finance groups large retail segments together with other similar lines of businesses. Our total Loan Book as per Ind AS as at March 31, 2019 was ₹ 244,085.43 million and our total Loan Book as per Ind AS as at March 31, 2018 was ₹ 224,785.98 million.

The following chart illustrates the Loan Book attributable to each product line, as at March 31, 2019:

The below paragraphs set out the total Loan Book attributable to each product line as at March 31, 2019.

Structured Collateralised Credit

Our structured collateralised credit loans constituted 22.15% of our total Loan Book as per Ind AS at March 31, 2019. Structured collateralised credit loans are offered mostly to corporates against collateral such as liquid market securities, pledge of other securities, pledge of shares by promoters, immovable property etc. The loans include bridge financing or other short term loans to corporates. The funds raised are utilised for the working capital requirement of the corporates, expansion and diversification of business among other uses. The tenure of the loans is generally up to two years.

Wholesale Mortgages

Our wholesale mortgage finance loans constituted 39.03% of our total Loan Book as per Ind AS at March 31, 2019. Our wholesale mortgage financing enables developers to raise money for the development of real estate projects. Our wholesale mortgage financing is usually loaned against real estate collateral and cash flows from real estate projects to meet short term and medium-term requirements.

SME Finance and others

Our SME finance and other loans (“**SME Finance**”) constituted 7.26% of our total Loan Book as per Ind AS at March 31, 2019. SME Finance loans fund proprietorship firms, partnership firms, private limited companies, closely held public limited companies and self-employed professionals, primarily for the purposes of business expansion, meeting working capital requirements, financing the purchase of capital equipment, refinancing existing loans and purchasing commercial property. SME Finance is generally secured by the personal guarantee of promoters or partners or proprietors and the SME's property acts as a collateral.

ESOP and Margin Funding Loans

The Company's EOP and Margin Funding Loans constituted 18.23% of our total Loan Book as per Ind AS at March 31, 2019. This is a loan facility offered against liquid marketable security wherein investors borrow funds against their existing portfolio of investments and for exercise of ESOPs. Other financial products under this product include public issue financing, loans against mutual fund units or bonds and other capital market instruments.

Retail Mortgages—Loans against Property

The Company's retail mortgages—loans against property (“**LAP**”) constituted 12.26% of our total Loan Book as per Ind AS at March 31, 2019. LAP is a loan facility offered mostly to self-employed individuals requiring funds for business purposes against mortgage of residential or commercial property. As part of LAP, a lease rental discounting product is also offered when the lessee is a large corporate. The funds that are raised are utilised for meeting their business and investment needs.

Agricultural Commodities Financing

The Company's agricultural commodities financing portfolio constituted 1.08% of our total Loan Book as per Ind AS at March 31, 2019. As a part of agricultural value chain services, the Company extends short-term finance (of a tenure of three to nine months) against agricultural inventory stored in warehouses managed by its sister concerns. The Company funds goods stored in warehouses managed by its sister concerns only as a part of its risk management policy.

The Company believes that the provision of financing for agricultural commodities in India presents a significant opportunity for the agricultural industry and the credit industry. Currently only banks offer agricultural credit in the organised sector, with a large portion of the credit coming from the unorganised sector. The Company is making efforts to increase its share of agricultural credit in the organised sector.

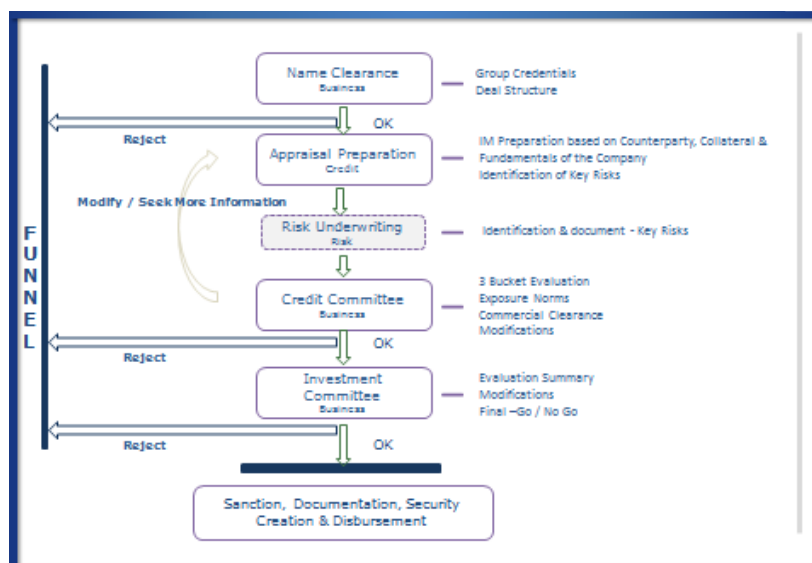

Office Network

As at June 30, 2019, the Company had 120 offices (excluding its registered office), as follows:

Credit Appraisal*

The below flow chart depicts the Company's basic credit appraisal process:

Asset Quality

We maintain our asset quality by adhering to credit evaluation standards, limiting exposure and interacting with customers directly and regularly. We ensure that prudent LTV ratios are adhered to while lending. We ensure prompt collection and proper storage of post-disbursement documents. We periodically inspect, either by ourselves or by internal auditors, our customers and the assets financed on a random basis. Our employees conduct tele-verification of the customers' key details and close follow-up is undertaken to ensure timely collection and control overdues. The Company believes it follows the necessary risk management policies to ensure that the asset quality of its credit book remains comfortable.

Risk Management Policy

The Company has a well-defined risk management policy framework for risk identification, assessment and control to effectively manage risks associated with the various business activities. The risk function is monitored primarily by a business risk group. The EFSL Group has also established a global risk committee that is responsible for managing the risk arising out of various business activities at a central level.

The Company extends loans to its clients by way of corporate and SME loans, LAS, public issue funding, ESOP funding and retail mortgages—loans against property. The Company’s risk management policy ensures that the margin requirements are conservative to be able to withstand market volatility and scenarios of sharply declining prices. As a result, the Company follows conservative lending norms. The EFSL Group centralises the risk monitoring systems to monitor the Company’s client’s credit exposure which is in addition to the monitoring undertaken by the respective businesses.

During Fiscal 2019, the Company had low NPAs in its portfolio based on 90 days past due norm and provides for 0.40 per cent. of general loan loss provisions on outstanding standard asset category loans based on the current RBI guidelines. The Company’s average loan-to-value ratio at the initiation of collateralised loans is usually approximately 45.00 to 50.00 per cent. Typically, in the event the collateral cover falls below two times, a notification of top-up with liquidation is sent to the Company’s clients. Moreover, the Company’s and the EFSL Group’s risk management policy framework ensures that there is adequate collateral cover in the Loan Book.

The Company had low Stage 3 Assets as at 31 March, 2019 in its portfolio, under the Expected Credit Loss Model under Ind AS. It provides adequately on the Stage I Assets and Stage II Assets based on the product wise Probability of Default(s) and associated Loss Given Default(s) percentages based on the credit loss

experiences in the past and the macroeconomic factors influencing the extant loan portfolio. The Company's average loan-to-value ratio at the initiation of collateralised loans is usually approximately 45.00 per cent. to 50.00 per cent. Typically, in the event the collateral cover falls below two times, a notification of top-up with liquidation is sent to its clients. Moreover, the EFSL Group's and the Company's risk management policy framework ensures that there is adequate collateral cover in the Loan Book.

The risk management policy also identifies other risks such as counterparty and liquidity risks in light of security-based lending. The Company has a policy of funding against approved scrips with adequate coverage. Furthermore, the Company keeps its sectoral exposure within prescribed limits as stipulated by the RBI, by avoiding a concentration in any particular sector.

Employees

The Company believes that its human capital is one of its most important strengths and is the driver of growth, efficiency and productivity. As a result, the Company invests in developing its talent and leadership through various initiatives. The Company has launched several initiatives aimed at strengthening the ability of its managers to bring together people, strategies, and execution to drive business results. The EFSL Group also has a leadership programme with the objective of multiplying leadership capability, developing internal leaders and ensuring seamless execution of its growth targets in the future. The Company is an integral part of this leadership programme of the EFSL Group. Approximately 6.00 per cent. of the EFSL Group's employees are in the four-tiered Edelweiss leadership pool. They comprise of management committee members, senior leaders, business leaders and emerging leaders, each of whom undergo a structured engagement, communication and development programme during their membership period in the Edelweiss leadership pool. A number of the Company's employees form a part of these groups.

- *default and non-payment of statutory dues etc.*
- *Further from time-to-time, we have been and continue to be involved in legal proceedings filed by and/or against us, arising in the ordinary course of our business. These legal proceedings are mostly civil in nature. We believe that the number of proceedings in which we are / were involved is not unusual for a company of our size doing business in India.*

I. Litigation involving our Company

Except as disclosed below, there are no other important legal proceedings involving our Company.

(a) Civil proceedings

- *Against our Company*
 1. The State Bank of India and others (“Appellants”) has filed an O.S.A. No. 43/13 (“Appeal”) dated September 25, 2013 before the High Court of Karnataka, Bangalore against United Breweries (Holdings) Ltd (“UBHL”), the Company and others, for a

direction to UBHL for the deposit of the entire sale proceeds of the 13,612,591 shares of United Spirits Limited (“USL”), the release of the said amounts to the Appellants and an interim order restraining UBHL from paying any part of the sale proceeds to the pledge holders. The Appellants filed an appeal against the order dated May 24, 2013 in company application numbers 437,441,440, 439 and 438 of 2013 in company petition number 122, 121, 248, 185 and 57 of 2012 pursuant to which the single judge in the appeal partly allowed the applications filed by UBHL and permitted the Appellants to sell 13,612,591 equity shares of USL held by them to Relay BV and Diageo plc and others and to use the sale proceeds to make payment to UBHL's secured creditors. The said shares were pledged with various lenders including the Company. The Appellants also made the Company and other lenders of UBHL as parties in the Appeal and claimed that these pledges of shares, which were created in favour of the Company, as invalid on the ground that these pledges were created in breach of certain warranties contained in the guarantee agreement executed by UBHL in favour of and the benefit of the Appellants. Pursuant to the judgment dated December 20, 2013, the appellate court (Company Court) set aside the Company Court's order dated May 24, 2013 of the Company Court and held that the sale of shares was void.

Relay BV and Diageo plc and others filed a petition for special leave appeal (civil) numbers 967, 2955, 4826, 4827, 4828 and 4829 of 2014 against the Appellants to seek leave to appeal against the judgment dated December 20, 2013. The Appellants filed special leave petition (civil) numbers 6270, 13589 and 1501 of 2014, against UBHL and others, including the Company, in the Supreme Court praying to set aside the judgment dated December 20, 2013 of the Appellate Court. The matter was last listed on 9 April 2018 for consideration of impleadment applications filed by various parties in connected civil appeals. The Supreme Court was pleased to allow the impleadment applications. The Supreme Court also observed that in view of winding up order having been passed, United Breweries (Holdings) Limited shall sue and be sued in the name of Official Liquidator and accordingly the Supreme Court directed notice be issued to official liquidator. The matter is currently pending.

2. In the matter of Reliance Project Venture & Management Pvt. Ltd. (“RPVMPL”) (“Plaintiff”) v. ECL Finance & Ors. the Plaintiffs had earlier moved to the Bombay High Court, single judge bench *inter alia* for restraining ECL Finance from selling the pledge share of R Power and of RCOM, to pay damages of Rs. 3,008.41 crore and declare the sale of pledge shares illegal. The suit is currently pending.
3. Sunil Kumar Aggarwal (“Plaintiff”), a minority shareholder in Rudra Buildwell Homes Private Limited (“Project Company”), on whose land the Company holds a mortgage over certain lands, has filed a suit for declaration of his alleged rights before the Patiala House Court. Prayer has been made for injunction restraining the Company from creating any charge or encumbrance over the assets of the Project Company, and for declaration that a prior charge exists in favour of the Plaintiff. Further, the Plaintiff has filed a suit for enforcement of rights under a conciliation agreement executed between the Plaintiff and the Project Company before the Delhi High Court. The matter is currently pending.
4. Yogendernath Bhardwaj and other have filed Writ Petition (c) being No. 8748 of 2017 before Delhi High Court against SEBI and other including ECL Finance limited *inter-alia* seeking injunction against sale of shares belonging to the Petitioners in furtherance of an order likely to be passed by SEBI in pending inquiry against Amrapali Aadya Trading and Investment Pvt. Ltd, who fraudulently and without any authorization pledged the shares with ECLFL and 2 others as collateral against loan borrowed by Amrapali Aadya Trading and Investment Pvt. Ltd. By an Order dated 27th September 2017, the Hon’ble Court directed to maintain status quo without creating any hurdle in the investigation undertaken by SEBI. The matter is currently pending and listed for hearing on January 23, 2020.

5. Arvind Ghai, a resident of Ghaziabad and a retail client of ECL Finance Limited filed an injunction suit bearing No 1288 of 2018 before the Court of Civil Judge, Senior Division, Ghaziabad against the Company and some of its directors namely, Rashesh Shah, Venkat Ramaswamy, Himanshu Kaji, Vidya Shah, Biswamohan Mahapatra and Rujan Panjwani, one of the directors of its Promoter Company seeking permanent injunction and has prayed to restrain any dispossession from his residential property till the final disposal of the recovery suit filed by the Company before District Judge of Patiala House Court. On March 7, 2019 the Company filed its counter reply in the matter. On April 8, 2019, the Company filed its Application under Section 10 of Code of Civil Procedure for stay of proceedings. On July 23, 2019 the Hon'ble Court after hearing dismissed the said Suit. Being aggrieved, the client Arvind Ghai filed an Application bearing No. 19 of 2019 before the Upper Civil Judge (Senior Division) Ghaziabad against the Company and its above stated directors for restoration of the same. 1. Nathella Sampath Jewellery Private Limited (“NSJPL”) filed an arbitration application dated December 1, 2014 (“Application”) before the High Court of Bombay to constitute an arbitration tribunal (“Tribunal”) in relation to a dispute arising out of an agreement dated December 1, 2008 entered into between ECAL Advisors Limited (now known as Edelweiss Rural & Corporate Services Limited (“ERCSL”) and NSJPL for purchase of bullion on fixed or unfixed price basis (“Agreement”). As per the terms of the Agreement, if NSJPL chose to purchase bullion on unfixed price basis, it would be required to pay ERCSL, deposit margin money (“Margin”) and the price of the bullion would be fixed within 15 calendar days of making payment of the Margin. Also, NSJPL would be liable to replenish the shortfall in the Margin for all open positions. ERCSL *vide* its letter dated September 5, 2013 intimated NSJPL the amount due by NSJPL upon fixation of an unfixed open bullion position. However, NSJPL withheld certain payments for losses caused to it allegedly on account of the positions wrongly being kept open by ERCSL despite non-payment of shortfall in Margin. Since the parties failed to resolve the dispute amicably, ERCSL served notices of pending dues to NSJPL dated October 11, 2013 and March 25, 2014, demanding a total outstanding amount of Rs 59.02 million and also filed a winding-up petition dated November 12, 2014 against NSJPL before the High Court of Madras. Upon the constitution of the Tribunal pursuant to the Application, ERCSL filed a claim dated March 10, 2016 against NSJPL for an outstanding amount of INR 59.02 million along with interest at a rate of 18% per annum from September 6, 2013 till actual payment. ERCSL also moved an Application under Section 16 of Arbitration and Conciliation Act, 1996 for determination of the Tribunal’s jurisdiction in deciding Nathella’s claim for illegality of transaction.

Subsequently, NSJPL filed a counter claim against ERCSL for either a sum of INR 244.61 million along with an interest of 18% from March 16, 2016 till actual payment or a sum of INR 47.00 million along with interest of 18% from September 1, 2013 till actual payment and direction to ERCSL to render true and correct account of transactions during the entire currency of the Agreement. On October 24, 2016, an application on maintainability of NSJPL's claim as a preliminary objection was rejected. ERCSL filed an Evidence Affidavit thereafter and the cross-examination of ERCSL's witness Rakesh Udyawar commenced from September 08, 2017 and was thereafter adjourned from time-to-time to November 23, 2017, November 30, 2017, as part heard and concluded on January 18, 2018. NSJPL is required to file an affidavit of evidence in lieu of examination in chief on or before March 01, 2018, which NSJPL complied with. On April 25, 2018 the cross examination of NSJPL's witness concluded. In the meantime, NSJPL has filed a Company Petition No. CA/129/IB/2018 before the National Company Law Tribunal ("NCLT"), Chennai Bench for initiation of corporate insolvency resolution process, which has been admitted by the NCLT on April 23, 2018. In view of the above, the Learned Arbitrator has cancelled the hearings and directed resuming the hearings after the conclusion of the corporate insolvency resolution process. ERCSL thereafter, moved an arbitration petition under Section 29A of the Arbitration and Conciliation Act, 1996 seeking a further extension of time for a period of six months to complete the arbitration proceedings and pass a final award, which proceedings were restrained on account of order under Section 14 of the Insolvency and Bankruptcy Code, 2016. By an order dated March 05, 2019 the Hon'ble Bombay High extended the time to complete the arbitration proceedings and pass a final award within a period of six months. Subsequently, Arbitration hearing conducted on 15th June 2019 and ERCSL concluded its arguments. On 22nd June 2019 NSJPL initiated its arguments and continued on to 20 July 2019, 27th July 2019 and 09th August 2019 On 9 August 2019, NSJPL concluded its arguments. On 20th August 2019, ERCSL commenced its arguments but remained in completed. On September 19, 2019, ERCSL moved an Application before Bombay High Court under Section 29A of Arbitration and Conciliation Act for extension of Arbitrator's tenure for a further period of two months, which was allowed by the Court. On 14th October 2019 ERCSL concluded its arguments and filed its written submissions. Arbitration reference closed for award. The matter is currently pending.

1. EBL received a notice under Section 91 of the Criminal Procedure Code, 1973 from Vidhayak Puri Police Station, Jaipur under Enquiry No 1 of 2019 inter-alia, directing to produce all trading details of clients Mr. Hanuman Prasad Sharma including KYC, Ledger etc. and also all the employment / contact details of ex-employee Bhanwar Lal Teli of Jaipur Branch. Trading client of EBL filed a criminal complaint before Vidhayak Puri Police Station, Jaipur against ex-employee Bhanwar Lal Teli alleging unauthorized trading in his account by the employee thereby causing loss of Rs. 14 lacs. EBL provided all the required details through Jaipur branch office. The matter is currently pending.
2. Srimati Iti of Agra (“Complainant”), a client of Edelweiss Financial Advisors Limited (“EFAL”) (now amalgamated with EBL) filed a first information report (No. 592 of 2012) (“FIR”) before Hari Parvat, Janpad Police Station, Agra (“Police Station”) against Saurabh Jain, Richa Jain and Mahendra Jain (collectively, the “Accused”), under Sections 420, 467, 468, 471 read with Section 120B of the IPC and Sections 66, 66C and 66D of the Information Technology Act, 2000 for alleged unauthorised trading by modifying her trading account and password. Pursuant to notices dated October 8, 2012 and December 12, 2012, the investigation officer sought KYC documents, trade details, trading account password, user IP details and other documentation from the date of opening trading account by the Complainant from EFAL. The station in-charge of the Police Station issued notices under Section 160 of the Cr. P.C. addressed to Sunil Mitra, Sanjiv Misra and Himanshu Kaji, respectively, directors of Edelweiss Financial Services Limited for inquiry in respect of the FIR (“Notices”). EBL *vide* its letter dated July 15, 2016 replied to the Notices, *inter alia*, stating that addresses were neither the directors nor were they holding any official position in respect of any of the contracting entities in which the Complainant had opened her trading account.

On October 10, 2018 Sunil Mitra and Himanshu Kaji have been served with the summons dated September 09, 2018 issued pursuant to the order dated April 23, 2018 by the Ld. Chief Judicial Magistrate, Agra based on the supplementary / additional charge-sheet dated December 07, 2017 filed by SHO, Hari Parvat PS, Agra in Case No. 16324/2018 under Sections 420, 406, 120 of IPC read with Sections 66, 66C & 66D of IT Act to appear before Court.

Sanjiv Misra has not been served with any summons, however from bare perusal of the charge sheet and subsequent orders passed by the Ld. Magistrate, Agra; it can be inferred that the process has already been issued against Sanjiv Misra as well. Sunil Mitra, Sanjiv Misra and Himanshu Kaji have therefore, filed a joint Criminal Misc. Application No. (L) 245 of 2018 challenging against the said summoning order before the High Court at Allahabad under Section 482 of the Code of Criminal Procedure to quash and set aside the charge sheet, summoning orders and issuance of process from amongst the grounds including on the ground of vicarious liabilities cannot be extended in criminal jurisprudence

without substantiating the role of the officials in alleged offences. On December 4, 2018, the Allahabad High Court stayed further proceedings in the Agra Court against Mr. Sunil Mitra, Mr. Himanshu Kaji and Mr. Sanjiv Misra in Criminal Miscellaneous Application under Section 482 of Code of Criminal Procedure No. 43606 of 2018. On January 03, 2019 the stay order dated December 04, 2018 granted by Allahabad High Court was produced before CJM, Agra, which was taken on record.

By another Order dated May 07, 2019, Allahabad High Court granted stay in Second Petition No. 18339 of 2019 filed by Sanjeev Chandiramani, Nirmal Rewaria, Prashant Mody and Manish Dhanuka under Section 482 of Cr. P.C. challenging Supplementary / additional charge-sheet filed against them in Agra. Allahabad High Court further directed to list for hearing in July 2019 along with first petition after parties filed their respective counter reply & rejoinder, if any.

On June 22, 2019, the stay order dated May 07, 2019, granted by Allahabad High Court in Second Petition was produced before CJM, Agra, which was taken on record. The Ld. Magistrate was pleased to stay the proceedings before him till the next date of hearing i.e. August 20, 2019.

By an order passed in July 2019, both the Petitions pending before Allahabad High Court clubbed together and listed for hearing on 09th August 2019, when Complainant made their appearance and sought time to file their say within 03 weeks and stay orders granted stand continued. State also filed its reply in second Petition bearing No. 18339 of 2019.

On August 20, 2019, EBL filed Allahabad High Court Order *inter-alia* clubbing both the Petitions before CJM, Agra, which was taken on record. The matter is currently pending.

Litigation involving our Directors

1. Sharad Jagtiani (“Complainant”) filed an application dated November 11, 2008 (“Complaint”) under Section 156(3) of the Criminal Procedure Code, 1973 (“Cr. P.C”) before the A.C.M.M. Rohini Courts, Delhi (“Court”) against senior officials and directors of Edelweiss Securities Limited, including against P. N. Venkatachalam, Venkatachalam Ramaswamy, Kunnasagan Chinniah and Rashesh Shah (collectively, the “Accused”). Pursuant to the Complaint filed by the Complainant and an order dated January 13, 2009 passed by the Court, a first information report dated January 16, 2009 (No. 27 of 2009) was registered in Subhash Palace Police Station, Delhi, alleging loss of Rs 4.10 million in the stock market trade on account of cheating, breach of trust and conspiracy by the Accused. The police proceeded to investigate the allegations and subsequently, a closure report was filed by the investigating officer before the Metropolitan Magistrate. The closure report was protested by the Complainant before the Court, which *vide* an order dated January 31, 2012 directed the police to further investigate the matter. Subsequently, the investigating officer issued notices to Edelweiss Securities Limited, under Sections 91 and 160 and 175 of the Criminal Procedure Code, 1973 to produce information, documents and materials for the

purpose of further investigation. The matter is currently pending for the investigating officer's report.

2. S & D Financials Private Limited ("Complainant") filed an application under Section 156(3) of the Criminal Procedure Code, 1973 pursuant to which a first information report (No. 142) dated March 22, 2008 ("FIR") was registered under Sections 406, 420 and 120B of the Indian Penal Code, 1860 with the Hare Street Police Station, Calcutta against Edelweiss Securities Limited, Rashesh Shah and Venkatchalam Ramaswamy and others (collectively, the "Accused"). The Complainant alleged that the Accused committed criminal breach of trust and cheated the Complainant in future and options transactions amounting to INR 8.48 million. Thereafter, Edelweiss Securities Limited denied the allegations *vide* a letter dated September 8, 2008. The matter is currently pending.
3. Srimati Iti of Agra ("Complainant"), a client of Edelweiss Financial Advisors Limited ("EFAL") (now amalgamated with EBL) filed a first information report (No. 592 of 2012) ("FIR") before Hari Parvat, Janpad Police Station, Agra ("Police Station") against Saurabh Jain, Richa Jain and Mahendra Jain (collectively, the "Accused"), under Sections 420, 467, 468, 471 read with Section 120B of the IPC and Sections 66, 66C and 66D of the Information Technology Act, 2000 for alleged unauthorised trading by alleged modifying her trading account and password. Pursuant to notices dated October 8, 2012 and December 12, 2012, the investigation officer sought KYC documents, trade details, trading account password, user IP details and other documentation from the date of opening trading account by the Complainant from EFAL. The station in-charge of the Police Station issued notices under Section 160 of the Cr. P.C. addressed to Sunil Mitra, Sanjiv Misra and Himanshu Kaji, respectively, directors of Edelweiss Financial Services Limited for inquiry in respect of the FIR ("Notices"). EBL *vide* its letter dated July 15, 2016 replied to the Notices, *inter alia*, stating that addresses were neither the directors nor were they holding any official position in respect of any of the contracting entities in which the Complainant had opened her trading account.

On October 10, 2018 Sunil Mitra and Himanshu Kaji have been served with the summons dated September 09, 2018 issued pursuant to the order dated April 23, 2018 by the Ld. Chief Judicial Magistrate, Agra based on the supplementary / additional charge-sheet dated December 07, 2017 filed by SHO, Hari Parvat PS, Agra in Case No. 16324/2018 under Sections 420, 406, 120 of IPC read with Sections 66, 66C & 66D of IT Act to appear before Court.

Sanjiv Misra has not been served with any summons, however from bare perusal of the charge sheet and subsequent orders passed by the Ld. Magistrate, Agra; it can be inferred that the process has already been issued against Sanjiv Misra as well. Sunil Mitra, Sanjiv Misra and Himanshu Kaji have therefore, filed a joint Criminal Misc. Application No. (L) 245 of 2018 challenging against the said summoning order before the High Court at Allahabad under Section 482 of the Code of Criminal Procedure to quash and set aside the charge sheet, summoning orders and issuance of process from amongst the grounds including on the ground of vicarious liabilities cannot be extended in criminal jurisprudence without substantiating the role of the officials in alleged offences. On December 4, 2018, the Allahabad High Court stayed further proceedings in the Agra Court against Mr. Sunil Mitra, Mr. Himanshu Kaji and Mr. Sanjiv Misra in Criminal Miscellaneous Application under Section 482 of Code of Criminal Procedure No. 43606 of 2018. On January 03, 2019 the stay order dated December 04, 2018 granted by Allahabad High Court was produced before CJM, Agra, which was taken on record.

By another Order dated May 07, 2019, Allahabad High Court granted stay in Second Petition No. 18339 of 2019 filed by Sanjeev Chandiramani, Nirmal Rewaria, Prashant Mody and Manish Dhanuka under Section 482 of Cr. P.C. challenging Supplementary /

additional charge-sheet filed against them in Agra. The Allahabad High Court further directed to list for hearing in July 2019 along with first petition after parties filed their respective counter reply & rejoinder, if any.

On June 22, 2019, the stay order dated May 07, 2019, granted by Allahabad High Court in Second Petition was produced before CJM, Agra, which was taken on record. The matter is before the Magistrate, at Agra and is currently pending.

By an orders passed in July 2019, both the Petitions pending before Allahabad High Court clubbed together and listed for hearing on 09 August 2019, when Complainant made their appearance and sought time to file their say within 03 weeks and stay orders granted stand continued. State also filed its reply in second Petition bearing No. 18339 of 2019.

Dear Sirs,

Sub: Proposed public issue of Non-convertible debentures ('NCD') by ECL Finance Limited with a shelf limit up to INR 20,000 million (Issue)

The following note discusses the material tax provisions applicable to the Clients investing in the NCD of ECL Finance Limited under the Income-tax Act, 1961 ("the IT Act").

We have performed the following procedures:

- (i) Read the statement of tax benefits as given in Annexure I, and
- (ii) Evaluated with reference to the provisions of the IT Act to confirm that statements made are correct in all material respect.

Because the above procedures do not constitute either an audit or review made in accordance with the Standard on Related Services (SRS) 4400, "Engagements to perform Agreed-upon procedures regarding Financial information", issued by the Institute of Chartered Accountants of India, we do not express any assurance on the Statement of Tax Benefits, as set out in Annexure.

We confirm that the Statement of Tax Benefits as set out in Annexure materially covers all the provisions of the IT Act as amended with respect to Debenture Holders. Several of these benefits are dependent on the debenture holders fulfilling the conditions prescribed under the relevant tax laws.

The benefits discussed in the enclosed annexure are not exhaustive. The statement is only intended to provide general information and is neither designed nor intended to be a substitute for the professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to specific tax implications arising out of their participation.

The contents of the enclosed annexure are based on the information, explanations and representations obtained from the company and on the basis of our understanding of the business activities and operations of the company.

No assurance is given that the revenue authorities/ Courts will concur with the views expressed herein. Our views are based on existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume any responsibility to update the views consequent to such changes.

We hereby consent to inclusion of the extracts of this certificate in the draft shelf prospectus, shelf prospectus and tranche prospectus (es) or any other document in relation to the Issue.

This certificate has been issued at the request of the company for use in connection with the proposed Public Issue of secured, redeemable NCDs and may accordingly be furnished as required to the BSE Limited or any other regulatory authorities, as required, and shared with and relied on as necessary by the Company's advisors and intermediaries duly appointed in this regard.

Annexure I

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO THE DEBENTURE HOLDER(S)

The note is based on the provisions of the IT Act, as on date, taking into account the amendments made by the Finance (No. 2) Act, 2019 (FA 2019) and the Taxation Laws (Amendment) Ordinance 2019, issued by the Government of India on 20 September 2019.

This note intends to provide general information on the applicable Indian tax provisions. However, in view of the nature of the implications, the investors are best advised to consult their respective tax advisors/consultants for appropriate counsel with respect to the specific tax and other implications arising out of their participation in the Portfolio as indicated herein.

Taxability under the IT Act

1. Taxability under various heads of Income

The returns received by the investors from NCD in the form of interest and the gains on the sale/ transfer of the NCD, may be characterized under the following broad heads of income for the purposes of taxation under the IT Act:

- Profits and gains from business;
- Income from capital gains; and
- Income from other sources.

The returns from the investment in the form of interest would generally be subject to tax under the head “income from other sources”. Under certain circumstances depending upon the facts and circumstances of the taxpayer, the interest income may be subject to tax under the head “Profits and gains from business”.

The gains from the sale of the instrument or security may be characterised either as “Profits and gains from business” or as “Capital Gains”. This is discussed in the following paragraph.

“Profit and gains from business” versus “Capital gain”

Gains from the transfer of securities/instruments of the investee companies may be characterised as “Capital Gains” or as “Profits and gains from business” in the hands of an investor, depending upon whether the investments in NCD are held as ‘investments’ or as ‘stock in trade’. This can vary based on the facts of each investor’s case (taking into account factors such as the magnitude of purchases and sales, ratio between purchases and sales, the period of holding, whether the intention to earn a profit from sale or to earn interest etc.)

The investors may obtain specific advice from their tax advisors regarding the tax treatment of their investments.

2. Taxation of interest, profits from business and capital gains

Taxation of Interest

Income by way of interest received on debentures, bonds, and other debt instruments held as investments

will be charged to tax as under the head “Income from Other Sources”. Such interest is taxed under the head “Income from other sources”, would therefore be taxed at the rates applicable to the investor after deduction of expenses, if any, allowable under section 57 of the IT Act. These are essentially, expenses (not being in the nature of capital expenditure) laid out or expended wholly and exclusively for the purpose of earning the interest income.

In case of debentures, bonds or other debt instruments held as stock in trade and sold before their maturity, the interest accrued thereon till the date of sale and included in the sale price, may also be charged to tax as “business income” (treatment separately discussed below).

Further, in case of certain specific fixed income securities and certain debt instruments, purchased and held as investments and transferred prior to maturity, the gain from the transfer may also possibly be characterised as “capital gains” (treatment separately discussed below).

The investors may obtain specific advice from their tax advisors regarding the tax treatment of their investments.

Taxation of Profits and gains from business

As discussed above, depending on the particular facts of each case, the investments may, in certain cases, be regarded to be in the nature of stock in trade and, hence, the gains from the transfer/ sale of such investments would be considered to be in the nature of “Profits and gains from business”.

In such a scenario, the gains from the business of investing in the NCD chargeable to tax on a ‘net’ basis (that is, net of allowable deductions for expenses/allowances under Chapter IV-D of the IT Act).

The “Profits and gains from business” so computed, as reduced on account of set-off of losses and unabsorbed allowances, if any, would go to form part of the gross total income of the investor.

The gross total income would be reduced by deductions if any available under Chapter VI-A of the IT Act and the resultant total income would be subject to tax at the tax rates as applicable to the investor (refer Note 1).

Investors should obtain specific advice from their tax advisors regarding the manner of computing business income, the deductions available therefrom and the tax to be paid thereon.

Taxation of Capital Gains

As discussed above, based on the particular facts of each case, the investments may, in certain cases, be regarded to be in the nature of capital assets and hence the gains from the transfer/ sale of such investments would be considered to be in the nature of “capital gains”.

As per section 2(14) of the Act, the term ‘capital asset’ had been defined to inter alia mean any securities held by a foreign institutional investor which has invested in such securities in accordance with the regulations made under Securities and Exchange Board of India Act, 1992.

- ***Period of holding – long-term & short-term capital assets***

A security (other than a unit) listed on a recognised stock exchange in India or zero-coupon bonds (as

defined) held for a period of more than 12 months are considered long-term capital assets.

In case of share of an unlisted company and immovable property, they will be considered as a long-term capital asset where they are held for a period of more than 24 months.

Any assets (other than as described above), are considered long-term capital assets where they are held for a period of more than 36 months.

The above assets, where held for a period of not more than 12 months/ 24 months/ 36 months, as the case may be, will be treated as short-term capital assets.

The gains arising from the transfer of long-term capital assets are termed as long-term capital gains.

The gains arising from the transfer of short-term capital assets are termed as short-term capital gains.

- ***Computation of capital gains***

Capital gains are computed after reducing from the consideration received from the transfer of the capital asset, the cost of acquisition of such asset and the expenses incurred wholly and exclusively in connection with the transfer.

- ***Nature of transactions and resultant capital gain treatment***

The capital gains tax treatment of transactions is given in Note 4.

The following transactions would attract the “regular” capital gains tax provisions:

- ✓ Transactions of sale of debentures, bonds, listed or otherwise; and
- ✓ Transactions in structured debentures.

- ***Set off of capital losses***

Long-term capital loss of a year can be set off only against long-term capital gains arising in that year and cannot be set off against short-term capital gains arising in that year. On the other hand, short-term capital loss in a year can be set off against both short-term and long-term capital gains of the same year.

Unabsorbed short-term and long-term capital loss of prior years can be separately carried forward for not more than eight assessment years immediately succeeding the assessment year for which the first loss was computed. Unabsorbed short-term capital loss shall be eligible for set off against short-term capital gains as well as long-term capital gains. However, unabsorbed long-term capital loss shall be eligible to be set off only against long-term capital gains.

- ***Certain deductions available under Chapter VI-A of the IT Act***

Individuals and Hindu Undivided Families would be allowed a deduction in computing total income, *inter alia*, under section 80C of the IT Act for an amount not exceeding INR 150,000 with respect to sums paid or deposited in the previous year in certain specified schemes.

- ***Alternate Minimum Tax (“AMT”)***

The Finance Act 2012 has provided the levy of AMT to tax investors (other than companies) to pay AMT at the rate of 18.5 per cent (plus applicable surcharge and health and education cess) on the adjusted total income. In a situation where the income-tax computed as per the normal provisions of the IT Act is less than the AMT on “adjusted total income”, the investor shall be liable to pay tax as per AMT. “Adjusted total income” for this purpose is the total income before giving effect to the deductions claimed under section C of chapter VI-A (other than section 80P) and deduction claimed, if any, under section 10AA and deduction claimed, if any, under section 35AD as reduced by the amount of depreciation allowable in accordance with the provisions of section 32 as if no deduction under section 35AD was allowed in respect of the assets on which the deduction under that section is claimed. AMT will not apply to an Individual, HUF, AOP, BOI or an Artificial Juridical Person if the adjusted total income of such person does not exceed INR 20 lakhs. Further, the credit of AMT can be further carried forward to fifteen subsequent years and set off in the years(s) where regular income tax exceeds the AMT.

The provisions of AMT also provide that the Foreign Tax Credit (FTC) claimed against AMT liability which exceeds the FTC that would have been allowable while computing income under normal provisions, would be ignored while computing tax credit under AMT.

- ***Minimum Alternative Tax (MAT)***

Section 115JB of the IT Act, provides that where the tax liability of a company (under the regular provisions of the IT Act) is less than 15 per cent of its 'book profit', then the book profit is deemed to be its total income and tax at the rate of 15 per cent (plus applicable surcharge and health and education cess – refer note 2) is the MAT payable by the company.

Tax credit is allowed to be carried forward for fifteen years immediately succeeding the assessment year in which tax credit becomes allowable. The tax credit can be set-off in a year when the tax becomes payable on the total income is in accordance with the regular provisions of the IT Act and not under MAT.

As per the provisions of section 115JB of the IT Act, the amount of income accruing or arising to a foreign company from capital gains arising on transactions in securities or interest, royalty, or fees for technical services chargeable to tax at the rates specified in Chapter XII of the IT Act, shall be excluded from the purview of MAT, if such income is credited to the Profit and Loss Account and the tax payable on such income under the normal provisions is less than the MAT rate of 15 per cent. Consequently, corresponding expenses shall also be excluded while computing MAT.

Further, Explanation 4 to section 115JB of the IT Act clarifies that provisions of MAT will not apply to a foreign company if:

- (a) It is a resident of a country with which India has a DTAA and the company does not have a permanent establishment in India in accordance with the provisions of such DTAA; or
- (b) it is a resident of a country with which India does not have a DTAA and the foreign company is not required to register under any law applicable to companies.

The above Explanation is inserted vide FA 2016 and shall be deemed to be effective from AY 2001-02.

Further, it is provided that the FTC claimed against MAT liability which exceeds the FTC that would have been allowable while computing income under normal provisions, would be ignored while computing tax credit under MAT.

Also, sub-section 5A to section 115JB, inserted vide the Taxation Laws (Amendment) Ordinance, 2019 provides that the provisions of section 115JB shall not apply to a person who has exercised the option referred under section 115BAA or section 115BAB of the Act.

- ***Taxability of non-resident investors under the tax treaty***

In case of non-resident investor who is a resident of a country with which India has signed a Double Taxation Avoidance Agreement (“DTAA” or “tax treaty”) (which is in force) income tax is payable at the rates provided in the IT Act, as discussed above, or the rates provided in such tax treaty, if any, whichever is more beneficial to such non-resident investor.

For non-residents claiming such tax treaty benefits, the IT Act mandates the obtaining from the home country tax authority of a Tax Residency Certificate (‘TRC’).

Section 90(5) of the IT Act (introduced by the Finance Act, 2013) provides that an assessee to whom a DTAA applies shall provide such other documents and information, as may be prescribed. Further, a notification substituting Rule 21AB of the Income-tax Rules, 1962 (Rules) has been issued prescribing the format of information to be provided under section 90(5) of the IT Act, i.e. in Form No 10F. Where the required information¹ is not explicitly mentioned in the TRC, the assessee shall be required to furnish a self-declaration in Form No 10F and keep and maintain such documents as are necessary to substantiate the information mentioned in Form 10F.

- ***General Anti Avoidance Rules (GAAR)***

The General Anti Avoidance Rule (GAAR) was introduced in the Income-tax Act by the FA, 2012 and was proposed to be made effective 1 April 2013. The FA 2015 makes the provisions of GAAR applicable prospectively from 1 April 2017. Further, income accruing, arising, deemed to accrue or arise or received or deemed to be received by any person from transfer of investments made up to 31 March 2017 would be protected from the applicability of GAAR.

- ***Widening of taxability of Capital Gains***

¹ - Status (individual, company, firm etc) of the taxpayer;

- Nationality (in case of an individual) or country or specified territory of incorporation or registration (in case of others);

- Taxpayer's tax identification number in the country or specified territory of residence (In case there is no such number, then, a unique number on the basis of which the person is identified by the Government of the country or the specified territory of which the taxpayer claims to be a resident);

- Period for which the residential status, as mentioned in the certificate of residence is applicable; and

- Address of the taxpayer in the country or specified territory outside India, during the period for which the certificate is applicable.

In the context of taxation of capital gains, the definitions of “capital asset” and “transfer” are widened with retro-effect from 1 April 1961 specifically with a view to tax, in the hands of non-residents, gains from direct or indirect transfer of assets in India.

- **Withholding provisions**

Note 3: Taxability of interest income

For all Residents (including Indian Corporates)

In case of residents, where interest income is taxable as 'income from other sources' or 'income from business or profession' should be chargeable to tax as per the rates given in note 1 above.

For Non-residents (other than FPI entities)

In case of non-residents, under the IT Act the interest income should be chargeable to tax at the rate of 30/40 per cent, based on the status of the investor.

However, the above is subject to any relief available under DTAA and any Covered Tax Agreement entered into by the Government of India.

For FPI entities

In case of FPI, interest on NCD may be eligible for concessional tax rate of 5 per cent under section 194LD or 194LC of the Act. Further, in case where section 194LD or 194LC is not applicable, the interest income earned by FPI should be chargeable tax at the rate of 20 per cent under section 115AD of the IT Act.

However, the above is subject to any relief available under DTAA and Covered Tax Agreements (CTA) entered into by the Government of India.

Note 4: Regular capital gains tax rates

1. Tax on Long-term Gains

1.1 For all Residents (including Indian Corporates)

Long-term Capital Gains will be chargeable to tax under Section 112 of the IT Act, at a rate of 20 per cent (plus applicable surcharge and health and education cess respectively – see note 2) with indexation.

Alternatively, the tax rate may be reduced to 10 per cent without indexation (plus applicable surcharge and health and education cess– see note 2) in respect of listed securities (other than a unit) or zero-coupon bonds (as defined).

However, as per the third proviso to section 48 of the IT Act, benefit of indexation of cost of acquisition under second proviso to section 48 of the Act, is not available in case of bonds, debentures, except capital indexed bonds. Accordingly, long term capital gains arising to the bond holders, should be subject to tax at the rate of 10 per cent, computed without indexation, as the benefit of indexation of cost of acquisition is not available in the case of debentures.

1.2 For Resident Individuals and HUFs only

Where the taxable income as reduced by long-term capital gains is below the exemption limit, the long-term capital gains will be reduced to the extent of the shortfall and only the balance long-term capital gains will be charged at a rate of 20 per cent with indexation (plus applicable surcharge and health and education cess – see note 2).

Alternatively, the tax rate may be reduced to 10 per cent without indexation (plus applicable surcharge and health and education cess – see note 2) in respect of listed securities (other than a unit) or zero-coupon bonds as defined.

However, as per the third proviso to section 48 of the IT Act, benefit of indexation of cost of acquisition under second proviso to section 48 of the Act, is not available in case of bonds, debentures, except capital indexed bonds. Accordingly, long term capital gains arising to the bond holders, should be subject to tax at the rate of 10 per cent, computed without indexation, as the benefit of indexation of cost of acquisition is not available in the case of debentures.

1.3 For Non-Resident Individuals

Long-term capital gains in case of listed securities will be chargeable under Section 112 of the IT Act at a rate of 20 per cent (plus applicable surcharge and health and education cess – see note 2) with applicable foreign exchange fluctuation benefit or indexation, as the case may be. The tax payable (for other than a listed unit) could alternatively be determined at 10 per cent (plus applicable surcharge and health and education cess – see note 2) without indexation.

The above-mentioned rates would be subject to applicable treaty relief.

1.4 For FPI entities

As per section 115AD of the IT Act, long term capital gains on transfer of NCD by FPI are taxable at 10 per cent (plus applicable surcharge and cess).

The above-mentioned rates would be subject to applicable treaty relief.

2. Tax on Short-term Capital Gains

Short-term capital gains are chargeable to tax as per the applicable general tax rates (discussed in Note 1 above).

In case of FPI, as per section 115AD of the IT Act, short term capital gains are taxable at the rate of 30 per cent (plus applicable surcharge and cess).

Note 5: Relevant definitions under the IT Act

“Securities” shall have the same meaning as assigned in section 2(h) of the Securities and Contracts (Regulation) Act, 1956, which, *inter alia*, includes:

- shares, scrips, stocks, bonds, debentures, debenture stock or other marketable securities of a like nature in or of any incorporated company or other body corporate;
- derivative;
- units or any other such instrument issued to the investors under any mutual fund scheme; and
- rights or interest in securities;

For the purpose of section 112 of the IT Act:

- “Listed securities” means the securities which are listed on any recognised stock exchange in India.
- “Unlisted securities” means securities other than listed securities.

“Zero coupon bond” means a bond-

- issued by any infrastructure capital company or infrastructure capital fund or public sector company [or scheduled bank] on or after 1 June 2005;
- in respect of which no payment and benefit is received or receivable before maturity or redemption from infrastructure capital company or infrastructure capital fund or public sector company [or scheduled bank]; and
- which the Central Government may, by notification in the Official Gazette, specify in this behalf.

Note 6: Amendments in the withholding tax provisions effective 1 April 2010

Section 139A(5A) requires every person from whose income tax has been deducted under the provisions of chapter XVIIB of the IT Act, to furnish his PAN to the person responsible for deduction of tax at source.

As per provisions of section 206AA of the IT Act, the payer would be obliged to withhold tax at penal rates of TDS in case of payments to investors who have not furnished their PAN to the payer. The penal rate of TDS is 20 per cent or any higher rate of TDS, as may be applicable, plus applicable surcharge and health and education cess.

The FA 2016 has amended section 206AA of the IT Act to provide that the provisions shall not apply to non-residents in respect of payment of interest on long-term bonds as referred to in section 194LC and any other payment subject to such conditions as may be prescribed.

Further, the CBDT, vide its notification dated 24 June 2016, has clarified that the provisions of section 206AA shall not apply to non-residents in respect of payments in the nature of interest, royalty, fees for technical services and payment on transfer of capital assets provided the non-residents provide the following information to the payer of such income:

- Name, email-id, contact number;
- Address in the country or specified territory outside India of which the deductee is a resident;
- A certificate of his being resident in any country or specified territory outside India from the government of the other country or specified territory if the law of that country or specified territory provides for issuance of such certificate;
- Tax Identification Number of the deductee in the country or specified territory of his residence and in a case, no such number is available, then a unique number on the basis of which the deductee is identified by the Government of that country or the specified territory of which he claims to be a resident.

PART – ‘A’

SHARE CAPITAL AND VARIATION OF RIGHTS

3. Subject to the provisions of the Act and these Articles (including provisions contained in Part B), the shares in the capital of the Company shall be under the control of the Board who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at par or at a premium and at such time as they may from time to time think fit.
4. Subject to the provisions of the Act and these Articles (including provisions contained in Part B), the Board may issue and allot shares in the capital of the Company on payment or part payment for any property or assets of any kind, whatsoever, sold or transferred, goods or machinery supplied or for services rendered to the Company in the conduct of its business and any shares which may be so allotted may be issued either as fully paid-up or partly paid-up otherwise than for cash.
5. The Company may issue the following kinds of shares in accordance with these Articles, the Act and other applicable laws:
 - (a) Equity Share Capital:
 - i. With voting right; and/or
 - ii. With differential rights as to dividend, voting or otherwise in accordance with the Act; and

- (b) Preference Share Capital.
6. A Person subscribing to the securities of the Company shall have the option either to receive certificates for such securities or hold such securities in a dematerialised state with a depository. Where a person opts to hold any securities with the depository, the Company shall intimate such depository the details of the securities to enable the depository to enter in its records the name of such person as the beneficial owner of such securities.
- 7.
- (1) The Company may exercise the powers of paying commission conferred by the Act to any person in connection with the subscription to its securities, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the Act.
 - (2) The rate or amount of the commission shall not exceed the rate or amount prescribed in the Act.
- 8.
- (1) Subject to the provisions contained in Part B of these Articles, if at any time the share capital of the Company is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of the Act, and whether or not the Company is being wound up, be varied with the consent in writing of the holders of the issued shares of that class, or with the sanction of a resolution passed at a separate meeting of the holders of the shares of that class as prescribed by the Act.
 - (2) The provisions of this Article shall *mutatis mutandis* apply to other securities including debentures of the Company.
 - (3) To every such separate meeting, the provisions of these Articles relating to general meetings shall *mutatis mutandis* apply.
9. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.
10. Subject to the provisions of the Act and Part B of these Articles, the Board shall have the power to issue preference shares of one or more classes which are liable to be redeemed, or converted in to equity shares or other securities, on such terms and conditions and in such manner as determined by the Board in accordance with the Act.
11. Subject to Part B of these Articles, any further issue of securities may be made in any manner and on such terms, whatsoever, as the Board may determine including by way of preferential offer or private placement, subject to and in accordance with the Act.

LIEN

- 12.
- (1) The Company shall have a first and paramount lien—
 - (a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
 - (b) on all shares (not being fully paid shares) standing registered in the name of a person, for all monies presently payable by him or his estate to the Company: Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this Article.

- (2) The Company's lien, if any, on a share shall extend to all dividends or interest, as the case may be, payable and bonuses declared from time to time in respect of such shares for any money owing to the Company.
13. The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:
- Provided that no sale shall be made—
- (a) unless a sum in respect of which the lien exists is presently payable; or
- (b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency or otherwise.
- 14.
- (1) To give effect to any such sale, the Board may authorise a person to transfer the shares sold to the purchaser thereof.
- (2) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
- (3) The receipt of the Company for the consideration (if any) given for the share on the sale thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share.
- (4) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings with reference to the sale.
- 15.
- (1) The proceeds of the sale shall be received by the Company and applied in the payment of such part of the amount in respect of which the lien exists as is presently payable.
- (2) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.
16. In exercising its lien, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not (except as ordered by a court of competent jurisdiction or unless required by any statute) be bound to recognise any equitable or other claim to, or interest in, such share on the part of any other person, whether a creditor of the registered holder or otherwise. The Company's lien shall prevail notwithstanding that it has received notice of any such claim.
17. The provisions of these Articles (including provisions contained in Part B) relating to lien shall *mutatis mutandis* apply to any other securities including debentures of the Company.

ALTERATION OF CAPITAL

18. Subject to the provisions of the Act and the provisions contained in Part B of these Articles, the Company may, by an ordinary resolution:-
- (a) increase the share capital by such sum, to be divided into shares of such amount, as it may think expedient;

- (b) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; provided that any consolidation and division which results in changes in the voting percentage of members shall require applicable approvals under the Act;
- (c) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (d) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum;
- (e) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

19. Where shares are converted into stock,—

- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same Articles under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

- (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
- (c) such of these Articles of the Company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder”/”member” in those Regulations shall include “stock” and “stock-holder” respectively.

20. Subject to the provisions contained in Part B of these Articles, the Company may, by a resolution, or as may be prescribed by the Act, reduce in any manner and in accordance with the provisions of the Act:-

- (a) its share capital; and/or
- (b) any capital redemption reserve account; and/or
- (c) any security premium account; and/or
- (d) any other reserve in the nature of share capital.

CAPITALISATION OF PROFITS

21.

- (1) Subject to the provisions contained in Part B of these Articles, the Company by an ordinary resolution may, upon the recommendation of the Board, resolve—
 - (a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the Company’s Reserve Account(s), or to the credit of the profit and loss account, or otherwise available for distribution; and
 - (b) that such sum be accordingly set free for distribution in the manner specified in clause (2) below amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- (2) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (3) hereunder, either in or towards—

- (a) paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - (b) paying up in full, unissued shares or other securities of the Company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - (c) partly in the way specified in sub-clause (a) and partly in that specified in sub-clause (b);
- (3) The Securities Premium Account and a Capital Redemption Reserve Account may, for the purposes of this Article, be applied in the paying up of un-issued shares to be issued to the members of the Company as fully paid bonus shares;
- (4) Subject to the provisions contained in Part B of these Articles, the Board shall give effect to the resolution passed by the Company in pursuance of this Article.

22.

- (1) Whenever such a resolution as aforesaid shall have been passed, the Board shall—
- (a) make all appropriations and applications of the amount resolved to be capitalised thereby, and all allotments and issues of fully paid shares or other securities if any; and
 - (b) generally do all acts and things required to give effect thereto.
- (2) The Board shall have power—
- (a) to make such provisions, by the issue of fractional certificates/coupons or by payment in cash or otherwise as it thinks fit, for the case of shares or other securities becoming distributable in fractions; and
 - (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further shares or other securities to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the Company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;
- (3) Any agreement made under such authority shall be effective and binding on such members.

BUY-BACK OF SHARES

23. Subject to the provisions contained in Part B of these Articles and all applicable provisions of the Act or any other law for the time being in force, the Company may purchase its own shares or other specified securities as per the Act.

GENERAL MEETINGS

24. All general meetings other than Annual General Meeting shall be called Extraordinary General Meeting.
25. The Board may, whenever it thinks fit, call an Extraordinary General Meeting.

PROCEEDINGS AT GENERAL MEETINGS

26. No business shall be discussed or transacted at any general meeting except the election of Chairperson, whilst the chair is vacant.

27. The Chairperson, if any, of the Board shall preside as a Chairperson at every general meeting of the Company.

If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as Chairperson of the meeting, the Directors present shall elect one of their members to be Chairperson of the meeting.

VOTING RIGHTS

28. Subject to provisions of Part B of these Articles and any rights or restrictions for the time being attached to any class or classes of shares—
- (a) on a show of hands, every member present in person shall have one vote; and
 - (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the Company.
29. Subject to provisions of Part B of these Articles, a member may exercise his vote at a meeting by electronic means in accordance with the Act and shall vote only once.
- 30.
- (1) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
 - (2) For this purpose, seniority shall be determined by the order in which the names stand in the Register of Members.
31. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his Committee or other legal guardian, and any such Committee or guardian may, on a poll, vote by proxy. If any member be a minor, the vote in respect of his share(s) shall be by his guardian or any one of his guardians.
32. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
33. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the Company have been paid or in regard to which the Company has exercised the right of lien.
34. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes. Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

- 35.
- (1) Any member entitled to attend and vote at a general meeting may do so either personally or through his constituted attorney or through another person as a proxy on his behalf, subject to the provisions of the Act.
 - (2) The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes

to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

36. An instrument appointing a proxy shall be in the form as prescribed in the Act.
37. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the Company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

BOARD OF DIRECTORS

- 38.
- (1) The remuneration payable to the Directors, including any Managing Director, Whole-Time Director or manager, if any, shall be determined in accordance with and subject to the provisions of the Act.
 - (2) In addition to the remuneration payable to them in pursuance of the Act, the Directors may be paid all travelling, hotel and other expenses properly incurred by them—
 - (a) in attending and returning from meetings of the Board of Directors or any Committee thereof or general meetings of the Company; and
 - (b) in connection with the business of the Company.

- (f) In the event pursuant to a change in Applicable Law, a higher number of Independent Directors are required to be appointed on the Board of the Company, then the Board size shall be suitably modified so as to ensure that the Promoter Nominee Directors continue to constitute 1/2 of the Board size at all times, *provided however*, notwithstanding any such modification to the Board size, the Investor shall continue to have the right to appoint: (i) 2 (two) Investor Nominee Directors, as long as the Investor holds at least such percentage of the Share Capital as mentioned in the SHA, on a Fully Diluted Basis, and (ii) 1 (one) Investor Nominee Director, as long as the Investor continues to hold at least the Threshold Shareholding on a Fully Diluted Basis but less than such percentage of the the Share Capital as mentioned in the SHA on a Fully Diluted Basis.

- (g) Investor Nominee Directors shall not be required to hold any qualification shares in the Company. In the event the Investor Nominee Director(s) appointed on the Board is not an employee of: (i) the Investor; or (ii) Caisse de dépôt et placement du Québec or its subsidiaries, then the Investor shall ensure that such Investor Nominee Director(s) is not a director on the board of directors of a Competitor.
- (h) If the chief executive officer of the Company is appointed as a Director on the Board, or a managing director is appointed on the Board, then such Director shall be counted towards Promoters' entitlement to appoint Promoter Nominee Directors under Article 2.2(b)(ii) above.

5.3 Removal and Replacement of Directors

- (a) The Promoters and the Investor shall have the right to require the removal of their respective Nominee Directors and may nominate another Person as their respective Nominee Directors in place of the Nominee Director(s) so removed by providing a written notification to this effect to the other Shareholders and the Company.
- (b) In the event of resignation, retirement or vacation of office of their respective Nominee Directors, the Investor and the Promoters, as the case may be, shall be entitled to nominate another Person as their Nominee Director in place of their outgoing Nominee Director.
- (c) The Parties shall ensure, to the fullest extent of all rights and powers available to them, the prompt removal and appointment of Nominee Directors on the Board including by exercise of their voting rights in relation to the Equity Securities held by them to adopt the necessary resolutions for the removal/ replacement of such Nominee Director and the appointment of such other Nominee Director as may be notified by the relevant Party in accordance with the terms hereof.
- (d) If a Shareholder loses its right to appoint a Director and/or Investor Observer under this Part, such Shareholder shall procure resignation of its Director and/or removal of such Observer as nominated by it.
- (e) Subject to Article 2.3(f) below, no person other than the Investor shall be permitted to remove or replace at any time and for any reason any Investor Nominee Director.
- (f) If any of the Directors become disqualified under the Applicable Law to act as a Director on the Board, such Director shall vacate the office immediately or within the timeline provided under the Applicable Law without requiring any further actions on the part of the Shareholders nominating such Director. The Investor and the Promoters, as the case may be, shall be entitled to nominate another Person as their nominee Directors in place of such Director in accordance with the terms hereof.

5.4 Alternate Directors

- (a) Each of the Investor Nominee Directors and Promoter Nominee Directors shall be entitled to nominate an alternate at any time to act as a Director on his/her behalf ("Alternate Director"). Each of the persons so nominated shall be appointed by the Board as Alternate Directors to act as Directors, during the absence of the relevant Investor Nominee Directors or Promoter Nominee Directors (as the case may be) for a period of not less than 3 (three) months from India. Such Alternate Director shall however, not hold office for a period longer than that is permissible to the original Director in whose place he/she has been appointed.
- (b) Upon appointment, the Alternate Director shall be entitled to receive notice of all meetings of the Board, to attend and vote at any such meeting at which the Director appointing him is not personally present, be included for the determination of quorum at the meeting and to exercise and discharge all the functions, powers and duties of his appointer as a Director including voting, issuing consents and signing written resolutions in place of the original Director for whom he/she is an alternate.

- (c) An Alternate Director shall automatically vacate his office as an Alternate Director if the Director who appointed him ceases to be a Director.

5.5 Chairman

If on a resolution at a Board meeting, the number of votes casted in favour of that resolution and the number of votes casted against that resolution are equal, then the Chairman shall have a casting vote in addition to any votes to which he may be entitled as a Director.

5.6 Non-Executive Status and No Liability

The Investor Nominee Directors: (i) shall be non-executive directors of the Company and shall not be, or be deemed to be, in charge of, or responsible for the day-to-day management or operations of the Company, and (ii) shall not be deemed to be, or identified as, an "officer in default", "officer in charge", "occupier" of any premises used by the Company, or as "employers" of the employees of the Company (or equivalent, by whatever name called) under any Applicable Law. The Company shall nominate Directors or persons other than the Investor Nominee Director(s) as "persons/officers in charge", "occupiers", "employers" and "officer who is in default", as contemplated under Applicable Law and shall take all steps to ensure that the Investor Nominee Directors are not included within the scope of "persons/officers in charge", "occupiers", "employers" or "officer who is in default" (or equivalent, by whatever name called) under any Applicable Law.

5.7 Costs and Expenses

The Company shall reimburse the Investor Nominee Directors for expenses incurred by them in connection with the performance of their duties as Directors of the Company including: (i) costs incurred by them in attending meetings of the Board or any committee thereof or any other meeting which the Director is requested to attend in his capacity as a Director of the Company (including the costs of travel and attendance); and (ii) all costs that may reasonably be incurred by the Investor Nominee Directors in obtaining independent legal or professional advice in furtherance of his or her duties as a Director.

5.8 Investor Observer

In addition to appointing Investor Nominee Directors, the Investor may, as long as it holds the Threshold Shareholding on a Fully Diluted Basis, appoint 1 (one) observer on Company's Board ("Investor Observer"). The Investor may make appointment of the Investor Observer by delivering a written notice to the Company. The Investor Observer shall be entitled to attend and speak at, but not to vote at, the meetings of the Board. The Investor Observer shall be entitled to receive all information and documents (including but not limited to the notice and agenda for any meetings of the Board) circulated to the members of the Board, simultaneously with such circulation or provision to the members of the Board. Notwithstanding anything contained herein, the provisions contained in Article 2.3 and Article 2.7 above shall mutatis mutandis be applicable in respect of the Investor Observer.

5.9 Insurance and Indemnification of Directors

- (a) The Company shall obtain and at all times maintain a directors and officers liability insurance policy for such amounts and on such terms and conditions which are consistent with past practices.

- (b) The Company shall indemnify each of the Investor Nominee Directors to the maximum extent permitted under Applicable Law against any liabilities (including any costs and expenses incurred in connection thereto) incurred by each such Investor Nominee Director in the course of, or in any way related to, his or her activities or his or her position as a Director of the Company.

5.10 Subsidiaries of the Company

Notwithstanding anything contained herein, the Investor and Promoters shall have the right to appoint their respective nominee directors on the board of directors of the Subsidiaries of the Company which right shall be in proportion to their right to appoint respective nominee directors on the Board under Article 2.2 above, provided however, the Investor shall have the right to appoint at least 1 (one) nominee director on the board of the Subsidiaries of the Company as long as it holds at least the Threshold Shareholding on a Fully Diluted Basis. The rights available to the Investor vis-à-vis the Subsidiary and the obligations of the Company to give effect to those rights would be in accordance with the relevant clause of the SHA.

- 5.11 The Company and its Subsidiaries shall not have directors on their respective boards who have been identified as a defaulter as per RBI's wilful defaulter list/ caution list as publicly available.

5.12 Frequency

The Board shall meet at least 4 (four) times per year (or at such higher frequency as may be prescribed under Applicable Law) wherein the period between any two meetings of the Board shall not exceed 120 (one hundred and twenty) days (or such shorter time period as may be prescribed under Applicable Law).

5.13 Notice

At least 7 (seven) Business Days advance written notice of each Board meeting shall be given to each Director; provided that subject to the Applicable Law, where, the Board is required to make a decision in circumstances in which the foregoing notice requirements cannot be observed, such notice requirements may be waived with the unanimous approval of all Directors. Written notice of a meeting under this Article 3.2 shall be sent to the address notified from time to time by the Directors in accordance with Applicable Law. The notice shall be accompanied by an agenda of all the business to be transacted at the meeting with all necessary information and copies of all supporting documents to enable the Directors to make a fully informed decision on the issue in question at such Board meeting. Provided that: (i) in case adoption of the accounts or draft financial statements of the Company or its Subsidiaries is tabled at a Board meeting then the finalized draft of the accounts or draft financial statements may be provided to the directors separately 48 (forty-eight) hours prior to the Board meeting; and (ii) the agenda shall also clarify whether any business proposed to be transacted at the Board meeting is also to be tabled in the Shareholders Meeting and if such business is an Investor Reserved Matter. The Board may table any matter in a Board meeting that is not specified on the agenda for such Board meeting if a majority of the Directors present at such Board meeting approve such matter to be tabled at the meeting, provided however, the Board shall not adopt any resolution on any such matter that was not specified on the agenda for such Board meeting unless a majority of the Directors present (which shall include 1 (one) Investor Nominee Director) vote in favour of such resolution.

5.14 Quorum

The quorum at the meetings of the Board shall be in accordance with the Act, provided however that, if in a meeting, business concerning any Board Reserved Matter is proposed to be discussed or dealt with, presence of 1 (one) Investor Nominee Director shall be required to constitute a valid quorum for such meeting. Any resolution passed at a Board meeting in the absence of a valid quorum shall be invalid. If any meeting of the Board duly convened in accordance with this Part cannot be held due to lack of quorum ("Scheduled Board Meeting"), such Scheduled Board Meeting shall be adjourned to the same place and time on a day that is 7 (seven) Business Days from the Scheduled

Board Meeting, provided that, subject to Article 3.7 below, if such day is not a Business Day, then, to the next subsequent Business Day ("Postponed Board Meeting"). Each Director shall be given at least 5 (five) Business Days prior notice of the Postponed Board Meeting, unless such notice requirement is waived by the Investor Nominee Directors. If the quorum requirements as set out in this Article 3.3 are not met at such Postponed Board Meeting, then the Directors present at such adjourned meeting (subject to meeting the statutory quorum requirements under the Act) shall constitute a quorum, provided that any action or decision shall not be taken and any resolution shall not be passed on any Reserved Matter in the Postponed Board Meeting other than in accordance with Article 7.

5.15 Video Conferencing Participation

The Board meetings may be attended by the Directors by way of video conference or other audio visual means and the Company shall ensure that video conference and such other audio visual means facilities are extended for all Board meetings in accordance with Applicable Law.

5.16 Voting

Subject to Article 2.5 above, each Director shall be entitled to exercise 1 (one) vote. All the decisions of the Board shall be taken by a simple majority of the Directors present and voting unless otherwise required by the Act or this Part; provided however that, any decision or any resolution on any Reserved Matter shall not be taken other than in accordance with Article 7.

5.17 Circular Resolution

A written resolution circulated to all Directors, and signed by at least the majority of the total number of Directors as approved, shall (subject to compliance with the relevant requirements of the Act) be as valid and effective as a resolution duly passed at a meeting of the Board called and held in accordance with the Constitutional Documents and the SHA, provided that such written resolution in draft form was circulated together with all relevant background information and relevant documents required to make a fully-informed decision with respect to such resolution to all the Directors and the Directors had at least 7 (seven) Business Days, or a shorter period if agreed in writing by all the Directors, to approve/reject the circular resolution. provided however that, any decision shall not be taken and any resolution shall not be passed on any matter that is a Reserved Matter other than in accordance with Article 7.

For the purposes of this Article 3.6, the approval of a Director or Alternate Director may be given by letter or e-mail.

The Board meetings shall be conducted in English. The Company shall ensure, on a best efforts basis, to hold all Board meetings on a Business Day.

2. COMMITTEES

2.1. Strategy Committee

On and with effect from the Effective Date, the Company shall constitute a Strategy Committee having the constitution/composition, terms of reference and mandate as set out in the SHA.

2.2. Other Committees

- (a) So long as the Investor continues to hold at least the Threshold Shareholding on a Fully Diluted Basis, the Investor shall be entitled to appoint 1 (one) member on each of the other committees of the Board (including but not limited to the nomination and remuneration committee, audit committee, asset liability management committee) and the committees of the Company as mandatorily required to be constituted under Applicable Law. It is hereby clarified that committees which are not committees of the Board of Directors, the Investor shall have the right to appoint 1 (one) Investor Nominee Director as its representative on such committees provided however the Investor shall have the right to appoint an individual

other than an Investor Nominee Director as its representative on the asset liability management committee of the Company.

- (b) All provisions contained in Article 3 and Article 4 relating to the Board and its meetings, including provisions on notice, agenda, quorum, proceedings and voting shall *mutatis-mutandis* apply to all committees/sub-committees of the Board and of the Company (including the committees specified in Article 4.1 and Article 4.2(a) above) established from time to time and on which the Investor has nominated its representative(s).
- (c) The Board and the Company shall constitute and maintain all committees required to be constituted under Applicable Law in compliance thereof. In addition, the Board and the Company shall be empowered to constitute and maintain any other committees as it deems fit.
- (d) On and with effect from the Effective Date, the nomination and remuneration committee shall have such terms of reference and mandate as may be agreed by the Investor, the Promoter 1 and the Company. Any change in the terms of reference of the nomination and remuneration committee shall be subject to prior written consent of the Investor unless such change is required under Applicable Law.

3. GENERAL MEETINGS

- 3.1. The Company shall hold not less than one general meeting of the Shareholders ("Shareholders' Meeting") in any given calendar year.
- 3.2. Notwithstanding anything contained in the Act, the Board shall, either by itself or at the requisition made by the Shareholders or by their respective Nominee Director(s) ("Requisition"), call an extraordinary general meeting of the Shareholders in accordance with this Article 5.2. The Requisition shall set out the matter consideration for which the Shareholders' Meeting is to be called. Within 10 (ten) days from the date of the receipt of the Requisition by the Board, the Board shall proceed to call a meeting for consideration of that matter on a day not later than 35 (thirty-five) days from the date of the receipt of the Requisition. It is clarified that any Shareholders' Meeting convened by the Board pursuant to a Requisition under this Article 5.2 shall be called and be held in the same manner in which any other meeting is called and held by the Board and shall be in compliance with the provisions of this Article 5 and the Act.
- 3.3. Notwithstanding anything contained in the Act, no Shareholders' Meeting shall be held unless at least 21 (twenty one) days' written notice of that meeting has been given to each Shareholder, *provided that* subject to the Applicable Law, where, the Shareholders' Meeting is required to make a decision in circumstances in which the foregoing notice requirements cannot be observed, such notice requirements may be waived or reduced, with the prior written consent of the Investor and the Promoters. The notice shall be accompanied by an explanatory statement containing all relevant material relating to the agenda for the Shareholders' Meeting with all necessary information and copies of all supporting documents to enable the Shareholders to make a fully informed decision on the issue in question at such Shareholders' Meeting
- 3.4. The quorum for the Shareholders' Meeting shall be in accordance with the Act; *provided however that*, if in a meeting business concerning any Investor Reserved Matter is proposed to be discussed or dealt with, presence of at least 1 (one) representative of the Investor shall be required to constitute a valid quorum at any Shareholders' Meeting subject to Article 7. If within 30 minutes from the time scheduled for a Shareholders' Meeting, such meeting is held to be inquorate or if at any time during the meeting the requisite quorum is no longer present, such meeting shall be reconvened at the same time and at the same place 5 (five) Business Days later ("Adjourned Meeting"). If the quorum requirements as set out in this Article 5.4 are not met at such Adjourned Meeting, then the members present at such Adjourned Meeting (subject to meeting the statutory quorum requirements

under the Act) shall constitute a quorum, provided that no action or resolution on any Reserved Matter shall be taken in such meeting other than in accordance with Article 7.

- 3.5. Subject to Article 5.6 below, a resolution passed at the Shareholders Meeting, whether considered at a Shareholders Meeting or through postal ballot, shall be adopted in accordance with the voting majority specified in the Act; *provided however that*, any decision on any matter that is a Reserved Matter shall not be taken other than in accordance with Article 7.
- 3.6. The Investor shall be entitled to voting rights on a Fully Diluted Basis in each Shareholders' Meeting of the Company. Until the conversion of the Investor CCDs, each Promoter shall vote in accordance with the instructions of the Investor at a Shareholders' Meeting, in respect of such number of Equity Shares held by each of them such that the Investor's voting rights on a Fully Diluted Basis are given effect to.

4. BUSINESS PLAN AND ANNUAL BUDGET

The Business Plan outlines the manner in which the Company and its Subsidiaries shall conduct the Business. The Annual Budget shall be prepared, approved, adopted and/or revised/modified in accordance with the SHA at all times. The Company shall endeavour on a best efforts basis to operate the Business in accordance with the Business Plan, the Annual Budget of the relevant Financial Year, the provisions of this Part and the Applicable Law. The Company and the Promoters shall endeavour on a best efforts basis to cause each of Company's Subsidiaries to operate their respective business in accordance with the Business Plan, the Annual Budget of the relevant Financial Year, the provisions of this Part and the Applicable Law.

5. RESERVED MATTERS

- 5.1. Notwithstanding anything contained in this Part, as long as the Investor holds at least the Threshold Shareholding on a Fully Diluted Basis, the Company, its Board, or its committees or any Shareholders, Directors, employees of the Company shall not take any action or decision or make any determination or pass any resolution (whether at a Shareholders' Meeting, Board meeting, meeting of the committees of the Board, resolution by circulation or otherwise) unless:
 - (a) in respect of the Board Reserved Matters: (A) the Investor Nominee Director(s) present at the Scheduled Board Meeting (or the Postponed Board Meeting) vote in favour of such Board Reserved Matter, (B) an Investor Nominee Director has notified the Company of his /her consent to the Board Reserved Matter prior to the Scheduled Board Meeting or Postponed Board Meeting; or (C) if such matter has been referred by an Investor Nominee Director to the Investor pursuant to a Notice for Shareholders Consideration either prior to the Scheduled Board Meeting or the Postponed Board Meeting, as the case may be, and is subsequently approved by the Investor in accordance with Article 7.1(ii) below, *provided however*, if the Investor Nominee Directors are not present in the Scheduled Board Meeting (and in the Postponed Board Meeting), and a Notice for Shareholders Consideration has not been issued by the Investor Nominee Director(s) any time prior to the date of the Postponed Board Meeting then the Directors present at such Postponed Board Meeting may decide on the Board Reserved Matter; and
 - (b) in respect of the Investor Reserved Matters (including the Board Reserved Matters that have been referred to the Investor by the Investor Nominee Director), the Investor has provided its written consent either prior to the Shareholders Meeting or at the Shareholders Meeting, *provided however*, if the Investor has not notified the Company of its dissent on an Investor Reserved Matter (including a Board Reserved Matter that has been referred to the Investor by the Investor Nominee Director) anytime prior to the Adjourned Meeting, and is not present in the Shareholders Meeting or the Adjourned Meeting, then the Shareholders present and voting in the Adjourned Meeting may decide on the Investor Reserved Matter.

Provided further that, (A) if the Investor's shareholding in the Company falls to below such percentage of the Share Capital as mentioned in the SHA on a Fully Diluted Basis, then neither the consent of the Investor nor the specific consent of any Investor Nominee Director shall be required for any decision of the Company or its Subsidiaries on any Identified

Reserved Matter; and (B) if the Investor's shareholding in the Company falls below such percentage of the Share Capital as mentioned in the SHA on a Fully Diluted Basis, then the Investor Nominee Director's right to issue a Notice for Shareholders Consideration and to refer the Board Reserved Matter to the Shareholders shall fall away, in which case, the Investor Nominee Director shall be entitled to exercise its reserved matter right under this Article 7 on the Board Reserved Matters either in the Board Meeting or by giving prior notice of his /her consent or dissent to the Company, so long as the Investor continues to hold the Threshold Shareholding on a Fully Diluted Basis.

- 5.2. Any decision made, action taken or resolution passed in violation of this Article 7 shall be void and shall not be valid or binding on the Company. In the event a decision is made or a resolution is passed contrary to the provisions of this Article 7, the Company shall not, and the Promoters shall procure that the Company shall not, give effect to, or not take any action pursuant to, such decision or resolution unless the Investor's prior written consent is obtained.
- 5.3. As long as the Investor holds at least the Threshold Shareholding on a Fully Diluted Basis, the Subsidiaries of the Company shall not take any decision or perform any action or make any determination or pass any resolution (whether at a shareholders' meeting, board meeting, meeting of committees of the board, resolution by circulation or otherwise) in respect of any of the Reserved Matters as set out in SCHEDULE 1 (List of Reserved Matters) other than in accordance with this Article 7. The processes set out in Articles (i) and (ii) of Clause 7.1 shall apply mutatis mutandis to the exercise of the Reserved Matters in the Subsidiaries of the Company and the manner of exercise of such right by the Investor and the obligations of the Company and the Promoters to give effect to such right of the Investor shall be as set out in the SHA.

6. TRANSFERS

6.1. General

No Shareholder shall Transfer the Equity Securities held by it in the Company other than in accordance with the provisions of this Part. If any Transfer of Equity Securities of the Company is made in violation of the provisions of this Part, such Transfer shall be null and void and shall not be binding on the Company and Parties hereto.

6.2. Restriction on Transfer by Promoters and Permitted Transfers

- (a) Notwithstanding anything contained in this Part, as long as the Investor holds at least the Threshold Shareholding on a Fully Diluted Basis: (A) the Promoter 1 shall continue to remain in Control of the Company, and (B) the Promoters shall not Transfer any of their Equity Securities in the Company to any Person without the prior written consent of the Investor ("Promoter Lock-In"); *provided that*, subject to Article 8.2(b), Article 8.2(c) and Article 8.5 below, the prior written consent of the Investor shall not be required for any Transfer of Equity Securities by:
 - (i) the Promoters to any Person up to the thresholds and other terms and conditions prescribed under the SHA pertaining to liquidity transfers.
 - (ii) a Promoter to a direct or indirect wholly owned Subsidiary of Promoter 1 ("Permitted Transferees"). Notwithstanding anything to the contrary contained herein, a Transfer of Equity Securities held by a Promoter to a Permitted Transferee shall not be subject to the provisions contained in Article 8.4 and Article 8.5.

Any Person who acquires Equity Securities in the Company from Promoters pursuant to a Liquidity Transfer shall not under any agreement with the Company and/or the Promoters or otherwise acquire any veto /consent /affirmative vote right on any action by the Company. Notwithstanding any Liquidity Transfer by the Promoters, Promoter 1 shall continue to remain in Control of the Company as long as the Investor holds at least the Threshold Shareholding on a Fully Diluted Basis.

- (b) The Promoter 1 shall ensure that each of the Permitted Transferees shall continue to be Permitted Transferees at all times. If a Permitted Transferee ceases to be a Permitted Transferee, then the Promoters shall cause such Permitted Transferee to promptly transfer all its Equity Securities back to Promoter 1 or to another Permitted Transferee.
- (c) Notwithstanding the above: (i) any Transfer by the Promoters to the Permitted Transferees shall be subject to such Permitted Transferees executing the Deed of Adherence and undertaking thereunder to observe and discharge all the terms and conditions of this Part in all respects which are applicable to them as Promoters as if they had been originally named as Promoters in this Part and the term 'Promoters' shall be construed accordingly; and (ii) in the event of any Transfer by the Promoters to the Permitted Transferees, Promoter 1 shall continue to be bound by the terms of this Part and shall ensure and procure compliance by the Permitted Transferee of the terms hereof.
- (d) The Promoters shall not take any action that has the purpose or effect of evading the restrictions on Transfer of Equity Securities of the Company contained in this Part, whether by way of direct or indirect Transfer or issuance of Equity Securities, in itself and/or any of the Permitted Transferees or any other similar action. Any attempt to Transfer, directly or indirectly, any Equity Securities of the Company in breach of this Part shall be null and void.

6.3. Permitted Transfer by the Investor

Subject to Article 8.4, Article 8.6 and Clause 10.2A of the SHA, the Investor Securities held by the Investor shall at all times be freely Transferable to any Person.

6.4. Right of First Offer

- (a) Subject to restrictions on Transfer of Equity Securities in Article 8.2, Article 8.3 and other provisions in this Part, if the Promoters (anytime during the Relevant Period or anytime prior to the Relevant Period if the Transfer is proposed to be made under Article 8.2 (a) (i) above) or the Investor (anytime during the Applicable Period) (Investor or the Promoters, as the case may be, hereinafter referred to as the "Selling Shareholder"), proposes to Transfer all or part of the Equity Securities held by such Selling Shareholder ("Sale Securities") to any Person ("Proposed Transferee"), then the other Shareholders i.e. (i) the Investor (if the Selling Shareholder(s) is a Promoter(s)); and (ii) the Promoters (if the Selling Shareholder is the Investor), as the case may be (a "ROFO Right Holder")) shall have a right of first offer to purchase all and not less than all of the Sale Securities offered by the Selling Shareholder ("Right of First Offer"). It is clarified that: (i) the Investor may exercise this Right of First Offer either by itself or through any of the direct or indirect wholly owned subsidiaries of Caisse de dépôt et placement du Québec; and (ii) the Promoters may exercise this Right of First Offer either through: (i) Promoter 1 or the direct or indirect wholly owned Subsidiary of Promoter 1; or (ii) an Affiliate of Promoter 1 in the event the Investor is proposing to transfer all of the Investor Securities then held by it.
- (b) The process to be followed for the exercise of the Right of First Offer is set out below:
 - (i) The Selling Shareholder shall give a written notice ("ROFO Notice") to the ROFO Right Holder. The ROFO Notice shall state the number of Sale Securities proposed to be Transferred by the Selling Shareholder.
 - (ii) The ROFO Right Holder shall have the right, but not the obligation, to make an offer to the Selling Shareholder for acquiring all (and not less than all) of the Sale Securities by serving a written notice ("ROFO Indication of Interest") to the Selling Shareholder within 30 (thirty) days from the date of receipt of the ROFO Notice ("ROFO Period") which notice shall contain:
 - (A) the per Sale Security price ("ROFO Price") at which the ROFO Right Holder offers to acquire all (but not less than all) Sale Securities; and

- (B) the name and identity of the proposed transferee of Sale Securities subject to compliance with Article 8.4(a) above;
- (iii) Upon the receipt of the ROFO Indication of Interest, the Selling Shareholder may, at its sole discretion, elect to either: (A) accept the ROFO Price specified in the ROFO Indication of Interest, or (B) decline the ROFO Price.
 - (iv) If the Selling Shareholder accepts the ROFO Price, the Selling Shareholder shall convey such acceptance within 30 (thirty) days from the date of receipt of the ROFO Indication of Interest ("ROFO Acceptance Period") by giving a notice to this effect to the ROFO Right Holder ("ROFO Acceptance Notice"). Upon receipt of the ROFO Acceptance Notice by the ROFO Right Holder, the ROFO Right Holder shall be under an obligation to acquire all and not less than of the Sale Securities at the ROFO Price and the Selling Shareholder shall be under an obligation to sell such Sale Securities to the ROFO Right Holder.
 - (v) The ROFO Right Holder and the Selling Shareholder shall complete the sale and acquisition of the Sale Securities at the ROFO Price set out under the ROFO Indication of Interest within a period of 45 (forty five) days (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law) from the date of the ROFO Acceptance Notice ("ROFO Completion Period"). The transfer of the Sale Securities to the ROFO Right Holder and the payment of the aggregate consideration calculated at the ROFO Price set out under the ROFO Indication of Interest for the Sale Securities shall occur simultaneously. For the avoidance of doubt, it is clarified that the consideration payable by the ROFO Right Holder to the Selling Shareholder shall be paid to the Selling Shareholder solely and fully in cash (without any deferment or contingencies);
 - (vi) If the Selling Shareholder elects to decline the offer set out under ROFO Indication of Interest, the Selling Shareholder may, sell the Sale Securities to a Proposed Transferee at a price not less than the ROFO Price, subject to such Proposed Transferee executing a Deed of Adherence; provided that if the Selling Shareholder is a Promoter, then such Selling Shareholder shall have duly informed the Proposed Transferee of the Tag Along Right of the Investor under Article 8.5 below. If completion and sale of such Sale Securities to a Proposed Transferee does not take place within 180 (one hundred and eighty) days (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law) from the date of the ROFO Notice, the Selling Shareholder shall again be required to offer such Sale Securities to the ROFO Right Holder in accordance with this Article 8.4.
 - (vii) If: (A) no ROFO Indication of Interest is received within the ROFO Period, or (B) if the sale of Sale Securities to the ROFO Right Holder is not completed within the ROFO Completion Period in accordance with Article 8.4(b)(v) above, the Selling Shareholder may, sell the Sale Securities to a Proposed Transferee without any restriction on price and terms of Transfer, within a period of 180 days (one hundred and eighty) (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law) from the date of the ROFO Notice ("ROFO Transfer Period"), subject to such Proposed Transferee executing a Deed of Adherence; provided that if the Selling Shareholder is a Promoter, then such Selling Shareholder shall have duly informed the Proposed Transferee of the Tag Along Right of the Investor under Article 8.5 below. If sale of such Sale Securities does not take place within the ROFO Transfer Period, the Selling Shareholder shall again offer such Sale Securities to the ROFO Right Holder afresh in accordance with this Article 8.4.
 - (viii) It is clarified that the provisions of Article 8.4 shall not apply to the exercise of exit options by the Investor as per and in accordance with Article 11, Article 12 and Article 13 of this Part.
- (c) Notwithstanding anything contained herein, it is hereby clarified that the provisions of this Article 8.4 not apply to any Transfer of Investor Securities by the Investor to its Affiliates.

- (d) Notwithstanding anything contained herein, it is hereby clarified that the provisions of this Article 8.4 shall apply to any Transfer by the Promoters to a Liquidity Transferee pursuant to a Liquidity Transfer (including any such Transfer made prior to the Relevant Period).
- (e) The Investor's Right of First Offer on a transfer by the Promoters under this Article 8.4 shall cease to be in effect in the event the Investor's shareholding in the Company on a Fully Diluted Basis falls below the Threshold Shareholding.

6.5. Tag Along Right of the Investor

- (a) Notwithstanding anything to the contrary in this Article 8, in the event:
 - (i) a Promoter elects to sell and Transfer its Equity Securities to a third party, subject to restrictions contained in Article 8.2 above; and/ or
 - (ii) in case of a Right of First Offer under Article 8.4 above, the Selling Shareholder is a Promoter and has elected to exercise its rights under Article 8.4(b)(vi) and Article 8.4(b)(vii) above, subject to restrictions contained in Article 8.2 above;

(such Promoter hereinafter referred to as the "Selling Promoter")

then as long as the Investor holds any Equity Security in the Company, the Investor shall have a right, but not an obligation, to require the Selling Promoter to cause the Proposed Transferee to purchase the Tag Along Securities, at the same price and on the same terms and conditions as have been offered by the Proposed Transferee to the Selling Promoter ("Tag Along Right").

For the purposes of this Article 8.5, "Tag Along Securities" means such number of Investor Securities which is obtained by multiplying the aggregate number of Investor Securities on a Fully Diluted Basis by a fraction: (i) the numerator of which is the number of Sale Securities proposed to be Transferred by the Selling Promoter on a Fully Diluted Basis; and (ii) the denominator of which is the total number of Equity Securities held by the Selling Promoter in the Company on a Fully Diluted Basis; provided however, if, the Investor' shareholding on a Fully Diluted Basis at the time of exercise of the Tag-Along Right is less than the Threshold Shareholding on a Fully Diluted Basis, or if following the proposed Transfer by the Investor of the maximum number of Tag Along Securities the Investor is permitted to tag-along under this Article 8.5(a)), the Equity Securities held by the Investor would account for less than the Threshold Shareholding on a Fully Diluted Basis, then the maximum number of Tag Along Securities shall be:

- (i) all of the Investor Securities, if the Selling Promoter (along with the other Promoters, if any) is proposing to sell such percentage or more of the Share Capital on a Fully Diluted Basis, as mentioned in the SHA;
 - (ii) such percentage of of the Investor Securities, as mentioned in the SHA, if the Selling Promoter (along with the other Promoters, if any) is proposing to sell less than such percentage of the Share Capital on a Fully Diluted Basis, as mentioned in the SHA, *provided further that* in such event, the Investor shall be entitled to require the Selling Promoter to cause the sale of all of the remaining Investor Securities in any subsequent transfer by the Selling Promoter (or any other Promoters) in accordance with the provisions of this Article 8.5
- (b) The Selling Promoter proposing to Transfer any of its Equity Securities in the Company shall first give a written notice (hereinafter referred to as "Tag Notice") to the Investor, which shall include:
 - (A) the number of Equity Securities of the Company proposed to be Transferred (hereinafter referred to as the ("Promoter Sale Securities")) by the Selling Promoter and the number and class of Equity Securities in the Company that the Selling

Promoter owns at that time;

- (B) the name and address of the Proposed Transferee;
 - (C) the proposed price, including the proposed amount and form of consideration and terms and conditions offered by such Proposed Transferee;
 - (D) the proposed date of consummation of the proposed Transfer;
 - (E) a representation that the Proposed Transferee has been informed of the Tag Along Right provided for in this Part and has agreed to purchase all the Equity Securities required to be purchased in accordance with the terms of this Article 8.5; and
 - (F) a representation that no consideration, tangible or intangible, is being provided, directly or indirectly, to the Selling Promoter(s) that will not be reflected in the price paid to the Investor on exercise of the Tag Along Right hereunder. The total value of consideration for the proposed Transfer is referred to herein as the "Tag Along Price". The Tag Notice shall be accompanied by a true and complete copy of all documents constituting the agreement between the Selling Promoter and the Proposed Transferee regarding the proposed Transfer.
- (c) Upon the receipt of the Tag Notice, the Investor may elect to exercise its Tag-Along Right by providing a written notice ("Tag Along Notice") to the Selling Promoter specifying the number of Equity Securities the Investor proposes to transfer (which number shall not be more than the number of Tag Along Securities) ("Tagged Securities"). Such Tag Along Notice shall be given within a period of 30 (thirty) days from the receipt of the Tag Notice by the Investor ("Tag Exercise Period").
- (d) Upon receipt of the Tag Along Notice, the Selling Promoter shall make all necessary arrangements (including obtaining all Approvals as may be required under Applicable Law) to ensure that the Tagged Securities offered by the Investor are included in the purchase by the Proposed Transferee, on the same price and same terms and conditions as applicable to the transfer of Promoter Sale Securities by the Selling Promoter; provided that, notwithstanding anything contained herein, with respect to the consideration payable by the Proposed Transferee for the purchase of the Tagged Securities, the Investor shall be entitled at its option to receive the cash equivalent of any non-cash consideration payable by the Proposed Transferee to the Selling Promoter in relation to the transfer of the Promoter Sale Securities.
- (e) The Transfer of the Tagged Securities by the Investor shall be concluded simultaneously with the Transfer of the Promoter Sale Securities to the Proposed Transferee and shall take place within 90 (ninety) days (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law) from the date of issue of the Tag Along Notice ("Tag Closing Period"). At such closing, the Selling Promoter and the Investor shall Transfer the Promoter Sale Securities and the Tagged Securities, respectively, to the Proposed Transferee, and the Proposed Transferee shall (simultaneously with the Transfer of the Promoter Sale Securities and the Tagged Securities) deliver at such closing, payment in full of the price for Promoter Sale Securities and the Tagged Securities to Selling Promoter and the Investor, respectively. For the avoidance of doubt, it is hereby clarified that the consideration payable by the Proposed Transferee to the Investor for the purchase of the Tagged Securities shall be paid to the Investor solely and fully in cash (without any deferment or contingencies). The Investor and the Selling Promoters shall bear the stamp duty leviable on the sale of their respective Equity Securities in proportion to the number of Equity Securities being transferred by them to the Proposed Transferee.
- (f) Where the Investor has delivered the Tag Along Notice and the Proposed Transferee fails to purchase the Tagged Securities from the Investor within the Tag Closing Period, the Selling Promoter shall not transfer the Promoter Sale Securities to the Proposed Transferee, and if such transfer is purported to be made, such transfer shall be void and the Company shall not

register any such transfer of Equity Securities.

- (g) If the Proposed Transferee is unwilling to acquire all of the Tagged Securities and the Promoter Sale Securities, the Selling Promoter shall not transfer the Promoter Sale Securities to the Proposed Transferee and if transfer is purported to be made, such transfer shall be void and shall not be binding on the Company and shall be in breach of the terms of this Part.
- (h) In case the Investor exercises its Tag Along Right under this Article 8.5 (a) the Investor shall not be required to give any representations and warranties, guarantees, indemnities for such Transfer (other than representations and warranties relating to: (i) title to the Equity Securities; (ii) the legal standing of the Investor; (iii) authority and capacity to undertake sale of the Investor Securities; and (iv) withholding tax in connection with the sale of the Investor Securities, if applicable ("Identified Matters")) or be subject to any restrictive covenants in respect of the Transfer of the Tagged Securities; and (b) the Investor shall be entitled to immediately receive the entire consideration for the Transfer of the Tagged Securities in cash. Notwithstanding the above, the liability of the Investor in respect of the representations and warranties relating to the Identified Matters shall, under no circumstances, exceed the total cash consideration received by the Investor for the Transfer of the Tagged Securities.
- (i) If the Selling Promoter Transfers hereunder any series, class or type of Equity Securities then held by it, and the Investor does not hold any of such series, class or type of Equity Securities, then the Proposed Transferee shall acquire whatever series, class or type of Equity Security that are held by the Investor along with the Equity Securities being transferred by the Selling Promoter; *provided that*, to the extent such a difference in class or type exists, the consideration payable to the Investor for the Tagged Securities shall be calculated as if the Tagged Securities held by the Investor which will be subject to transfer under this Article 8.5 had been converted into Equity Shares on the date immediately prior to the date of the Tag Along Notice at the conversion price calculated in accordance with the terms thereof (to the extent not already in the form of Equity Shares).
- (j) In the event, the Investor fails to deliver a Tag Along Notice to the Selling Promoter within the Tag Exercise Period under Article 8.5(c) above, or conveys its decision of not exercising its Tag Along Right to the Selling Promoter within the Tag Exercise Period, the Selling Promoter may, subject to the Proposed Transferee executing a Deed of Adherence, Transfer the Promoter Sale Securities to such Proposed Transferee at Tag Along Price and on terms specified in the Tag Notice within 90 (ninety) days (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law) following the expiry of the Tag Exercise Period, failing which the right of the Selling Promoter to transfer the Promoter Sale Securities to the Proposed Transferee shall lapse and the provisions of Article 8.5 shall again become applicable.
- (k) For the avoidance of doubt, it is hereby clarified that Investor's Right of First Offer on any transfer by the Promoters under Article 8.4 above and Tag Along Right under Article 8.5 above is without prejudice to Promoter Lock-In under Article 8.2(a) above (subject to the carve-outs to Promoter Lock-In contained in Article 8.2(a)).
- (l) Notwithstanding anything contained herein, it is hereby clarified that the provisions of this Article 8.5 shall not apply to any Transfer by the Promoters to a Liquidity Transferee under Article 8.2(a) (i) and/or a Permitted Transferee.

6.6. Deed of Adherence

- (a) It shall be a condition of any Transfer of Equity Securities by the Shareholders (other than the Investor) to a third party transferee (other than a transferee under Article 8.2 (a) (i)), if not already a Party, that such third party transferee to whom Equity Securities are proposed to be Transferred by the Shareholders, prior to the Equity Securities being transferred in its name, agrees and undertakes to be bound by the terms and conditions of this Part and executes the Deed of Adherence; and

- (b) If the Investor is proposing to transfer all and not less than all of the Investor Securities held by it in Company to a third party transferee, it shall be a condition of such transfer, that such third party transferee to whom Equity Securities are proposed to be Transferred by the Shareholders, prior to the Equity Securities being transferred in its name, agrees and undertakes to be bound by the terms and conditions of this Part and executes the Deed of Adherence; and
- (c) The Company shall not issue any Equity Securities of the Company to any Person (other than to a Party) unless such Person executes Deed of Adherence confirming that it shall be bound by the terms and conditions as mentioned in the SHA.
- (d) Subject to Clause 20.1 of the SHA, in the event any of the Promoters transfer their Equity Securities to a Permitted Transferee in accordance with this Article 8, the rights and obligations relating to such Equity Securities and as provided under this Part shall automatically stand assigned to such Permitted Transferee pursuant to such Permitted Transferee executing the Deed of Adherence and shall not require Investor's prior consent.

7. FURTHER ISSUANCE

- 7.1. Subject to the rights of the Promoters and the Investor ("Relevant Shareholders") contained in this Article 9, and without prejudice to the rights of the Investor under Article 7, the Company may raise funds by way of a fresh issue of Equity Securities ("New Securities") from any Person ("Future Investor") at any time during the term of this Part ("Fresh Issue"). The Investor on one hand, and the Promoters collectively on the other hand shall have the right to subscribe to the New Securities in proportion to their respective Inter-Se Shareholding ("Inter-Se Share") in priority to any other Person in the manner set forth in this Article 9 and in accordance with Applicable Law, on the same terms and conditions (including price) as the Fresh Issue ("Pre-emption Right").
- 7.2. In the event the Company proposes to undertake a Fresh Issue, the Company shall deliver a written notice to each of the Relevant Shareholders ("Fresh Issue Notice") which shall state (a) the number of New Securities proposed to be issued; (b) the terms of such Fresh Issue; (c) the price per New Security ("Proposed Price"); (d) the proposed use of funds raised pursuant to the Fresh Issue; (e) details of all Approvals required to give effect to the Fresh Issue; and (f) the date of the Fresh Issue. The Fresh Issue Notice shall also be accompanied by a copy of the valuation report obtained by the Company under Applicable Law (including the Income Tax Act, 1961) in connection with the Fresh Issue.
- 7.3. Each Relevant Shareholder may within 30 (thirty) days of receipt of the Fresh Issue Notice ("Acceptance Period") respond to the Company with a letter indicating its willingness to subscribe to part or all of its Inter-Se Share of the New Securities on a Fully Diluted Basis ("Acceptance Letter"). Each Relevant Shareholder may also notify the Company in the Acceptance Letter(s) that it is willing to subscribe to a specified number of the New Securities in excess of its Inter-Se Share ("Additional Securities").
- 7.4. If all the Relevant Shareholders: (a) decline the offer set out in the Fresh Issue Notice; or (b) fail to deliver any Acceptance Letter within the Acceptance Period, the Company may within 180 (one hundred and eighty) days of the expiry of the Acceptance Period, complete the issuance and allotment of New Securities to the Future Investor on the same terms as are set out in the Fresh Issue Notice.
- 7.5. If any of the Relevant Shareholders (each a "Participating Shareholder") sends the Acceptance Letter(s) within the Acceptance Period, the Company shall notify each Participating Shareholder in writing within 5 (five) days from the expiry of the Acceptance Period ("Company Notification") of the number of New Securities to be subscribed to by such Participating Shareholder and the consideration payable in respect of such New Securities. If a Relevant Shareholder has indicated that it is willing to buy Additional Securities, the Company shall give such Relevant Shareholder written notice of the total number of New Securities not subscribed to by the other Relevant Shareholders ("Unpurchased Securities").

- 7.6. The date of subscription of the New Securities and Additional Securities (if any) set out in the Company Notification shall not be earlier than 15th (fifteenth) Business Day and not later than 90 (ninety) days from the date of issue of the Company Notification ("Subscription Date") (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law). If the Company fails to issue and allot New Securities and Additional Securities (if any) to the Participating Shareholder within the aforesaid time period, then unless otherwise agreed by the Investor, the provisions of Article 9 shall again become applicable and the Company shall have to again follow the procedure provided herein.
- 7.7. The terms of subscription to the New Securities and the Additional Securities (if any) under the Company Notification shall be on the same terms and conditions as mentioned in the Fresh Issue Notice.
- 7.8. On the Subscription Date:
- (a) the Participating Shareholder shall pay the relevant consideration to the Company as set out under the Company Notification. If any Participating Shareholder has indicated that it is willing to buy Additional Securities, such Participating Shareholder shall also subscribe for the lower of the number of Additional Securities and the number of Unpurchased Securities;
 - (b) the Company shall record particulars of such issuance in its statutory registers in accordance with the Act, and issue and allot the Equity Securities to each of the Participating Shareholders.
- 7.9. With respect to the remaining New Securities (which are not subscribed to by any of the Relevant Shareholders), the Company may issue and allot such remaining New Securities (or such portion of remaining New Securities) to the Future Investor within 180 (one hundred and eighty) days from the date of expiry of the Acceptance Period (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law), failing which the right of the Company to issue and allot such remaining New Securities (or such portion of remaining New Securities) to the Future Investor shall lapse and the provisions of Article 9 shall again become applicable.
- 7.10. The Company shall render all such assistance as may be required to consummate the transactions contemplated in this Article 9.
- 7.11. For the purposes of this Article 9, the term "New Securities" shall not include such securities as mentioned in the relevant clause of the SHA.
- 7.12. Notwithstanding anything contained herein, it is clarified that: (i) the Investor shall have the right to exercise its Pre-emption Right either by itself, or through any direct or indirect wholly owned subsidiaries of Caisse de dépôt et placement du Québec; and (ii) the Promoters shall have the right to exercise their Pre-emption Right either through Promoter 1 or through any of the wholly owned Subsidiaries of Promoter 1.

8. ANTI-DILUTION RIGHT

- 8.1. If the Company proposes to issue any Equity Shares prior to the conversion of the Investor CCDs into Equity Shares in accordance with the terms thereof, then the holders of the Investor CCDs shall be entitled to anti-dilution protection in accordance with the terms agreed between the Parties vide the SHA.***³
- 8.2. If the Company proposes to issue any Equity Securities (other than Equity Shares) prior to the conversion of the Investor CCDs into Equity Shares in accordance with the terms thereof, then the Investor shall be entitled to an anti-dilution protection, and to give effect to the same, the Conversion Price shall be suitably adjusted in the manner agreed between the Parties as provided under the

³ &

SHA.***4

9. EXIT

- 9.1. Unless otherwise agreed by the Investor, the Company and the Promoters shall provide an exit to the Investor on or before the Exit Date, by way of: (i) a QIPO (in accordance with Article 12.1 below); or (ii) a Trade Sale to a third party (in accordance with Article 12.2 below); or (iii) such other mechanism as may be agreed in the SHA (“Exit Mechanisms”).
- 9.2. If an exit to the Investor has not been provided and completed by the Exit Trigger Date in accordance with Article 12, then within thirty (30) days from the Exit Trigger Date, the Parties shall jointly assess various options and potential next steps towards providing an exit to the Investor (including by way of Exit Mechanisms) which enables the Investor to sell all of the Investor Securities then held by it on terms and conditions acceptable to it ("Exit"). If pursuant to the same, an Exit has not been provided to the Investor within 12 (Twelve) months from the Exit Trigger Date, then the Parties shall again evaluate the market conditions and Exit options available (including potential next steps) within 30 days from the completion of 12 months from the Exit Trigger Date. The Company and the Promoters shall provide the Investor with such information as may be reasonably necessary or otherwise requested by the Investor to enable the Investor to make a well-informed assessment of the Exit options.
- 9.3. If an Exit to the Investor in accordance with Article 12 below has not been provided and completed on or before the Exit Date, then the Investor may, at its sole option (and without prejudice to its other rights herein) exercise its Exit Default Rights as provided in Article 13 below.

10. EXIT MECHANISMS

10.1. QIPO

Subject to Article 11, the Company and Promoters shall provide an exit to the Investor by way of a QIPO in accordance with the terms set out in the SHA. The terms of the QIPO, rights of the Investor and the obligations of the Company and the Promoters in relation to the QIPO shall be as set out in the SHA.

The Investor shall not be considered a promoter or part of the promoter group of the Company and the restrictions applicable to 'promoters' under Applicable Law (including SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and the Act) shall not be applicable to the Investor. The Investor shall not be required to offer or make available any Equity Securities held by it for the purposes of any lock-in as applicable to 'promoters' under the Applicable Law. The Company and the Promoters shall take all necessary steps to ensure that the Investor shall not be considered as promoters of the Company in relation to the QIPO. If any Equity Securities are to be made subject to any promoter/ sponsor lock-in under Applicable Law for the purposes of a QIPO, then the Promoters shall offer the Equity Securities held by them towards such lock-in.

The Company and the Promoters shall do all acts and deeds and shall provide complete assistance and undertake all obligations and actions (including obtaining all Approvals) as may be necessary to cause and facilitate the completion of the QIPO in compliance with Applicable Law. The Company shall keep the Investor fully informed promptly of all activities undertaken in connection with the QIPO.

10.2. Trade Sale

- (a) Subject to Article 11, the Company and the Promoters may provide an exit to the Investor by way of a Trade Sale of the Equity Securities of the Company in accordance with the terms

⁴ (Article 10.1 and Article 10.2 were adopted by the members at the Extraordinary General Meeting of the Company held on May 7, 2019)

set out in the SHA. The terms of the Trade Sale, rights of the Investor and the obligations of the Company and the Promoters in relation to the Trade Sale shall be as set out in the SHA.

- (b) If the Promoters and the Company propose to undertake a Trade Sale in accordance with and subject to the provisions of this Part, they shall deliver a notice to the Investor ("Trade Sale Notice") setting out: (i) the exact nature of the transaction proposed, including the details of the Promoters' shareholding proposed to be sold in the Trade Sale, if any; (ii) identity of the purchaser; (iii) terms of the Trade Sale (including the price) at which the Trade Sale is proposed to be undertaken; (iv) time for completion of the Trade Sale as best estimated by the Company; (v) such other material terms of the Trade Sale as the Investor may request from time to time ("Trade Sale Offer"); and (vi) a representation that no consideration, tangible or intangible, is being provided, directly or indirectly, to the Promoters that will not be reflected in the price paid to the Investor pursuant to the Trade Sale. It is clarified that the sale of Investor Securities in the Trade Sale shall be on the same price and same terms and conditions as the sale of Equity Securities by the Promoters in the Trade Sale, if any, except as provided in Article 12.2 (g) and Article 12.2 (h) below; provided that, notwithstanding anything contained herein, with respect to the consideration payable to the Investor for the sale of the Investor Securities, the Investor shall be entitled at its option to receive the cash equivalent of any non-cash consideration payable by the proposed Transferee to the Promoters in relation to the transfer of the Promoters' Equity Securities.
- (c) Within 30 (thirty) days from the date of the receipt of the Trade Sale Notice, the Investor may, at its sole discretion, by giving a notice to the Company and the Promoters ("Trade Sale Response Notice") elect to either: (A) accept the Trade Sale Offer, or (B) decline the Trade Sale Offer if the same is not acceptable to the Investor. It is clarified that any rejection of the Trade Sale Offer by the Investor shall not discharge the Company and Promoters of their obligation to provide an Exit to the Investor in accordance with this Article 12.
- (d) If the Investor accepts the Trade Sale Offer in accordance with Article 12.2(c) above, the Company and the Promoters shall make all necessary arrangements (including obtaining all Approvals as may be required under Applicable Law) to ensure that the Trade Sale (on the terms and conditions set out in the Trade Sale Notice) is consummated within a period of 120 (One Hundred and Twenty) days from the date of the Trade Sale Response Notice, excluding any time taken to obtain any Approval from Governmental Authorities required under Applicable Law).
- (e) The Company and the Promoters shall do all acts and deeds and shall provide complete assistance and undertake all obligations and actions (including obtaining all Approvals) as may be necessary to cause and facilitate the Trade Sale.
- (f) All representations, warranties, covenants, guarantees and indemnities (including with respect to the Business and operations of the Company) as required by the third-party purchaser pursuant to the Trade Sale shall be provided by the Promoters and the Company. The Company and the Promoters shall assist such third-party purchaser (and its authorised representatives) in relation to any due diligence exercise as required by the latter and to discuss the Business, actions, annual budgets and finances with the management (including the Directors and the key managerial personnel) of the Company and/or its Subsidiaries.
- (g) The Investor shall not be required to provide any representations and warranties, covenants, guarantees or indemnities in relation to the Trade Sale (except representations and warranties relating to: (i) title to the Shares held by them; (ii) authority and capacity to undertake sale of the Investor Securities; (iii) the legal standing of the Investor; (iv) withholding tax in connection with the sale of the Investor Securities, if applicable ("Trade Sale Identified Matters")) or be subject to any restrictive covenants pursuant to such Trade Sale, provided that the Investor shall not be required to provide any indemnity or guarantee or similar undertakings whatsoever. Notwithstanding the above, the liability of the Investor in respect of the representations and warranties relating to the Trade Sale Identified Matters shall, under no circumstances, exceed the total cash consideration received by the Investor for the Transfer of the Equity Securities in the Trade Sale.

- (h) All advisors/consultants to the Trade Sale shall be appointed only with Investor's consent.
- (i) The costs and expenses of the Trade Sale (including the costs and expenses relating to the appointment of the advisors/consultants to the Trade Sale and stamp duties) shall be borne by the Company.

10.3. Other Option

Pursuant to Article 11, an exit to the Investor may be provided in accordance with any other mechanism as may be agreed in the SHA.

11. EXIT DEFAULT RIGHTS

If an Exit to the Investor in accordance with Article 12 has not been successfully completed on or before the Exit Date, then the Investor, shall be entitled to exercise all or any of its rights provided in this Article 13 ("Exit Default Rights") in the manner provided below.

11.1. Investor Initiated QIPO

- (a) As long as the Investor holds at least the Threshold Shareholding on a Fully Diluted Basis, the Investor shall have the right (but not the obligation), by delivering a written notice to the Company and the Promoters ("Investor Initiated QIPO Notice"), to require the Company and the Promoters to conduct a QIPO and consequently list the Shares on a Recognized Stock Exchange ("Investor Initiated QIPO"). Upon receipt of the Investor Initiated QIPO Notice, the Company and the Promoters shall ensure, to the fullest extent of all rights and powers available to them, including by exercise of their voting rights in relation to the Equity Securities held by them, the successful completion of the Investor Initiated QIPO within a period of 9 (nine) months (or such other period as may be agreed by the Investor) from the date of the Investor Initiated QIPO Notice.
- (b) Other terms and conditions of the Investor Initiated QIPO including the manner and procedure required to be followed and the obligations of the Company and the Promoters and the rights of the Investor in relation thereto shall be as per the relevant provisions of the SHA.
- (c) The Investor shall be entitled to withdraw the Investor Initiated QIPO and/or require the Company to stop, at any time, the process of Investor Initiated QIPO as contemplated in this Part.

11.2. Drag Along Right of the Investor

- (a) The Investor shall have the right (but not the obligation) to sell all of the Investor Securities to any purchaser or group of purchasers ("Potential Buyer"). In the event of such sale, as long as the Investor holds at least the Threshold Shareholding on a Fully Diluted Basis, the Investor shall have the right to require the Promoters ("Dragged Shareholders") to Transfer to the Potential Buyer all or part of the Equity Securities held by the Dragged Shareholders ("Dragged Securities") as may be required by the Investor (over and above the Investor Securities) in accordance with this Article 13.2 ("Drag Along Right").
- (b) If the Investor proposes to Transfer the Investor Securities to the Potential Buyer and wishes to exercise its Drag Along Right in connection thereto, the Investor shall give a written notice ("Exit Default Notice") to the Dragged Shareholders of its intention to exercise the Drag Along Right.
- (c) Within 30 (thirty) days from the date of the Exit Default Notice, the Dragged Shareholders shall, by giving a notice to the Investor ("Exit Default Response Notice") elect to either:
 - (A) make an offer to the Investor for acquiring all (and not less than all) of the Investor Securities ("Exit Default ROFO Right") in which case the Exit Default Response

Notice shall contain the per Investor Security price ("Exit Default ROFO Price") at which the Promoters offer to acquire all (but not less than all) Investor Securities; or

- (B) agree to Transfer the Equity Securities held by them to the Proposed Transferee pursuant to Investor's exercise of its Drag Along Right in accordance with Article 13.2(f) below.
- (d) If the Promoters have elected to exercise their Exit Default ROFO Right in accordance with Article 13.2(c) above in the Exit Default Response Notice, then the Investor may, at its sole discretion, by giving a notice to the Promoters within 30 (thirty) days from the date of the receipt of the Exit Default Response Notice ("Election Notice"), elect to either:
 - (A) accept the Exit Default ROFO Price specified in the Exit Default Response Notice and Transfer the Investor Securities to the Promoters in accordance with Article 13.2(e) below, or
 - (B) decline the Exit Default ROFO Price and decide to exercise its Drag Along Right instead in accordance with Article 13.2(f) below.
- (e) Exit Default ROFO Right

If the Investor accepts the Exit Default ROFO Price in the Election Notice, the Promoters shall purchase the Investor Securities on the Exit Default ROFO Price within a period of 30 (thirty) days (excluding any time taken to obtain any Approval required from Governmental Authorities under Applicable Law) from the date of the Election Notice ("Exit ROFO Completion Period"). The transfer of the Investor Securities to the Promoters and the payment of the aggregate cash consideration calculated at the Exit Default ROFO Price for the Investor Securities shall occur simultaneously. It is hereby clarified that the Promoters may exercise their Exit Default ROFO Right either by itself or through any of their Affiliates.

(f) Drag Along Right

- (i) In the event that
 - (A) the Dragged Shareholders have failed to provide the Exit Default Response Notice within 30 (thirty) days of the Exit Default Notice; or
 - (B) the Investor has rejected the Exit Default ROFO Price in the Election Notice and has elected to exercise its Drag Along Right; or
 - (C) if the Promoters have failed to purchase the Investor Securities from the Investor within the Drag ROFO Completion Period in accordance with Article 13.2(e) above;

then the Investor may by giving a notice to the Promoters ("Drag Notice") require the Promoters to Transfer all or a part of their Equity Securities to the Proposed Transferee. The Drag Notice shall contain such details and matters as mentioned in the relevant provisions of the SHA. In case of exercise of Drag Along Right pursuant to Article 13.2(f)(i)(B) above, the per Dragged Security price payable to the Dragged Shareholders shall be more than the Exit Default ROFO Price.
- (ii) The Dragged Shareholders shall within 45 (forty) days from the date of receipt of the Drag Notice (excluding any time taken to obtain any Approvals required from the Governmental Authorities), Transfer the Dragged Securities to the Proposed Buyer free of any Encumbrances, on the same terms and conditions set out in the Drag Notice, *provided that* such terms and conditions (including price) shall not be any less favourable than the terms and conditions (including price) offered to the Investor by the Potential Buyer for Transfer of the Investor Securities to the Potential Buyer, except as mentioned in Article 13.2(f)(iii); and

- (iii) All costs and expenses (including costs in relation to the appointment of a merchant banker, investment banker and other advisors and payment of stamp duty) in relation to Transfer of the Investor Securities and the Dragged Securities pursuant to this Article 13.2 shall be payable by the Company. Representations, warranties, guarantees, covenants and indemnities (including with respect to the Business and operations of the Company and its Subsidiaries) as required by the Potential Buyer shall be provided by the Company and the Promoters. If Investor so requests, the Company shall assist the Potential Buyer and its authorised representatives in relation to any due diligence exercise as required by the Potential Buyer and to discuss the Business, actions, annual budgets and finances with the management of the Company. The Investor shall not be required to provide any representations and warranties, covenants, guarantees or indemnities (except representations and warranties relating to: (i) title to the Shares held by them; (ii) authority and capacity to undertake sale of the Investor Securities; and (iii) the legal standing of the Investor and (iv) withholding tax in connection with the sale of the Investor Securities, if applicable ("Drag Sale Identified Matters")), provided that the Investor shall not be required to provide any indemnity or guarantee or similar undertakings whatsoever. Notwithstanding the above, the liability of the Investor in respect of the representations and warranties relating to the Drag Sale Identified Matters shall, under no circumstances, exceed the total cash consideration received by the Investor for the Transfer of the Equity Securities to the Potential Buyer.

The Dragged Shareholders and the Company shall take all necessary actions (including such action as may be reasonably requested of them by the Investor) to cause the consummation of such transaction mentioned in Article 13.2, including: (i) obtaining all Approvals required for such transaction; (ii) exercising the voting rights attached to their Equity Securities in favour of such transaction; (iii) not exercising any approval or voting rights in connection therewith in a manner contrary to the closing of the transaction; (iv) appointing such Person as their attorney-in-fact as is determined by the Investor, to do the same on their behalf; and (v) not taking any actions that may cause the valuation of the Company to suffer due to the exercise of the Drag Along Right by the Investor.

11.3. Other default Option

Pursuant to Article 13 above, an exit to the Investor may be provided in accordance with any other mechanism agreed in the SHA.

11.4. Call Right and Put Right

- (a) If the Investor's shareholding in the Company falls below the Threshold Shareholding on a Fully Diluted Basis, then on and with effect from the date of the expiry of 108 (one hundred and eight) months from the Effective Date:
 - (i) the Promoters shall have the right to issue a notice ("Promoter Call Notice") to the Investor requiring the Investor to sell to the Promoters ("Promoter Call Right"), all of the Investor Securities held by the Investor at the then Fair Market Valuation (as defined below) ("Call Price") determined in accordance with Article 13.4 (b) below. Upon the issuance of the Promoter Call Notice, the Investor shall be bound to sell all of the Investor Securities to the Promoters at the Call Price, within 45 (forty five) days of the date of the Promoter Call Notice; and/or
 - (ii) the Investor shall have the right to issue a notice ("Investor Put Notice") to any (or all of) the Promoters requiring such Promoter(s) to purchase from the Investor ("Investor Put Right"), all of the Investor Securities held by the Investor at the then Fair Market Valuation ("Put Price") determined in accordance with Article 13.4(b) below. 14. DISPUTE RESOLUTION

Any and all disputes and claims arising out of or relating to or in connection with Part B of these Articles or the breach, termination or invalidity thereof shall be resolved in the manner and in accordance with the terms and conditions contained in the SHA.

SCHEDULE 1

LIST OF RESERVED MATTERS

For the purposes of this Schedule, any reference to "Company" shall include reference to each of its Subsidiaries (if any) unless the context requires otherwise.

Part A: Board Reserved Matter

1. Acquiring or disposing off any assets or properties of the Company to any Person in excess of such sum as mentioned in the SHA including any transfer, sale or assignment of any intellectual property rights to any Person, other than: (i) in the Ordinary Course of Business; or (ii) in accordance with the approved Annual Budget and/ or Business Plan then in effect.

Notwithstanding the above, the carve out created in this Paragraph 1 of this SCHEDULE 1 for actions which are provided for or permitted under the Business Plan and/or the Annual Budget, as the case maybe, shall no longer apply after the expiry of the period to which the Business Plan relates, and consequently, the prior written consent of the Investor shall be required for each of those actions.

2. Creation of any Subsidiary or any joint venture, and/or acquisition or sale of Equity Securities, or partnership interests or any other form of investments in any Person by the Company, or acquisition of any voting right in any Person by the Company in excess of such sum as mentioned in the SHA other than in the Ordinary Course of Business including treasury activities.
3. Save and except as set out in the proviso of Clause 20.10 (*Other Covenants*) as mentioned in SHA, any change in terms and conditions of, or the consideration payable/receivable under, any agreement or arrangement with any Related Party whether existing as on the date hereof or entered into anytime hereinafter; or (ii) execution of any new agreement or entering into any arrangement with any Related Party including but not limited to any agreement/arrangement to acquire from, or sell to, any Related Party, any assets, businesses, Equity Securities or to avail from or render services to such Related Party, in each case, where the amount involved individually or cumulatively as a part of series of transaction is more than the amount agreed by the Investor, the Company and Promoter 1 prior to the Effective Date in accordance with the SSA.
4. Save and except as set out in the proviso of Clause 20.10 (*Other Covenants*) as mentioned in the SHA and other than in the Ordinary Course of Business, entering into any material contract, arrangement or commitments or any new partnership arrangements; or material amendment or modification or termination of any existing material contracts, arrangements or other commitments or any existing partnership arrangements.

“Material” for the purposes of this Paragraph 4 means any contract, arrangement, commitment or partnership agreement where the amount involved individually or cumulatively as a part of series of transaction is more than such sum as mentioned in the SHA.

It is hereby clarified that any action, event / /or decision which is a Reserved Matter under any other provision of this SCHEDULE 1, shall notwithstanding anything contained in this Paragraph 4 of this SCHEDULE 1, shall continue to be a Reserved Matter under that provision, and any action or decision on such matter shall be subject to compliance with Article 7. It is further clarified that any action, event or decision which is an Investor Reserved Matter and which may also be a Board Reserved Matter under this Paragraph 4 shall be deemed to be an Investor Reserved Matter.

5. Appointment or removal of internal auditor of the Company.

6. Appointment and removal of statutory auditor unless the auditor being appointed or removed is a Big Four; any material change to any accounting policies currently adopted, unless such changes are required under Applicable Law, the Accounting Standards or recommended by statutory auditors of the Company.
7. Settlement or compromise of any litigation, suit, claim, dispute, arbitration, mediation or any other proceedings that are non- statutory in nature (that is excluding any regulatory or tax investigations or any other proceedings initiated by or against Governmental Authorities) where the claim amount involved (excluding legal costs and expenses):
 - i. for loans and advances extended by the Company to its customers, exceeds such sum as mentioned in the SHA;
 - ii. for other claims (excluding loans and advances by the Company to its customers), exceeds such sum as mentioned in the SHA.
8. The conduct, initiation, settlement or compromise of: (i) any regulatory or any other proceedings initiated by or against any Governmental Authorities that are material in nature and not in the Ordinary Course of Business or of routine nature; (ii) proceedings which could result in a Material Adverse Effect on the Company or may materially affect the Company's ability to conduct its Business as is currently being conducted; and/or (iii) other than appellate proceedings, tax proceedings where the amount (excluding legal costs and expenses but including interest and penalties) involved is more than such sum as mentioned in the SHA.
9. Any action which may result in the D/E Ratio on a consolidated basis going above such ratio as mentioned in the SHA.
10. Any agreement or commitment to give effect to any of the foregoing.

Part B: Investor Reserved Matter

1. Any amendment or restatement of the Constitutional Documents which adversely affects the rights of the Investor or certificate of incorporation of the Company as in effect on the date hereof, or any change of name, legal status or of the Company.
2. Commencement of any new line of business in jurisdictions outside India, or undertaking an expansion of the Business in jurisdictions outside India; and/or any material change to the nature, geographical location, or the scope of the Business as a whole.
3. Unless specifically provided under the Transaction Documents, any change (including any increase or reduction in, or re-organization) of the authorized, issued, subscribed or paid up equity or preference share capital of the Company on a Fully Diluted Basis, including by way of: (i) issuance of Equity Securities or other convertible securities by the Company including rights issue and bonus issue or options , (ii) redemption, conversion, buy-back or repurchase of any Equity Securities, (iii) share-split, consolidation, division, sub-division, reduction or restructuring in any manner of the share capital/Equity Securities of the Company, (iv) grant of any options over or right to subscribe to the Equity Securities of the Company except employee stock options issued under any employee stock option plan approved by the Investor; (v) the options granted to convert debt into equity upon occurrence of an event of default under the financing documents between the Company and lenders other than Scheduled Banks; and/or (vi) any reclassification or creation of new class or series of Equity Securities.
4. Provided however that, the Investor hereby agrees that after the expiry of 5 (five) years from the

Effective Date, it shall not unreasonably withhold its consent for any 'issuance of Equity Securities or other convertible securities including rights issue and bonus issue' under the Paragraph 3 (i) above.

5. Any change in the terms, preferences, privileges or rights of any Equity Securities or other convertible securities of the Company (including the Investor Securities).
6. IPO (including a QIPO) or any other public offering of any Equity Securities or other securities by the Company including the terms of such offering, appointment of lead managers timing, size of the issuance, stock exchange of listing, valuation, underwriters and other intermediaries/advisors; Provided however, the Investor hereby agrees that in respect of all matters with respect to an IPO (including a QIPO) (other than the pricing and the valuation), it shall not unreasonably withhold its consent.
7. Merger, consolidation, amalgamation, scheme of arrangement, recapitalization, reclassification, or any other re-organization of the Company, other than as part of the restructuring undertaken in accordance with the Transaction Documents.
8. Presenting of any scheme or petition for winding up or liquidation of the Company (including making any filing for voluntary liquidation or for voluntary initiation of the corporate insolvency resolution process under the Insolvency and Bankruptcy Code, 2016), or entering into a compromise or settlement with any of the financial or operational creditors of the Company resulting into a haircut of such sum as mentioned in the SHA; for the avoidance of doubt any settlement or compromise with operational creditors to whom monies have not been paid or underpaid on account of deficiency in service and/or non-performance of contractual obligations in the opinion of the Company shall not be a Reserved Matter under this Paragraph 8.
9. Declaration or payment of dividends or other non-cash distribution on any class of Equity Securities of the Company, provided that in case of cash dividends only if the ratio is less than such percentage of profit after tax as mentioned in the SHA or more than such percentage of profit after tax as mentioned in the SHA.
10. Creation or adoption of any new equity option plan or an incentive compensation plan or an amendment of such an existing plan, involving as aggregate option pool exceeding such percentage of Share Capital on a Fully Diluted Basis, as mentioned in the SHA.
11. Any agreement or commitment to give effect to any of the foregoing.

Limited Review Report

Review Report to
The Board of Directors
ECL Finance Limited

1. We have reviewed the accompanying interim condensed standalone Ind AS financial statements of ECL Finance Limited (the "Company"), which comprise the interim condensed standalone balance sheet as at June 30, 2019, and the related interim condensed standalone Statement of Profit and Loss, interim condensed standalone Statement of Comprehensive Income, interim condensed standalone Statement of Cash Flows and interim condensed standalone Statement of Changes in Equity for the period ended June 30, 2019, and a summary of select explanatory notes (together hereinafter referred to as the "Interim Condensed Standalone Ind AS Financial Statement"). As more fully described in Note 2, the Interim Condensed Standalone Ind AS Financial Statement have been prepared by the Company to include in offer document for the purpose of NCD issue.
2. The preparation and presentation of these Interim Condensed Standalone Financial Statements in accordance with the principles laid down in Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting" specified under Section 133 of the Companies Act, 2013, as amended, read with the relevant rules issued thereunder and other accounting principles generally accepted in India, is the responsibility of the Company's management and have been approved by the Board of Directors of the Company. Our responsibility is to issue a report on the Interim Condensed Standalone Ind AS Financial Statement based on our review.
3. We conducted our review of the Interim Condensed Consolidated Financial Statements in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the interim financial information is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the Interim Condensed Standalone Financial Statements are not prepared and presented, in all material respects, in accordance with the Ind AS 34 specified under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India.
5. The comparative financial information for the corresponding three months ended June 30, 2018 included in these Interim Condensed Standalone Ind AS Financial Statements of the Company are based on management certified accounts of the Company and have not been subjected to any review by us.
6. This report on the Interim Condensed Standalone Ind AS Financial Statement has been issued solely for the information and use of the management of the entity in connection with inclusion of

Condensed Standalone Ind AS Financial Statement in offer documents for the purpose of NCD issue and should not be used or referred to for any other purpose, or distributed to any other person, without our prior written consent.

1. Corporate information:

ECL Finance Limited ('the Company') a public limited company domiciled and incorporated under the provisions of the Companies Act applicable in India is subsidiary of Edelweiss Financial services Limited. The Company was incorporated on July 18, 2005 and is registered with the Reserve Bank of India ('RBI') as a Systemically Important Non-Deposit taking Non-Banking Financial Company (NBFC-ND-SI).

The Company's Primary business is advancing Loans and financing. The Company focuses on Credit business, a mix of diversified and scalable verticals like retail credit, corporate credit and distressed credit. It offers home finance, retail construction finance, loan against property, SME finance Agri & Rural finance and Loan against securities under retail credit and structured collateralised credits to corporates, Real estate finance to developers under corporate credit.

2. Basis of preparation:

These standalone financial statements comprise the Balance Sheet as at June 30, 2019, the standalone Statement of Profit and Loss, the standalone Statement of Cash Flows and the standalone Statement of changes in Equity for the period ended June 30, 2019 and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "Interim Condensed Standalone Financial Statements").

These Interim Condensed Standalone Financial Statements have been prepared in accordance with principles of Ind AS 34 "Interim Financial Reporting" solely for inclusion in the offer document, prepared by the Company in connection with its proposed Public issue of Non-Convertible Debentures (NCD). However, all disclosures required under Ind AS and relevant regulatory requirements have not been furnished in these Interim Condensed Standalone Financial Statements. Only a complete set of financial statements with all disclosure can provide a fair presentation of a Company's state of affairs (financial position), profit (financial performance including other comprehensive income), cash flows and the changes in equity.

These financial statements have been prepared on a historical cost basis, except for certain financial instruments such as, derivative financial instruments, and other financial instruments held for trading, which have been measured at fair value. The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest million, except when otherwise indicated.

The Company has followed the same accounting policies in preparation of the Interim Condensed Standalone Financial Statements as those followed in preparation of the annual standalone financial statements as at and for the year ended 31 March 2019 except in case of lease due to adoption of Ind AS 116. Refer note 4 for accounting policy on Lease. These condensed standalone interim financial statements should be read in conjunction with the audited standalone financial statements and the related notes for the year ended 31 March 2019.

3. Presentation of financial statements:

The Company presents its balance sheet in order of liquidity in compliance with the Division III of the Schedule III to the Companies Act, 2013.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and or its counterparties

Notes to Condensed Standalone financial statement for the quarter ended June 30, 2019

Derivative assets and liabilities with master netting arrangements (e.g. ISDAs) are only presented net when they satisfy the eligibility of netting for all of the above criteria and not just in the event of default.

4. Change in Lease Accounting Policy

The Company has applied Ind AS 116 using the modified retrospective approach and therefore comparative information has not been restated. This means comparative information is still reported under Ind AS 17.

Company as a lessee:

For any new contracts entered into on or after 1 April 2019, the Company considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'. To apply this definition the Group assesses whether the contract is or contains lease

Measurement and recognition:

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist. At the commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero

Short term lease

The Company has elected not to recognise right of use asset and lease liabilities for short term leases of property that has lease term of 12 months or less. The Company recognises lease payment associated with these leases as an expenses on a straight line basis over lease term.

Under Ind AS 17: In the comparative period, as a lessee the Company classified leases that transfer substantially all the risk and reward of ownership as finance leases. Assets held under other leases are classified as operating lease and were not recognised in Company Balance sheet. Payment made under operating lease were recognised in profit and loss on a straight line basis over the term of lease.

Company as lessor:

The Company's accounting policy under Ind AS 116 has not changed from the comparative period. As a lessor the Company classifies its leases as either operating or finance leases. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of the underlying asset, and classified as an operating lease if it does not.

Basic and diluted earnings per share (in rupees) (A/B)	0.31	0.47

The basic and diluted earnings per share are the same as there are no dilutive/ potential equity shares issued or outstanding as at the year end.

6. Contingent Liability & Commitment:

In the ordinary course of business, the Company faces claims and assertions by various parties. The Company assesses such claims and assertions and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary. The Company records a liability for any claims where a potential loss is probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Company provides disclosure in the financial statements but does not record a liability in its accounts unless the loss becomes probable.

The Company believes that the outcome of these proceedings will not have a materially adverse effect on the Company's financial position and results of operations.

Contingent Liability

	For the quarter ended June 30, 2019	For the year ended March 31, 2019
Taxation matters of assessment year 2013-14, assessment year 2014-15 and assessment year 2015-16 in respect of which appeal is pending	181.99	Nil
Litigation pending against the Company	657.51	657.51

To meet the financial needs of customers, the Company enters into various irrevocable commitments, which primarily consist of undrawn commitment to lend.

The Company has received demand notices from tax authorities on account of disallowance of expenditure for earning exempt income under Section 14A of Income Tax Act 1961 read with Rule 8D of the Income Tax Rules, 1962. The company has filed appeal/s and is defending its position. Based on the favourable outcome in Appellate proceedings in the past and as advised by the tax advisors, company is reasonably certain about sustaining its position in the pending cases, hence the possibility of outflow of resources embodying economic benefits on this ground is remote”

8. Segment Reporting

Primary Segment (Business segment)

The Company's business is organised and management reviews the performance based on the business segments as mentioned below:

Segment	Activities covered
Capital based business	Income from treasury operations, income from investments and dividend income
Financing business	Wholesale and retail financing

Income for each segment has been specifically identified. Expenditure, assets and liabilities are either specifically identified with individual segments or have been allocated to segments on a systematic basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared.

Secondary Segment

Since the business operations of the Company are primarily concentrated in India, the Company is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

10. Fair Value measurement:

A. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques:

Level 1 – valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that company can access at the measurement date.

Level 2 – valuation technique using observable inputs: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 – valuation technique with significant unobservable inputs: Those that include one or more unobservable input that is significant to the measurement as whole.

B. Valuation governance framework

The Company's fair value methodology and the governance over its models includes a number of controls and other procedures to ensure appropriate safeguards are in place to ensure its quality and adequacy. All new product initiatives (including their valuation methodologies) are subject to approvals by various functions of the Company including the risk and finance functions.

Where fair values are determined by reference to externally quoted prices or observable pricing inputs to models, independent price determination or validation is used. For inactive markets, Company sources alternative market information, with greater weight given to information that is considered to be more relevant and reliable.

The responsibility of ongoing measurement resides with the business and product line divisions. However finance department is also responsible for establishing procedures governing valuation and ensuring fair values are in compliance with accounting standards.

D. Valuation techniques:

Government debt securities:

Government debt securities are financial instruments issued by sovereign governments and include both long term bonds and short-term Treasury bills with fixed or floating rate interest payments. These instruments are generally highly liquid and traded in active markets resulting in a Level 1 classification.

Debt securities:

Whilst most of these instruments are standard fixed rate securities, however nifty linked debentures have embedded derivative characteristics. Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. Group has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded Group has used CRISIL Corporate Bond Valuer model for measuring fair value.

Security receipts

The market for these securities is not active. Therefore, the Company uses valuation techniques to measure their fair values. Since the security receipts are less liquid instruments therefore they are valued by discounted cash flow models. Expected cash flow levels are estimated by using quantitative and qualitative measures regarding the characteristics of the underlying assets including prepayment rates, default rates and other economic drivers. Securities receipts with significant unobservable valuation inputs are classified as Level 3

Equity instruments and units of mutual fund:

The majority of equity instruments are actively traded on stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are also classified as Level 1. Equity instruments in non-listed entities are initially recognised at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. Unlisted equity securities are classified at Level 3.

Units of AIF Fund

Units held in AIF funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are classified as Level 3

ECL Finance Limited

(Currency: Indian rupees in million)

10. Fair Value measurement:

Interest rate swaps:

Under Interest rate swap contract, the Company agrees to exchange the difference between fixed and floating rate interest amount calculated on agreed notional principal. Such contracts enable the Company to mitigate the risk of changing interest rate. The fair value of interest rate swap is determined by discounting the future cash flows using the curves at the end of reporting period and the credit risk inherent in the contract. Company classifies the Interest rate swaps as level 2 instruments.

Embedded derivative:

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative.

Company uses valuation models which calculate the present value of expected future cash flows, based upon 'no arbitrage' principles. Inputs to valuation models are determined from observable market (Indices) data wherever possible, including prices available from exchanges, dealers, brokers. Company classifies these embedded derivatives as level 2 instruments.

Exchange traded derivatives:

Exchange traded derivatives include index/stock options, index/stock futures, company uses exchange traded prices to value these derivatives and classifies these instruments as level 1.

E. There have been no transfers between levels during the quarter ended June 30, 2019 and year ended March 31, 2019.

F. Pursuant to management's plan to sell certain loans in near future, during the quarter, the Company has classified these loans amounting to Rs. 9,273.66 millions from amortised cost to fair value through profit or loss ('FVTPL').

H. Impact on fair value of level 3 financial instrument of changes to key unobservable inputs

The below table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Company's Level 3 Instruments i.e. Securities receipts and Units of AIF Fund. The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation. Relationships between unobservable inputs have not been incorporated in this summary.

Type of Financial Instruments	Fair value of asset as on 30 June 2019	Valuation techniques	Significant unobservable input	Range of estimates for unobservable input	Increase in the unobservable input	Change in fair value	Decrease in the unobservable input	Change in fair value

10. Fair Value measurement:

J. Valuation Methodologies of Financial Instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in notes.

Short Term Financial Assets and Liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts are a reasonable approximation of their fair value. Such instruments include: Trade receivables, balances other than cash and cash equivalents, trade payables and contract liability without a specific maturity. Such amounts have been classified as Level 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Financial assets at amortised cost

The fair values financial assets measured at amortised cost are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

Issued Debt

The fair value of issued debt is estimated by a discounted cash flow model.

Off balance-sheet

Estimated fair values of off-balance sheet positions in form of undrawn commitment are estimated using a discounted cash flow model based on contractual committed cash flows, using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

To the Members of ECL Finance Limited

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of ECL Finance Limited (hereinafter referred to as "the Holding Company"), and its trusts (the Holding Company and its trusts together referred to as "the Group"), comprising of the consolidated Balance sheet as at March 31 2019, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Impairment of receivables from financing business	<i>(as described in note 15 of the consolidated Ind AS financial statements)</i>

Key audit matters	How our audit addressed the key audit matter
<p>The Group's impairment provision for receivables from financing business is based on the expected credit loss approach laid down under Ind AS 109. Under this approach, the management has been required to exercise significant judgement in areas such as;</p> <ul style="list-style-type: none"> • calculation of past default rates • assigning rating grades to loans for which external rating is not available • calibrating external ratings-linked probability of default to align with past default rates • applying macro-economic factors to arrive at forward looking probability of default • significant assumptions regarding the probability of various scenarios and discounting rates for different loan products <p>In view of the high degree of estimation involved in the process of calculating impairment provision and considering its significance to the overall financial statements, whereby any error or omission in estimation may give rise to a material misstatement of the consolidated Ind AS financial statements, it is considered as a key audit matter.</p>	<ul style="list-style-type: none"> • Our audit procedures included considering the appropriateness of the Group's accounting policies for impairment of financial assets and assessing compliance with Ind AS 109. • We performed test of controls on classification of receivables into various stages through inspection of evidence and re-performance of those controls. • We performed tests of details, on a sample basis and inspected the repayment schedule from the underlying borrower agreements and collections made on the due dates which formed the basis of the staging of loans. • We assessed <ul style="list-style-type: none"> • the Group's expected credit loss provisioning methodology • the models used in determining the impairment provision • the appropriateness of the historical data and the external rating considered for calculating the default and loss given default rates • the key assumptions especially in respect of the macro-economic factors and discounting rates • We tested the arithmetical accuracy of the models. • Performed analytical procedures by determining various ratios or percentage based measures to review overall reasonableness of the estimate determined by the management. • We reviewed the relevant disclosures made in the consolidated Ind AS financial statements in accordance with the requirements of Ind AS 109 and Ind AS 107.
<p>Transition to IND AS accounting framework <i>(as described in note 53 of the consolidated Ind AS financial statements)</i></p>	
<p>The consolidated IND AS financial statements are the first financial statements the Group has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2018, the Group prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP). Accordingly, for transition to Ind AS, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2019, together with the comparative period data as at and for the year ended 31 March 2018. In</p>	<p>Our audit procedures included considering the appropriateness of the processes laid down by the management to implement such transition combined with procedures performed as follows:</p> <ul style="list-style-type: none"> • We reviewed the nature of the Ind AS adjustments based on the applicable Ind AS and previous period accounting policies prepared in accordance with IGAAP. • We reviewed the first-time adoption exemptions availed by the Company as per 'Ind AS 101 First-Time Adoption of Indian Accounting Standards'. • Performed test of details by inspection of contracts, documents and policies to assess the appropriateness of the Ind AS adjustments

Key audit matters	How our audit addressed the key audit matter
<p>preparing these financial statements, the Group's opening balance sheet was prepared as at 1 April 2017, the Group's date of transition to Ind AS.</p> <p>The transition has involved significant change in the Group's policies and processes for financial reporting, including generation of supportable information and applying estimates to inter alia determine impact of Ind AS on accounting.</p> <p>In view of the material impact and the complexity of implementation of the Ind AS framework, the transition to Ind AS was of particular importance for our audit as any error could lead to material misstatement in the preparation and presentation of the consolidated Ind AS financial statements.</p>	<ul style="list-style-type: none"> • We tested the arithmetical accuracy of the Ind AS adjustments • We reviewed the disclosures with respect to the transition in accordance with the requirements of Ind AS 101.
IT systems	
<p>The reliability and security of IT systems play a key role in the financial reporting process of the Group. The Group's key financial accounting and reporting processes are highly automated, whereby any gaps in the IT control environment could result in a material misstatement of the financial accounting and reporting records .</p> <p>Therefore, the assessment of the general IT controls and the application controls specific to the accounting and preparation of financial information is considered to be a key audit matter.</p>	<p>Our audit procedures assisted by our IT specialists, included:</p> <p>General IT controls: We tested the governance and other higher controls operating over the IT environment of the Group, including system access and system change management. We considered the appropriateness of the access rights granted to applications relevant to financial accounting and reporting systems and the operating effectiveness of controls over granting, removal and appropriateness of access rights.</p> <p>Application controls: We tested the design and operating effectiveness of automated controls critical to financial accounting and reporting. For any identified deficiencies, tested the design and operating effectiveness of compensating controls and, where necessary, extended the scope of our substantive audit procedures.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the consolidated Ind AS financial statements and our auditor's report thereon. Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The Board of Directors are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the Board of Directors of the Holding Company are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors of the Holding Company are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the Ind AS adjustment in respect of one associate, whose share of net loss of Rs. 12.08 million for the period April 1, 2017 to August 22, 2017 as considered in these consolidated Ind AS financial statements. These Ind AS financial statement and other financial information have been certified by the management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of an associate and our report in terms of sub—sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate is based solely on the management certified financial statement and other financial information.

The comparative consolidated financial information of the Group for the year ended March 31, 2018 and the transition date opening balance sheet as at April 01, 2017 included in this consolidated Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with accounting principles generally accepted in India including the Accounting Standard specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, audited by the predecessor auditors whose report for the year ended March 31, 2018 and March 31,2017 dated May 2,2018 and May 16, 2017 respectively expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Group on transition to the Ind AS, which have been audited by us for the purpose of consolidation.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and, as noted in the “other matter” paragraph we report, to the extent applicable, that:

- (a) We have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated Incl AS financial statements;
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31,2019 taken on record by the Board of Directors of the Holding Company none of the directors of the Holding Company is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements of the Holding Company, refer to our separate Report in "Annexure 1" to this report;

- (g) In our opinion, the managerial remuneration for the year ended March 31, 2019 has been paid / provided by the Holding Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion, as noted in the 'Other matter' paragraph:
- i. The consolidated Ind AS financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, in its consolidated Ind AS financial statements (Refer Note 44 to the consolidated Ind AS financial statements);
 - ii. Provision has been made in the consolidated Ind AS financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long—term contracts including derivative contracts (Refer Note 44.A to the consolidated Ind AS financial statements in respect of such items as it relates to the Group)
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company during the year ended March 31,2019.

Annexure 1 to the Independent Auditor's Report of even date on the Consolidated Ind AS financial statements of ECL Finance Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of ECL Finance Limited

In conjunction with our audit of the consolidated Ind AS financial statements of ECL Finance Limited ("the Company") as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of ECL Finance Limited (hereinafter referred to as the "Holding Company"), as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to explanations given to us, the Holding Company has, maintained in all material respects, adequate internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements and such internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting includes only the Company. The trusts forming part of the Consolidated Ind AS Financial Statements are not companies as defined as per the Act and accordingly reporting on the adequacy and operating effectiveness of the internal controls is not applicable to these trusts.

Notes to the Consolidated financial statement for the year ended March 31, 2019

1. Corporate information:

ECL Finance Limited ('the Company') a public limited company domiciled and incorporated under the provisions of the Companies Act applicable in India is subsidiary of Edelweiss Financial services Limited. The Company was incorporated on July 18, 2005 and is registered with the Reserve Bank of India ('RBI') as a Systemically Important Non-Deposit taking Non-Banking Financial Company (NBFC-ND-SI).

The Company's Primary business is advancing Loans and financing. The Company focuses on Credit business, a mix of diversified and scalable verticals like retail credit, corporate credit and distressed credit. It offers home finance, retail construction finance, loan against property, SME finance Agri & Rural finance and Loan against securities under retail credit and structured collateralised credits to corporates, Real estate finance to developers under corporate credit

The consolidated financial statements for the year ended 31 March 2019 were authorised for issue in accordance with a resolution of the directors on August 13, 2019.

2. Basis of preparation of consolidated financial statements:

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended 31 March 2018, the Group prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP). These financial statements for the year ended 31st March 2019 are the first financial statements of the Group prepared under Ind AS. Refer to note 53 for information on how the Group has adopted Ind AS.

These consolidated financial statements have been prepared on a historical cost basis, except for certain financial instruments such as, derivative financial instruments, and other financial instruments held for trading, which have been measured at fair value. The consolidated financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest million, except when otherwise indicated.

3. Presentation of consolidated financial statements:

The Group presents its balance sheet in order of liquidity in compliance with the Division III of the Schedule III to the Companies Act, 2013. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in "Note 48-Maturity Analysis of assets and liabilities".

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and or its counterparties

Derivative assets and liabilities with master netting arrangements The International Swaps and Derivatives Association (ISDA) are only presented net when they satisfy the eligibility of netting for all of the above criteria and not just in the event of default.

4. Basis of consolidation:

The Consolidated financial statements relate to ECL Finance Limited (the 'Company') and entities (including structured entities) controlled by the Company (together 'the Group'). The Company consolidates a Trust when it controls it. Control exists when the Company has power over the trust, is exposed, or has rights, to variable returns from its involvement with the trust and has the ability to affect those returns by using its power over the trust. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the trust's returns.

The Group re-assesses whether or not it controls a trust, if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. Consolidation of a trust begins when the Group obtains control over the trust and ceases when the Group loses control of the trust. Assets, liabilities, income and expenses of a trust acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the trust.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March.

Consolidation procedure:

- a.** Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its trusts. For this purpose, income and expenses of the trusts are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b.** Offset (eliminate) the carrying amount of the parent's investment in each trust and the parent's portion of corpus of each trust.
- c.** Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, are eliminated in full). Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Investment in Associate:

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decision of the investee, but it's not control or joint control over those policies, Investment in Associate are accounted for using equity method of accounting, after initially being recognised at cost.

Under equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income.

5. Significant accounting policies

5.1 Recognition of interest income and dividend income

5.1.1 Effective interest rate (EIR):

Under Ind AS 109 interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash flows through the expected life of the financial instrument or, when appropriate a shorter period to the gross carrying amount of financial instrument.

The EIR is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Group recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the financial asset. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle including prepayments penalty interest and charges.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income.

5.1.2 Interest income:

The Group calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Group calculates interest income by applying the EIR to the amortised cost (net of expected credit loss) of the financial asset. If the financial assets cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

Interest income on all securities held for trading, required to be measured at FVTPL is recognised using the contractual interest rate under Interest income.

5.1.3 Dividend income:

The Group recognised Dividend income when the Group's right to receive the payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

5.2 Financial instruments:

5.2.1 Date of recognition:

Financial Assets and liabilities with exception of loans and borrowings are initially recognised on the trade date, i.e. the date the Group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customers' account. The Group recognises borrowings when funds are available for utilisation to the Group.

5.2.2 Initial measurement of financial instruments:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities,

Notes to the Consolidated financial statement for the year ended March 31, 2019

as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

5.2.3 Day 1 profit and loss:

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Group recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

5.2.4 Classification & measurement categories of financial assets and liabilities:

The Group classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in carrying value of financial assets is recognised in profit and loss account.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in fair value of financial assets is recognised in Other Comprehensive Income.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL. The Group measures all financial assets classified as FVTPL at fair value at each reporting date. The changes in fair value of financial assets is recognised in Profit and loss account.

5.3 Financial assets and liabilities:

5.3.1 Amortized cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using

Notes to the Consolidated financial statement for the year ended March 31, 2019

the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

5.3.2 Financial assets held for trading:

The Group classifies financial assets as held for trading when they have been purchased primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there evidence of a recent pattern of short-term profit is taking. Held-for-trading assets are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

5.3.3 Investment in equity instruments:

The Group subsequently measures all equity investments at fair value through profit or loss, unless the management has elected to classify irrevocably some of its strategic equity investments to be measured at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis. Amounts recognised in other comprehensive income are not subsequently recycled to profit or loss.

5.3.4 Financial liabilities:

All financial liabilities are measured at amortised cost except loan commitments, financial guarantees, and derivative financial liabilities.

5.3.5 Derivative financial instruments:

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate, market risk and foreign exchange rate risks.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss.

5.3.6 Debt securities and other borrowed funds:

The Group measures debt issued and other borrowed funds at Amorisred cost at each reporting date. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

The Group issues certain non-convertible debentures, the return of which is linked to performance of specified indices over the period of the debenture. Such debentures have a component of an embedded derivative which is fair valued at a reporting date. The resultant 'net unrealised loss or gain' on the fair valuation of these embedded derivatives is recognised in the statement of profit and loss. The debt component of such debentures is measured at amortised cost using yield to maturity basis.

5.3.7 Financial assets and financial liabilities at fair value through profit or loss:

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis.

Notes to the Consolidated financial statement for the year ended March 31, 2019

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; Or
- The liabilities are part of a group of financial liabilities, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy; Or
- The liabilities containing one or more embedded derivatives, unless they do not significantly modify the cash flows that would otherwise be required by the contract, or it is clear with little or no analysis when a similar instrument is first considered that separation of the embedded derivative(s) is prohibited.

Financial assets and financial liabilities at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in profit and loss with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Group's own credit risk. Such changes in fair value are recorded in the Own credit reserve through OCI and do not get recycled to the profit or loss. Interest earned or incurred on instruments designated at FVTPL is accrued in interest income or finance cost, respectively, using the EIR, taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument. Interest earned on assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

5.3.8 Financial guarantee:

Financial guarantees are contract that requires the Group to make specified payments to reimburse to holder for loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument.

Financial guarantee issued or commitments to provide a loan at below market interest rate are initially measured at fair value and the initial fair value is amortised over the life of the guarantee or the commitment. Subsequently they are measured at higher of this amortised amount and the amount of loss allowance.

5.3.9 Loan commitments:

Undrawn loan commitments are commitments under which, the Group is required to provide a loan with pre-specified terms to the customer over the duration of the commitment. Undrawn loan commitments are in the scope of the ECL requirements.

5.3.10 Financial liabilities and equity instruments

Financial instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

5.4 Reclassification of financial assets and liabilities

The Group does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line. The Group didn't reclassify any of its financial assets or liabilities in current period and previous period.

5.5 Derecognition of financial Instruments:

5.5.1 Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or a part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if, and only if, either

- The Group has transferred the rights to receive cash flows from the financial asset or
- It retains the contractual rights to receive the cash flows of the financial asset, but assumed a contractual obligation to pay the cash flows in full without material delay to third party under pass through arrangement.

Pass-through arrangements are transactions whereby the Group retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following conditions are met:

- The Group has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates.
- The Group cannot sell or pledge the original asset other than as security to the eventual recipients.

The Group has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Group is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Group has transferred substantially all the risks and rewards of the asset; or
- The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

The Group also derecognises a financial asset, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new financial asset, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised financial assets are classified as Stage 1 for ECL measurement purposes, unless the new financial asset is deemed to be POCI.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

5.5.2 Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the

Notes to the Consolidated financial statement for the year ended March 31, 2019

same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid, including modified contractual cash flow recognised as new financial liability, is recognised statement of profit and loss.

5.6 Impairment of financial assets:

The Group records provisions based on expected credit loss model (“ECL”) on all loans, other debt financial assets measured at amortised cost together with undrawn loan commitment and financial guarantee contracts, in this section all referred to as “Financial instrument”. Equity instruments are not subject to impairment.

ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original effective interest rate. Because ECL consider the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due.

Simplified approach

The Group follows ‘simplified approach’ for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables. However, if receivables contain a significant financing component, the Group chooses as its accounting policy to measure the loss allowance by applying general approach to measure ECL.

General approach

For all other financial instruments, the Group recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of an evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default (PD), loss given default (LGD) (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default (EAD), for financial assets, this is represented by the assets’ gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Group’s understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

Group categories its financial assets as follows:

Notes to the Consolidated financial statement for the year ended March 31, 2019

Stage 1 assets:

Stage 1 assets includes financial instruments that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date. For these assets, 12-month ECL (resulting from default events possible within 12 months from reporting date) are recognised.

Stage 2 assets:

Stage 2 Assets includes financial instruments that have had a significant increase in credit risk since initial recognition For these assets lifetime ECL (resulting from default events possible within 12 months from reporting date) are recognised.

Stage 3 assets:

Stage 3 for Assets considered credit-impaired the Group recognises the lifetime ECL for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

The ongoing assessment of whether a significant increase in credit risk has occurred for working capital facilities is similar to other lending products. The interest rate used to discount the ECLs for working capital facilities is based on the average effective interest rate that is expected to be charged over the expected period of exposure to the facilities.

Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

The expected credit losses on the loan commitment have been recognised together with the loss allowance for the financial asset.

The Group's product offering includes a working capital facilities with a right to Group to cancel and/or reduce the facilities with one day's notice. The Group does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the Group's expectations of the customer behaviour, its likelihood of default and the Group's future risk mitigation procedures, which could include reducing or cancelling the facilities.

5.7 Collateral valuation:

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit /guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. Collateral, unless repossessed, is not recorded on the Group's balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a quarterly basis. However, some collateral, for example, securities relating to margin requirements, is valued daily.

To the extent possible, the Group uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market value are valued using models. Non-financial collateral, such as real estate, is valued based on data provided by third parties such as mortgage brokers, or based on housing price indices.

5.8 Collateral repossessed:

The Group's policy is to determine whether a repossessed asset can be best used for its internal operations or should be sold. Assets determined to be useful for the internal operations are transferred to their relevant asset category at the lower of their repossessed value or the carrying value of the original secured asset. Assets for which selling is determined to be a better option are transferred to assets held for sale at their fair value (if financial assets) and fair value less cost to sell for non-financial assets at the repossession date in, line with the Group's policy.

In its normal course of business, the Group does not physically repossess properties or other assets in its retail portfolio, but engages external agents to recover funds, generally at auction, to settle outstanding

Notes to the Consolidated financial statement for the year ended March 31, 2019

debt. Any surplus funds are returned to the customers/obligors. As a result of this practice, the residential properties under legal repossession processes are not recorded on the balance sheet.

5.9 Write-offs:

Financial assets are written off either partially or in their entirety only when the Group has no reasonable expectation of recovery.

5.10 Forborne and modified loan:

The Group sometimes makes concessions or modifications to the original terms of loans as a response to the borrower's financial difficulties, rather than taking possession or to otherwise enforce collection of collateral. The Group considers a loan forborne when such concessions or modifications are provided as a result of the borrower's present or expected financial difficulties and the Group would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms. It is the Group's policy to monitor forborne loans to help ensure that future payments continue to be likely to occur. Derecognition decisions and classification between Stage 2 and Stage 3 are determined on a case-by-case basis. If these procedures identify a loss in relation to a loan, it is disclosed and managed as an impaired Stage 3 forborne asset, until it is collected or written off.

5.11 Determination of fair value:

The Group measures financial instruments, such as, derivatives at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either;

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments:

Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments:

Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Notes to the Consolidated financial statement for the year ended March 31, 2019

Level 3 financial instruments:

Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Group periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Group applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Group evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

5.12 Operating leases:

The determination of whether an arrangement is lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset. Lease that do not transfer to the Group substantially all the risks and benefits incidental to ownership of the lease items are operating leases

Lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the increase is in line with expected general inflation, in which case lease payments are recognised based on contractual terms. Contingent rental payable is recognised as an expense in the period in which they it is incurred.

5.13 Earnings per share:

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

5.14 Foreign currency transaction:

The Consolidated Financial Statements are presented in Indian Rupees which is also functional currency of the Company. Transactions in currencies other than Indian Rupees (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

5.15 Retirement and other employee benefit:

5.15.1 Provident fund and national pension scheme:

The Group contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

5.15.2 Gratuity:

The Group's gratuity scheme is a defined benefit plan. The Group's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method.

Re-measurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurement are not reclassified to profit or loss in subsequent periods.

5.15.3 Compensated absences:

The eligible employees of the Group are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Group recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

5.15.4 Deferred bonus:

The Group has adopted a Deferred Bonus Plan under its Deferred Variable Compensation Plan. A pool of identified senior employees of the Group is entitled for benefits under this plan. Such deferred compensation will be paid in a phased manner over a future period of time. The measurement for the same has been based on actuarial assumptions and principles.

5.15.5 Share-based payment arrangements:

Equity-settled share-based payments to employees and others providing similar services that are granted by the ultimate parent company are measured by reference to the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

5.16 Property, plant and equipment:

Property plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are

Notes to the Consolidated financial statement for the year ended March 31, 2019

accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided upto the date of disposal.

As per the requirement of Schedule II of the Companies Act, 2013, the Group has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Nature of assets	Estimated useful lives
Building (other than Factory Building)	60 years
Plant and Equipment	15 years
Furniture and fixtures	10 years
Vehicles	8 years
Office Equipment	5 years
Computers - Servers and networks	6 years
Computers - End user devices, such as desktops, laptops, etc.	3 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

5.17 Intangible assets:

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life. For transition to Ind AS, the Group has elected to continue with the carrying value of all of its intangible assets recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Notes to the Consolidated financial statement for the year ended March 31, 2019

5.18 Impairment of non-financial assets:

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment is reversed subject to a maximum carrying value of the asset before impairment.

5.19 Provisions and other contingent liabilities:

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Claims against the Group, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

5.20 Income tax expenses:

Income tax expense represents the sum of the tax currently payable and deferred tax.

5.20.1 Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

5.20.2 Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Notes to the Consolidated financial statement for the year ended March 31, 2019

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

5.20.3 Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

5.21 Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

6. Significant accounting judgements, estimates and assumptions :

In the application of the Group's accounting policies, which are described in note 5, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies:

The following are the critical judgements, apart from those involving estimations, that the management has made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

6.1 Business model assessment :

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Group determines the business model at a level that reflects how Group's of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the quantum, the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

6.2 Significant increase in credit risk:

As explained in note 52.D.1, ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. In assessing whether the credit risk of an asset has significantly increased the Group takes into account qualitative and quantitative reasonable and supportable forward-looking information.

Key sources of estimation uncertainty:

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

6.3 Fair value of financial instruments:

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

6.4 Effective Interest Rate (EIR) Method:

The Group's EIR methodology, as explained in Note 5.1, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle including prepayments and penalty interest and charges.

This estimation, by nature requires an element of judgement regarding the expected behaviour and life cycle of the instrument, as well expected changes India's base rate and other fee income, expenses that are integral part of the instrument

6.5 Impairment of Financial assets:

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Group's ECL calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- PD calculation includes historical data, assumptions and expectations of future conditions.
- The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss and the qualitative assessment

Notes to the Consolidated financial statement for the year ended March 31, 2019

- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EAD and LGD
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It is Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

Refer note 52.D.1 for detailed information on Group's Expected credit loss Calculation.

6.6 Impairment of Non-Financial assets:

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exist, the Group estimates the asset's recoverable amount. An asset's recoverable amount is higher of an asset's fair value less cost of disposal and its value in use. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

6.7 Provisions and contingent liabilities:

The Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of its business.

When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

6.8 Provisions for Income Taxes:

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectation of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

7. Standards issued but not yet effective :

Ind AS 116 Leases:

Ind AS 116 Leases replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. As the Group does not have

Notes to the Consolidated financial statement for the year ended March 31, 2019

any material leases, therefore the adoption of this standard is not likely to have a material impact in its Financial Statements.

Prepayment Features with Negative Compensation (Amendments to Ind AS 109):

The amendments to Ind AS 109 clarify that for the purpose of assessing whether a prepayment feature meets the SPPI condition, the party exercising the option may pay or receive reasonable compensation for the prepayment irrespective of the reason for prepayment. In other words, prepayment features with negative compensation do not automatically fail SPPI. These amendments are to be applied for annual periods beginning on or after 1 April, 2019.

The application of these amendments is not likely to have a material impact on the Financial Statements.

Annual Improvements to Ind AS (2018):

Ind AS 12 Income taxes:

The amendments clarify that an entity should recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised the transactions that generated the distributable profits. This is the case irrespective of whether different tax rates apply to distributed and undistributed profits. These amendments are to be applied for annual periods beginning on or after 1 April 2019

Plan Amendment, Curtailment or Settlement (Amendments to Ind AS 19):

The amendments clarify that the past service cost (or of the gain or loss on settlement) is calculated by measuring the defined benefit liability (asset) using updated assumptions and comparing benefits offered and plan assets before and after the plan amendment (or curtailment or settlement) but ignoring the effect of the asset ceiling (that may arise when the defined benefit plan is in a surplus position). The change in the effect of the asset ceiling that may result from the plan amendment (or curtailment or settlement) is determined in a second step and is recognised in the normal manner in other comprehensive income.

An entity is also now required to use the updated assumptions from this remeasurement to determine current service cost and net interest for the remainder of the reporting period after the change to the plan. In the case of the net interest, for the period post plan amendment, the net interest is calculated by multiplying the net defined benefit liability (asset) as remeasured under Ind AS 19 with the discount rate used in the remeasurement (also taking into account the effect of contributions and benefit payments on the net defined benefit liability (asset)).

These amendments are to be applied to plan amendments, curtailments or settlements occurring on or after 1 April 2019. The application of these amendments is not likely to have a material impact on the Financial Statements

Uncertainty over Income Tax Treatments (Appendix C of Ind AS 12):

This Appendix sets out how to determine the accounting tax position when there is uncertainty over income tax treatments. The Appendix requires an entity to:

- determine whether uncertain tax positions are assessed separately or as a group; and
- assess whether it is probable that a tax authority will accept an uncertain tax treatment used, or proposed to be used, by an entity in its income tax filings:

If yes, the entity should determine its accounting tax position consistently with the tax treatment used or planned to be used in its income tax filings.

If no, the entity should reflect the effect of uncertainty in determining its accounting tax position.

Notes to the Consolidated financial statement for the year ended March 31, 2019

The Appendix is effective for annual periods beginning on or after 1 April 2019.

*An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. refer Note 5.3.5 for further details.

Hedging activities and derivatives

The Group is exposed to certain risks relating to its ongoing business operations. The primary risks managed using derivative instruments are interest rate risk and equity index risk. The Group's risk management strategy and how it is applied to manage risk are explained in Note 52.

Derivatives designated as hedging instruments

The Group has not designated any derivatives as hedging instruments

b Reconciliation of changes in gross carrying amount and corresponding ECL allowances for loans and advances to corporate and retail customers:

The following disclosure provides stage wise reconciliation of the Group's gross carrying amount and ECL allowances for loans and advances to corporates and retail customers. The transfers of financial assets represents the impact of stage transfers upon the gross carrying amount and associated allowance for ECL. The net remeasurement of ECL arising from stage transfers represents the increase or decrease due to these transfers.

The 'New assets originated /repayments received (net)' represent the gross carrying amount and associated allowance ECL impact from transactions within the Group's lending portfolio.

*POCI loans represents our and third parties economic interest in securities receipts issued by ARC trusts that are now getting consolidated as per Ind AS (however, our share of such loans was included under the head "investment in securities receipts" under Indian GAAP). They are classified as POCI loans as these are already non-performing assets (impaired) at the time of acquisition itself and acquired under haircut. Income and ECL on POCI loans are part of net gain on fair value changes.

40.A Employee Benefits

a) Defined contribution plan - provident funds

In accordance with Employees' Provident Fund and Miscellaneous Provisions Act, 1952, employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan, in which, both the employee and the Group contribute monthly at a determined rate. These contributions are made to a recognized provident fund administered by Regional Provident Fund Commissioner. The employees contribute 12% of their basic salary and the Group contributes an equal amount.

The Group recognised Rs. 83.21 million (March 31, 2018 : Rs 41.85 million) for provident fund and other contributions in the Statement of profit and loss.

The Supreme Court has recently, delivered its ruling on the composition of basic wages for the purposes of deduction and contribution to the Employees Provident and Pension funds. The Group, in the interest of its employees, awaits clarity on the complexities revolving around the application of the said order, the ambiguity reflected by the divergent views of legal experts and the response/direction from the authorities, including on representations made by an industry association in this regard.

b) Defined benefit plan - gratuity

In accordance with the Payment of Gratuity Act, 1972, the Group provides for gratuity, a non-contributory defined benefit arrangement providing lump-sum gratuity benefits expressed in terms of final monthly salary and year of service, covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment in accordance with the rules laid down in the Payment of Gratuity Act, 1972.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2019. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Group's financial statements as at balance sheet date:

Notes:

- a) The discount rate are based on the benchmark yields available on Government Bonds at reporting date.
- b) The estimates of future salary increases takes into account the inflation, seniority, promotion and other relevant factors.
- c) Assumptions regarding future mortality experience are set in accordance with the statistics published by the Life Insurance Corporation of India.

Sensitivity analysis:

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2019		As at March 31, 2018		As at April 01, 2017	
	Increase	Decrease	Increase	Decrease	Increase	Decrease
Salary Growth Rate (+/- 1%)	5.36	(4.93)	3.33	(3.26)	2.37	(2.35)
Discount Rate (+/- 1%)	(4.89)	5.41	(3.22)	3.35	(2.33)	2.40
Withdrawal Rate (+/- 1%)	0.80	(0.78)	0.37	(0.37)	0.44	(0.43)

Note: The sensitivity is performed on the DBO at the respective valuation date by modifying one parameter whilst retaining other parameters constant. There are no changes from the previous year to the methods and assumptions underlying the sensitivity analyses.

44. Contingent Liability & Commitment:

In the ordinary course of business, the Group faces claims and assertions by various parties. The Group assesses such claims and assertions and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary. The Group records a liability for any claims where a potential loss is probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Group provides disclosure in the financial statements but does not record a liability in its accounts unless the loss becomes probable.

The Group believes that the outcome of these proceedings will not have a materially adverse effect on the Group's financial position and results of operations.

Litigation pending against the Group	657.51	111.98

To meet the financial needs of customers, the Group enters into various irrevocable commitments, which primarily consist of undrawn commitment to lend.

The Group has received demand notices from tax authorities on account of disallowance of expenditure for earning exempt income under Section 14A of Income Tax Act 1961 read with Rule 8D of the Income Tax Rules, 1962. The Group has filed appeal/s and is defending its position. Based on the favourable outcome in Appellate proceedings in the past and as advised by the tax advisors, Group is reasonably certain about sustaining its position in the pending cases, hence the possibility of outflow of resources embodying economic benefits on this ground is remote”

45. Segment Reporting

Primary Segment (Business segment)

The Group's business is organised and management reviews the performance based on the business segments as mentioned below:

Segment	Activities covered
Capital based business	Income from treasury operations, income from investments and dividend income
Financing business	Wholesale and retail financing

Income for each segment has been specifically identified. Expenditure, assets and liabilities are either specifically identified with individual segments or have been allocated to segments on a systematic basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared.

Secondary Segment

Since the business operations of the Group are primarily concentrated in India, the Group is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

48. Maturity Analysis of assets and liabilities

The table below shows an analysis of assets and liabilities analysed according to when they are expected to be recovered or settled. Derivatives (excluding embedded derivatives), securities held for trading have been classified to mature and/or be repaid within 12 months, regardless of the actual contractual maturities of the products. With regard to loans and advances to customers, the Group uses the same basis of expected repayment behaviour as used for estimating the EIR.

50. Capital management

The primary objectives of the Group's capital management policy are to ensure that the Group complies with externally imposed capital requirements from its regulators and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The pillars of its policy are as follows:

- a) Maintain diversity of sources of financing and spreading the maturity across tenure buckets in order to minimize liquidity
- b) Maintain investment grade ratings for all its liability issuances domestically and internationally by ensuring that the financial strength of the balance sheets is preserved.
- c) Manage financial market risks arising from Interest rate, equity prices and minimise the impact of market volatility on
- d) Leverage optimally in order to maximise shareholder returns while maintaining strength and flexibility of balance sheet.

This framework is adjusted based on underlying macro-economic factors affecting business environment, financial market conditions and interest rates environment

No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

The Group monitors capital using debt-equity ratio, which is total debt divided by total equity

Particulars	As at March 31, 2019	As at March 31, 2018	As at April 01, 2017
Total debt - A	2,28,153.89	2,29,621.76	1,82,616.25

51. Fair Value measurement:

A. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques:

Level 1 – valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that Group can access at the measurement date.

Level 2 – valuation technique using observable inputs: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 – valuation technique with significant unobservable inputs: Those that include one or more unobservable input that is significant to the measurement as whole.

Refer note 5.11 for more details on fair value hierarchy

B. Valuation governance framework

The Group's fair value methodology and the governance over its models includes a number of controls and other procedures to ensure appropriate safeguards are in place to ensure its quality and adequacy. All new product initiatives (including their valuation methodologies) are subject to approvals by various functions of the Group including the risk and finance functions.

Where fair values are determined by reference to externally quoted prices or observable pricing inputs to models, independent price determination or validation is used. For inactive markets, Group sources alternative market information, with greater weight given to information that is considered to be more relevant and reliable.

The responsibility of ongoing measurement resides with the business and product line divisions. However finance department is also responsible for establishing procedures governing valuation and ensuring fair values are in compliance with accounting standards.

51. Fair Value measurement:

D. Valuation techniques:

Government debt securities:

Government debt securities are financial instruments issued by sovereign governments and include both long term bonds and short-term Treasury bills with fixed or floating rate interest payments. These instruments are generally highly liquid and traded in active markets resulting in a Level 1 classification.

Debt securities:

Whilst most of these instruments are standard fixed rate securities, however nifty linked debentures have embedded derivative characteristics. Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. Group has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded Group has used CRISIL Corporate Bond Valuer model for measuring fair value.

Security receipts

The market for these securities is not active. Therefore, the Group uses valuation techniques to measure their fair values. Since the security receipts are less liquid instruments therefore they are valued by discounted cash flow models. Expected cash flow levels are estimated by using quantitative and qualitative measures regarding the characteristics of the underlying assets including prepayment rates, default rates and other economic drivers. Securities receipts with significant unobservable valuation inputs are classified as Level 3

Equity instruments and units of mutual fund:

The majority of equity instruments are actively traded on stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are also classified as Level 1. Equity instruments in non-listed entities are initially recognised at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. Unlisted equity securities are classified at Level 3.

Units of AIF Fund

Units held in AIF funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are classified as Level 3

Interest rate swaps:

Under Interest rate swap contract, the Group agrees to exchange the difference between fixed and floating rate interest amount calculated on agreed notional principal. Such contracts enable the Group to mitigate the risk of changing interest rate. the fair value of interest rate swap is determined by discounting the future cash flows using the curves at the end of reporting period and the credit risk inherent in the contract. Group classify the Interest rate swaps as level 2 instruments.

Embedded derivative:

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative.

Group uses valuation models which calculate the present value of expected future cash flows, based upon 'no arbitrage' principles. Inputs to valuation models are determined from observable market (Indices) data wherever possible, including prices available from exchanges, dealers, brokers. Group classify these embedded derivative as level 2 instruments.

Exchange traded derivatives:

Exchange traded derivatives includes index/stock options, index/stock futures, Group uses exchange traded prices to value these derivative and classify these instrument as level 1

E. There have been no transfers between levels during the year ended March 31, 2019 and March 31, 2018.

G. Impact on fair value of level 3 financial instrument of changes to key unobservable inputs

The below table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Group's Level 3 Instruments i.e. Securities receipts and Units of AIF Fund. The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation. Relationships between unobservable inputs have not been incorporated in this summary.

I. Valuation Methodologies of Financial Instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Group's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in notes.

Short Term Financial Assets and Liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts are a reasonable approximation of their fair value. Such instruments include: Trade receivables, balances other than cash and cash equivalents, trade payables and contract liability without a specific maturity. Such amounts have been classified as Level 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Financial assets at amortised cost

The fair values financial assets measured at amortised cost are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

Issued Debt

The fair value of issued debt is estimated by a discounted cash flow model.

Off balance-sheet

Estimated fair values of off-balance sheet positions in form of undrawn commitment are estimated using a discounted cash flow model based on contractual committed cash flows, using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

52. Risk Management

52.A Introduction and risk profile

Risk is an inherent part of Group's business activities. When the Group extends a corporate or retail loan, buys or sells securities in market, or offers other products or services, the Group takes on some degree of risk. The Group's overall objective is to manage its businesses, and the associated risks, in a manner that balances serving the interests of its customers and investors and protects the safety and soundness of the Group.

The Group believes that effective risk management requires:

- 1) Acceptance of responsibility, including identification and escalation of risk issues, by all individuals within the Group;
- 2) Ownership of risk identification, assessment, data and management within each of the lines of business and Corporate; and
- 3) Firmwide structures for risk governance

The Group strives for continual improvement through efforts to enhance controls, ongoing employee training and development and other measures.

52.B Risk Management Structure

We have a well-defined risk management policy framework for risk identification, assessment and control to effectively manage risks associated with the various business activities. The risk function is monitored primarily by the business risk group. The Edelweiss Group has also established a Global Risk Committee that is responsible for managing the risk arising out of various business activities at a central level.

Our risk management policy ensures that the margin requirements are conservative to be able to withstand market volatility and scenarios of sharply declining prices. As a result, we follow conservative lending norms. The Edelweiss Group centralises the risk monitoring systems to monitor our client's credit exposure which is in addition to the monitoring undertaken by the respective businesses.

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The board has established the Risk Management Committee, which is responsible for developing and monitoring the Group's risk management policies. The Committee holds regular meetings and report to board on its activities.

The audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

52.C Risk mitigation and risk culture

The Group's business processes ensure complete independence of functions and a segregation of responsibilities. Credit appraisal & credit control processes, centralised operations unit, independent audit unit for checking compliance with the prescribed policies and approving loans at transaction level as well as our risk management processes and policies allow layers of multiple checks and verifications. Our key business processes are regularly monitored by the head of our business or operations. Our loan approval and administration procedures, collection and enforcement procedures are designed to minimise delinquencies and maximise recoveries.

At all levels of the Group's operations, specifically tailored risk reports are prepared and distributed in order to ensure that all business divisions have access to extensive, necessary and up-to-date information.

It is the Group's policy that a monthly briefing is given to the Board of Directors and all other relevant members of the Group in the utilisation of market limits, proprietary investments and liquidity, plus any other risk developments.

It is the Group's policy to ensure that a robust risk awareness is embedded in its organisational risk culture. Employees are expected to take ownership and be accountable for the risks the Group is exposed to. The Group's continuous training and development emphasises that employees are made aware of the Group's risk appetite and they are supported in their roles and responsibilities to monitor and keep their exposure to risk within the Group's risk appetite limits. Compliance breaches and internal audit findings are important elements of employees' annual ratings and remuneration reviews.

52.D Types of Risks

The Group's risks are generally categorized in the following risk types:

Notes	Risks	Arising from	Measurement, monitoring and management of risk
52.D.1	<p>Credit risk</p> <p>Credit risk is the risk of financial loss if a customer or counterparty fails to meet an obligation under a contract.</p>	<p>Arises principally from financing, dealing in Corporate Bonds, Investments in Mutual Fund, Equity, but also from certain other products such as guarantees and derivatives</p>	<p>Measured as the amount that could be lost if a customer or counterparty fails to make repayments;</p> <p>Monitored using various internal risk management measures and within limits approved by individuals within a framework of delegated authorities; and</p> <p>Managed through a robust risk control framework, which outlines clear and consistent policies, principles and guidance for risk managers.</p>
52.D.2	<p>Liquidity risk</p> <p>Liquidity risk is the risk that we do not have sufficient financial resources to meet our obligations as they fall due or that we can only do so at an excessive cost.</p>	<p>Liquidity risk arises from mismatches in the timing of cash flows.</p> <p>Arises when illiquid asset positions cannot be funded at the expected terms and when required.</p>	<p>Measured using a range of metrics, including Asset Liability mismatch, Debt Equity Ratio,</p> <p>Regular monitoring of funding levels to ensure to meet the requirement for Business and maturity of our liabilities.</p> <p>Maintain diverse sources of funding and liquid assets to facilitate flexibility in meeting our liquidity requirements of the Group.</p>
52.D.3	<p>Market risk</p> <p>Market risk is the risk that movements in market factors, such as Interest rates, equity prices and Index prices, will reduce our income or the value of our portfolios</p>	<p>Exposure to market risk is separated into two portfolios: trading and non-trading.</p>	<p>Measured using sensitivities, detailed picture of potential gains and losses for a range of market movements and scenarios.</p> <p>Monitored using measures, including the sensitivity of net interest income.</p> <p>Managed using risk limits approved by the risk management committee</p>

52.D.1 Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's Trade receivables and Loans. The Group has adopted a policy of dealing with creditworthy counterparties and obtains sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. In case the loans are to be restructured, similar credit assessment process is followed by the Group.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties/Groups (Single Borrowing Limit/Group Borrowing Limit) and for industry concentrations, and by monitoring exposures in relation to such limits.

Credit quality of a customer is assessed based on its credit worthiness and historical dealings with the Group and market intelligence. Outstanding customer receivables are regularly monitored. The credit quality review process aims to allow the Group to assess the potential loss as a result of the risks to which it is exposed and take corrective actions.

Derivative financial Instruments:

Credit risk arising from derivative financial instruments is, at any time, limited to those with positive fair values, as recorded on the balance sheet. With gross-settled derivatives, the Group is also exposed to a settlement risk, being the risk that the Group honours its obligation, but the counterparty fails to deliver the counter value.

Impairment Assessment:

The Group applies the expected credit loss model for recognising impairment loss. The expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The expected credit loss is a product of exposure at default, probability of default and loss given default. The Group has devised an internal model to evaluate the probability of default and loss given default based on the parameters set out in Ind AS. Accordingly, the loans are classified into various stages as follows:

Internal rating grade	Internal grading description	Stages
Performing		
High grade	0 dpd and 1 to 30 dpd	Stage I
Standard grade	31 to 90 dpd	Stage II
Non-performing		
Individually impaired	90+ dpd	Stage III

Credit loss is the difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Expected Credit Loss (ECL) computation is not driven by any single methodology, however methodology and approach used must reflect the following:

- 1) An unbiased and probability weighted amount that evaluates a range of possible outcomes
- 2) Reasonable and supportable information that is available without undue cost and effort at the reporting date about past events, current conditions and forecasts of future economic conditions;
- 3) Time value of money

While the time value of money element is currently being factored into ECL measurement while discounting cash flows by the Effective Interest Rate (EIR), the objective of developing a macroeconomic model using exogenous macroeconomic variables (MEVs) is to address the first two requirements. This has been achieved by using the model output to adjust the PD risk component in order to make it forward looking and probability-

52.D.1 Credit Risk

Significant increase in credit risk (SICR)

Group considers a financial instrument defaulted, classified as Stage 3 (credit-impaired) for ECL calculations, in all cases when the borrower becomes 90 days past due. Classification of assets from stage 1 to stage 2 has been carried out based on SICR criterion. Accounts which are more than 30 days past due have been identified as accounts where significant increase in credit risk has been observed. These accounts have been classified as Stage 2 assets. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

Probability of Default

Probability of default (PD) is an estimate of the likelihood of default over a given time horizon. PD estimation process is done based on historical internal data available with the Group. While arriving at the PD, the Group also ensures that the factors that affects the macro economic trends are considered to a reasonable extent, wherever necessary. Group calculates the 12 month PD by taking into account the past historical trends of the Loans/portfolio and its credit performance. In case of assets where there is a significant increase in credit risk / credit impaired assets, lifetime PD has been applied.

Loss Given Default (LGD)

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money. The Loss Given Default (LGD) has been computed with workout methodology. Workout LGD is widely considered to be the most flexible, transparent and logical approach to build an LGD model. Along with actual recoveries, value of the underlying collateral has been factored in to estimate future recoveries in LGD computation. Workout LGD computation involves the actual recoveries as well as future recoveries (as a part of the workout process) on a particular facility, as a percentage of balance outstanding at the time of Default/Restructuring. The assessment of workout LGD was then performed. Principal outstanding for each loan was assessed, which went into the denominator of the LGD calculation. LGD computation has been done for each segment and sub-segment separately.

Exposure at Default (EAD)

The amount which the borrower will owe to the portfolio at the time of default is defined as Exposure at Default (EAD). While the drawn credit line reflects the explicit exposure for the Group, there might be variable exposure that may increase the EAD. These exposures are of the nature where the Group provides future commitments, in addition to the current credit. Therefore, the exposure will contain both on and off balance sheet values. The value of exposure is given by the following formula:

$$\text{EAD} = \text{Drawn Credit Line} + \text{Credit Conversion Factor} * \text{Undrawn Credit Line}$$

Where,

Drawn Credit Line = Current outstanding amount

Credit Conversion Factor (CCF) = Expected future drawdown as a proportion of undrawn amount

Undrawn Credit Line = Difference between the total amount which the Group has committed and the drawn credit line While the drawn exposure and limits for the customer are available, the modelling of CCF is required for computing the EAD

Forward looking adjustments

“A measure of ECL is an unbiased probability-weighted amount that is determined by evaluating a range of possible outcomes and using reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.”

To fulfil the above requirement Group has incorporated forward looking information into its measurement of ECL. The objective of developing a macroeconomic model using exogenous macroeconomic variables (MEVs) is to address the requirements of unbiased, probability weighted outcomes while taking into account current conditions as well as future economic conditions. This will be achieved by using the model output to adjust the PD risk component in order to make it forward looking and probability-weighted.

Exogenous macroeconomic parameters were used as independent (X) variables to predict the dependent (Y) variable. Keeping in mind Ind AS requirements around obtaining reliable and supportable information, without incurring undue cost or effort- based on advice of risk committee members and economic experts and consideration of a variety of external actual and forecast information, the Group formulates base case view of the future direction of relevant economic variable as well as a representative range of other possible forecast scenario. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome.

52.D.1 Credit Risk

Data sourcing

The Group is expected to obtain reasonable and supportable information that is available without undue cost or effort. Keeping in mind the above requirement macroeconomic information was aggregated from Economic Intelligence Unit (EIU), Bloomberg, World Bank, RBI database. The EIU data has a database of around 150 macroeconomic variables as well as their forecasted values. Beyond 2022 macro-economic variables are forecasted by mean reverting the values to their long term average. External information includes economic data and forecasts published by governmental bodies and monetary authorities in the country, supranational organisations such as the OECD and the IMF, and selected private sector and academic forecasters.

Probability weighted scenario creations:

To incorporate macroeconomic impact into probability-weighted, each scenario has an associated probability. In order to ensure consistency across macroeconomic models, these probabilities were calculated at an overall level for both Retail and Non-Retail portfolios, keeping in mind that though the impact of a scenario across different portfolios may differ based on endogenous factors, the probability of a scenario unfolding is purely exogenous, and hence should not vary.

The Group has identified and documented key drivers of credit risk and credit losses for each portfolio of financial instruments and using an analysis of historical data, has estimated relationship between macro-economic variables and credit risk and credit losses.

The significant economic parameters scenarios used are as follows:

Key Economic Parameter	Base FY +1	Base FY +2
Debt-to-GDP ratio:	18.3-18.7%	18.7-19.2%
Total factor productivity	4-4.5	4.4-5.0
Labor productivity growth:	5.1-5.5%	5.5-6.3%
Unemployment rate	8.5-8.8%	8.5-8.8%
Gross Domestic Product	7.0-7.5%	7.5-8.0%

Apart from the above significant economic parameters, the Group has also identified and used few other economic parameter to build up the forward looking scenarios. These indicators include inflation, forecasted growth in real estate sector, expectation of industry performance, collateral coverage movement, conduct of accounts and expectation of market liquidity.

Above explained indicators have supported in measurement of ECL, and behaviours of such indicators will suitably support going forward in measurement of forward looking scenarios.

Predicted relationship between the key indicators and default and loss rates on various portfolios of financial assets have been developed based on analysing historical data over the past 5 years.

Overview of modified and forborne loans:

The table below shows assets that were modified and, therefore, treated as forborne during the year, with the related modification loss suffered by the Group.

	For the year ended March 31, 2019	For the year ended March 31, 2018
Amortised costs of financial assets modified during the year	1,116.03	-
Net modification loss	(4.55)	-

there were no/ previously modified financial assets for which loss allowance has changed to 12mECL measurement during the year:

Risk Concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographical location.

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

52.D.1 Credit Risk (Contd.)

Collateral and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are in place covering the acceptability and valuation of each type of collateral. The main types of collateral obtained are charges over real estate properties, inventory, trade receivables, mortgages over residential properties, Securities. Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement.

The tables below shows the maximum exposure to credit risk by class of financial asset along with details on collaterals held against exposure.

52.D.2 Liquidity Risk

Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Group might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances.

Group has a Liquidity Contingency Policy in place to ensure various liquidity parameters are defined and tracked regularly. Liquidity Management Team is provided with update on expected liquidity shortfalls in Normal as well as Stress scenario.

To manage the stressed circumstances the Group has ensured maintenance of a Liquidity Cushion in the form of Investments in Government Securities and Mutual Funds. These assets carry minimal credit risk and can be liquidated in a very short period of time. A liquidity cushion amounting to 6-9% of the borrowings is sought to be maintained through such assets. These would be to take care of immediate obligations while continuing to honour our commitments as a going concern. There are available lines of credit from banks which are drawable on notice which further augment the available sources of funds. Funding is raised through diversified sources including Banks, Public and Private issue of Debt, Commercial paper, ECB, Sub Debt etc to maintain a healthy mix.

Liquidity Cushion:

Notes:

The Group has conservatively considered that the Cash Credit facilities availed by it aggregating to Rs. 22,322.04 million as at March 31, 2019 will be repaid on their renewal dates and accordingly reflected the same in the 6 to 12 months maturity bucket. However, empirically the Group has been able to rollover all its cash credit facilities

Further, as on the date of signing the financial statements the Group has as part of its ALCO activities with a focus on raising long term funds has filed the Shelf Prospectus on May 6, 2019 for Non Convertible Debentures of issue size of Rs. 3,000 million

Also, the Group has augmented its long term funds by issuance of Compulsorily Convertible Debentures CCDs (Refer Note 9.1), wherein the Group has received an aggregate consideration of Rs. 10,395.00 million on May 7, 2019 towards Tranche I of the CCDs (USD 150 Million). The Group will receive USD 50 Million each in Tranche II and Tranche III in two annual instalments.

52.D.3 Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, equity prices and Index movements. The Group classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately. All the positions are managed and monitored using sensitivity analyses.

52.D.3 Market Risk (Contd.)

Interest Rate Risk

The principal risk to which non-trading portfolios are exposed is the risk of loss from fluctuations in the future cash flows or fair values of financial instruments because of a change in market interest rates. Interest rate risk is managed principally through monitoring interest rate gaps and by having pre-approved limits for repricing bands.

ALCO is the monitoring body for compliance with these limits. ALCO reviews the interest rate gap statement and the mix of floating and fixed rate assets and liabilities. Balance Sheet Management Unit is in-charge for day to day management of interest

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Board has established limits on the non-trading interest rate gaps for stipulated periods. The Group's policy is to monitor positions on a daily basis and hedging strategies are used to ensure positions are maintained within the established limits.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Group's statement of profit and loss and equity. The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non-trading financial assets and financial liabilities held at 31 March 2019 and at 31 March 2018

Price risk

The Group's exposure to price risk arises from investments held in Equity Shares, Exchange traded futures, Mutual fund units, all classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Group diversifies its portfolio.

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the level of individual investment in prices of financial instruments.

52.D.4 Prepayment Risk

Prepayment risk is the risk that the Group will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate Loans/borrowings in the falling interest rate scenario.

If 5% of total repayable financial instruments were to prepay at the beginning of the year following the reported period, with all other variables held constant, the profit before tax for the year would be reduced by INR 650.92 million (previous year INR 450.39 million)

53. First Time adoption

These financial statements, for the year ended 31 March 2019, are the first annual financial statements the Group has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2018, the Group prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP).

Accordingly, the Group has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2019, together with the comparative period data as at and for the year ended 31 March 2018, as described in the summary of significant accounting policies. In preparing these financial statements, the Group's opening balance sheet was prepared as at 1 April 2017, the Group's date of transition to Ind AS. This note explains the principal adjustments made by the Group in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2017 and the financial statements as at and for the year ended 31 March 2018.

Exemptions applied

The Group has prepared the opening balance sheet as per Ind AS as of 1 April 2017 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the Group as detailed below.

De-recognition of financial assets and liabilities:

The Group has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 1 April 2017 (the transition date).

Impairment of financial assets

The Group has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Group has not undertaken an exhaustive search for information when determining, at the date of transition to Ind AS, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

Past business combinations

The Group has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the transition date of 1 April 2017.

Deemed cost for property, plant and equipment, investment property, and intangible assets

The Group has elected to continue with the carrying value of all of its plant and equipment, investment property, and intangible assets recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Share based Payments

The Group has applied the requirements of Ind AS 102 Share-based payment to equity instruments that are unvested as of the transition to Ind AS (1 April 2017)

Determining whether an arrangement contains a lease

The Group has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement existing at the transition date contains a lease on the basis of facts and circumstances existing at that date.

Classification and measurement of financial assets:

The Group has classified and measured the financial assets on the basis of facts and circumstances that exist at the date of transition to Ind AS.

Reference notes to reconciliation of Equity and profit & Loss

Remeasurements of post-employment benefit obligations

Both under Indian GAAP and Ind AS, the Group recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is reduced by INR 65 Million and Remeasurement gains/ losses on defined benefit plans has been recognised in the OCI net of tax.

Share Based Payment

Under the previous GAAP, the cost of ESOPs were recognised using the intrinsic value method. Under Ind AS, the cost of equity settled share-based plan is recognised based on the fair value of the options as at the grant date.

ECL Finance Limited

53. First Time adoption

Trade receivables /Loans:

Under Previous GAAP the Group has created provision for impairment of receivables and Loans based on incurred losses where as under Ind AS, Impairment allowance has been determined based on Expected credit loss model (ECL).

Effective Interest Rate (EIR)

Under previous GAAP, Loan Processing fees charged to customer was recognised upfront in Statement of profit and loss while under Ind AS, such fees are included in initial recognition amount of financial assets.

Under previous GAAP, transaction cost on borrowings were charged to Statement of profit and loss upfront while under Ind AS, such cost are included in initial recognition amount of financial liability and is amortised over the tenure of the borrowings.

Deferred Tax

Indian GAAP requires deferred tax accounting using the statement of profit and loss approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP

Valuation of Investments/Securities held for trading

Under Previous GAAP Investments in Shares, Debentures, Mutual fund units, Govt Securities and securities receipts were classified in Current Investment, Securities held for trading and long term investment based on intent of holding period and realisability Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments and Stock in trade were carried at lower of cost and market value. Under Ind AS, these investments, other than investments in Preference shares, are measured at fair value. The investment in Preference shares is measured at amortised cost.

Reclassification of provision of standard / non-performing assets (NPA)

Under Indian GAAP provision for NPA and standard asset were presented under provisions. However, under Ind AS financial assets measured at amortised cost (majorly loans) are presented net of provision for expected credit losses. Consequently, the Group has reclassified the Indian GAAP provisions for standard assets / NPA's amounting to INR 2,664.20 million and INR 3,253.87 million as on 1 April 2017 and 31 March 2018 respectively.

INDEPENDENT AUDITOR'S REPORT

To the Members of ECL Finance Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of ECL Finance Limited ("the Company"), which comprise the Balance sheet as at March 31, 2019, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Impairment of receivables from financing business (as described in note 14 of the standalone Ind AS financial statements)	
<p>The Company's impairment provision for receivables from financing business is based on the expected credit loss approach laid down under Ind AS 109. Under this approach, the management has been required to exercise significant judgement in areas such as;</p> <ul style="list-style-type: none"> • calculation of past default rates • assigning rating grades to loans for which external rating is not available • calibrating external ratings-linked probability of default to align with past default rates • applying macro-economic factors to arrive at forward looking probability of default • significant assumptions regarding the probability of various scenarios and discounting rates for different loan products <p>In view of the high degree of estimation involved in the process of calculating impairment provision and considering its significance to the overall financial statements, whereby any error or omission in estimation may give rise to a material misstatement of the standalone Ind AS financial statements, it is considered as a key audit matter.</p>	<ul style="list-style-type: none"> • Our audit procedures included considering the appropriateness of the Company's accounting policies for impairment of financial assets and assessing compliance with Ind AS 109. • We performed test of controls on classification of receivables into various stages through inspection of evidence and re-performance of those controls. • We performed tests of details, on a sample basis and inspected the repayment schedule from the underlying borrower agreements and collections made on the due dates which formed the basis of the staging of loans. • We assessed <ul style="list-style-type: none"> • the Company's expected credit loss provisioning methodology • the models used in determining the impairment provision • the appropriateness of the historical data and the external rating considered for calculating the default and loss given default rates • the key assumptions especially in respect of the macro-economic factors and discounting rates • We tested the arithmetical accuracy of the models. • Performed analytical procedures by determining various ratios or percentage based measures to review overall reasonableness of the estimate determined by the management. • We reviewed the relevant disclosures made in the standalone Ind AS financial statements in accordance with the requirements of Ind AS 109 and Ind AS 107.
Transition to IND AS accounting framework (as described in note 52 of the standalone Ind AS financial statements)	
<p>The standalone IND AS financial statements are the first financial statements the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2018, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph</p>	<p>Our audit procedures included considering the appropriateness of the processes laid down by the management to implement such transition combined with procedures performed as follows:</p> <ul style="list-style-type: none"> • We reviewed the nature of the Ind AS adjustments based on the applicable Ind AS and previous period accounting policies prepared in accordance with IGAAP.

Key audit matters	How our audit addressed the key audit matter
<p>7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP). Accordingly, for transition to Ind AS, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2019, together with the comparative period data as at and for the year ended March 31, 2018. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 01, 2017, the Company's date of transition to Ind AS.</p> <p>Some of the key Ind AS impact items in case of the Company are;</p> <ul style="list-style-type: none"> • Impairment provisioning as per expected credit loss approach • Recognition of interest income/expense as per the effective interest rate method • Fair valuation of financial instruments <p>In view of the material impact and the complexity of implementation of the Ind AS framework, the transition to Ind AS was of particular importance for our audit as any error could lead to material misstatement in the preparation and presentation of the standalone Ind AS financial statements.</p>	<ul style="list-style-type: none"> • We reviewed the first-time adoption exemptions availed by the Company as per 'Ind AS 101 First-Time Adoption of Indian Accounting Standards'. • Performed test of details by inspection of contracts, documents and policies to assess the appropriateness of the Ind AS adjustments • We tested the arithmetical accuracy of the Ind AS adjustments • We reviewed the disclosures with respect to the transition in accordance with the requirements of Ind AS 101.
<p>IT systems</p> <p>The reliability and security of IT systems play a key role in the financial reporting process of the Company. The Company's key financial accounting and reporting processes are highly automated, whereby any gaps in the IT control environment could result in a material misstatement of the financial accounting and reporting records.</p> <p>Therefore, the assessment of the general IT controls and the application controls specific to the accounting and preparation of financial information is considered to be a key audit matter.</p>	<p>Our audit procedures assisted by our IT specialists, included;</p> <p>General IT controls: We tested the governance and other higher controls operating over the IT environment of the Company, including system access and system change management. We considered the appropriateness of the access rights granted to applications relevant to financial accounting and reporting systems and the operating effectiveness of controls over granting, removal and appropriateness of access rights.</p> <p>Application controls: We tested the design and operating effectiveness of automated controls critical to financial accounting and reporting. For any identified deficiencies, tested the design and operating effectiveness of compensating controls and, where necessary, extended the scope of our substantive audit procedures.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain

professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2018 and the transition date opening balance sheet as at April 01, 2017 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 ('IGAAP') audited by the

predecessor auditor whose report for the year ended March 31, 2018 and March 31, 2017 dated May 02, 2018 and May 16, 2017 respectively, expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Re: ECL Finance Limited

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment/ fixed assets are held in the name of the company.
- (ii) The Company's business does not involve inventories and, accordingly, the requirements under clause 3(ii) of the Order are not applicable to the Company and hence not commented upon.
- (iii) (a) The Company has granted loans to five parties covered in the register maintained under section 189 of the Companies Act, 2013. In our opinion and according to the information and explanations given to us, the terms and conditions of the grant of such loans are not prejudicial to the company's interest.
 - (b) The Company has granted loans to five parties covered in the register maintained under section 189 of the Companies Act, 2013. The schedule of repayment of principal and payment of interest has been stipulated for the loans granted and the repayment/receipts are regular.
 - (c) There are no amounts of loans granted to companies, firms or other parties listed in the register maintained under section 189 of the Companies Act, 2013 which are overdue for more than ninety days.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of section 185 and 186 of the Act are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under section 148(1) of the Act, for the services of the Company.
- (vii) (a) Undisputed statutory dues including provident fund, income-tax, goods and service tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases. As informed, the provisions of sales tax, wealth tax, value added tax, excise duty and customs duty are currently not applicable to the Company.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(c) According to the information and explanations given to us, the dues outstanding of income tax, sales-tax, service tax, customs duty, excise duty, value added tax and cess which have not been deposited on account of any dispute, are as follows:

Annexure 2 referred to in paragraph 2 (f) under the heading "Report on other legal and regulatory requirements" of our report of even date

Report on Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of ECL Finance Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these standalone Ind AS Financial Statements

A company's internal financial control over financial reporting with reference to these standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and such internal financial controls over financial reporting with reference to these standalone Ind AS financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in "Note 47-Maturity Analysis of assets and liabilities".

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and or its counterparties

Derivative assets and liabilities with master netting arrangements (e.g. ISDAs) are only presented net when they satisfy the eligibility of netting for all of the above criteria and not just in the event of default.

4. Significant accounting policies

4.1 Recognition of interest income and dividend income

4.1.1 Effective interest rate (EIR):

Under Ind AS 109 interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash flows through the expected life of the financial instrument or, when appropriate a shorter period to the gross carrying amount of financial instrument.

The EIR is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the financial asset. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle including prepayments penalty interest and charges.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income.

4.1.2 Interest income:

The company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income by applying the EIR to the amortised cost (net of expected credit loss) of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

4.1.3 Dividend income:

The Company recognised Dividend income when the Company's right to receive the payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

4.2 Financial instruments:

4.2.1 Date of recognition:

Financial Assets and liabilities with exception of loans and borrowings are initially recognised on the trade date, i.e. the date the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customers' account. The Company recognises borrowings when funds are available for utilisation to the Company.

4.2.2 Initial measurement of financial instruments:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

4.2.3 Day 1 profit and loss:

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

4.2.4 Classification & measurement categories of financial assets and liabilities:

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in carrying value of financial assets is recognised in profit and loss account.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in fair value of financial assets is recognised in Other Comprehensive Income.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL. The Company measures all financial assets classified as FVTPL at fair value at each reporting date. The changes in fair value of financial assets is recognised in Profit and loss account.

4.3 Financial assets and liabilities:

4.3.1 Amortized cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Notes to the financial statement for the year ended March 31, 2019

4.3.2 Financial assets held for trading:

The Company classifies financial assets as held for trading when they have been purchased primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held-for-trading assets are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

4.3.3 Investment in equity instruments:

The Company subsequently measures all equity investments at fair value through profit or loss, unless the management has elected to classify irrevocably some of its strategic equity investments to be measured at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

4.3.4 Financial liabilities:

All financial liabilities are measured at amortised cost except loan commitments, financial guarantees, and derivative financial liabilities.

4.3.5 Derivative financial instruments:

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate, market risk and foreign exchange rate risks.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss.

4.3.6 Debt securities and other borrowed funds:

The Company measures debt issued and other borrowed funds at Amortised cost at each reporting date. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

The Company issues certain non-convertible debentures, the return of which is linked to performance of specified indices over the period of the debenture. Such debentures have a component of an embedded derivative which is fair valued at a reporting date. The resultant 'net unrealised loss or gain' on the fair valuation of these embedded derivatives is recognised in the statement of profit and loss. The debt component of such debentures is measured at amortised cost using yield to maturity basis.

4.3.7 Financial assets and financial liabilities at fair value through profit or loss:

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis.

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; Or
- The liabilities are part of a group of financial liabilities, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy; Or

Notes to the financial statement for the year ended March 31, 2019

- The liabilities containing one or more embedded derivatives, unless they do not significantly modify the cash flows that would otherwise be required by the contract, or it is clear with little or no analysis when a similar instrument is first considered that separation of the embedded derivative(s) is prohibited.

Financial assets and financial liabilities at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in profit and loss with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Company's own credit risk. Such changes in fair value are recorded in the Own credit reserve through OCI and do not get recycled to the profit or loss. Interest earned or incurred on instruments designated at FVTPL is accrued in interest income or finance cost, respectively, using the EIR, taking into account any discount/premium and qualifying transaction costs being an integral part of instrument. Interest earned on assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

4.3.8 Financial guarantee:

Financial guarantees are contract that requires the Company to make specified payments to reimburse to holder for loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument.

Financial guarantee issued or commitments to provide a loan at below market interest rate are initially measured at fair value and the initial fair value is amortised over the life of the guarantee or the commitment. Subsequently they are measured at higher of this amortised amount and the amount of loss allowance.

4.3.9 Loan commitments:

Undrawn loan commitments are commitments under which, the Company is required to provide a loan with pre-specified terms to the customer over the duration of the commitment. Undrawn loan commitments are in the scope of the ECL requirements.

4.3.10 Financial liabilities and equity instruments

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

4.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. The company didn't reclassify any of its financial assets or liabilities in current period and previous period.

4.5 Derecognition of financial Instruments:

4.5.1 Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or a part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either

- The Company has transferred the rights to receive cash flows from the financial asset or
- It retains the contractual rights to receive the cash flows of the financial asset, but assumed a contractual obligation to pay the cash flows in full without material delay to third party under pass through arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates.
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients.

The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset; or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

The Company also derecognises a financial asset, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new financial asset, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised financial assets are classified as Stage 1 for ECL measurement purposes, unless the new financial asset is deemed to be POCI.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

4.5.2 Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid, including modified contractual cash flow recognised as new financial liability, is recognised statement of profit and loss.

4.6 Impairment of financial assets:

The Company records provisions based on expected credit loss model (“ECL”) on all loans, other debt financial assets measured at amortised cost together with undrawn loan commitment and financial guarantee contracts, in this section all referred to as “Financial instrument”. Equity instruments are not subject to impairment.

ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original effective interest rate. Because ECL consider the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due.

Simplified approach

The Company follows ‘simplified approach’ for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables. However, if receivables contain a significant financing component, the Company chooses as its accounting policy to measure the loss allowance by applying general approach to measure ECL.

General approach

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of an evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default (PD), loss given default (LGD) (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default (EAD), for financial assets, this is represented by the assets’ gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company’s understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

Notes to the financial statement for the year ended March 31, 2019

Company categories its financial assets as follows:

Stage 1 assets:

Stage 1 assets includes financial instruments that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date. For these assets, 12-month ECL (resulting from default events possible within 12 months from reporting date) are recognised.

Stage 2 assets:

Stage 2 Assets includes financial instruments that have had a significant increase in credit risk since initial recognition For these assets lifetime ECL (resulting from default events possible within 12 months from reporting date) are recognised.

Stage 3 assets:

Stage 3 for Assets considered credit-impaired the Company recognises the lifetime ECL for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

The ongoing assessment of whether a significant increase in credit risk has occurred for working capital facilities is similar to other lending products. The interest rate used to discount the ECLs for working capital facilities is based on the average effective interest rate that is expected to be charged over the expected period of exposure to the facilities.

Company recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

The expected credit losses on the loan commitment have been recognised together with the loss allowance for the financial asset.

The Company's product offering includes a working capital facilities with a right to company to cancel and/or reduce the facilities with one day's notice. The Company does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the Company's expectations of the customer behaviour, its likelihood of default and the Company's future risk mitigation procedures, which could include reducing or cancelling the facilities.

4.7 Collateral valuation:

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit /guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. Collateral, unless repossessed, is not recorded on the Company's balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a quarterly basis. However, some collateral, for example, securities relating to margin requirements, is valued daily.

To the extent possible, the company uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market value are valued using models. Non-financial collateral, such as real estate, is valued based on data provided by third parties such as mortgage brokers, or based on housing price indices.

4.8 Collateral repossessed:

The Company's policy is to determine whether a repossessed asset can be best used for its internal operations or should be sold. Assets determined to be useful for the internal operations are transferred to their relevant asset category at the lower of their repossessed value or the carrying value of the original secured asset. Assets for which selling is determined to be a better option are transferred to assets held for sale at their fair value (if financial assets) and fair value less cost to sell for non-financial assets at the repossession date in, line with the Company's policy.

Notes to the financial statement for the year ended March 31, 2019

In its normal course of business, the Company does not physically repossess properties or other assets in its retail portfolio, but engages external agents to recover funds, generally at auction, to settle outstanding debt. Any surplus funds are returned to the customers/obligors. As a result of this practice, the residential properties under legal repossession processes are not recorded on the balance sheet.

4.9 Write-offs:

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery.

4.10 Forborne and modified loan:

The Company sometimes makes concessions or modifications to the original terms of loans as a response to the borrower's financial difficulties, rather than taking possession or to otherwise enforce collection of collateral. The Company considers a loan forborne when such concessions or modifications are provided as a result of the borrower's present or expected financial difficulties and the Company would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms. It is the Company's policy to monitor forborne loans to help ensure that future payments continue to be likely to occur. Derecognition decisions and classification between Stage 2 and Stage 3 are determined on a case-by-case basis. If these procedures identify a loss in relation to a loan, it is disclosed and managed as an impaired Stage 3 forborne asset, until it is collected or written off.

4.11 Determination of fair value:

The Company measures financial instruments, such as, derivatives at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either;

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments:

Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments:

Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Notes to the financial statement for the year ended March 31, 2019

Level 3 financial instruments:

Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

4.12 Operating leases:

The determination of whether an arrangement is lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

Lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the increase is in line with expected general inflation, in which case lease payments are recognised based on contractual terms. Contingent rental payable is recognised as an expense in the period in which they it is incurred.

4.13 Earnings per share:

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

4.14 Foreign currency transaction:

The Standalone Financial Statements are presented in Indian Rupees which is also functional currency of the Company. Transactions in currencies other than Indian Rupees (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

4.15 Retirement and other employee benefit:

4.15.1 Provident fund and national pension scheme:

The Company contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

4.15.2 Gratuity:

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method.

Re-measurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurement are not reclassified to profit or loss in subsequent periods.

4.15.3 Compensated absences:

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

4.15.4 Deferred bonus:

The Company has adopted a Deferred Bonus Plan under its Deferred Variable Compensation Plan. A pool of identified senior employees of the Company is entitled for benefits under this plan. Such deferred compensation will be paid in a phased manner over a future period of time. The measurement for the same has been based on actuarial assumptions and principles.

4.15.5 Share-based payment arrangements:

Equity-settled share-based payments to employees and others providing similar services that are granted by the ultimate parent company are measured by reference to the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

Notes to the financial statement for the year ended March 31, 2019

4.16 Property, plant and equipment:

Property plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided upto the date of disposal.

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Nature of assets	Estimated useful lives
Building (other than Factory Building)	60 years
Plant and Equipment	15 years
Furniture and fixtures	10 years
Vehicles	8 years
Office Equipment	5 years
Computers - Servers and networks	6 years
Computers - End user devices, such as desktops, laptops, etc.	3 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

4.17 Intangible assets:

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life. For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Notes to the financial statement for the year ended March 31, 2019

4.18 Impairment of non-financial assets:

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment is reversed subject to a maximum carrying value of the asset before impairment.

4.19 Provisions and other contingent liabilities:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

4.20 Income tax expenses:

Income tax expense represents the sum of the tax currently payable and deferred tax.

4.20.1 Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

4.20.2 Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Notes to the financial statement for the year ended March 31, 2019

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

4.20.3 Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4.21 Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

5. Significant accounting judgements, estimates and assumptions :

In the application of the Company's accounting policies, which are described in note 4, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies:

The following are the critical judgements, apart from those involving estimations, that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

5.1 Business model assessment :

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how Company's of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the quantum, the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Notes to the financial statement for the year ended March 31, 2019

5.2 Significant increase in credit risk:

As explained in note 51.D.1, ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

Key sources of estimation uncertainty:

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

5.3 Fair value of financial instruments:

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

5.4 Effective Interest Rate (EIR) Method:

The Company's EIR methodology, as explained in Note 4.1, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle including prepayments and penalty interest and charges.

This estimation, by nature requires an element of judgement regarding the expected behaviour and life cycle of the instrument, as well expected changes India's base rate and other fee income, expenses that are integral part of the instrument

5.5 Impairment of Financial assets:

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's ECL calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- PD calculation includes historical data, assumptions and expectations of future conditions.
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs

Notes to the financial statement for the year ended March 31, 2019

- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EAD and LGD
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It is Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

5.6 Impairment of Non-Financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exist, the company estimates the asset's recoverable amount. An asset's recoverable amount is higher of an asset's fair value less cost of disposal and its value in use. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

5.7 Provisions and contingent liabilities:

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of its business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

5.8 Provisions for Income Taxes:

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectation of future events that may have a financial impact on the company and that are believed to be reasonable under the circumstances.

6. Standards issued but not yet effective :

Ind AS 116 Leases:

Ind AS 116 Leases replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. As the Company does not have any material leases, therefore the adoption of this standard is not likely to have a material impact in its Financial Statements.

Notes to the financial statement for the year ended March 31, 2019

Prepayment Features with Negative Compensation (Amendments to Ind AS 109):

The amendments to Ind AS 109 clarify that for the purpose of assessing whether a prepayment feature meets the SPPI condition, the party exercising the option may pay or receive reasonable compensation for the prepayment irrespective of the reason for prepayment. In other words, prepayment features with negative compensation do not automatically fail SPPI. These amendments are to be applied for annual periods beginning on or after 1 April, 2019.

The application of these amendments is not likely to have a material impact on the Financial Statements.

Annual Improvements to Ind AS (2018):

Ind AS 12 Income taxes:

The amendments clarify that an entity should recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised the transactions that generated the distributable profits. This is the case irrespective of whether different tax rates apply to distributed and undistributed profits. These amendments are to be applied for annual periods beginning on or after 1 April 2019

Plan Amendment, Curtailment or Settlement (Amendments to Ind AS 19):

The amendments clarify that the past service cost (or of the gain or loss on settlement) is calculated by measuring the defined benefit liability (asset) using updated assumptions and comparing benefits offered and plan assets before and after the plan amendment (or curtailment or settlement) but ignoring the effect of the asset ceiling (that may arise when the defined benefit plan is in a surplus position). The change in the effect of the asset ceiling that may result from the plan amendment (or curtailment or settlement) is determined in a second step and is recognised in the normal manner in other comprehensive income.

An entity is also now required to use the updated assumptions from this remeasurement to determine current service cost and net interest for the remainder of the reporting period after the change to the plan. In the case of the net interest, for the period post plan amendment, the net interest is calculated by multiplying the net defined benefit liability (asset) as remeasured under Ind AS 19 with the discount rate used in the remeasurement (also taking into account the effect of contributions and benefit payments on the net defined benefit liability (asset)).

These amendments are to be applied to plan amendments, curtailments or settlements occurring on or after 1 April 2019. The application of these amendments is not likely to have a material impact on the Financial Statements

Uncertainty over Income Tax Treatments (Appendix C of Ind AS 12):

This Appendix sets out how to determine the accounting tax position when there is uncertainty over income tax treatments. The Appendix requires an entity to:

- determine whether uncertain tax positions are assessed separately or as a group; and
- assess whether it is probable that a tax authority will accept an uncertain tax treatment used, or proposed to be used, by an entity in its income tax filings:

If yes, the entity should determine its accounting tax position consistently with the tax treatment used or planned to be used in its income tax filings.

If no, the entity should reflect the effect of uncertainty in determining its accounting tax position.

The Appendix is effective for annual periods beginning on or after 1 April 2019.

*An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. refer Note 4.3.5 for further details.

Hedging activities and derivatives

The Company is exposed to certain risks relating to its ongoing business operations. The primary risks managed using derivative instruments are interest rate risk and equity index risk. The Company's risk management strategy and how it is applied to manage risk are explained in Note 51.

Derivatives designated as hedging instruments

The Company has not designated any derivatives as hedging instruments

39.A Employee Benefits

a) Defined contribution plan - provident funds

In accordance with Employees' Provident Fund and Miscellaneous Provisions Act, 1952, employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan, in which, both the employee and the Company contribute monthly at a determined rate. These contributions are made to a recognized provident fund administered by Regional Provident Fund Commissioner. The employees contribute 12% of their basic salary and the Company contributes an equal amount.

The Company recognised Rs. 83.21 million (March 31, 2018 : Rs 41.85 million) for provident fund and other contributions in the Statement of profit and loss.

The Supreme Court has recently, delivered its ruling on the composition of basic wages for the purposes of deduction and contribution to the Employees Provident and Pension funds. The company, in the interest of its employees, awaits clarity on the complexities revolving around the application of the said order, the ambiguity reflected by the divergent views of legal experts and the response/direction from the authorities, including on representations made by an industry association in this regard.

b) Defined benefit plan - gratuity

In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity, a non-contributory defined benefit arrangement providing lump-sum gratuity benefits expressed in terms of final monthly salary and year of service, covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment in accordance with the rules laid down in the Payment of Gratuity Act, 1972.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2019. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

The basic and diluted earnings per share are the same as there are no dilutive/ potential equity shares issued or outstanding as at the year end.

43. Contingent Liability & Commitment:

In the ordinary course of business, the Company faces claims and assertions by various parties. The Company assesses such claims and assertions and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary. The Company records a liability for any claims where a potential loss is probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Company provides disclosure in the financial statements but does not record a liability in its accounts unless the loss becomes probable.

The Company believes that the outcome of these proceedings will not have a materially adverse effect on the Company's financial position and results of operations.

Contingent Liability

	For the year ended March 31, 2019	For the year ended March 31, 2018
Taxation matters of assessment year 2013-14, assessment year 2014-15 and assessment year 2015-16 in respect of which appeal is pending	Nil	Nil
Litigation pending against the Company	657.51	111.98

To meet the financial needs of customers, the Company enters into various irrevocable commitments, which primarily consist of undrawn commitment to lend.

The Company has received demand notices from tax authorities on account of disallowance of expenditure for earning exempt income under Section 14A of Income Tax Act 1961 read with Rule 8D of the Income Tax Rules, 1962. The company has filed appeal/s and is defending its position. Based on the favourable outcome in Appellate proceedings in the past and as advised by the tax advisors, company is reasonably certain about sustaining its position in the pending cases, hence the possibility of outflow of resources embodying economic benefits on this ground is remote”

44. Segment Reporting

Primary Segment (Business segment)

The Company's business is organised and management reviews the performance based on the business segments as mentioned below:

Segment	Activities covered
Capital based business	Income from treasury operations, income from investments and dividend income
Financing business	Wholesale and retail financing

Income for each segment has been specifically identified. Expenditure, assets and liabilities are either specifically identified with individual segments or have been allocated to segments on a systematic basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared.

Secondary Segment

Since the business operations of the Company are primarily concentrated in India, the Company is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

49. Capital management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements from its regulators and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The pillars of its policy are as follows:

- a) Maintain diversity of sources of financing and spreading the maturity across tenure buckets in order to minimize liquidity
- b) Maintain investment grade ratings for all its liability issuances domestically and internationally by ensuring that the financial strength of the balance sheets is preserved.
- c) Manage financial market risks arising from Interest rate, equity prices and minimise the impact of market volatility on
- d) Leverage optimally in order to maximise shareholder returns while maintaining strength and flexibility of balance sheet.

This framework is adjusted based on underlying macro-economic factors affecting business environment, financial market conditions and interest rates environment

50. Fair Value measurement:

A. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques:

Level 1 – valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that company can access at the measurement date.

Level 2 – valuation technique using observable inputs: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 – valuation technique with significant unobservable inputs: Those that include one or more unobservable input that is significant to the measurement as whole.

Refer note 4.11 for more details on fair value hierarchy

B. Valuation governance framework

The Company's fair value methodology and the governance over its models includes a number of controls and other procedures to ensure appropriate safeguards are in place to ensure its quality and adequacy. All new product initiatives (including their valuation methodologies) are subject to approvals by various functions of the Company including the risk and finance functions.

Where fair values are determined by reference to externally quoted prices or observable pricing inputs to models, independent price determination or validation is used. For inactive markets, Company sources alternative market information, with greater weight given to information that is considered to be more relevant and reliable.

The responsibility of ongoing measurement resides with the business and product line divisions. However finance department is also responsible for establishing procedures governing valuation and ensuring fair values are in compliance with accounting standards.

50. Fair Value measurement:

D. Valuation techniques:

Government debt securities:

Government debt securities are financial instruments issued by sovereign governments and include both long term bonds and short-term Treasury bills with fixed or floating rate interest payments. These instruments are generally highly liquid and traded in active markets resulting in a Level 1 classification.

Debt securities:

Whilst most of these instruments are standard fixed rate securities, however nifty linked debentures have embedded derivative characteristics. Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. Group has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded Group has used CRISIL Corporate Bond Valuer model for measuring fair value.

Security receipts

The market for these securities is not active. Therefore, the Company uses valuation techniques to measure their fair values. Since the security receipts are less liquid instruments therefore they are valued by discounted cash flow models. Expected cash flow levels are estimated by using quantitative and qualitative measures regarding the characteristics of the underlying assets including prepayment rates, default rates and other economic drivers. Securities receipts with significant unobservable valuation inputs are classified as Level 3

Equity instruments and units of mutual fund:

The majority of equity instruments are actively traded on stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are also classified as Level 1. Equity instruments in non-listed entities are initially recognised at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. Unlisted equity securities are classified at Level 3.

Units of AIF Fund

Units held in AIF funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are classified as Level 3

Interest rate swaps:

Under Interest rate swap contract, the Company agrees to exchange the difference between fixed and floating rate interest amount calculated on agreed notional principal. Such contracts enable the Company to mitigate the risk of changing interest rate. the fair value of interest rate swap is determined by discounting the future cash flows using the curves at the end of reporting period and the credit risk inherent in the contract. company classify the Interest rate swaps as level 2 instruments.

Embedded derivative:

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative.

Company uses valuation models which calculate the present value of expected future cash flows, based upon 'no arbitrage' principles. Inputs to valuation models are determined from observable market (Indices) data wherever possible, including prices available from exchanges, dealers, brokers. company classify these embedded derivative as level 2 instruments.

Exchange traded derivatives:

Exchange traded derivatives includes index/stock options, index/stock futures, company uses exchange traded prices to value these derivative and classify these instrument as level 1

E. There have been no transfers between levels during the year ended March 31, 2019 and March 31, 2018.

G. Impact on fair value of level 3 financial instrument of changes to key unobservable inputs

The below table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Company's Level 3 Instruments i.e. Securities receipts and Units of AIF Fund. The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation. Relationships between unobservable inputs have not been incorporated in this summary.

I. Valuation Methodologies of Financial Instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in notes.

Short Term Financial Assets and Liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts are a reasonable approximation of their fair value. Such instruments include: Trade receivables, balances other than cash and cash equivalents, trade payables and contract liability without a specific maturity. Such amounts have been classified as Level 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Financial assets at amortised cost

The fair values financial assets measured at amortised cost are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

Issued Debt

The fair value of issued debt is estimated by a discounted cash flow model.

Off balance-sheet

Estimated fair values of off-balance sheet positions in form of undrawn commitment are estimated using a discounted cash flow model based on contractual committed cash flows, using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

51. Risk Management

51.A Introduction and risk profile

Risk is an inherent part of Company's business activities. When the Company extends a corporate or retail loan, buys or sells securities in market, or offers other products or services, the Company takes on some degree of risk. The Company's overall objective is to manage its businesses, and the associated risks, in a manner that balances serving the interests of its customers and investors and protects the safety and soundness of the Company.

The Company believes that effective risk management requires:

- 1) Acceptance of responsibility, including identification and escalation of risk issues, by all individuals within the Company;
- 2) Ownership of risk identification, assessment, data and management within each of the lines of business and Corporate; and
- 3) Firmwide structures for risk governance

The Company strives for continual improvement through efforts to enhance controls, ongoing employee training and development and other measures.

51.B Risk Management Structure

We have a well-defined risk management policy framework for risk identification, assessment and control to effectively manage risks associated with the various business activities. The risk function is monitored primarily by the business risk group. The Edelweiss Group has also established a Global Risk Committee that is responsible for managing the risk arising out of various business activities at a central level.

Our risk management policy ensures that the margin requirements are conservative to be able to withstand market volatility and scenarios of sharply declining prices. As a result, we follow conservative lending norms. The Edelweiss Group centralises the risk monitoring systems to monitor our client's credit exposure which is in addition to the monitoring undertaken by the respective businesses.

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

51.C Risk mitigation and risk culture

The Company's business processes ensure complete independence of functions and a segregation of responsibilities. Credit appraisal & credit control processes, centralised operations unit, independent audit unit for checking compliance with the prescribed policies and approving loans at transaction level as well as our risk management processes and policies allow layers of multiple checks and verifications. Our key business processes are regularly monitored by the head of our business or operations. Our loan approval and administration procedures, collection and enforcement procedures are designed to minimise delinquencies and maximise recoveries.

At all levels of the Company's operations, specifically tailored risk reports are prepared and distributed in order to ensure that all business divisions have access to extensive, necessary and up-to-date information.

It is the Company's policy that a monthly briefing is given to the Board of Directors and all other relevant members of the Company in the utilisation of market limits, proprietary investments and liquidity, plus any other risk developments.

It is the Company's policy to ensure that a robust risk awareness is embedded in its organisational risk culture. Employees are expected to take ownership and be accountable for the risks the Company is exposed to. The Company's continuous training and development emphasises that employees are made aware of the Company's risk appetite and they are supported in their roles and responsibilities to monitor and keep their exposure to risk within the Company's risk appetite limits. Compliance breaches and internal audit findings are important elements of employees' annual ratings and remuneration reviews.

51.D.1 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's Trade receivables and Loans. The Company has adopted a policy of dealing with creditworthy counterparties and obtains sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. In case the loans are to be restructured, similar credit assessment process is followed by the Company.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties/Groups (Single Borrowing Limit/Group Borrowing Limit) and for industry concentrations, and by monitoring exposures in relation to such limits.

Credit quality of a customer is assessed based on its credit worthiness and historical dealings with the Company and market intelligence. Outstanding customer receivables are regularly monitored. The credit quality review process aims to allow the Company to assess the potential loss as a result of the risks to which it is exposed and take corrective actions.

Derivative financial Instruments:

Credit risk arising from derivative financial instruments is, at any time, limited to those with positive fair values, as recorded on the balance sheet. With gross-settled derivatives, the Company is also exposed to a settlement risk, being the risk that the Company honours its obligation, but the counterparty fails to deliver the counter value.

Impairment Assessment:

The Company applies the expected credit loss model for recognising impairment loss. The expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The expected credit loss is a product of exposure at default, probability of default and loss given default. The Company has devised an internal model to evaluate the probability of default and loss given default based on the parameters set out in Ind AS. Accordingly, the loans are classified into various stages as follows:

Internal rating grade	Internal grading description	Stages
Performing		
High grade	0 dpd and 1 to 30 dpd	Stage I
Standard grade	31 to 90 dpd	Stage II
Non-performing		
Individually impaired	90+ dpd	Stage III

Credit loss is the difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Expected Credit Loss (ECL) computation is not driven by any single methodology, however methodology and approach used must reflect the following:

- 1) An unbiased and probability weighted amount that evaluates a range of possible outcomes
- 2) Reasonable and supportable information that is available without undue cost and effort at the reporting date about past events, current conditions and forecasts of future economic conditions;
- 3) Time value of money

While the time value of money element is currently being factored into ECL measurement while discounting cash flows by the Effective Interest Rate (EIR), the objective of developing a macroeconomic model using exogenous macroeconomic variables (MEVs) is to address the first two requirements. This has been achieved by using the model output to adjust the PD risk component in order to make it forward looking and probability-

51.D.1 Credit Risk

Significant increase in credit risk (SICR)

Company considers a financial instrument defaulted, classified as Stage 3 (credit-impaired) for ECL calculations, in all cases when the borrower becomes 90 days past due. Classification of assets from stage 1 to stage 2 has been carried out based on SICR criterion. Accounts which are more than 30 days past due have been identified as accounts where significant increase in credit risk has been observed. These accounts have been classified as Stage 2 assets. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

Probability of Default

Probability of default (PD) is an estimate of the likelihood of default over a given time horizon. PD estimation process is done based on historical internal data available with the Company. While arriving at the PD, the Company also ensures that the factors that affects the macro economic trends are considered to a reasonable extent, wherever necessary. Company calculates the 12 month PD by taking into account the past historical trends of the Loans/portfolio and its credit performance. In case of assets where there is a significant increase in credit risk / credit impaired assets, lifetime PD has been applied.

Loss Given Default (LGD)

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money. The Loss Given Default (LGD) has been computed with workout methodology. Workout LGD is widely considered to be the most flexible, transparent and logical approach to build an LGD model. Along with actual recoveries, value of the underlying collateral has been factored in to estimate future recoveries in LGD computation. Workout LGD computation involves the actual recoveries as well as future recoveries (as a part of the workout process) on a particular facility, as a percentage of balance outstanding at the time of Default/Restructuring. The assessment of workout LGD was then performed. Principal outstanding for each loan was assessed, which went into the denominator of the LGD calculation. LGD computation has been done for each segment and sub-segment separately.

Exposure at Default (EAD)

The amount which the borrower will owe to the portfolio at the time of default is defined as Exposure at Default (EAD). While the drawn credit line reflects the explicit exposure for the Company, there might be variable exposure that may increase the EAD. These exposures are of the nature where the Company provides future commitments, in addition to the current credit. Therefore, the exposure will contain both on and off balance sheet values. The value of exposure is given by the following formula:

$$\text{EAD} = \text{Drawn Credit Line} + \text{Credit Conversion Factor} * \text{Undrawn Credit Line}$$

Where,

Drawn Credit Line = Current outstanding amount

Credit Conversion Factor (CCF) = Expected future drawdown as a proportion of undrawn amount

Undrawn Credit Line = Difference between the total amount which the Company has committed and the drawn credit line While the drawn exposure and limits for the customer are available, the modelling of CCF is required for computing the EAD

Forward looking adjustments

“A measure of ECL is an unbiased probability-weighted amount that is determined by evaluating a range of possible outcomes and using reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.”

To fulfil the above requirement Company has incorporated forward looking information into its measurement of ECL. The objective of developing a macroeconomic model using exogenous macroeconomic variables (MEVs) is to address the requirements of unbiased, probability weighted outcomes while taking into account current conditions as well as future economic conditions. This will be achieved by using the model output to adjust the PD risk component in order to make it forward looking and probability-weighted.

Exogenous macroeconomic parameters were used as independent (X) variables to predict the dependent (Y) variable. Keeping in mind Ind AS requirements around obtaining reliable and supportable information, without incurring undue cost or effort- based on advice of risk committee members and economic experts and consideration of a variety of external actual and forecast information, the Company formulates base case view of the future direction of relevant economic variable as well as a representative range of other possible forecast scenario. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome.

Data sourcing

The Company is expected to obtain reasonable and supportable information that is available without undue cost or effort. Keeping in mind the above requirement macroeconomic information was aggregated from Economic Intelligence Unit (EIU), Bloomberg, World Bank, RBI database. The EIU data has a database of around 150 macroeconomic variables as well as their forecasted values. Beyond 2022 macro-economic variables are forecasted by mean reverting the values to their long term average. External information includes economic data and forecasts published by governmental bodies and monetary authorities in the country, supranational organisations such as the OECD and the IMF, and selected private sector and academic forecasters.

Probability weighted scenario creations:

To incorporate macroeconomic impact into probability-weighted, each scenario has an associated probability. In order to ensure consistency across macroeconomic models, these probabilities were calculated at an overall level for both Retail and Non-Retail portfolios, keeping in mind that though the impact of a scenario across different portfolios may differ based on endogenous factors, the probability of a scenario unfolding is purely exogenous, and hence should not vary.

The Company has identified and documented key drivers of credit risk and credit losses for each portfolio of financial instruments and using an analysis of historical data, has estimated relationship between macro-economic variables and credit risk and credit losses.

The significant economic parameters scenarios used are as follows:

Key Economic Parameter	Base FY +1	Base FY +2
Debt-to-GDP ratio:	18.3-18.7%	18.7-19.2%
Total factor productivity	4-4.5	4.4-5.0
Labor productivity growth:	5.1-5.5%	5.5-6.3%
Unemployment rate	8.5-8.8%	8.5-8.8%
Gross Domestic Product	7.0-7.5%	7.5-8.0%

Apart from the above significant economic parameters, the Company has also identified and used few other economic parameter to build up the forward looking scenarios. These indicators include inflation, forecasted growth in real estate sector, expectation of industry performance, collateral coverage movement, conduct of accounts and expectation of market liquidity.

Above explained indicators have supported in measurement of ECL, and behaviours of such indicators will suitably support going forward in measurement of forward looking scenarios.

Predicted relationship between the key indicators and default and loss rates on various portfolios of financial assets have been developed based on analysing historical data over the past 5 years.

Risk Concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry or geographical location.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

51.D.2 Liquidity Risk

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances.

Company has a Liquidity Contingency Policy in place to ensure various liquidity parameters are defined and tracked regularly. Liquidity Management Team is provided with update on expected liquidity shortfalls in Normal as well as Stress scenario.

To manage the stressed circumstances the Company has ensured maintenance of a Liquidity Cushion in the form of Investments in Government Securities and Mutual Funds. These assets carry minimal credit risk and can be liquidated in a very short period of time. A liquidity cushion amounting to 6-9% of the borrowings is sought to be maintained through such assets. These would be to take care of immediate obligations while continuing to honour our commitments as a going concern. There are available lines of credit from banks which are drawable on notice which further augment the available sources of funds. Funding is raised through diversified sources including Banks, Public and Private issue of Debt, Commercial paper, ECB, Sub Debt etc to maintain a healthy mix.

Liquidity Cushion:

51.D.3 Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, equity prices and Index movements. The company classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately. All the positions are managed and monitored using sensitivity analyses.

51.D.3 Market Risk (Contd.)

Interest Rate Risk

The principal risk to which non-trading portfolios are exposed is the risk of loss from fluctuations in the future cash flows or fair values of financial instruments because of a change in market interest rates. Interest rate risk is managed principally through monitoring interest rate gaps and by having pre-approved limits for repricing bands.

ALCO is the monitoring body for compliance with these limits. ALCO reviews the interest rate gap statement and the mix of floating and fixed rate assets and liabilities. Balance Sheet Management Unit is in-charge for day to day management of interest

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Board has established limits on the non-trading interest rate gaps for stipulated periods. The Company's policy is to monitor positions on a daily basis and hedging strategies are used to ensure positions are maintained within the established limits.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss and equity. The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non-trading financial assets and financial liabilities held at 31 March 2019 and at 31 March 2018

Price risk

The Company's exposure to price risk arises from investments held in Equity Shares, Exchange traded futures, Mutual fund units, all classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Company diversifies its portfolio.

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the level of individual investment in prices of financial instruments.

51.D.4 Prepayment Risk

Prepayment risk is the risk that the Company will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate Loans/borrowings in the falling interest rate scenario.

If 5% of total repayable financial instruments were to prepay at the beginning of the year following the reported period, with all other variables held constant, the profit before tax for the year would be reduced by INR 650.92 million (previous year INR 450.39 million)

52. First Time adoption

These financial statements, for the year ended 31 March 2019, are the first annual financial statements the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2018, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2019, together with the comparative period data as at and for the year ended 31 March 2018, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2017, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2017 and the financial statements as at and for the year ended 31 March 2018.

Exemptions applied

The Company has prepared the opening balance sheet as per Ind AS as of 1 April 2017 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the Company as detailed below.

De-recognition of financial assets and liabilities:

The Group has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 1 April 2017 (the transition date).

Impairment of financial assets

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101

Past business combinations

The Company has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the transition date of 1 April 2017.

Deemed cost for property, plant and equipment, investment property, and intangible assets

The Company has elected to continue with the carrying value of all of its plant and equipment, investment property, and intangible assets recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Share based Payments

The Group has applied the requirements of Ind AS 102 Share-based payment to equity instruments that are unvested as of the transition to Ind AS (1 April 2017)

Determining whether an arrangement contains a lease

The Company has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement existing at the transition date contains a lease on the basis of facts and circumstances existing at that date.

Classification and measurement of financial assets:

The Company has classified and measured the financial assets on the basis of facts and circumstances that exist at the date of transition to Ind AS.

Reference notes to reconciliation of Equity and profit & Loss

Remeasurements of post-employment benefit obligations

Both under Indian GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is reduced by INR 65 Million and Remeasurement gains/ losses on defined benefit plans has been recognised in the OCI net of tax.

Share Based Payment

Under the previous GAAP, the cost of ESOPs were recognised using the intrinsic value method. Under Ind AS, the cost of equity settled share-based plan is recognised based on the fair value of the options as at the grant date.

52. First Time adoption

Trade receivables /Loans:

Under Previous GAAP the Company has created provision for impairment of receivables and Loans based on incurred losses where as under Ind AS, Impairment allowance has been determined based on Expected credit loss model (ECL).

Effective Interest Rate (EIR)

Under previous GAAP, Loan Processing fees charged to customer was recognised upfront in Statement of profit and loss while under Ind AS, such fees are included in initial recognition amount of financial assets.

Under previous GAAP, transaction cost on borrowings were charged to Statement of profit and loss upfront while under Ind AS, such cost are included in initial recognition amount of financial liability and is amortised over the tenure of the borrowings.

Deferred Tax

Indian GAAP requires deferred tax accounting using the statement of profit and loss approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP

Valuation of Investments/Securities held for trading

Under Previous GAAP Investments in Shares, Debentures, Mutual fund units, Govt Securities and securities receipts were classified in Current Investment, Securities held for trading and long term investment based on intent of holding period and realisability Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments and Stock in trade were carried at lower of cost and market value. Under Ind AS, these investments, other than investments in Preference shares, are measured at fair value. The investment in Preference shares is measured at amortised cost.

Reclassification of provision of standard / non-performing assets (NPA)

Under Indian GAAP provision for NPA and standard asset were presented under provisions. However, under Ind AS financial assets measured at amortised cost (majorly loans) are presented net of provision for expected credit losses. Consequently, the Company has reclassified the Indian GAAP provisions for standard assets / NPA's amounting to INR 2,664.20 million and INR 3,253.87 million as on 1 April 2017 and 31 March 2018 respectively.

NCD Holder not a Shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent of the right to receive the annual reports of our Company and such other rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI LODR Regulations.

Rights of NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided in the Companies Act, 2013, our Memorandum and Articles of Association and/or the Debenture Trust Deed, confer upon the holders thereof any rights or privileges available to our Company's members/shareholders including, without limitation, the right to attend and/or vote at any general meeting of our Company's members/shareholders. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members/shareholders of our Company, the said resolution will first be placed before the concerned registered NCD Holders for their consideration. In terms of Section 136(1) of the Companies Act, 2013, holders of NCDs shall be entitled to a copy of the balance sheet and copy of trust deed on a specific request made to our Company.
2. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, including requirements of the RBI, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
3. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, the registered NCD Holders or in case of joint-holders, the one whose name stands first in the Register of Debenture Holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by him/her.
4. The NCDs are subject to the provisions of the SEBI Debt Regulations, the Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of the Offer Document, corrigendum if any, addendum if any, the terms and conditions of the Debenture Trust Deed, requirements of the RBI, other applicable statutory and/or regulatory requirements relating to the issue and listing, of securities and any other documents that may be executed in connection with the NCDs.
5. For the NCDs issued in dematerialized form, the Depositories shall also maintain the upto date record of holders of the NCDs in dematerialized Form. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depository. In terms of Section 88(3) of the Companies Act, 2013, the register and index of beneficial of NCDs maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a Register of NCD Holders for this purpose. The same shall be maintained at the registered office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD holders.
6. Subject to compliance with applicable statutory requirements, the NCDs can be rolled over only with the consent of the holders of at least 75% of the outstanding amount of the NCDs after

providing at least 21 days prior notice for such roll over and in accordance with the SEBI Debt Regulations. Our Company shall redeem the NCDs, who have not given their positive consent to the roll-over.

The aforementioned rights of the NCD holders are merely indicative. The final rights of the NCD holders will be as per the terms of the Debenture Trust Deed.

Nomination facility to NCD Holder

In accordance with Section 72 of the Companies Act 2013, Any NCD Holder may, at any time, nominate, any person as his nominee in whom the NCDs shall vest in the event of his death. On the receipt of the said nomination as per prescribed law a corresponding entry shall forthwith be made in the relevant register of securities holders, maintained under Section 88 of the Companies Act, 2013.

Where the NCDs are held by more than one person jointly, the joint holders may together nominate, in the prescribed manner, any person to whom all the rights in the NCDs shall vest in the event of death of all the joint holders. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate as prescribed any person as nominee.

The request for nomination should be recorded by the Company within a period of two months from the date of receipt of the duly filled and signed nomination form. In the event of death of the NCD Holder or where the NCDs are held by more than one person jointly, in the event of death of all the joint holders, the person nominated as the nominee may upon the production of such evidence as may be required by the Board, elect, either:

- (a) to register himself as holder of the NCDs; or
- (b) to transfer the NCDs as the deceased holder could have done.

If the person being a nominee, so becoming entitled, elects to be registered as holder of the NCDs himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects, and such notice shall be accompanied with the death certificate of the deceased NCD Holder(s).

Notwithstanding anything contained in any other law for the time being in force or in any disposition, whether testamentary or otherwise, in respect of the NCDs, where a nomination made in the prescribed manner purports to confer on any person the right to vest the NCDs, the nominee shall, on the death of the holder of NCDs or, as the case may be, on the death of the joint holders, become entitled to all the rights in the NCDs, of the NCD Holder or, as the case may be, of all the joint holders, in relation to the said NCDs, to the exclusion of all other persons, unless the nomination is varied or cancelled in the prescribed manner.

All the limitations, restrictions and provisions of the Companies Act 2013 relating to the right to transfer and the registration of transfers of the NCDs shall be applicable to any such notice or transfer as aforesaid as if the death of the NCD Holder had not occurred and the notice or transfer were a transfer signed by that NCD Holder. Where the nominee is a minor, it shall be lawful for the NCD Holder, making the nomination to appoint, in the prescribed manner, any person to become entitled to the NCDs, in the event of the death of the nominee during his minority. Where the nominee is a minor, NCD Holder making the nomination, may appoint a person as specified under sub-rule (1) of Rule 19 of Companies (Share Capital and Debentures) Rules, 2014, who shall become entitled to the NCDs, in the event of death of the nominee during his minority.

A person, being a nominee, becoming entitled to NCDs by reason of the death of the NCD Holder shall be entitled to the same interests and other advantages to which he would have been entitled to if he were the registered NCD Holder except that he shall not, before being registered as a NCD Holder in respect of such NCDs, be entitled in respect of these NCDs to exercise any right conferred by subscription to the same in relation to meetings of the NCD Holders convened by the Company. Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the NCDs, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of interests, bonuses or other moneys payable in respect of the said NCDs, until the requirements of the notice have been complied with.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in

the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Jurisdiction

Our Company has in the Debenture Trustee Agreement agreed, for the exclusive benefit of the Debenture Trustee and the Debenture holders, that the courts in Mumbai, Maharashtra are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Debenture Trust or the NCDs and that accordingly any suit, action or proceedings (together referred to as “**Proceedings**”) arising out of or in connection with the Debenture Trust Deed and the NCDs may be brought only in the courts in Mumbai, Maharashtra

Application in the Issue

NCDs being issued through the Offer Document can be applied for, through a valid Application Form filled in by the applicant along with attachments, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only.

Form of Allotment and Denomination of NCDs

As per the Debt Regulations, the trading of the NCDs on the Stock Exchange shall be in dematerialized form only in multiples of one (1) NCD (“**Market Lot**”). Allotment in the Issue to all Allottees, will be in electronic form i.e. in dematerialised form and in multiples of one NCD.

For details of allotment refer to chapter titled “*Issue Procedure*” beginning on page 233 of this Tranche II Prospectus.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant DPs of the transfer or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Company or Registrar.

Title

The NCD Holder(s) for the time being appearing in the record of beneficial owners maintained by the Depository shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes.

No transfer of title of a NCD will be valid unless and until entered on the Register of NCD Holders or the register and index of NCD Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Maturity Amount, as the case may be, will be paid to the person, whose name appears first in the Register of NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company’s shares contained in the Articles of Association of our Company and the Companies Act shall apply, mutatis mutandis (to the extent applicable) to the NCDs as well.

Succession

Where NCDs are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the debentures. In the event of demise of the sole or first holder of the Debentures, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the Debentures only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. The directors of our Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

The Tenor, Coupon Rate / Yield and Redemption Amount applicable for each Series of NCDs shall be determined at the time of Allotment of NCDs. NCDs once allotted under any particular Series of NCDs shall continue to bear the applicable Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of NCD Holder on any Record Date, and such tenor,

coupon/yield and redemption amount as at the time of original allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Investors. In such cases, interest, on the interest payment date, would be directly credited to the account of those Investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to help NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. Refer to the paragraph on “*Manner of Payment of Interest/ Refund*” at page 229 of this Tranche II Prospectus.

Payment of Interest will be made to those NCD Holders whose names appear in the register of NCD Holders (or to first holder in case of joint-holders) as on Record Date. For NCDs subscribed, in respect to Series VI and Series VIII, where the interest is to be paid on a monthly basis, relevant interest will be calculated from the first day till the last day of every month during the tenor of such NCDs and paid on the first day of every subsequent month. For the first interest payment for NCDs under the monthly options, interest from the Deemed Date of Allotment till the last day of the subsequent month will be clubbed along with the interest of the subsequent month and paid on the first day of the month next to that subsequent month. For example, assuming Deemed Date of Allotment (tentative) as November 4, 2019, first interest payment will be from the Deemed Date of Allotment till December 31, 2019 and will be paid on January 1, 2020.

Taxation

Any tax exemption certificate/document must be lodged at the office of the Registrar at least 7 (seven) days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company’s books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

As per clause (ix) of Section 193 of the IT Act, no tax is required to be withheld on any interest payable on any security issued by a company, where such security is in dematerialized form and is listed on a recognized Stock Exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956 and the rules made thereunder. Accordingly, no tax will be deducted at source from the interest on listed NCDs held in the dematerialized form.

However, in case of NCDs held in physical form pursuant to rematerialisation, as per the current provisions of the IT Act, tax will not be deducted at source from interest payable on such NCDs held by the investor (in case of resident Individuals and HUFs), if such interest does not exceed ₹ 5,000 in any financial year. If interest exceeds the prescribed limit of ₹ 5,000 on account of interest on the NCDs, then the tax will be deducted at applicable rate. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by Individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all Applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all Applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13. The aforesaid documents, as may be applicable, should be submitted to our Company quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of the NCD held, prior to the Record Date to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The investors need to submit Form 15H/ 15G/certificate in original from Assessing Officer for each financial year during the currency of the NCD to ensure non-deduction or lower deduction of tax at source from interest on the NCD.

If the date of interest payment falls on a Saturday, Sunday or a public holiday in Mumbai or any other payment centre notified in terms of the N.I. Act, then interest would be paid on the next working day. Payment of interest would be subject to the deduction as prescribed in the IT Act or any statutory modification or re-enactment thereof for the time being in force.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the

provisions of this Tranche II Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹ 1,000 per NCD is payable on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall refund the excess amount paid on application to the Applicant in accordance with the terms of this Tranche II Prospectus.

Manner of Payment of Interest / Refund

The manner of payment of interest / refund/redemption amounts in connection with the NCDs is set out below:

The bank details will be obtained from the Depositories for payment of Interest / refund / redemption amount as the case may be. Applicants who are holding the NCDs in electronic form, are advised to immediately update their bank account details as appearing on the records of the depository participant. Please note that failure to do so could result in delays in credit of refunds to the Applicant at the Applicant's sole risk, and the Lead Managers, our Company nor the Registrar to the Issue shall have any responsibility and undertake any liability for the same.

Printing of Bank Particulars on Interest/Redemption Warrants

As a matter of precaution against possible fraudulent encashment of interest/redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account would be taken directly from the depositories. Bank account particulars will be printed on the warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to the RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, from time to time, consider, subject to applicable statutory and/or regulatory requirements including but not limited to SEBI Debt Regulation, buyback of NCDs, upon such terms and conditions as may be decided by our Company without consent from debenture trustee or debenture holders.

Procedure for Redemption by NCD Holders

No action is required on the part of NCD Holder(s) at the time of redemption of NCDs.

Payment on Redemption

The manner of payment of redemption is set out below:

On the redemption date, redemption proceeds would be paid by cheque /pay order / electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holder(s) towards his/their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the NCD Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

Right to Reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any NCD(s), we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or reissue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or reissuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Sharing of Information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us, with our subsidiaries, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper in Mumbai and/or will be sent by post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Future Borrowings

We will be entitled to borrow/raise loans or avail of financial assistance in whatever form as also to issue debentures/ NCDs/other securities in any manner having such ranking in priority, pari passu or otherwise, subject to applicable consents, approvals or permissions that may be required under any statutory/regulatory/contractual requirement, and change the capital structure including the issue of shares of any class, on such terms and conditions as we may think appropriate, without the consent of, or intimation to, the NCD Holders or the Debenture Trustee in this connection.

Pre-Issue Advertisement

Subject to section 30 of the Companies Act, 2013, our Company will issue a statutory advertisement on or before the Tranche II Issue Opening Date. This advertisement will contain the information as prescribed in Schedule IV of SEBI Debt Regulations in compliance with Regulation 8 (1) of SEBI Debt Regulations. Material updated, if any, between the date of filing of the Shelf Prospectus and this Tranche II Prospectus with ROC, and the date of release of this statutory advertisement, will be included in the statutory advertisement.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447 of the Companies Act, 2013.”*

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 10 lakh million or 1.00% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 10 lakh or 1.00% of the turnover of the Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 50 lakh or with both.

Pre-closure

Our Company, in consultation with the Lead Managers reserves the right to close the Tranche II Issue at any time prior to the Tranche II Issue Closing Date, subject to receipt of minimum subscription or as may be specified in the “*General Information – Tranche II Issue Programme*” on page 17 of this Tranche II Prospectus.

Our Company shall allot NCDs with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Tranche II Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure or the Tranche II Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement and advertisement for opening or closure of this Tranche II Issue have been given.

Minimum Subscription

In terms of the SEBI Debt Regulations, for an issuer undertaking a public issue of debt securities the minimum Subscription for public issue of debt securities shall be 75% of the Base Issue Size. If our Company does not receive the minimum subscription of 75% of Base Issue Size i.e. ₹ 750 million, prior to the Tranche II Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 6 working days from the Tranche II Issue Closing Date provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within 6 working days from the Tranche II Issue Closing Date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However,

where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard including its circular bearing no. HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018.

Guarantee/ Letter of Comfort

The Issue is not backed by a guarantee or letter of comfort or any other document and/or letter with similar intent.

Utilisation of the Tranche II Application Amount

The sum received in respect of the Tranche II Issue will be kept in separate bank accounts and we will have access to such funds as per applicable provisions of law(s), regulations and approvals.

Listing

The NCDs offered through this Tranche II Prospectus are proposed to be listed on the BSE. Our Company has obtained an 'in-principle' approval for the Issue from the BSE vide their letter no DCS/BM/PI-BOND/1/19-20 dated May 6, 2019. For the purposes of the Issue, BSE shall be the Designated Stock Exchange.

Our Company will use best efforts to ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchange are taken within 6 (six) Working Days of the Tranche II Issue Closing Date. For the avoidance of doubt, it is hereby clarified that in the event of non-subscription to any one or more of the series, such series(s) of NCDs shall not be listed.

ISSUE PROCEDURE

This section applies to all Applicants. Pursuant to the circular (CIR/DDHS/P/121/2018) dated August 16, 2018 issued by SEBI, all Applicants are required to apply for in the Issue through the ASBA process. Please note that all Applicants are required to pay the full Application Amount or ensure that the ASBA Account has sufficient credit balance such that the entire Application Amount can be blocked by the SCSB while making an Application. ASBA Applicants ensure that their respective ASBA accounts can be blocked by the SCSBs, in the relevant ASBA Accounts. Applicants should note that they may submit their Applications to the Lead Managers or Members of the Syndicate or Registered Brokers at the Broker Centres or CDPs at the Designated CDP Locations or the CRTAs at the Designated RTA Locations or designated branches of SCSBs as mentioned on the Application Form.

Applicants are advised to make their independent investigations and ensure that their Applications do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable law or as specified in this Tranche II Prospectus.

Please note that this section has been prepared based on the circular no. CIR/IMD/DF-1/20/2012 dated July 27, 2012 issued by SEBI (“Debt Application Circular”) as modified by circular (No. CIR/IMD/DF/18/2013) dated October 29, 2013 issued by SEBI and circular no. CIR/DDHS/P/121/2018 dated August 16, 2018 issued by SEBI (“Debt ASBA Circular”).

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility as provided for in the Debt Application Circular have been sought from the Stock Exchange.

Specific attention is drawn to the circular (No. CIR/IMD/DF/18/2013) dated October 29, 2013 issued by SEBI, which amends the provisions of the 2012 SEBI Circular to the extent that it provides for allotment in public issues of debt securities to be made on the basis of date of upload of each application into the electronic book of the Stock Exchange, as opposed to the date and time of upload of each such application.

PLEASE NOTE THAT ALL DESIGNATED INTERMEDIARIES WHO WISH TO COLLECT AND UPLOAD APPLICATION IN THIS ISSUE ON THE ELECTRONIC APPLICATION PLATFORM PROVIDED BY THE STOCK EXCHANGE WILL NEED TO APPROACH THE RESPECTIVE STOCK EXCHANGE AND FOLLOW THE REQUISITE PROCEDURES AS MAY BE PRESCRIBED BY THE STOCK EXCHANGE. THE FOLLOWING SECTION MAY CONSEQUENTLY UNDERGO CHANGE BETWEEN THE DATES OF THIS TRANCHE II PROSPECTUS, THE TRANCHE II ISSUE OPENING DATE AND THE TRANCHE II ISSUE CLOSING DATE.

THE MEMBERS OF THE SYNDICATE AND OUR COMPANY SHALL NOT BE RESPONSIBLE OR LIABLE FOR ANY ERRORS OR OMISSIONS ON THE PART OF THE DESIGNATED INTERMEDIARIES IN CONNECTION WITH THE RESPONSIBILITY OF SUCH DESIGNATED INTERMEDIARIES IN RELATION TO COLLECTION AND UPLOAD OF APPLICATIONS IN THIS ISSUE ON THE ELECTRONIC APPLICATION PLATFORM PROVIDED BY THE STOCK EXCHANGE. FURTHER, THE STOCK EXCHANGE SHALL BE RESPONSIBLE FOR ADDRESSING INVESTOR GRIEVANCES ARISING FROM APPLICATIONS THROUGH DESIGNATED INTERMEDIARIES REGISTERED WITH STOCK EXCHANGE.

For purposes of the Issue, the term “Working Day” shall mean all days excluding Sundays or a holiday of commercial banks in Mumbai, except with reference to Issue Period, where Working Days shall mean all days, excluding Saturdays, Sundays and public holiday in India. Furthermore, for the purpose of post issue period, i.e. period beginning from Issue Closure to listing of the securities, Working Days shall mean all days excluding Sundays or a holiday of commercial banks in Mumbai or a public holiday in India, however, with reference to payment of interest/redemption of NCDs, Working Days shall mean those days wherein the money market is functioning in Mumbai as per the SEBI Circular CIR/DDHS/P/121/2018 dated August 16, 2018.

The information below is given for the benefit of the investors. Our Company and the Lead Managers are not liable for any amendment or modification or changes in applicable laws or regulations, which may occur after the date of this Tranche II Prospectus.

- (b) Physically through the Designated Intermediaries at the respective Bidding Centres. Kindly note that above Applications submitted to any of the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the Application Form, has not named at least one branch at that Bidding Centre where the Application Form is submitted (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>).

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchange and the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. **If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected.** If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be.

Applicants must note that:

1. Physical Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries (other than Trading Members of the Stock Exchange) at the respective Collection Centers; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchange at least one day prior to the Tranche II Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchange at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the electronic version of the Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.
2. The Designated Branches of the SCSBs shall accept Applications directly from Applicants only during the Issue Period. The SCSB shall not accept any Application directly from Applicants after the closing time of acceptance of Applications on the Tranche II Issue Closing Date. However, the relevant branches of the SCSBs at Specified Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Tranche II Issue Closing Date, if the Applications have been uploaded. For further information on the Tranche II Issue programme, please refer to "**Issue Structure**" on page 212 of this Tranche II Prospectus.
3. Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialized form only.

Submission of Direct Online Applications

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchange.

In the event the Direct Online Application facility is implemented by the Stock Exchange, relevant “know your customer” details of such Applicants will be validated online from the Depositories, on the basis of the DP ID and Client ID provided by them in the Application Form. On successful submission of a Direct Online Application, the Applicant will receive a system-generated unique application number (“UAN”) and an SMS or an e-mail confirmation on credit of the requisite Application Amount paid through the online payment facility with the Direct Online Application. On Allotment, the Registrar to the Issue shall credit NCDs to the beneficiary account of the Applicant and in case of refund, the refund amount shall be credited directly to the Applicant’s bank account. Applicants applying through the Direct Online Application facility must preserve their UAN and quote their UAN in: (a) any cancellation/withdrawal of their Application; (b) in queries in connection with Allotment of NCDs and/or refund(s); and/or (c) in all investor grievances/complaints in connection with the Issue.

As per the Debt Application Circular issued by SEBI, the availability of the Direct Online Applications facility is subject to the Stock Exchange putting in place the necessary systems and infrastructure, and accordingly the aforementioned disclosures are subject to any further clarifications, notification, modification deletion, direction, instructions and/or correspondence that may be issued by the Stock Exchange and/or SEBI.

INSTRUCTIONS FOR FILLING UP THE APPLICATION FORM

General Instructions

A. General instructions for completing the Application Form

- Applications must be made in prescribed Application Form only;
- Application Forms must be completed in block letters in English, as per the instructions contained in this Tranche II Prospectus, the Prospectus the Abridged Prospectus and the Application Form.
- If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
- Applications must be for a minimum of 10 NCDs and in multiples of 1 NCD thereafter. For the purpose of fulfilling the requirement of minimum application size of 10 NCDs, an Applicant may choose to apply for 10 NCDs or more in a single Application Form.
- If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
- Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta.
- Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution needs to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;
- The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the

requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be.

- Every Applicant should hold a valid PAN and mention the same in the Application Form.
- All Applicants are required to tick the relevant column of “Category of Investor” in the Application Form.
- Applicants should correctly mention the ASBA Account number and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and also ensure that the signature in the Application Form matches with the signature in Applicant’s bank records, otherwise the Application is liable to be rejected
- Applicants must provide details of valid and active DP ID, Client ID and PAN clearly and without error. On the basis of such Applicant’s active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchange by SCSBs, the Designated Intermediaries, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs. If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder, in accordance with the instructions provided in the Application Form. Not more than five Applications can be made from one single ASBA Account;
- For Applicants, the Applications in physical mode should be submitted to the SCSBs or a Member of the Syndicate or to the Trading Members of the Stock Exchange on the prescribed Application Form. SCSBs may provide the electronic mode for making Application either through an internet enabled banking facility or such other secured, electronically enabled mechanism for Application and blocking funds in the ASBA Account;
- Application Forms should bear the stamp of the Member of the Syndicate, Trading Member of the Stock Exchange, Designated Intermediaries and/or Designated Branch of the SCSB. Application Forms which do not bear the stamp will be rejected.

The series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Designated Intermediaries nor the SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

Our Company would allot the Series III NCDs, as specified in this Tranche II Prospectus to all valid Applications, wherein the applicants have not indicated their choice of the relevant series of NCDs.

B. Applicant’s Beneficiary Account Details

Applicants must mention their DP ID and Client ID in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the beneficiary account is held. In case the Application Form is submitted in the first Applicant’s name, it should be ensured that the beneficiary account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the Stock Exchange do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected. Further, Application Forms submitted by Applicants whose beneficiary accounts are inactive, will be rejected. On the basis of the Demographic details as appearing on the records of the DP, the Registrar to the Issue will issue Allotment Advice to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their beneficiary account details in the Application Form. Failure to do so could result in delays in delivery of Allotment Advice at the Applicants’ sole risk, and neither our Company, the Lead Managers, Trading Members of the Stock Exchange, Members of the Syndicate, Designated Intermediaries, Bankers to the Issue, SCSBs, Registrar to the Issue

nor the Stock Exchange will bear any responsibility or liability for the same. In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of power of attorney to request the Registrar that for the purpose of printing particulars on the Allotment Advice, the demographic details obtained from the Depository of the Applicant shall be used.

By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to the Issue will be made into the accounts of such Applicants. **Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, Client ID and PAN, then such Application are liable to be rejected.**

C. Permanent Account Number (PAN)

The Applicant should mention his or her PAN allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the central or state government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. **Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the general index register number i.e. GIR number instead of the PAN as the Application is liable to be rejected on this ground.**

However, the exemption for the central or state government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e. either Sikkim category or exempt category.

D. Joint Applications

Applications made in joint names (not exceeding three). In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to first named in the Application whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

E. Additional/ Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs, subject to a minimum application size of ₹ 10,000 and in multiples of ₹ 1,000 thereafter as specified in the Prospectus. **Any Application for an amount below the aforesaid minimum application size will be deemed as an invalid application and shall be rejected.** Any Application made by any person in his individual capacity and an Application made by such person in his capacity as a karta of a HUF and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under the Issue, Applications shall be grouped based on the PAN, i.e. Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Do's and Don'ts

Applicants are advised to take note of the following while filling and submitting the Application Form:

Do's

1. Check if you are eligible to apply as per the terms of this Tranche II Prospectus and applicable law;
2. Read all the instructions carefully and complete the Application Form in the prescribed form;
3. Ensure that you have obtained all necessary approvals from the relevant statutory and/or regulatory authorities to apply for, subscribe to and/or seek Allotment of NCDs pursuant to the Issue;
4. Ensure that the DP ID and Client ID and PAN mentioned in the Application Form, which shall be entered into the electronic system of the Stock Exchange are correct and match with the DP ID, Client ID and PAN available in the Depository database. Ensure that the DP ID and Client ID are correct and beneficiary account is activated. The requirement for providing Depository Participant details shall be mandatory for all Applicants;
5. Ensure that you have mentioned the correct ASBA Account number in the Application Form;
6. Ensure that the Application Form is signed by the ASBA Account holder in case the Applicant is not the ASBA account holder;
7. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form to the respective Designated Branch of the SCSB, or to the Designated Intermediaries, as the case may be;
8. Ensure that the Application Forms are submitted at the Designated Branches of SCSBs or the Bidding Centres provided in the Application Forms, bearing the stamp of the relevant Designated Intermediaries/Designated branch of the SCSB as the case may be;
9. Before submitting the Application Form with the Designated Intermediaries ensure that the SCSB, whose name has been filled in the Application Form, has named a branch in that relevant Bidding Centre;
10. Ensure that you have been given an acknowledgement as proof of having accepted the Application Form;
11. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic application platform of the Stock Exchange as per the procedures and requirements prescribed by the Stock Exchange, ensure that you have first withdrawn your original Application and submit a fresh Application. For instance, as per the notice No: 20120831-22 dated August 31, 2012 issued by the BSE, fields namely, quantity, series, application no., sub-category codes will not be allowed for modification during the Issue. In such a case the date of the fresh Application will be considered for date priority for allotment purposes;
12. Ensure that signatures other than in the languages specified in the 8th Schedule to the Constitution of India is attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal;
13. Ensure that you mention your PAN in the Application Form. In case of joint Applicants, the PAN of all the Applicants should be provided, and for HUFs, PAN of the HUF should be provided. Any Application Form without the PAN is liable to be rejected. Applicants should not submit the GIR Number instead of the PAN as the Application is liable to be rejected on this ground;
14. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta. However, the PAN number of the HUF should be mentioned in the Application Form and not that of the Karta;
15. Ensure that the Applications are submitted to the Designated Intermediaries, or Designated Branches

of the SCSBs, as the case may be, before the closure of application hours on the Tranche II Issue Closing Date. For further information on the Tranche II Issue programme, please refer to “**Issue Structure**” on page 212 of this Tranche II Prospectus.

16. **Permanent Account Number:** Except for Application (i) on behalf of the central or state government and officials appointed by the courts, and (ii) (subject to SEBI circular dated April 3, 2008) from the residents of the state of Sikkim, each of the Applicants should provide their PAN. Application Forms in which the PAN is not provided will be rejected. The exemption for the central or state government and officials appointed by the courts and for investors residing in the state of Sikkim is subject to (a) the demographic details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the demographic details evidencing the same;
17. Ensure that if the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form;
18. All Applicants are requested to tick the relevant column “Category of Investor” in the Application Form.

In terms of SEBI Circular no. CIR/CFD/DIL/1/2013 dated January 2, 2013, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account.

SEBI Circular No. CIR/DDHS/P/121/2018 dated August 16, 2018 stipulating the time between closure of the Issue and listing at 6 (six) Working Days. In order to enable compliance with the above timelines, investors are advised to use ASBA facility only to make payment.

Kindly note that Applications submitted to the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the Designated Intermediaries to deposit such Application Forms. (A list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>).

Please refer to “*Rejection of Applications*” on page 250 of this Tranche II Prospectus for information on rejection of Applications.

TERMS OF PAYMENT

The Application Forms will be uploaded onto the electronic system of the Stock Exchange and deposited with the relevant branch of the SCSB at the Specified City named by such SCSB to accept such Applications from the Designated Intermediaries, (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>). The relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the Application.

The entire Application Amount for the NCDs is payable on Application only. The relevant SCSB shall block an amount equivalent to the entire Application Amount in the ASBA Account at the time of upload of the Application Form. In case of Allotment of lesser number of NCDs than the number applied, the Registrar to the Issue shall instruct the SCSBs to unblock the excess amount in the ASBA Account. For Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application, before entering the Application into the electronic system of the Stock Exchange. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account. **Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the Application to the Designated Intermediaries, or to the Designated Branches of the SCSBs. An Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.**

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard

by the Registrar to the respective SCSB within 6 (six) Working Days of the Tranche II Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

Payment mechanism for Direct Online Applicants

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchange.

SUBMISSION OF COMPLETED APPLICATION FORMS

Mode of Submission of Application Forms	To whom the Application Form has to be submitted
Applications	<p>(i) <i>If using <u>physical Application Form</u>, (a) to the Designated Intermediaries at relevant Bidding Centres or (b) to the Designated Branches of the SCSBs where the ASBA Account is maintained; or</i></p> <p>(ii) <i>If using <u>electronic Application Form</u>, to the SCSBs, electronically through internet banking facility, if available.</i></p>

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchange.

However, the Designated Intermediaries, will acknowledge the receipt of the Application Forms by stamping the date and returning to the Applicants an acknowledgement slips which will serve as a duplicate Application Form for the records of the Applicant.

Electronic Registration of Applications

- (a) The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications using the on-line facilities of the Stock Exchange. Direct Online Applications will be registered by Applicants using the online platform offered by the Stock Exchange. **The Lead Managers, our Company and the Registrar to the Issue are not responsible for any acts, mistakes or errors or omission and commissions in relation to, (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) with respect to Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts, or (v) any Applications accepted and uploaded and/or not uploaded by the Trading Members of the Stock Exchange or (vi) the Applications accepted by and/or uploaded by and/or accepted but not uploaded by Lead Brokers, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms.**

In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchange. However, the series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated branches of the SCSBs in the data entries as such data entries will be considered for allotment/rejection of Application.

- (b) The Stock Exchange will offer an electronic facility for registering Applications for the Issue. This facility will be available on the terminals of the Designated Intermediaries and the SCSBs during the Issue Period. The Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line

data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on the Tranche II Issue Closing Date. On the Tranche II Issue Closing Date, the Designated Intermediaries and the Designated Branches of the SCSBs shall upload the Applications till such time as may be permitted by the Stock Exchange. This information will be available with the Designated Intermediaries and the Designated Branches of the SCSBs on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Tranche II Issue Programme, please refer to “*Issue Structure*” on page 212 of this Tranche II Prospectus.

- (c) With respect to Applications submitted directly to the SCSBs at the time of registering each Application, other than Direct Online Applications, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:

 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Application amount
- (d) With respect to Applications submitted to the Designated Intermediaries at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Location
 - Application amount
- (e) A system generated acknowledgement will be given to the Applicant as a proof of the registration of each Application. **It is the Applicant’s responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be. The registration of the Application by the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be, does not guarantee that the NCDs shall be allocated/ Allotted by our Company. The acknowledgement will be non-negotiable and by itself will not create any obligation of any kind.**
- (f) Applications can be rejected on the technical grounds listed on page 250 of this Tranche II Prospectus or if all required information is not provided or the Application Form is incomplete in any respect.
- (g) The permission given by the Stock Exchange to use their network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the Lead Managers are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness

of any of the contents of this Tranche II Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchange.

- (h) **Only Applications that are uploaded on the online system of the Stock Exchange shall be considered for allocation/ Allotment.** The Lead Managers, Designated Intermediaries and the Designated Branches of the SCSBs shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchange. In order that the data so captured is accurate the, Designated Intermediaries and the Designated Branches of the SCSBs will be given up to one Working Day after the Tranche II Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Tranche II Issue Period after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

REJECTION OF APPLICATIONS

Applications would be liable to be rejected on the technical grounds listed below or if all required information is not provided or the Application Form is incomplete in any respect. The Board of Directors and/or any committee of our Company reserves its full, unqualified and absolute right to accept or reject any Application in whole or in part and in either case without assigning any reason thereof.

Application may be rejected on one or more technical grounds, including but not restricted to:

- (i) Application by persons not competent to contract under the Indian Contract Act, 1872, as amended, (other than minors having valid Depository Account as per Demographic Details provided by Depositories);
- (ii) Applications accompanied by cash, draft, cheques, money order or any other mode of payment other than amounts blocked in the Bidders' ASBA Account maintained with an SCSB;
- (iii) Applications not being signed by the sole/joint Applicant(s);
- (iv) Investor Category in the Application Form not being ticked;
- (v) Application Amount blocked being higher or lower than the value of NCDs Applied for. However, our Company may allot NCDs up to the number of NCDs Applied for, if the value of such NCDs Applied for exceeds the minimum Application size;
- (vi) Applications where a registered address in India is not provided for the Applicant;
- (vii) In case of partnership firms (except LLPs), NCDs applied for in the name of the partnership and not the names of the individual partner(s);
- (viii) Minor Applicants (applying through the guardian) without mentioning the PAN of the minor Applicant;

For information on certain procedures to be carried out by the Registrar to the Offer for finalization of the basis of allotment, please refer to “*Information for Applicants*” on page 252 of this Tranche II Prospectus.

Information for Applicants

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship).

In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

BASIS OF ALLOTMENT

Basis of Allotment for NCDs

The Registrar will aggregate the Applications, based on the applications received through an electronic book from the Stock Exchange and determine the valid Application for the purpose of drawing the valid Applications for the purpose of drawing the basis of allocation.

Allocation Ratio

For the purposes of the Basis of Allotment:

- A. *Applications received from Category I Applicants:* Applications received from Applicants belonging to Category I shall be grouped together (“**QIB Portion**”);
- B. *Applications received from Category II Applicants:* Applications received from Applicants belonging to Category II, shall be grouped together (“**Corporate Portion**”)
- C. *Applications received from Category III Applicants:* Applications received from Applicants belonging to Category III shall be grouped together (“**High Net Worth Individual Portion**”); and
- D. *Applications received from Category IV Applicants:* Applications received from Applicants belonging to Category IV shall be grouped together (“**Retail Individual Investor Portion**”).

For removal of doubt, the terms “QIB Portion”, “Corporate Portion”, “High Net Worth Individual Portion” and “Retail Individual Investor Portion” are individually referred to as a “Portion” and collectively referred to as “Portions”.

For the purposes of determining the number of NCDs available for allocation to each of the abovementioned Portions, our Company shall have the discretion of determining the number of NCDs to be allotted over and above the Base Issue Size, in case our Company opts to retain any oversubscription in the Tranche II Issue up to the Tranche II Issue Limit i.e. aggregating up to 5,000 million. The aggregate value of NCDs decided to be allotted over and above the Base Issue Size, (in case our Company opts to retain any oversubscription in the Tranche II Issue), and/or the aggregate value of NCDs up to the Base Issue Size shall be collectively termed as the “**Tranche II Issue Limit**”.

Allocation Ratio

QIB Portion	Corporate Portion	High Net Worth Individual Portion	Retail Individual Investor Portion
20% of the Tranche II Issue Limit	20% of the Tranche II Issue Limit	30% of the Tranche II Issue Limit	30% of the Tranche II Issue Limit

Basis of Allotment for NCDs

- (a) Allotments in the first instance:
- (i) Applicants belonging to the QIB Portion, in the first instance, will be allocated NCDs up to 20% of Tranche II Issue Limit on first come first served basis which would be determined on the basis of upload of their Applications on daily basis in to the electronic book with Stock Exchange;
 - (ii) Applicants belonging to the Corporate Portion, in the first instance, will be allocated NCDs up to 20% of Tranche II Issue Limit on first come first served basis which would be determined on the basis of upload of their Applications on daily basis in to the electronic book with Stock Exchange;
 - (iii) Applicants belonging to the High Net Worth Individual Portion, in the first instance, will be allocated NCDs up to 30% of Tranche II Issue Limit on first come first served basis which would be determined on the basis of upload of their Applications on daily basis in to the electronic book with Stock Exchange;
 - (iv) Applicants belonging to the Retail Individual Investor Portion, in the first instance, will be allocated NCDs up to 30% of Tranche II Issue Limit on first come first served basis which would be determined on the basis of upload of their Applications on daily basis in to the electronic book with Stock Exchange;
- (b) Allotments, in consultation with the Designated Stock Exchange, shall be made on date priority basis i.e. a first-come first-serve basis, based on the date of upload of each Application in to the Electronic Book with Stock Exchange, in each Portion subject to the Allocation Ratio. However, on the date of oversubscription, the allotments would be made to the applicants on proportionate basis.
- (c) Under Subscription
- (i) Retail Individual Investor Portion;
 - (ii) High Net worth Individual Portion;
 - (iii) Corporate Portion; and
 - (iv) QIB Portion.

Within each Portion, priority in Allotments will be given on a first-come-first-serve basis, based on the date of upload of each Application into the electronic system of the Stock Exchange.

- (d) For each Portion, all Applications uploaded in to the Electronic Book with Stock Exchange would be treated at par with each other. Allotment would be on proportionate basis, where NCDs uploaded into

the Platform of the Stock Exchange on a particular date exceeds NCDs to be allotted for each Portion respectively.

- (e) Minimum allotment of 1 (one) NCD and in multiples of 1 (one) NCD thereafter would be made in case of each valid Application.
- (f) Allotments in case of oversubscription: In case of an oversubscription, allotments to the maximum extent, as possible, will be made on a first-come first-serve basis and thereafter on proportionate basis, i.e. full allotment of NCDs to the Applicants on a first come first basis up to the date falling 1 (one) day prior to the date of oversubscription and proportionate allotment of NCDs to the Applicants on the date of oversubscription (based on the date of upload of each Application into the Electronic Book with Stock Exchange, in each Portion).
- (g) Proportionate Allotments: For each Portion, on the date of oversubscription:
 - (i) Allotments to the Applicants shall be made in proportion to their respective Application size, rounded off to the nearest integer;
 - (ii) If the process of rounding off to the nearest integer results in the actual allocation of NCDs being higher than the Tranche II Issue size, not all Applicants will be allotted the number of NCDs arrived at after such rounding off. Rather, each Applicant whose allotment size, prior to rounding off, had the highest decimal point would be given preference; and
 - (iii) In the event, there are more than one Applicant whose entitlement remain equal after the manner of distribution referred to above, our Company will ensure that the basis of allotment is finalized by draw of lots in a fair and equitable manner.
- (h) Applicant applying for more than one Series of NCDs: If an Applicant has applied for more than one Series of NCDs, and in case such Applicant is entitled to allocation of only a part of the aggregate number of NCDs applied for, the Series-wise allocation of NCDs to such Applicants shall be in proportion to the number of NCDs with respect to each Series, applied for by such Applicant, subject to rounding off to the nearest integer, as appropriate in consultation with Lead Managers and Designated Stock Exchange. Further, in the aforesaid scenario, wherein the Applicant has applied for all the seven series and in case such Applicant cannot be allotted all the seven series, then the Applicant would be allotted NCDs, at the discretion of the Company, the Registrar and the Lead Managers wherein the NCDs with the least tenor i.e. allotment of NCDs with tenor of 24 months followed by allotment of NCDs with tenor of 39 months and so on.

All decisions pertaining to the basis of allotment of NCDs pursuant to the Tranche II Issue shall be taken by our Company in consultation with the Lead Managers and the Designated Stock Exchange and in compliance with the aforementioned provisions of this Tranche II Prospectus. Any other queries / issues in connection with the Applications will be appropriately dealt with and decided upon by our Company in consultation with the Lead Managers.

Our Company shall allocate and allot Series III NCDs wherein the Applicants have not indicated their choice of the relevant NCD Series.

Unblocking of Funds for withdrawn, rejected or unsuccessful or partially successful Applications

The Registrar shall, pursuant to preparation of Basis of Allotment, instruct the relevant SCSB to unblock the funds in the relevant ASBA Account for withdrawn, rejected or unsuccessful or partially successful Applications within 6 (six) Working Days of the Tranche II Issue Closing Date.

ISSUANCE OF ALLOTMENT ADVICE

Our Company shall ensure dispatch/and/or mail the Allotment Advice within 6 (six) Working Days of the Tranche II Issue Closing Date to the Applicants. The Allotment Advice for successful Applicants will be mailed to their addresses as per the Demographic Details received from the Depositories. Instructions for credit of NCDs to the beneficiary account with Depository Participants shall be made within 6 (six) Working Days of the Tranche II Issue Closing Date.

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities for commencement of trading at the Stock Exchange where the NCDs are proposed to be listed are taken within 6 (six) Working Days from the Tranche II Issue Closing Date.

Allotment Advices shall be issued, or Application Amount shall be unblocked within 15 (fifteen) days from the Tranche II Issue Closing Date or such lesser time as may be specified by SEBI or else the application amount shall be unblocked in the ASBA Accounts of the applicants forthwith, failing which interest shall be due to be paid to the applicants at the rate of fifteen per cent. per annum for the delayed period.

Our Company will provide adequate funds required for dispatch of Allotment Advice, as applicable, to the Registrar to the Issue

OTHER INFORMATION

Withdrawal of Applications during the Issue Period

Applicants can withdraw their Applications during the Issue Period by submitting a request for the same to the Designated Intermediaries or the Designated Branch, as the case may be, through whom the Application had been placed. In case of Applications submitted to the Designated Intermediaries upon receipt of the request for withdrawal from the Applicant, the relevant Designated Intermediaries shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and intimating the Designated Branch of the SCSB to unblock of the funds blocked in the ASBA Account at the time of making the Application. In case of Applications submitted directly to the Designated Branch of the SCSB, upon receipt of the request for withdraw from the Applicant, the relevant Designated Branch shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and unblocking of the funds in the ASBA Account directly.

Early Closure

Our Company, in consultation with the Lead Managers reserves the right to close the Tranche II Issue at any time prior to the Closing Date of the Tranche II Prospectus, subject to receipt of minimum subscription for NCDs aggregating to 75% of the Base Issue Size. Our Company shall allot NCDs with respect to the Applications received at the time of such early closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements.

If our Company does not receive the minimum subscription of 75% of Base Issue Size prior to the Tranche II Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 6 (six) working days from the Tranche II Issue Closing Date of the Tranche II Prospectus, provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within 6 (six) working days from the Tranche II Issue Closing Date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Revision of Applications

As per the notice No: 20120831-22 dated August 31, 2012 issued by the BSE, cancellation of one or more orders within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. Please note that in case of cancellation of one or more orders within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchange, by submitting a written request to the Designated Intermediaries/the Designated branch of the SCSBs, as the case may be. However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchange as per the procedures and requirements prescribed by the Stock Exchange, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on Tranche II Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries and/or the Designated Branches of the SCSBs will be given up to one Working Day after the Tranche II Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

Depository Arrangements

We have made depository arrangements with NSDL and CDSL. Please note that Tripartite Agreements have been executed between our Company, the Registrar and both the depositories.

As per the provisions of the Depositories Act, the NCDs issued by us can be held in a dematerialized form.

In this context:

- (i) Agreement dated March 22, 2010 between us, the Registrar to the Issue and NSDL, and March 22, 2010 between us, the Registrar to the Issue and CDSL, respectively for offering depository option to the investors.
- (ii) An Applicant must have at least one beneficiary account with any of the Depository Participants (DPs) of NSDL or CDSL prior to making the Application.
- (iii) The Applicant must necessarily provide the DP ID and Client ID details in the Application Form.
- (iv) NCDs Allotted to an Applicant in the electronic form will be credited directly to the Applicant's respective beneficiary account(s) with the DP.
- (v) Non-transferable Allotment Advice/ refund orders will be directly sent to the Applicant by the Registrar to this Issue.
- (vi) It may be noted that NCDs in electronic form can be traded only on the Stock Exchange having electronic connectivity with NSDL or CDSL. The Stock Exchange has connectivity with NSDL and CDSL.
- (vii) Interest or other benefits with respect to the NCDs held in dematerialized form would be paid to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us as on Record Date. In case of those NCDs for which the beneficial owner is not identified by the Depository as on the Record Date/ book closure date, we would keep in abeyance the payment of interest or other benefits, till such time that the beneficial owner is identified by the Depository and conveyed to us, whereupon the interest or benefits will be paid to the beneficiaries, as identified, within a period of 30 days.
- (viii) The trading of the NCDs on the floor of the Stock Exchange shall be in dematerialized form only.

Please also refer to "*Instructions for filling up the Application Form*" on page 242 of this Tranche II Prospectus.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable premium and interest for such NCDs) prior to redemption of the NCDs.

PLEASE NOTE THAT TRADING OF NCDs ON THE FLOOR OF THE STOCK EXCHANGE SHALL BE IN DEMATERIALIZED FORM ONLY IN MULTIPLE OF ONE NCD.

Allottees will have the option to re-materialize the NCDs Allotted under the Issue as per the provisions of the Companies Act, 2013 and the Depositories Act.

Disclaimer

CARE's ratings are opinions on credit quality and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CARE has based its ratings/outlooks on information obtained from sources believed by it to be accurate and reliable. CARE does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE have paid a credit rating fee, based on the amount and type of bank facilities/instruments.

In case of partnership/proprietary concerns, the rating/outlook assigned by CARE is based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors.

Rating Rationale

The rating revision takes into account increasing risk averseness in the market towards NBFC sector in general and wholesale lending focussed NBFCs in particular which pose challenges in resource mobilisation. CARE takes note of resource mobilisation of Rs.7800 crore from various sources done by Edelweiss Financial Services Limited (EFSL) and its subsidiaries during H2FY19. However, in line with trend observed for the NBFC/HFC sector, EFSL group has also witnessed increased cost of borrowings which reflects the increased risk perception of the lenders towards entities operating in the NBFC/HFC segment. Therefore, continuous mobilisation of resources for EFSL group and maintaining adequate liquidity during this tough operating environment is a key rating monitorable.

The revision also takes into account exposure of EFSL Group to real estate sector which is witnessing slowdown and experiencing heightened refinancing risk. The asset quality in this segment for EFSL Group needs to be monitored as it is yet to span out fully on account of larger part of the portfolio under moratorium even-though currently the asset quality is comfortable. Further the collateral cover taken on the real estate exposures and control over project cash flows through Escrow mechanism also provide comfort to an extent but continuation of slowdown in the real estate market might put some pressure on the liquidity in the short to medium term.

The ratings also continues to factor in the diversified business profile of the group (on consolidated basis), experienced management team, adequate capitalization, good asset quality and comfortable liquidity profile. The ratings are, however, constrained by dependence on revenue from the capital market related activities which has inherent volatility and is declining due to diversification of revenue streams, client concentration and credit risk in its wholesale credit book, and risk associated with relatively new businesses. The performance of EFSL group's new businesses, asset quality, profitability, are the key rating sensitivities.

Detailed description of the key rating drivers

Diversified business profile

EFSL (on a consolidated basis) is a diversified financial services company with presence in various business segments related to credit in retail credit including mortgage finance (housing loans, loans against property) and SME credit, corporate credit and distressed assets credit including asset reconstruction. Its Advisory businesses include wealth management, asset management, and capital market businesses which include equity and commodities broking (both institutional and retail) and investment banking. Its insurance business includes both life and general insurance businesses. The share of the group's total interest income accounted for 60% of the total income in FY19 on consolidated basis. (FY18: 56.5%). The share of broking and fee based income has reduced to 22% of total income in FY19 from 27% of total income in FY18. This was mainly due to the slowdown in the

advisory and broking business due to the volatility in the capital market in FY19 though the fees from distressed credit business were higher. The share of the insurance premium increased marginally.

Experienced management team

EFSL has a strong management team with a rich experience in the financial sector. Mr. Rashesh Shah, founder of EFSL, has more than 25 years of experience after graduating from IIM – Ahmadabad. Mr. Venkat Ramaswamy, co-founder of EFSL, heads the alternative asset management businesses, and has an MBA degree from the University of Pittsburgh, USA. They are also supported by a strong second line of management, who has rich experience in their respective fields. The senior management team of Edelweiss has been quite stable over the last few years and most of the senior management has been with Edelweiss for a long period.

Adequate capitalisation levels

On a consolidated basis, the tangible net worth (excluding minority interest) stood at Rs. 6919 crore as on March 31, 2019 compared to Rs. 6027 crore as on March 31, 2018. In March 2019, the company has signed an agreement with CDPQ (Canadian Pension Fund) for investment in the NBFC arm ECL Finance Limited of ~Rs. 1800 crore in a span of 2 years. Out of the said investment, Rs. 1040 crore was received in May 2019 in the form of compulsorily convertible debentures. The group maintained the Capital Adequacy levels (as per company) at 18.00% as on March 31, 2019. (17.04% as on March 31, 2018).

In FY19, EFSL group has raised Rs. 15050 crore of fresh long term borrowings of which Rs. 7250 crore was raised in H1FY19 and Rs.7800 crore in H2FY19. The groups' debt levels have decreased from Rs.48031 crore as on March 31, 2018 to Rs.45217 crore as on March 31, 2019. Subsequently, gearing levels (excluding minority interest) decreased from 7.97 times as on March 31, 2018 to 6.53 times as on March 31, 2019. The gearing (excluding MI) post the capital infusion in May 2019 stood at 5.60 times (based on March 2019 debt figures). The group's gearing excluding the liquid treasury assets maintained for liquidity management as on March 31, 2019 as per the management is 4.4 times based on reported net worth.

Edelweiss group has three active Non-Banking Finance Companies (NBFCs) and one Housing Finance Company (HFC) to carry out its lending business viz., ECL Finance Ltd (NBFC – 100.0% shareholding and loan portfolio of Rs. 25411 crore as on March 31, 2019), Edelweiss Finvest Pvt Ltd (NBFC-100% shareholding and loan portfolio of Rs.2,411crore as on March 31, 2019), Edelweiss Housing Finance Ltd (HFC – 100% shareholding and loan portfolio of Rs. 5396 crore as on March 31, 2019) and Edelweiss Retail Finance Limited(NBFC-100% and loan portfolio of Rs 1908 crore as on March 31,

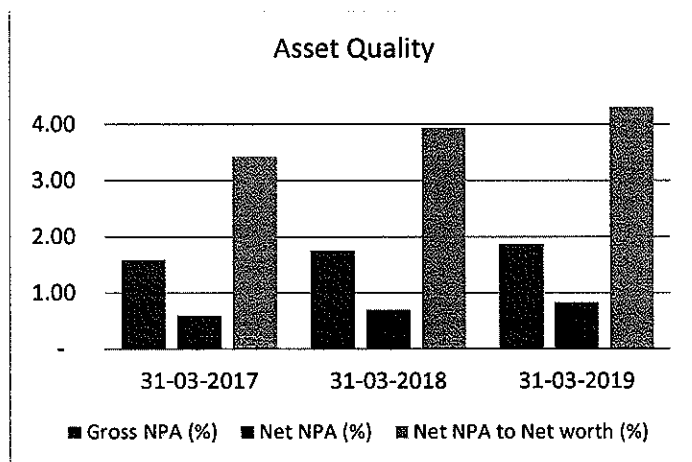

2019). ECL Finance Ltd reported CAR of 19.27% (Tier-I – 14.27%), Edelweiss Housing Finance Ltd reported CAR of 17.57% as on March 31, 2019, Edelweiss Retail Finance Ltd reported CAR of 31.95% (Tier-I - 24.67%) and Edelweiss Finvest Private Limited reported CAR of 28.44% (Tier-I - 26.64%). Regulatory approvals have been sought to merge ERFL with ECLF and make EHFL a 100% owned subsidiary of ECLF.

The Group has demonstrated a track record of raising funds at regular intervals to take care of the leverage at the group level. Further, the Group has a strong track record of raising and deploying managed funds, which supports its overall business capabilities.

Good asset quality

The group’s asset quality remains comfortable. Edelweiss focuses on the credit business across wholesale and retail products. EFSL has been able to maintain comfortable asset quality on the book including the wholesale book over the years. As on March 31, 2019, Gross NPA ratio was 1.87% (1.75% as on March 31, 2018). Net NPA ratio was 0.83% (0.70% as on March 31, 2018) while Net NPA to Net-worth ratio was 4.32% (3.43% as on March 31, 2018). Including the written off amounts, Adjusted GNPA ratios stood at 2.5% as on March 31,2019 as compared to 2.91 % as on March 31,2018. Edelweiss group has outstanding exposure to real estate with financing to developers accounting for 27% of the total credit book. The current environment prevailing in the real estate sector with funding constraints on account of crisis in the NBFC sector coupled with higher inventory is expected to put pressure on the asset quality of the NBFCs including Edelweiss. Thus, the ability of the group in maintaining the asset quality across the business cycles is a key rating sensitivity.

Figure 1: Consolidated Asset Quality

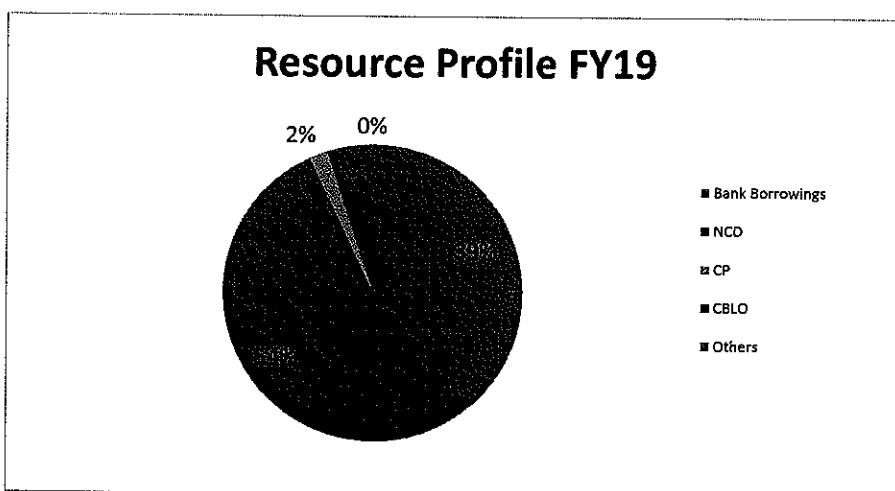

Comfortable liquidity profile and diversified resource profile

EFSL on a consolidated basis maintained a cumulative positive asset-liability mismatch across the time buckets as on March 31, 2019. The company has a cumulative repayments of Rs. 17240 crore upto March 2020 and cumulative advances inflows of Rs. 16124 crore upto March 2020. At the group level, the company maintained liquidity to the tune of Rs. 5300 crore as on March 31, 2019 which comprised of Rs. 900 crore of cash/bank balance & fixed deposit, Rs. 2100 crore of investment in mutual funds & government securities and Rs. 2300 crore of undrawn bank lines.

The group has a diversified resource profile with longer-term borrowings by way of NCDs, subordinated debt, retail bonds and term loan facilities from banks. As on March 31, 2011, 63% of total borrowings were short-term borrowings (CP and CBLO) which have gone down to 7% by March 31, 2019. At the same time, as on March 31, 2011, 34% of total borrowings were from the banks and in the form of NCDs and subordinate debt, which have gone up to 93% by March 31, 2019.

Figure 2: Resource Profile

Advances Profile

As on March 31, 2019, wholesale loan book (including structured credit, wholesale real estate financing) and distressed assets accounted for 58.46% of the on book loan portfolio (61.5% as on March 31, 2018). As on March 31, 2019, wholesale structured credit book accounted for 14.8 % of the loan book (22.3% as on March 31, 2018), wholesale real estate financing – 26.7% (24.2% as on March 31, 2018) and Distressed Assets–16.98% (15.0% as on March 31, 2018). The share of retail book has been steadily increasing from 28% as on March 2015 to 41.54% as on March 2019. Retail mortgage loans (housing loans, loan against property (LAP), Construction Finance(CF)) comprised of –21% of the total loan book (15.9% as on March 31, 2018), SME finance -10.55% (8.75% as on March 31, 2018), Agriculture and rural finance - 0.9% (2.8% as on March 31, 2018) and Retail loan against

shares - 9.4% (11.0% as on March 31, 2018). The share of retail book is expected to further increase given the group's objective of diversifying the credit book.

Key Rating Weaknesses

Substantial proportion of revenue from the capital markets related activities

A significant proportion of ESFL group's revenue is related to the capital markets led activities, which include equity broking, investment banking, capital market related loan portfolio, asset management. However with increase in size of the credit and distressed credit business, dependency on capital markets has been declining over past few years.

Client concentration and credit risk in its wholesale credit book

As on March 31, 2019, the total loan portfolio comprised of retail book of 42% (March 2018: 41%), wholesale book of 41% (March 2018: 45%) and distressed asset book of 17% (March 2018:15%). Wholesale credit book of EFSL comprises of the real estate financing and the structured collateralised credit book. The real estate financing accounted for 27% of the total credit book as on March 31, 2019 as compared to 24% of the total credit book as on March 31, 2018. Even though the company has demonstrated a reduction on the concentration in the wholesale book as compared to the last year, the real estate segment continues to dominate the credit book. As on March 31, 2019, top 50 exposures (of which 32 accounts were from real estate segment) shared by the company which gives information on loan outstanding, reported security cover, moratorium period, name of developer and project, and these accounted for 1.37 times of Tangible Net-worth. The top 10 accounts accounted for 45% of the tangible net-worth. (March 2018: 46% of tangible net worth).

The real estate book which has high ticket concentration and higher proportion of the book (based on analysis of information provided for 32 top exposures in RE book) under principal moratorium is expected to impact the liquidity in the short to medium term given the prolonged slowdown in the real estate sector. However, the company tries to mitigate the risk associated with the real estate exposures by the adequate collateral cover of 2-3x maintained on each exposure and control over the cash flows of the projects through Escrow mechanism. The company undertakes regular monitoring of each projects by an in-house team of 70+ employees which is engaged in fortnightly physical verification of the projects, marketing and controlling the construction if required.

Risk associated with distressed assets and new businesses

The Edelweiss group has recently forayed into new businesses, including expanding insurance (both life and general), distressed assets. The insurance business is characterized by high competition and

the group's ability to successfully establish a position in these segments is yet to be seen. Furthermore, the group has acquired a large portfolio of distressed assets in the past few years and the resolution in such cases needs to be seen.

As on March 31, 2019, the distressed assets (DA) accounted for 17% of credit book stood as on March 31, 2019 compared to 15% as on March 31, 2018. Till date the ARC has redeemed Rs.7553 crore of security receipts which account of approximately 13.99% of the issued security receipts. The ARC has made recoveries of Rs. 7019 crore during FY19. (FY18: Rs.2574 crore). Edelweiss ARC reported a Profit after tax (PAT) of Rs.435.02 crore in FY19 (Rs.180.02 crore in FY18). Even though the ARC business has demonstrated growth in the past year with steady recoveries and growth in profitability, the inherent high riskiness of business leads to uncertainty and credit risk. At the same time, the implementation of IBC has improved the pace of resolution. The company's ability to demonstrate adequate and timely resolution performance is a key rating sensitivity.

Profitability

Moderation in the growth in profitability is on account of moderate growth in the advisory income due to capital market volatility in FY19 and increase in the loss in the life insurance business coupled with the rise in the cost of borrowings of the group post H2FY19 on account of liquidity crunch in the market and also the lower dependence on the commercial paper borrowings. The operating expense as a % of average assets increased from 5.73% in FY18 to 6.24% in FY19 on account of creation of capacity to build the retail book. Credit cost has declined from 1.17% in FY18 to 0.77% in FY19 on account of reduction in the provisions in FY19. As the result of the above, the Return on total assets continued to be maintained at 1.66% in FY19.

Figure 3: Profitability

Liquidity: EFSL on a consolidated basis maintained a cumulative positive asset-liability mismatch across the time buckets as on March 31, 2019 considering cash and liquid investments of Rs.5000 crore. The company has a cumulative repayments of Rs. 17240 crore upto March 2020 and cumulative advances inflows of Rs. 16124 crore upto March 2020. At the group level, the company maintained liquidity to the tune of Rs. 5300 crore as on March 31, 2019 which comprised of Rs. 900 crore of cash/bank balance & fixed deposit, Rs. 2100 crore of investment in mutual funds & government securities and Rs. 2300 crore of undrawn bank lines to take care of the mismatches.

Analytical approach:

Edelweiss Financial Services Ltd (EFSL – rated 'CARE AA-; Stable and 'CARE A1+'), the flagship company of the Edelweiss group, owns 100% in most of its subsidiaries and the management/line functions for these businesses is common with significant operational and financial integration among them. Accordingly, CARE has considered a consolidated view of EFSL for arriving at the rating. The list of the subsidiaries considered for consolidation are as per Annexure 4.

About CARE Ratings:

CARE Ratings commenced operations in April 1993 and over two decades, it has established itself as one of the leading credit rating agencies in India. CARE is registered with the Securities and Exchange Board of India (SEBI) and also recognized as an External Credit Assessment Institution (ECAI) by the Reserve Bank of India (RBI). CARE Ratings is proud of its rightful place in the Indian capital market built around investor confidence. CARE Ratings provides the entire spectrum of credit rating that helps the corporates to raise capital for their various requirements and assists the investors to form an informed investment decision based on the credit risk and their own risk-return expectations. Our rating and grading service offerings leverage our domain and analytical expertise backed by the methodologies congruent with the international best practices.

Disclaimer

CARE's ratings are opinions on credit quality and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CARE has based its ratings/outlooks on information obtained from sources believed by it to be accurate and reliable. CARE does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such

information. Most entities whose bank facilities/instruments are rated by CARE have paid a credit rating fee, based on the amount and type of bank facilities/instruments.

In case of partnership/proprietary concerns, the rating /outlook assigned by CARE is based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors.

Our ratings do not factor in any rating related trigger clauses as per the terms of the facility/instrument, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and if triggered, the ratings may see volatility and sharp downgrades.

Detailed Rationale & Key Rating Drivers

The rating revision takes into account increasing risk averseness in the market towards NBFC sector in general and wholesale lending focussed NBFCs in particular which pose challenges in resource mobilisation. CARE takes note of resource mobilisation of Rs.7800 crore from various sources done by Edelweiss Financial Services Limited (EFSL) during H2FY19. However, in line with trend observed for the NBFC/HFC sector, EFSL has also witnessed increased cost of borrowings which reflects the increased risk perception of the lenders towards entities operating in the NBFC/HFC segment. Therefore, continuous mobilisation of resources for EFSL and maintaining adequate liquidity during this tough operating environment is a key rating monitorable.

The revision also takes into account exposure of EFSL Group to real estate sector which is witnessing slowdown and experiencing heightened refinancing risk. The asset quality in this segment for EFSL needs to be monitored as it is yet to span out fully on account of larger part of the portfolio under moratorium even-though currently the asset quality is comfortable. Further the collateral cover taken on the real estate exposures also provide comfort to an extent but continuation of slowdown in the real estate market might put some pressure on the liquidity in the short to medium term.

The ratings also continues to factor in the diversified business profile of the group (on consolidated basis), experienced management team, adequate capitalization, good asset quality and comfortable liquidity profile. The ratings are, however, constrained by dependence on revenue from the capital market related activities which has inherent volatility and is declining due to diversification of revenue streams, client concentration and credit risk in its wholesale credit book, and risk associated with relatively new businesses. The performance of EFSL's new businesses, asset quality, profitability, are the key rating sensitivities.

Detailed description of the key rating drivers

Key Rating Strengths

Diversified business profile of the group

EFSL is a diversified financial services company with presence in various business segments related to credit in retail credit including mortgage finance (housing loans, loans against property) and SME credit, corporate credit and distressed assets credit including asset reconstruction. Its Franchise & Advisory businesses include wealth management, asset management, and capital market businesses which include equity and commodities broking (both institutional and retail) and investment banking. Its insurance business includes both life and general insurance businesses. The share of the group's total interest income accounted for 60% of the total income in FY19 on consolidated basis. (FY18: 56.5%). The share of broking and fee based income has reduced to 22% of total income in

FY19 from 27% of total income in FY18. This was mainly due to the slowdown in the advisory and broking business due to the volatility in the capital market in FY19. The share of the insurance premium increased marginally.

Established institutional equity broking business and good retail distribution network

EFSL on group basis has established institutional equity business comprising institutional equity sales and research. It provides services to a large and diversified base of Foreign Institutional Investors (FIIs) and domestic institutional investors. Its clients include large pension funds, long only funds, Exchange Traded Funds (ETFs) and hedge funds. It is one of the largest domestic institutional broking houses in India with around 300 foreign and domestic institutional investors. The institutional equity business is supported by a strong equity sales team and relevant and timely research. EFSL manages an AUM of Rs. 2,00,900 crore of customer assets which comprises of Assets under advice (Wealth Management), Distressed Credit (ARC Assets)(excluding Edelweiss contribution), Funds under Management (Asset Management) (excluding Edelweiss contribution) and Assets under custody and clearing.

Experienced management team

EFSL has a strong management team with a rich experience in the financial sector. The senior management team of Edelweiss has been quite stable over the last few years and most of the senior management has been with Edelweiss for a long period.

Adequate capitalization levels

On a consolidated basis, the tangible net worth (excluding minority interest) stood at Rs. 6919 crore as on March 31, 2019 compared to Rs. 6027 crore as on March 31, 2018. In March 2019, the company has signed an agreement with CDPQ (Canadian Pension Fund) for investment in the NBFC arm ECL Finance Limited of ~Rs. 1800 crore in a span of 2 years. Out of the said investment, Rs. 1040 crore was received in May 2019 in the form of compulsorily convertible debenture. The company is also looking for a strategic investor in its Wealth & Asset Management business. The group maintained the Capital Adequacy levels (as per company) at 18.01% as on March 31, 2019. (17.4% as on March 31, 2018).

The groups' debt levels have decreased from Rs.48031 crore as on March 31, 2018 to Rs.45217 crore as on March 31, 2019. Subsequently, gearing levels (excluding minority interest) decreased from 7.97 times as on March 31, 2018 to 6.53 times as on March 31, 2019. The gearing (excluding MI) post the capital infusion in May 2019 stood at 5.60 times (based on March 2019 debt figures).

The Group has demonstrated a track record of raising funds at regular intervals to take care of the leverage at the group level. Further, the Group has a strong track record of raising and deploying managed funds, which supports its overall business capabilities.

Comfortable asset quality

EFSL's has been able to maintain comfortable asset quality on the book including the wholesale book over the years. As on March 31, 2019, Gross NPA ratio was 1.87% (1.75% as on March 31, 2018). Net NPA ratio was 0.83% (0.70% as on March 31, 2018) while Net NPA to Net-worth ratio was 4.32% (3.43% as on March 31, 2018). Including the written off amounts, Adjusted GNPA ratios stood at 2.5% as on March 31, 2019 as compared to 2.91 % as on March 31, 2018. Edelweiss group has outstanding exposure to real estate with financing to developers accounting for 29% of the total credit book. The current environment prevailing in the real estate sector with funding constraints on account of crisis in the NBFC sector coupled with higher inventory is expected to put pressure on the asset quality of the NBFCs including Edelweiss which has relatively higher exposure to real estate developers in the NBFC segment. Thus, the ability of the group in maintaining the asset quality across the business cycles is a key rating sensitivity.

Comfortable liquidity profile and diversified resource profile

EFSL on a consolidated basis maintained a cumulative positive asset-liability mismatch across the time buckets as on March 31, 2019. At the group level, the company maintained liquidity to the tune of Rs. 5300 crore as on March 31, 2019 which comprised of Rs. 900 crore of cash/bank balance & fixed deposit, Rs. 2100 crore of investment in mutual funds & government securities and Rs. 2300 crore of undrawn bank lines.

As on March 31, 2019, resource profile is well diversified with NCDs / Sub debt / MLD - 54% (FY18: 41%), Bank borrowings- 39% (FY18: 34%), CP - 2% (FY18: 14%), CBLO - 5% (FY17: 7%) and others - 0 (FY17: 1%) of total borrowings as respectively. EFSL has reduced its dependence on the commercial paper in FY19 and has mainly relied on the long term borrowings.

Key Rating Weakness

Substantial proportion of revenue from the capital markets related activities

A significant proportion of ESFL's revenue is related to the capital markets led activities, which include equity broking, investment banking, capital market related loan portfolio, asset management. However with increase in size of the credit business, dependency on capital markets has been declining over past few years.

Client concentration and credit risk in its wholesale credit book

As on March 31, 2019, the total loan portfolio comprised of retail book of 42% (March 2018: 41%), wholesale book of 41% (March 2018: 45%) and distressed asset book of 17% (March 2018:14%). Wholesale credit book of EFSL comprises of the real estate financing and the structured collateralised credit book. The real estate financing accounted for 27% of the total credit book as on March 31, 2019 as compared to 24% of the total credit book as on March 31, 2018. Even though the company has demonstrated a reduction on the concentration in the wholesale book as compared to the last year, the real estate segment continues to dominate the credit book. As on March 31, 2019, top 50 exposures (of which 32 accounts were from real estate segment) shared by the company which gives information on loan outstanding, reported security cover, moratorium period, name of developer and project. As on March 31, 2019, top 50 exposures (of which 32 accounts were from real estate segment) shared by the company accounted for 1.37 times of Tangible Net-worth. The top 10 accounts accounted for 45% of the tangible net-worth. (March 2018: 46% of tangible net worth).

The real estate book which has high ticket concentration and higher proportion of the book (based on analysis of information provided for 32 top exposures in RE book) under principal moratorium is expected to impact the liquidity in the short to medium term given the prolonged slowdown in the real estate sector. However, the company tries to mitigate the risk associated with the real estate exposures by the adequate collateral cover of 2-3x maintained on each exposure. The company undertakes regular monitoring of each projects by an in-house team of 70+ employees which is engaged in fortnightly physical verification of the projects, marketing and controlling the construction if required.

Risk associated with distressed assets and new businesses

The Edelweiss group has recently forayed into new businesses, including expanding insurance (both life and general), distress assets. The insurance business is characterized by high competition and the group's ability to successfully establish a position in these segments is yet to be seen. Furthermore, the group has acquired a large portfolio of distressed assets in the past few years and the resolution in such cases needs to be seen.

As on March 31, 2019, the distressed assets (DA) accounted for 17% of credit book stood as on March 31, 2019 compared to 14% as on March 31, 2018. Till date the ARC has redeemed Rs.7553 crore of security receipts which account of approximately 13.99% of the issued security receipts. The ARC has made recoveries of Rs. 7019 crore during FY19. (FY18: Rs.2574 crore). Edelweiss ARC reported a Profit after tax (PAT) of Rs.435.02 crore in FY19 (Rs.180.02 crore in FY18). Even though the ARC business has demonstrated growth in the past year with steady recoveries and growth in

profitability, the inherent high riskiness of business leads to uncertainty and credit risk. The company's ability to demonstrate adequate and timely resolution performance is a key rating sensitivity.

Moderation in profitability growth

Moderation in the growth in profitability is on account of moderate growth in the advisory income due to capital market volatility in FY19 and increase in the loss in the life insurance business coupled with the rise in the cost of borrowings of the group post H2FY19 on account of liquidity crunch in the market and also the lower dependence on the commercial paper borrowings. The operating expense as a % of average assets increased from 5.73% in FY18 to 6.24% in FY19 on account of creation of capacity to build the retail book. Credit cost has declined from 1.17% in FY18 to 0.77% in FY19 on account of reduction in the provisions in FY19. As the result of the above, the Return on total assets remained maintained at 1.66% in FY19.

Liquidity: EFSL on a consolidated basis maintained a cumulative positive asset-liability mismatch across the time buckets as on March 31, 2019 considering cash and liquid investments of Rs.5000 crore. The company has a cumulative repayments of Rs. 17240 crore upto March 2020 and cumulative advances inflows of Rs. 16124 crore upto March 2020. At the group level, the company maintained liquidity to the tune of Rs. 5300 crore as on March 31, 2019 which comprised of Rs. 900 crore of cash/bank balance & fixed deposit, Rs. 2100 crore of investment in mutual funds & government securities and Rs. 2300 crore of undrawn bank lines to take care of the mismatches.

Dear Mr. Nilesh Sampat,

Re: CRISIL Rating on the Rs 2000 Crore Retail Bond[®] of ECL Finance Limited

We refer to your request for a rating for the captioned debt instrument.

CRISIL has, after due consideration, assigned its "CRISIL AA/Stable" (pronounced as CRISIL double A rating with Stable outlook) rating to the captioned debt instrument. Instruments with this rating are considered to have high degree of safety regarding timely servicing of financial obligations. Such instruments carry very low credit risk.

For the purpose of issuance of the captioned debt instrument, this letter is valid for 180 calendar days from the date of the letter. In the event of your company not placing the above instrument within this period, or in the event of any change in the size/structure of your proposed issue, the rating shall have to be reviewed and a letter of revalidation shall have to be issued to you. Once the instrument is issued, the above rating is valid throughout the life of the captioned debt instrument.

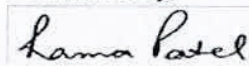

As per our Rating Agreement, CRISIL would disseminate the rating along with outlook through its publications and other media, and keep the rating along with outlook under surveillance for the life of the instrument. CRISIL reserves the right to withdraw or revise the ratings assigned to the captioned instrument at any time, on the basis of new information, or unavailability of information or other circumstances, which CRISIL believes, may have an impact on the rating.

As per the latest SEBI circular (reference number: CIR/IMD/DF/17/2013; dated October 22, 2013) on centralized database for corporate bonds/debentures, you are required to provide international securities identification number (ISIN; along with the reference number and the date of the rating letter) of all bond/debenture issuances made against this rating letter to us. The circular also requires you to share this information with us within 2 days after the allotment of the ISIN. We request you to mail us all the necessary and relevant information at debtissue@crisil.com. This will enable CRISIL to verify and confirm to the depositories, including NSDL and CDSL, the ISIN details of debt rated by us, as required by SEBI. Feel free to contact us for any clarifications you may have at debtissue@crisil.com

Should you require any clarifications, please feel free to get in touch with us.

Refer to annexure for Details of Instruments & Bank Facilities

@proposed public issue of retail NCDs

Detailed Rationale

CRISIL has downgraded its ratings on the long-term debt instruments and bank facilities of ECL Finance Ltd (ECL Finance; a part of the Edelweiss group) to 'CRISIL AA-/CRISIL PP-MLD AA-r/Stable' from 'CRISIL AA/CRISIL PP-MLD AAr/Negative'. The rating on the commercial paper issue and short-term debt programme has been reaffirmed at 'CRISIL A1+/CRISIL PP-MLD A1+r'.

CRISIL has also withdrawn its rating on Long-Term Principal-Protected Market-Linked Debentures of Rs 3.6 crore and Non Convertible debentures of Rs 50 crore (See Annexure 'Details of Rating Withdrawn' for details) in line with its withdrawal policy.

The rating revision factors in the current challenging operating environment for non-banking financial companies (NBFCs), especially those with a wholesale lending book. Interest from debt investors in the sector has reduced in the recent past, leading to issues in funding access for non-banks, including the Edelweiss group. Although the group has been raising resources on an ongoing basis since September 2018, the overall fund raising remains significantly below pre-September 2018 levels. Further, the ease of raising resources and the associated cost have been impacted. Nevertheless, bank borrowing and funds raised via securitisation were higher in the second quarter of fiscal 2020, as compared to the first quarter. Furthermore, with rising borrowing cost and slowdown in disbursements by non-banks - mainly to wholesale borrowers, refinancing risks for real estate players has increased. This could strain the asset quality of the wholesale lending portfolio in the near to medium term.

The 'Stable' outlook reflects the group's diversified presence across financial services, ability to raise capital even during challenging times, expected decline in share of wholesale book and adequate liquidity. From a funding perspective, budgetary announcement of the Government to support public sector banks through a partial credit enhancement mechanism for buying asset pools from non-banks should bring some respite for the sector. The Edelweiss group has recently received sanctions of around Rs 900 crore under this mechanism with a few other sanctions in pipeline as well.

Given the current environment, with lenders exercising caution, the Edelweiss group has witnessed a reduction in incremental funds raised post September 2018, and an increase in the borrowing cost. The group has raised around Rs 3,000 crore (excluding commercial paper) during the first six months of the current fiscal as compared to around Rs 7600 crore for the corresponding period of the previous fiscal. Within this, market borrowing fell sharply. Nevertheless, going forward, incremental fund raising is expected to improve with fresh bank sanctions in pipeline, increase in securitisation/assignment volumes and the group's plan to start tapping capital markets (including raising of retail NCDs). However, the group's ability to raise fresh funds from diverse sources over the near term will be a key monitorable.

Reported asset quality metrics witnessed an uptick with overall gross non-performing assets (GNPA) ratio at 2.3% as on June 30, 2019, compared to 1.9% as on March 31, 2019. The loan book remain chunky with around 50% of the overall portfolio towards wholesale lending (of which 67% is towards real estate). Further, a sizeable proportion of the wholesale book is currently under moratorium with bullet or staggered repayments. While the group follows sound credit appraisal and risk management practices, has adequate collateral cover for its wholesale loans, and has also built strong recovery capabilities, asset quality in the past was also supported by an active

refinance market, particularly for the real estate loans. The group also benefits from its diversified business ecosystem, and as part of its account specific recovery/resolution strategy, it has sold some of the stressed exposures in the lending business to the Edelweiss Asset Reconstruction Co Ltd (EARC; on an arm's length basis) to benefit from the latter's better resolution capability and strong legal team.

The group is planning reduce its wholesale book through sell down over the next few months. With the slowdown in the real estate sector and incipient stress for developers coupled with exposure to few stressed corporates, the Edelweiss group's ability to get timely refinance/exits, recover from some of these exposures, maintain asset quality metrics and scale down the wholesale book will remain key monitorables.

Nevertheless, CRISIL has factored in the group's ability to raise capital as demonstrated even in the current market environment. In August 2019, the Edelweiss group announced that Kora Management (Kora; a US-based investment firm) will be investing around Rs 525 crore (USD 75 million) in the advisory business, Edelweiss Global Investment Advisors (EGIA). EGIA includes the businesses of asset reconstruction, wealth and asset management and the institutional client group. In addition to this investment, Kora also plans to invest an additional Rs 350 crore (USD 50 million) into the group, the timing and structuring of which is being finalised. The group also announced that it plans to raise additional capital in EGIA of up to Rs 525 crore (USD 75 million) excluding the investment by Kora and is in talks with investors for the same. Earlier, the group had entered into an agreement to raise Rs 1,800 crore from Caisse de depot et placement du Quebec (CDPQ) in the form of compulsory convertible debentures (CCDs) in ECL Finance (of which Rs 1,040 crore has been already infused in the June 2019 quarter). These investments shall further bolster the group's network (Rs 9,844 crore as on June 30, 2019, treating CDPQ investment as part of network), and reduce the consolidated gearing which stood at 4.5 times as June 30, 2019.

The group also has adequate liquidity. The overnight on-balance sheet liquidity (including cash, liquid investments and treasury assets) stood at around Rs 4,200 crore as on September 26, 2019. This excludes other liquid assets (investments, securities-based lending book), which can be accessed if necessary- this stood at around Rs 4,600 crore as on same date.

The ratings continue to reflect the group's diversified business and earnings profile with presence across credit, capital market, and insurance segments, and demonstrated ability to build significant presence in multiple lines of business. The ratings also factor in an established market position in capital market-related segments resulting in a regular stream of fee-based income.

These strengths are partially offset by vulnerability of asset quality to concentration in the wholesale lending segment, particularly in the current challenging environment. Furthermore, the profitability ratios and gearing (while declining) are relatively weaker than many other large predominantly wholesale players.

CRISIL will continue to monitor the group's ability to raise fresh funding, progress of additional capital raising in the wealth business, any increase in build-up of stress in the wholesale book, as well as proposed scale down of wholesale lending book.

Analytical Approach

For arriving at the ratings, CRISIL has combined the business and financial risk profiles of Edelweiss Financial Services Ltd (EFSL; the parent and holding company for all group companies) and its subsidiaries, including ECL Finance. That is because all these entities, collectively referred to as the Edelweiss group, have significant operational, financial, and managerial integration and also operate under the common brand, Edelweiss.

Please refer Annexure - Details of Consolidation, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

*** Diversified business profile**

The group has been diversifying within each of its key businesses, as well as entering new businesses, over the past few years. It is now present in the retail and wholesale lending segments, securities broking, wealth management, asset management, insurance, stressed-asset management, and alternate assets. Many of these have now attained sizeable scale, and likely to lend greater stability to earnings. Within the capital market, retail broking volume now constitutes around half of the overall broking volume. In terms of new business lines, the life insurance business has grown significantly and may break even over the next 3-4 years. In the lending business (book size of Rs 33,968 crore as on June 30, 2019, excluding capital deployed in distressed assets credit), the group will continue to focus on increasing the granularity of the loan book. As a part of this strategy, it will focus on growing the retail book (comprising mortgage, small and medium enterprise [SME], agriculture loans and retail loans against shares) from around 50% as on June 30, 2019 (45% as on March 31, 2018) to about 70% by March 2021. Within wholesale lending, focus will be on a new segment of mid-market corporate lending, with lower ticket size of Rs 50-100 crore as against large ticket size in the existing structured collateralised credit. Growth in the wholesale credit book will be through funds structure. However, given the current evolving liquidity situation for non-banks since September 2018, and the slowdown seen in the sector, the group has reduced its disbursements in the wholesale segment.

*** Demonstrated ability to build significant competitive positions across businesses**

While the group remains a large player in the traditional broking business, it also has one of the largest wholesale lending book among non-banks; this portfolio stood at Rs 16,987 crore as on June 30, 2019 (Rs 18,055 crore as on March 31, 2019; excluding capital deployed in distressed assets credit). In the distressed assets segment, EARC remains the largest asset reconstruction company in India with total securities receipts managed at around Rs 47,400 crore as on June 30, 2019 (Rs 46,600 crore as on March 31, 2019). In the commodities business, the group has exited its agricultural commodities and precious metals trading businesses and is focusing on the agricultural credit and value chain services business.

*** Established position in capital market businesses**

Earnings and accretion to capital should provide a regular stream of fee-based income over the medium term, given the established market position in capital market-related businesses. Profit from the fee-based capital markets and asset management has increased in the past few years, and may record healthy growth over the medium term. The group has an established franchise in institutional broking and investment banking, and an expanding presence in retail broking, wealth management, and asset management segments. It is also one of the largest Indian institutional brokerage houses, with over 700 foreign and domestic institutional clients. The retail broking franchise is also expanding, with more than 5.55 lakh unique clients as on March 31, 2019. The group operates across the corporate finance and advisory domains-equity markets, private equity, mergers and acquisitions, advisory structured financial syndication, and debt issues. The wealth business and alternate assets business have also witnessed significant growth. Assets under advice in the global wealth management business were Rs 106,000 crore, and the assets under management in the asset management business stood at Rs 36,300 crore, as on June 30, 2019.

Weaknesses:

*** Asset quality exposed to risks related to concentration in wholesale lending**

Asset quality will remain vulnerable to concentration risks inherent in the wholesale loan book, despite the strong focus on collateral. As on June 30, 2019, wholesale lending constituted almost 50% of the total loan portfolio (excluding distressed assets credit), with the 10 largest loans constituting 18% of the wholesale portfolio. A sizeable proportion of this book is currently under moratorium with bullet or staggered repayments. The group has also sold a few stressed exposures to the ARC to leverage on the latter's better resolution capability and strong legal team.

Also, around 67% of the wholesale portfolio comprises real estate loans; this segment is vulnerable to cyclical downturns. Further, given the current evolving liquidity situation for non-banks since September 2018, asset quality on the group's exposures to loans against property (LAP) and loans to micro, SME (around 20% of the loan book as on June 30, 2019; excluding capital deployed in distressed assets credit), would also be a key monitorable. This stems from sensitivity of borrowers of such loans to an environment of prolonged liquidity tightness.

Any sharp deterioration in asset quality, specifically in the wholesale lending book, will also impact profitability and capital, and remains a key rating monitorable.

The group is also planning to reduce its wholesale through sell-down over the next few months. Its ability to refinance/exit and recover from some of the exposures as well as scale down the book will remain key a monitorable, considering the current challenging environment.

* Lower profitability than peers

Profitability has been lower than those of other large financial sector groups; return on assets (annualised) and return on equity (annualised) stood at 0.8% and 5.8%, respectively, for the first quarter of fiscal 2020 (1.6% and 12.6% for fiscal 2019).

Profitability in the first quarter of fiscal 2019 was also impacted by higher provisioning costs, which more than doubled to Rs 248 crore (Rs 110 crore during the quarter ended June 30, 2018).

The group's profitability, while on an improving trend over the past few fiscals, remains relatively lower as over 25%, of the capital (equity plus borrowings) is employed in businesses or investments that are either low yielding or loss making at this point. The group has a large investment portfolio under its balance sheet management unit (BMU), used for managing liquidity. This largely comprises government securities, fixed deposits, liquid mutual fund units and corporate bonds, which have a low return on capital employed. Furthermore, the life and general insurance businesses continue to be loss-making. The general insurance business started in February 2018, after requisite approvals were received from the Insurance Regulatory and Development Authority of India. This business is also expected to affect consolidated profitability in the initial years of operations, given its long gestation period. Expected improvement in profitability of the insurance business and reduction in the share of funds allocated to BMU will benefit profitability only in the long term. In the near term, profitability could be constrained by increase in credit costs, and higher borrowing costs coupled with limited ability to pass these on to borrowers.

* Relatively high gearing, though lower than earlier levels

Gearing is relatively high, though declining, in the context of the share of the wholesale portfolio in the Edelweiss group, which is around 50%. Other large, predominantly wholesale lenders operate at significantly lower levels. As on June 30, 2019, gearing was 5.1 times, while the net gearing (excluding the liquid assets of BMU) stood at 3.7 times. However, after factoring in the Rs 1,040 crore received from CDPQ in the June quarter and treating it as equity, the group's gearing stood at 4.5 times. With additional capital raising of Rs 525 crore from Kora coupled with plans of raising further capital in EGIA, the group's leverage ratio is expected to reduce further. Gearing, thereafter, is expected to gradually increase to 5-5.5 times over the medium term.

Liquidity: Adequate

Liquidity is adequate. As a policy, the group maintains a cushion of 9-10% of the balance sheet. Even in current market conditions, there was a liquidity cushion (including cash, liquid investments and treasury assets) of around Rs 2,900 crore and unutilised bank lines of around Rs 1,300 crore as on September 26, 2019. Collections of around Rs 2,400 crore, expected till December 31, 2019, also supports liquidity. The group also has other liquid assets (investments, securities-based lending book) which can be accessed if necessary- this stood at around Rs 4,600 crore as on same date. As on September 30, 2019, the overall liquidity was adequate to meet debt repayment of around Rs 4,500 crore due over the next three months ended December 31, 2019. The group has also reduced its dependence on commercial paper borrowing, which has dropped to less than 1% of overall borrowings as compared to 18% as on September 30, 2018. The assets and liabilities continue to be well-matched.

Outlook: Stable

CRISIL believes the Edelweiss group will continue to benefit from the diversified business profile. The outlook may be revised to 'Negative', if access to fresh funds remains challenging, thereby impacting liquidity and/or there is an increase in risks/stress in the group's lending portfolio, particularly the wholesale loan portfolio. Conversely, the outlook may be revised to 'Positive' in case of sustained improvement in funding access and reduced asset quality challenges in the lending business.

Rating sensitivity factors

Upward factors

- * Significant improvement in asset quality with GNPA less than 1% on a sustained basis and an improving earnings profile
- * Increase in fund mobilisation to pre-September 2018 levels on a steady-state basis

Downside factors

- * Deterioration in asset quality with GNPA increasing to above 4%, over an extended period, thereby also impacting profitability
- * Continued funding access challenges for non-banks sector with limited fund-raising by the Edelweiss group
- * Lack of progress on planned scale down of wholesale portfolio

About the company and group

ECL Finance is a non-deposit-taking, systematically important, non-banking financial company, registered with the Reserve Bank of India, and is currently a wholly owned subsidiary of EFSL. The company is the flagship lending arm of the Edelweiss group.

The group comprises 46 subsidiaries as on March 31, 2019. It has plans to bring down the number of entities to around 35 in fiscal 2020, (subject to requisite approvals). The group had 476 offices (including 8 international offices in 6 locations) in around 200 cities as on March 31, 2019. Its main business lines are credit, franchise businesses, and insurance. These businesses entail loans to corporates and individuals, mortgage finance, including LAPs and small-ticket housing loans, SME finance, agricultural credit including commodity sourcing and distribution, institutional and retail equity broking, corporate finance and advisory, wealth management, third-party financial

products distribution, alternative and domestic asset management, and life and general insurance. In addition, the BMU focuses on liquidity and asset-liability management.

For fiscal 2019, profit after tax (PAT) of the group was Rs 995 crore on total income of Rs 10,881 crore against Rs 863 crore and Rs 8,920 crore, respectively, in fiscal 2018.

For the first quarter of fiscal 2020, PAT (after minority interest) of the group was Rs 132 crore on total income of Rs 2,546 crore, against Rs 264 crore and Rs 2,476 crore, respectively, in fiscal 2019. Networth of the group increased to Rs 9,844 crore (after factoring CDPQ investment of Rs 1,040 crore in May 2019) as on June 30, 2019, from Rs 8,226 crore as on June 30, 2018.

About CRISIL Ratings

CRISIL Ratings is part of CRISIL Limited ("CRISIL"). We pioneered the concept of credit rating in India in 1987. CRISIL is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI"). With a tradition of independence, analytical rigour and innovation, CRISIL sets the standards in the credit rating business. We rate the entire range of debt instruments, such as, bank loans, certificates of deposit, commercial paper, non-convertible / convertible / partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 24,500 large and mid-scale corporates and financial institutions. CRISIL has also instituted several innovations in India in the rating business, including rating municipal bonds, partially guaranteed instruments and microfinance institutions. We also pioneered a globally unique rating service for Micro, Small and Medium Enterprises (MSMEs) and significantly extended the accessibility to rating services to a wider market. Over 1,10,000 MSMEs have been rated by us.

Assumptions:

1. Investors should note that the below examples are solely for illustrative purposes and is not specific to the Tranche II Issue.
2. For the purpose of illustration, it is assumed that Saturdays and Sundays are non-Working Days
3. The Deemed Date of Allotment is assumed to be November 28, 2019. If the Deemed Date of Allotment undergoes a change, the coupon payments dates, redemption dates, redemption amount and other cash flow working shall be changed accordingly.
4. Interest payable during the Financial Year 2020, 2024 and 2028 being a leap year, has been calculated for 366 days.
5. In the event, the interest / pay-out of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is Rs. 1,574.90/-, then the amount shall be rounded off to Rs. 1,575/-. In the above table, interest payable per NCD is round off to nearest integer only for purpose of illustration. However, this rounding off to nearest integer at the time of payment of interest and/or redemption amount will be done per debenture holder.

Note:

The Coupon/ Interest Payments are rounded-off to nearest rupee as per FIMMDA 'Handbook on market practices'.
